Jacobs School of Music

History
Music instruction at Indiana University dates from the year 1893, but it was not until 1910 that a Department of Music offering music for credit was officially organized, with Charles D. Campbell as head. In 1919 Barzille Winfred Merrill was appointed head of the department and, in 1921, dean of the newly established School of Music. He was succeeded in 1938 by Dean Robert L. Sanders. In 1947 the appointment of Wilfred C. Bain as dean marked the beginning of a period of rapid growth and expansion. Under the 24-year leadership of Dean Charles H. Webb beginning in 1973, the School of Music continued its development and commitment to excellence. David G. Woods was appointed to the deanship in 1997, followed by the appointment of Dean Gwyn Richards in 2001. In the fall of 2005, the School of Music was named the Indiana University Jacobs School of Music in recognition of a major gift received in honor of Barbara and David H. Jacobs of Cleveland. Today the Jacobs School of Music is recognized as one of the leading institutions of its kind.

Purpose
The mission of the Indiana University Jacobs School of Music is to provide distinguished instruction and outstanding opportunities for performance, composition, research, and teacher training for music majors and non–music majors. These opportunities are designed to meet the following purposes within the framework of Indiana University:

1. To prepare students for careers as performers, composers, scholars, teachers, church musicians, and music administrators in higher education, precollege educational settings, the professional music world, the private sector, and supporting fields.
2. To provide music majors and non–music majors the opportunity to develop their knowledge, understanding, and ability in all aspects of music at a level appropriate to their needs and interests.
3. To broaden and deepen the knowledge and understanding of all aspects of music through research and publication.
4. To enrich the lives of students, faculty, community, the state, the nation, and the world with performances of a wide variety of music. The excellence, authenticity, and originality of these performances also serve as models for future performances by students and as criteria for future listening experiences.

Outreach and Research Units within the Jacobs School of Music

The Center for the History of Music Theory and Literature, sponsored jointly by the Jacobs School of Music and the Office of Research and the University Graduate School, provides a home for such international projects as the Thesaurus Musicarum Latinarum, a five-million-word online database of Latin music theory ranging from the time of Augustine through the sixteenth century; Doctoral Dissertations in Musicology and DDM-Online; saggi musicali italiani, an online database of Italian music theory; Greek and Latin Music Theory, a monograph series of critical texts and translations; and other projects. Information on current CHMTL activities is available at www.music.indiana.edu/chmtl.

The Early Music Institute was established as a center for research and creative activity related to the performance of European medieval, renaissance, baroque and classical music, as well as a teaching department of the Jacobs School of Music. Beyond the curricular offerings described in this bulletin, the Institute provides outreach through publication of Focus Recordings (a series of recordings of music from the thirteenth through the eighteenth centuries) and two series of scholarly writings, maintenance of the Thomas Binkley Archive of Early Music Sound Recordings, as well as extensive holdings of period instruments and sets of parts for performance.

The Latin American Music Center fosters the research and performance of Latin American art music and promotes professional and academic exchange between musicians and scholars from the United States and Latin America. The center’s activities include concerts, commissions, premiere performances and recordings, courses in Latin American music history, visits by distinguished performing artists and lecturers, festivals, and seminars. The Latin American Music Center makes available to scholars, performers, and institutions the most complete library of Latin American art music in the world.

The Musical Attractions Office acts as the booking agent for group and solo performers from the Jacobs School of Music. Each year it arranges dozens of student performances throughout the state and region.

The Office of Special Programs administers all aspects of workshops, masterclasses, conferences, and foreign programs for the
Jacobs School of Music. In addition, the office runs the ongoing precollege program and the summer residential precollege academies.

**The William and Gayle Cook Music Library**

The William and Gayle Cook Music Library spans four floors of the Beth Meshelum Simon Library and Recital Center. With more than 662,000 cataloged items, it is recognized as one of the largest music libraries in the United States. The collection is strong in first or early editions, especially of opera; music theory treatises; and Russian/Soviet music. Also notable are the Black Music Collection and the Latin American Music Collection. The Performing Ensembles collection contains more than 218,000 parts, virtually all the standard orchestral and choral repertoire. Of the more than 150,000 cataloged sound recordings, many are unique or rare in the United States, particularly opera and songs. The ongoing “Variations” project has digitized more than 13,000 sound recordings and scores. Of the 170 public computers (Windows and Macintosh) in the library, more than 100 have MIDI keyboards, all with associated music software. Further information is available at www.music.indiana.edu/muslib.html.

**Organizations and Services**

The Society of the Friends of Music of Indiana University is an organization of people of wide-ranging occupations who support the excellence of the Jacobs School of Music through scholarships and other activities.

The Music Alumni Association, an affiliate of the Indiana University Alumni Association, supports the activities of the Jacobs School of Music and its graduates through publication of Music Alumni Notes.

The Student Representative Committee serves to enhance communication among the students, faculty, staff, and administration of the Jacobs School of Music. The representatives are chosen each spring and meet on a regular basis.

A number of honorary and professional music organizations maintain chapters at Indiana University.

**Procedural Information**

Specific and up-to-date information on Jacobs School of Music procedures is available from the music undergraduate and graduate offices or other appropriate offices of the school. Current regulations and procedures appear in the “Regulations and Procedures” section of this bulletin. See also www.music.indiana.edu.

**Tuition and Fees**

Students in the Jacobs School of Music should note that, in addition to the fees listed in the schedule at the end of this bulletin, there are special fees that may be applicable, including fees for music performance study, music program fees, recital scheduling and programs, rental instruments, late enrollment, accompanists, special examinations, and other items.

**Credit by Examination**

Students who can demonstrate knowledge or skills in the area of specific courses may receive credit by examination.

**Ensemble Policy**

All undergraduate and graduate degree students, diploma students, visiting students, and nondegree music students (except students accepted for certain doctoral programs or B.M.E. majors in their student-teaching semester) must register for and achieve a passing grade in a major ensemble each fall semester, spring semester, or second summer session in which they are registered for any music or nonmusic credit hours. Major ensembles are indicated as X0—(2 cr.). Students may request placement in a particular ensemble, but final placement will be made by the faculty.

The ensemble requirement was established by the faculty for several reasons. It provides professional training in an important area of a student’s performance development, and it provides opportunities for music students to hear great masterworks in live performance. It also provides listening experiences for other members of the university community and helps to compensate for the fact that the university subsidizes the extra cost involved in professional music training.

The faculty of the Jacobs School of Music is strongly committed to the idea that students should be given the opportunity to develop their talents to the highest degree possible. They are also committed to the idea that each student can and should contribute to the education of others, to the advancement of the art of music, and to the enrichment of the cultural life of the university through participation in the major ensemble experience.
Students with Disabilities
Students with a learning disability, hearing impairment, speech impairment, or any other disability that may affect their ability to fulfill a requirement of the Jacobs School of Music should contact Disability Services for Students at (812) 855-7578 before registering.
Requirements will not be waived for students with disabilities; however, some modifications can be made within specific courses.

The Student’s Responsibility
Students have a threefold responsibility: (1) to know and satisfy the graduation requirements stated in the Jacobs School of Music Bulletin; (2) to know their academic standing based on the academic standards stated in the Jacobs School of Music Bulletin; and (3) to know and observe all regulations and academic calendar deadlines as stated on the registrar’s Web site at www.registrar.indiana.edu, in the Jacobs School of Music Bulletin, and in the student handbooks. Faculty and staff advisors assist students in planning a program of study to meet degree requirements, but students are responsible for meeting all requirements for their respective degrees and all announced deadlines.
Undergraduate Division

Admission Requirements
Students seeking admission to the Indiana University Jacobs School of Music must meet both general university requirements and specific Jacobs School of Music requirements as outlined below.

For admission information and priority application dates see the admissions section of the following Web site: www.music.indiana.edu.

University Requirements for Incoming Freshmen
The standards listed below represent the minimum levels of preparation and achievement necessary to be considered for admission. Most admitted students exceed these minimum levels. Each application is reviewed individually. When making admission decisions, the university is primarily concerned with the depth and challenge of the college-preparatory program, including the senior year; grade trends in the college-preparatory subjects; and the student’s class rank. Students whose records fall slightly below the minimum standards may receive serious consideration if their grades have been steadily improving in a challenging college-preparatory program.

Conversely, declining grades or a program of less demanding courses are often reasons to deny admission.

High School Graduation Applicants generally need a high school diploma from an accredited secondary school. Applicants holding a General Equivalency Diploma should submit the GED score. Credentials from homeschooling or from a non-accredited or nonpublic high school are assessed individually.

Academic Preparation All prospective students must complete the following basic curriculum:

8 semesters of English Literature, grammar, and composition. (Up to two semesters from journalism and/or speech count toward the English requirement.)

6 semesters of mathematics Algebra, geometry, and advanced algebra.

2 semesters of laboratory science Biology, chemistry, or physics.

4 semesters of social science History, government, economics, psychology, or sociology.

Indiana Residents Applicants who are Indiana residents should complete Core 40; an academic honors diploma is strongly encouraged. A minimum of 28 semesters of college-preparatory courses must be completed. These include the course work listed, plus 8 semesters in some combination of foreign language and/or additional math, lab science, or social science.

Out-of-State Residents Applicants who are not Indiana residents should complete a minimum of 32 semesters of college-preparatory courses. That includes the course work listed in the “Academic Preparation” section on this page, plus 12 semesters in some combination of foreign language and/or additional mathematics, lab science, or social science.

Class Rank Indiana residents should rank at least in the upper half of their school class; nonresidents generally rank at least in the upper third.

Tests Indiana residents should score at or above the state average on the SAT (current total 990) or ACT (composite of 21). Nonresident applicants usually score a total of 1100 or higher on the SAT or have an ACT composite score of at least 25. (Note: If the applicant submits more than one set of scores, the highest SAT and/or ACT scores will be recorded.)

International Students To be admitted, international students must complete above-average work in their supporting programs. Applicants whose native language is not English must submit the results of the Test of English as a Foreign Language (TOEFL). A minimum score of 560 (paper-based), 223 (computer-based) or 84 (Internet-based) is necessary for regular admission to a degree program. International students are required to take the Indiana University English Proficiency Examination and must register for any supplemental English courses prescribed based on the results of this examination or, if necessary, enroll in the intensive English language program.

Information For additional information, contact the Office of Admissions, Indiana University, Bloomington, IN 47405; (812) 855-0661; iuadmit@indiana.edu; www.indiana.edu/~iuadmit/.

Jacobs School of Music Requirements for Incoming Freshmen
In addition to the general requirements for admission to the university, students must meet the following requirements of the Jacobs School of Music:

1. Students must successfully complete an audition in their major medium. Auditions
are scheduled during designated weekends throughout the academic year and are heard by a committee of department faculty members appointed by the chairperson of the department. This committee evaluates the student’s performance level and makes a recommendation to the Jacobs School of Music Admissions and Recruitment Committee. The Admissions and Recruitment Committee determines whether the student can be admitted to a specific course of study by considering the student’s past record, interviews (if applicable), and the audition committee’s recommendation. Students who do not matriculate within one year of the date of the letter of acceptance must repeat the entrance audition. Audition appointments may be secured by writing to the Office of Music Admissions and Financial Aid, Jacobs School of Music, Indiana University, Bloomington, IN 47405.

2. Each incoming freshman must take a musicianship evaluation. Students who score above 70 percent on the musicianship test are exempted from T109 Rudiments of Music I. Students who score from 50 percent to 68 percent and above may take T109 and T151 Music Theory and Literature I concurrently. Students who score below 50 percent may not take T151 until they pass T109. For more detailed information, write to the Office of Music Admissions and Financial Aid, Jacobs School of Music, Indiana University, Bloomington, IN 47405, and request specific information on the Basic Musicianship test and on theory texts.

Incoming freshmen who meet general university requirements and specific music requirements, and who intend to pursue a music degree, are certified directly to the Jacobs School of Music after their initial orientation and advising.

**University Requirements for Transfer Students**

Indiana University welcomes students who wish to transfer from other colleges or universities.

University requirements for transfer admission include:
1. A minimum cumulative GPA of 2.0 on a 4.0 scale (2.5 required for nonresidents of Indiana);
2. A high school record showing satisfactory entrance units;
3. Evidence of good standing in the institution last attended;
4. Transcripts of credits and grades earned in all subjects.

Acceptance of credit from other institutions is determined by the Office of Admissions, and the applicability of credit toward degree requirements in the Jacobs School of Music is determined by the director of undergraduate studies in consultation with the faculty. Only credits earned at Indiana University will count toward a student’s grade point average. Courses from other colleges and universities may transfer as credit only.

**Jacobs School of Music Requirements for Transfer Students**

In addition to the general requirements for transfer admission to the university, students must audition in their major performing area for admission to a particular curriculum in the Jacobs School of Music. (See item 1 under “Jacobs School of Music Requirements for Incoming Freshmen.”)

All credits in music from an institution other than Indiana University are subject to placement and evaluation in the Jacobs School of Music and must be validated upon entrance by examination or audition. Examinations in music theory are given only before classes begin.

Transfer students, especially those transferring for their junior and senior years, must be aware of the possibility that not all music credits will be accepted or counted toward degree requirements in the Jacobs School of Music, and that they may have to spend longer than the normally allotted time to complete their bachelor’s degrees at Indiana University.

All courses taken at another institution with the grade of Pass (P) or Fail (F) are subject to Indiana University regulations concerning the Pass/Fail option. Students who wish to use such courses to meet degree requirements in the Jacobs School of Music must obtain verification of a letter grade or the equivalent from the other institution.

**Undergraduate Financial Aid and Merit Scholarships**

Need-based aid is offered to qualified applicants and their families through the University Office of Student Financial Assistance. Applicants are encouraged, but not required, to apply for need-based assistance. To do so, applicants must complete the Free Application for Federal Student Aid (FAFSA) available at www.fafsa.ed.gov. Please note that international students are not eligible for financial aid.

Merit-based aid is offered to qualified applicants through the Office of Music Admissions and Financial Aid. Applicants are automatically considered for Jacobs School of
Music financial aid at the time of admission. The director of Music Admissions and Financial Aid, in conjunction with the Admissions and Recruitment Committee, makes the initial award based on institutional need and audition rating. An audition score in the top 10 percent on the audition/portfolio or on the area interview is ordinarily required for merit consideration. Exceptions may be made in cases of particular need, either on the part of the applicant or on the part of the school.

Merit-based assistance is made possible at the Jacobs School of Music by generous donors. The Jacobs School of Music gratefully acknowledges all persons and institutions who support our students and faculty by providing endowed funds and annual gifts. For more information about giving and endowed funds at the Jacobs School of Music, visit www.music.indiana.edu.

Returning Students
Undergraduate students who, after matriculation, do not register for classes for more than one calendar year must audition for readmission to the Jacobs School of Music.

Undergraduate Visiting Students
A limited number of undergraduate-level students with interest in the study of music may be admitted as visiting students, subject to the following:

1. Visiting students at the undergraduate level must audition for a faculty committee, be accepted by a particular faculty member for instruction, and be approved by the Admissions and Recruitment Committee of the Jacobs School of Music. Visiting students may be admitted for the summer session only if they have been accepted by an individual faculty member. Undergraduate visiting students accepted during the summer session who wish to continue study during the regular academic year must audition for a faculty committee.

2. Undergraduate visiting students must register for a minimum of 12 credit hours (4 credit hours in the summer), including major ensemble courses. All courses other than performance study, ensembles, and chamber music require approval of the director of undergraduate studies.

3. Undergraduate visiting students may attend a maximum of two semesters during the academic year and four summer sessions.

4. Undergraduate visiting students are not eligible for financial aid from the Jacobs School of Music during the fall and spring semesters.

5. Credits earned as an undergraduate visiting student may be applied toward a degree or diploma only with the permission of the director of undergraduate studies. Undergraduate visiting students wishing to change to degree or diploma status must complete the application process of the Jacobs School of Music and Indiana University.

Nonmajors
The Jacobs School of Music offers a number of music courses, performance study options, and ensembles especially designed for students majoring in fields other than music. In addition, qualified nonmajors are welcome to participate in music major academic courses, performance courses, or ensembles on a space-available basis. Under certain conditions, credit for these courses is accepted toward degree requirements in other schools and departments. At the time of registration, proper approval must be secured from the chairperson of the student’s major department or the dean of the school, as well as from the director of undergraduate studies in the Jacobs School of Music.

Minor for Students Whose Majors Are Outside the Jacobs School of Music
Applications for minors may be made at the Music Undergraduate Office, Merrill Hall 011, Bloomington campus.

Applications should be submitted to the Undergraduate Office when course work is nearing completion.

Information about the minor can be found at www.music.indiana.edu/som/generalstudies/index.html.

The minor must include at least 20 credit hours, of which at least 15, including a minimum of one core course, must be taken at the Jacobs School of Music.

Core (6 credit hours)
Z111 Introduction to Music Theory (3 cr.) and Z101 Music for the Listener (3 cr.) [T109 Rudiments of Music (3 cr.), and/or T151 Music Theory and Literature (3 cr.) may be substituted for students who qualify].

Ensemble/Live Performance (2 credit hours)
Ensemble [1-2 cr.]; X001 All-Campus Ensemble (1 cr.); or by audition, X040 University Instrumental Ensembles (2 cr.), X050 Marching Hundred for Non-Music Majors (2 cr.), X060 Early Music Ensembles (2 cr.), X070 University Choral Ensembles (2 cr.), or X330 Ballet Ensemble (2 cr.); Z100 The Live Musical Performance (2 cr.), Z161 Steel Drumming (2 cr.) or Z162 Hand Drumming (2 cr.).
Music Electives (12 credit hours)
Courses may include elective performance study only at the 100 level (no more than 3 credits) and courses with a Z prefix (see list that follows). Substitutions for courses with a Z prefix must be approved by both the director of music undergraduate studies and his/her counterpart in the student’s home school (associate dean for undergraduate education in COT, for example). Music ensemble credits will not count toward the 12 credits of music electives. At least 6 of the 12 music electives credits must be at the 300 level or higher.

Courses with a Z Prefix that may be taken as Music Electives
- Z103 Special Topics in Music for Non-Majors (3 cr.);
- Z112 Introduction to Musical Skills (1 cr.);
- Z171-Z172 Opera Theater Series I-II (3-3 cr.);

Honors Program
The Jacobs School of Music makes a special effort to offer outstanding students opportunities appropriate to their abilities and interests. In addition to special courses, seminars, ensembles, and honors discussion sections, the Jacobs School of Music offers a formal program leading to the B.M., B.M.E., or B.S. degree with honors. Students who have completed 86 credit hours, including at least 30 from Indiana University, with a grade point average of 3.5; who have completed or are currently enrolled in T232 Musical Skills III, T252 or T262 Music Theory and Literature IV, and M401 History and Literature of Music I or M402 History and Literature of Music II; and who have successfully completed their upper-division examination, should apply by February 1 for admission to the program the following year. To graduate with honors, students must (1) complete all degree requirements with a minimum grade point average of 3.5; and (2) complete N399 Honors Seminar in Music and N499 Honors Project in Music with a grade of B or higher.

Orientation
Upon admission to Indiana University Bloomington, students begin their orientation to this campus. After receiving a letter acknowledging their admission from the director of admissions, students receive a series of orientation brochures.

Students who plan to enter Indiana University in the fall semester should attend the summer orientation and registration program or may participate in orientation and registration in August before the beginning of classes. At these times, special attention is given to students’ preparation for academic adjustment and achievement. Welcome Week in August includes the Freshman Family Picnic; Freshman Induction Ceremony; the president’s and vice president’s receptions; and numerous academic activities, including advanced placement testing and sessions on learning in a large lecture, studying a foreign language, and learning study techniques. Opportunities to learn about getting involved in activities on campus, taking advantage of cultural events, and finding the locations of offices and classrooms also are a part of orientation. Additional opportunities to interact with faculty and to participate in special workshops and skill-building sessions are scheduled throughout the year. Students living in residence centers may participate in a variety of activities planned especially for the centers.

Advising
The Jacobs School of Music provides a staff of advisors for all new students and a general academic advisor for all undergraduate students. Preregistration conferences are held in the middle of each semester for the following semester. Students currently enrolled should have programs planned at that time to speed the registration process. Students should also consult the undergraduate advisor at other times of the year for answers to specific questions or help with individual problems. Indiana University provides a computer-based degree audit system that outlines degree requirements and indicates those courses taken by the student that meet those requirements. This system is available online at all times to students through the university computing system.

Although the Jacobs School of Music provides advising services, it is the student’s responsibility to be acquainted with school rules and regulations and to meet the requirements for the degree as outlined in this bulletin. Any exceptions to the requirements stated in this bulletin must be approved in writing by the dean of the Jacobs School of Music or the director of undergraduate studies, with one copy for the student and one copy for the student’s file.
General Requirements for Bachelor’s Degrees

1. The candidate must complete all courses and all proficiency examinations specified in the candidate’s curriculum.
2. The candidate must earn at least 120 credit hours, not including major ensemble (X0—) or 1400.
3. The candidate (except B.M.E. candidates) must achieve a minimum cumulative grade point average of 2.0 in all courses, music and non–music. B.M.E. candidates must achieve a minimum cumulative GPA of 2.5 in all courses.

Residence

No candidate will be recommended for the bachelor’s degree who has been in residence less than 36 weeks and who has earned fewer than 30 hours of credit in residence. Students carrying less than a normal load receive residence in proportion to the number of credit hours carried, at the rate of six weeks of residence for each 5 credit hours completed. At least 26 credit hours of the work as a senior must be completed in residence on the Bloomington campus of Indiana University.

Time Limit

Work for a bachelor’s degree must be completed within seven years from the time the student first registers in the Jacobs School of Music. A student who fails to comply with this requirement must pass comprehensive examinations in all music subjects and meet current requirements for the degree. Should degree work be interrupted because of military service, the time thus spent is not counted as part of the time limitation.

Work for the Bachelor of Music degree and the Bachelor of Science in Music and an Outside Field degree can be completed in eight semesters if the student takes an average of 16 to 18 credit hours per semester. Work for the Bachelor of Music Education degree can be completed in eight semesters if the student takes an average of 19 credit hours per semester. Students entering with deficiencies in music theory or performance or on academic probation should not expect to complete their degrees in eight semesters.

Keyboard Proficiency

All music bachelor’s students (except ballet and recording arts) must pass a keyboard proficiency examination or its equivalent. The proficiency examination tests the ability to use the keyboard or equivalent instrument as a tool within the framework of individual professional activities; thus, the requirements vary in emphasis according to the area of major study. The test is given during the latter half of each semester; specific dates are available from the secondary piano coordinator. Entering students who are prepared to take the examination may do so during the orientation period. Students must follow the keyboard sequence and proficiency exam requirements described under each bachelor’s degree. Guitar, harp and harpsichord majors must demonstrate the equivalent of the keyboard proficiency skills on their instrument. Students must register for secondary piano as required until the keyboard proficiency requirement is met. The keyboard proficiency test is taken with the consent of the student’s secondary or class piano instructor. Information regarding specific keyboard proficiency requirements for each major is available in the music undergraduate office and at www.music.indiana.edu/som/sec_piano.

Requirements for a Second Bachelor’s Degree

The holder of a bachelor’s degree who wishes to pursue a further educational goal is usually encouraged to become qualified for admission to a graduate degree program. In certain cases, however, the Jacobs School of Music may admit a bachelor’s degree holder to candidacy for a second bachelor’s degree. When such admission is granted, the candidate must earn at least 26 additional credits in residence and meet all requirements for the second degree.

Graduation with Distinction

The Jacobs School of Music recognizes outstanding academic achievement by awarding bachelor’s degrees with three levels of distinction: distinction, high distinction, and highest distinction. At each graduation (May, June, August, and December), graduating seniors in each of the three bachelor’s degrees (Bachelor of Music, Bachelor of Music Education, and Bachelor of Science) will be selected for distinction, subject to the following conditions: In each of the three separate degree categories, those students whose grade point averages are 4.00 will receive highest distinction. In the Bachelor of Music degree, those students whose grade point averages are between 3.95 and 3.99 will receive high distinction, and those students whose grade point averages are between 3.90 and 3.94 will receive distinction. In the Bachelor of Music Education degree, those students whose grade point averages are between 3.85 and 3.99 will receive high distinction, and those students
whose grade point averages are between 3.75 and 3.84 will receive distinction. In the Bachelor of Science degree, those students whose grade point averages are between 3.90 and 3.99 will receive high distinction, and those students whose grade point averages are between 3.85 and 3.89 will receive distinction.

Application for Graduation
Candidates must file an Application for Graduation in the music undergraduate office no later than the third week of the semester in which they expect to graduate. A student who does not complete degree requirements for the graduation date for which application was made must file another Application for Graduation for a later date.

Curricula for Bachelor’s Degrees in Music
The Jacobs School of Music offers three undergraduate bachelor’s degree programs: the Bachelor of Music degrees in performance, composition, early music, and jazz studies; the Bachelor of Science degrees in music and an outside field, recording arts, and ballet; and the Bachelor of Music Education degrees in choral teaching, general music teaching, instrumental teaching—band, and instrumental teaching—strings. Detailed definitions for these music education tracks appear under listings for the individual curricula.

A minimum of 120 credit hours is required for all music undergraduate degrees. Total credit hours for some degrees may be higher because of specific requirements. No course may be used to fulfill two requirements except where noted.

General Education Requirements
Required credit hours range from 24 to 40, depending on the degree; see specific degrees for totals and distribution. All students follow the College of Arts and Sciences General Education Distribution List. General Education requirements are met by fulfilling the following categories:

- Written and Oral Expression
- Foreign Language*
- Humanities*
- Life and Physical Sciences or Mathematics
- Social and Behavioral Sciences

*Not required for BME; some degree programs require specific languages

Life and Physical Sciences and Mathematics 5-10 credit hours. Required physics courses: PHYS P105 Basic Physics of Sound (3 cr.) and PHYS P108 Intermediate Acoustics Laboratory (2 cr.) recommended: PHYS P201 General Physics (5 cr.) or PHYS P221 Physics I (5 cr.).

Social and Behavioral Sciences 3 credit hours.
Electives 0-9 credit hours selected from “General Education Requirements.”

To Complete Degree Free music or non-music electives as needed to bring the total credit hours to 120, excluding major ensemble and I400.

Associate of Science in Recording Arts

Admission to the curriculum only by recommendation of the Recording Arts Department chairperson and approval of the Jacobs School of Music Admissions and Recruitment Committee. A background in music is recommended, though not a prerequisite for admission to the degree program. Contact the Recording Arts Department for admission procedures.

Major Ensemble X090 Audio Technical Crew (2 cr.) required every fall semester, spring semester, and second summer session in which a student is registered for any music or non-music course.

Recording Arts Courses 37 credit hours. Required: A101 Introduction to Audio Technology (3 cr.), A102 Audio Techniques I (3 cr.), A201 Audio Techniques II (3 cr.), A202 Audio Techniques III (3 cr.), A111 Basic Electricity (3 cr.), A112 Electronics I (3 cr.), A211 Electronics II (3 cr.), A311 Audio Repair and Maintenance I (3 cr.), A270 Multitrack Studio Techniques I (3 cr.), A370 Multitrack Studio Techniques II (2 cr.), A470 Individual Multitrack Studio Projects (2 cr.) (one semester of A360 Recording Arts: Techniques and Production I, may be substituted for A470), A150 Introductory Seminar in Recording Arts (1 cr.), A350 Seminar in Recording Arts (1 cr.), A461 Final Project in Recording Arts (1 cr.), A480 Internship in Audio (3 cr.).

Core Music Courses Z101 Music for the Listener (3 cr.) and Z111 Introduction to Music Theory (3 cr.) or, for students with sufficient music background, T109 Rudiments of Music I (3 cr.) and T151 Music Theory and Literature I (3 cr.).

General Education 17 credit hours.

Written and Oral Expression  3 credit hours. English composition, 2 credit hours or competency. Humanities  3 credit hours.

Life and Physical Sciences and Mathematics 5-10 credit hours. Required physics courses: PHYS P105 Basic Physics of Sound (3 cr.) and PHYS P108 Intermediate Acoustics Laboratory (2 cr.); recommended: PHYS P201 General Physics (5 cr.) or PHYS P221 Physics I (5 cr.).

Social and Behavioral Sciences  3 credit hours.

Electives 0-4 credit hours selected from “General Education Requirements.”

To Complete Degree Free music or non-music electives as needed to bring the total credit hours to 60, excluding major ensemble and I400.

Ballet Degrees

Bachelor of Science in Ballet

Admission to the curriculum only by recommendation of the Department of Ballet chairperson and approval of the Jacobs School of Music Admissions and Recruitment Committee. A background in music is not a prerequisite for admission to the degree program.

Major Ensemble X030 Ballet Ensemble (2 cr.) required every fall semester, spring semester, and second summer session in which a student is registered for any music or non-music course.

Performance Study 62 credit hours. Ballet J210 Jazz Dance (1-1 cr.), J340 Ballet Pedagogy (2-2-2 cr.), J400 Ballet (Major) minimum 6 credits each semester until graduation examination is completed, J410 Choreography Workshop (2-2 cr.). Entrance audition, freshman jury, upper-division examination, graduation examination.

Other Music Courses 10 credit hours. Secondary Piano (2-2), 6 hours elective music courses.

Non-Music Courses 10 credit hours selected from HPER or THTR.

Ancillary Courses 10 credit hours selected from HPER, THTR, or MUS.

General Education 24 credit hours.

Written and Oral Expression English composition, 2 credit hours or competency. Foreign Language 4-8 credit hours in a single language or proficiency, equivalent to two semesters of first-year language study. Humanities 3 credit hours.

Life and Physical Sciences and Mathematics 3 credit hours.

Social and Behavioral Sciences 3 credit hours.

Electives 5-11 credit hours selected from “General Education Requirements.”

To Complete Degree Free music or non-music electives as needed to bring the total credit hours to 120, excluding major ensemble and I400.
Bachelor of Science in Music and an
Outside Field (Ballet Emphasis)

Admission to the curriculum only by
recommendation of the Department of Ballet
chairperson and approval of the Jacobs School
of Music Admissions and Recruitment
Committee. A background in music is not a
prerequisite for admission to the degree
program.

**Major Ensemble**  X030 Ballet Ensemble (2 cr.)
required every fall semester, spring semester,
and second summer session in which a student
is registered for any music or non–music
course.

**Performance Study**  54 credit hours. Ballet
J210 Jazz Dance (1-1 cr.), J400 Ballet (Major)
minimum 5 credits each semester until
graduation examination is completed, J340
Ballet Pedagogy (2-2-2-2 cr.), J410
Choreography Workshop (2-2 cr.). Entrance
audition, freshman jury, upper-division
examination, graduation examination.

**Other Music Courses**  10 credit hours.
Secondary Piano (2-2), 6 hours elective
music courses.

**General Education**  24 credit hours.

String Technical Degree

Associate of Science, String
Instrument Technology

Entrance to curriculum only with permission.
A student in this program must enroll through
the Jacobs School of Music for a minimum of
two semesters.

**String Instrument Technology**  30 credit
hours. U470 Violin Repair I-II-III-IV (6-6-6-6
cr.), U274-U275 History of Violin Making I-II
(3-3 cr.), graduation examination.

**Major Ensemble**  X091 String Repair
Technical Crew required each semester of
enrollment. A minimum of four semesters is
required.

**Secondary Performance**  12 credit hours.
Option I: Upper strings selected from S110
Violin Elective/Secondary or S120 Viola
Elective/Secondary (2-2-2-2 cr.), and lower
strings selected from S130 Cello Elective/
Secondary or S140 Double Bass Elective/
Secondary (2-2 cr.). Option II: Lower strings
selected from S130 Cello Elective/Secondary or
S140 Double Bass Elective/Secondary
(2-2-2-2 cr.), and upper strings selected from
S110 Violin Elective/Secondary or S120 Viola
Elective/Secondary (2-2 cr.).

**Core Music Courses**  6 credit hours. Z101
Music for the Listener I (3 cr.) and Z111
Introduction to Music Theory (3 cr.); and, for
students with sufficient music background,
T109 Rudiments of Music I (3 cr.) and T151
Music Theory and Literature I (3 cr.).

**General Education**  17 credit hours.
  *Written and Oral Expression*  English

**To Complete Degree**  Free music or non–
music electives as needed to bring the total
credit hours to 60, excluding major ensemble
and I400.
Graduate Division

Admission Requirements

All persons with a bachelor’s degree in music from an accredited college, university, conservatory, or its demonstrated equivalent are eligible to apply for admission to the Graduate Division of the Jacobs School of Music, which administers master’s degrees, doctoral degrees, and diploma programs. Students with a non–degree-based conservatory education (resulting in advanced diplomas in performance, music history, and music theory) who can satisfy an undergraduate equivalent in music may be considered for entrance into the Master of Music program with the consent of the Jacobs School of Music Admissions and Recruitment Committee, the director of graduate studies, the dean of the Jacobs School of Music, and the dean of the University Graduate School.

Students with undergraduate degrees in areas other than music may be admitted to the Jacobs School of Music as nondegree students until an undergraduate equivalency in music is satisfied. If the student is fully prepared in the major area, the nondegree status will be at the graduate level. If there are undergraduate deficiencies in the major area, the student will be considered a nondegree undergraduate student. Deficiencies relative to such an equivalency may exist in the major field, in a performance area (for students majoring in areas other than performance), or in the undergraduate music core curriculum. Please consult the graduate office for the details of equivalency requirements.

Application

The completed Application for Admission with Graduate Standing form should be received by the director of admissions in the Jacobs School of Music by the priority admission dates. For admission information and priority application dates see the admissions section of the Web site www.music.indiana.edu. International students should also apply to the Indiana University Office of Admissions. Applicants whose native language is not English must submit the results of the Test of English as a Foreign Language (TOEFL). A minimum test score of 560 (paper-based), 223 (computer-based) or 84 (Internet-based) is necessary for regular admission to a master’s degree program. A minimum score of 510 (paper-based), 183 (computer-based) or 65 (Internet-based) is required of those applying to the diploma programs.

Indiana University Jacobs School of Music master’s students applying for admission to the D.M. do not need to repeat the entire formal admissions process. Information on specific requirements may be obtained from the Music Admissions Office or the Music Graduate Office.

Transcript, GRE

A transcript of previous college and university work must accompany the application. M.A. and Ph.D. applicants should check with the Music Graduate Office for instructions about admittance to the University Graduate School.

Each applicant for admission to the Graduate Division of the Jacobs School of Music with an undergraduate academic record containing more than 10 percent of “pass,” “satisfactory,” or “credit” entries in lieu of letter grades must submit (1) a written evaluation or customary letter grade by the instructor in at least 90 percent of all courses, and (2) scores on the Graduate Record Examination (GRE). Both requirements must be met before an application for admission can be considered.

Entering students in music education (except M.S.), music theory, and musicology are required to take the Graduate Record Examination.

Audition

All students applying for graduate degrees or diplomas with a major in music performance or for visiting student status must audition for admission. Information on audition dates and procedures is available from the Jacobs School of Music admissions office. A high-quality recording may be used for preliminary acceptance; however, a personal audition is required for official acceptance. See individual degrees for specific requirements.

Other Admission Requirements

Students applying for graduate degrees in the fields of choral conducting, composition, early music, instrumental conducting, music education, music theory, musicology, voice, wind conducting, woodwinds, music and library science, and stage direction for opera must meet other admission requirements or prerequisites as specified in the description of the individual degrees.
Graduate Financial Aid and Merit Scholarships

Need-based aid is offered to qualified applicants and their families through the university Office of Student Financial Assistance. Applicants are encouraged, but not required, to apply for need-based assistance. To do so, applicants must complete the Free Application for Federal Student Aid (FAFSA) available at www.fafsa.ed.gov. Please note that international students are not eligible for financial aid.

Merit-based aid is offered to qualified applicants through the Office of Music Admissions and Financial Aid. Applicants are automatically considered for Jacobs School of Music financial aid at the time of admission. The Director of Music Admissions and Financial Aid, in conjunction with the Admissions and Recruitment Committee, makes the initial award based on institutional need and audition rating. An audition score in the top 10 percent on the audition/portfolio or on the area interview is ordinarily required for merit consideration. Exceptions may be made in cases of particular need, either on the part of the applicant or on the part of the school.

Merit-based associate instructor and graduate assistant positions are offered to students by the Office of Music Admissions and Financial Aid based on the recommendation of individual department chairs. Appointments are normally made for one year. Renewals are considered annually up to the financial aid time limit associated with individual degree or diploma programs.

Merit-based assistance is made possible at the Jacobs School of Music by generous donors. The Jacobs School of Music gratefully acknowledges all persons and institutions who support students and faculty by providing endowed funds and annual gifts. For more information about giving and endowed funds at the Jacobs School of Music, visit www.music.indiana.edu.

Conditional Admission

Candidates completing a bachelor’s degree in the Undergraduate Division of the Jacobs School of Music may apply for conditional admission to the Graduate Division of the Jacobs School of Music and may enroll for graduate credit for that portion of their program not required for completion of the bachelor’s degree, provided they meet the following requirements:

1. They are within one semester of meeting degree requirements and have completed the final recital requirement. Unless requirements for the bachelor’s degree are completed within that semester, graduate credit earned may not be counted toward an advanced degree.

2. The total course load does not exceed that ordinarily taken by a full-time graduate student.

Any graduate courses taken by undergraduates prior to their admission to the Graduate Division are counted only toward an undergraduate degree.

Admission on Probation

A student who does not have an undergraduate and graduate grade point average of 3.0 or better may be admitted on probation in exceptional cases. Probationary students must be enrolled full time during their first semester and must achieve a minimum grade-point average of 3.0 for that semester. Students who are admitted on probation and who incur academic probation during their first semester of study are subject to dismissal. See “Academic Standing-Graduate.”

Time Limit for Acceptance

Students who do not matriculate within one year of acceptance must repeat entrance auditions and other admission requirements.

Visiting Students

A limited number of graduate-level students with interest in advanced work in music performance or academic study may be admitted as visiting students, subject to the following:

1. Visiting students at the graduate level must audition for a faculty committee, be accepted by a particular faculty member for instruction, and be approved by the Admissions and Recruitment Committee of the Jacobs School of Music. Visiting students are not required to take proficiency examinations in music theory, music history and literature, or English. For the summer session, visiting students may
be admitted only if they have been accepted by an individual faculty member. Visiting students who wish to continue study during the regular academic year must audition for a faculty committee.

2. Graduate visiting students must register for a minimum of 9 credit hours per semester (4 credit hours in the summer) including major ensemble courses.

3. Graduate visiting students may attend a maximum of two semesters during the academic year and four summer sessions.

4. Graduate visiting students are not eligible for financial aid from the Jacobs School of Music during the fall and spring semesters.

5. Credits earned as a graduate visiting student may be applied toward a degree or diploma only with the permission of the director of graduate studies. Graduate visiting students wishing to change to degree or diploma status must complete the application process of the Jacobs School of Music and Indiana University.

Proficiency Examinations

All new graduate degree students, including graduates of Indiana University, are required to take a number of examinations that serve as proficiency tests or prerequisites for entrance to certain graduate courses. These examinations include history and literature, music theory, and keyboard proficiencies. Visiting students, as well as students in M.S. degrees (except M.S. in Music Education) and diploma programs, are not subject to these proficiency examinations. Students whose major field is not music performance also take a music performance proficiency examination.

Music Theory Entrance Proficiency

and Music History and Literature Entrance Proficiency

The music theory and music history and literature proficiencies may be satisfied in the following ways:

1. Students may take and pass the graduate entrance exams. Students must take the exams at the beginning of their first semester of enrollment; they may take them for a second time in their second semester. They may not take them again, nor may they take them after their second semester of enrollment. (Note that this includes summer sessions in which students are enrolled.) Exams are ordinarily given in the week before classes begin each semester.

2. Students may enroll in and pass the graduate review courses, as listed in the following section.

Music Theory

These examinations assume that each candidate has had at least two years of training in music theory at the undergraduate level. There are three examinations. The first examination covers written work and analysis, the second covers dictation and aural analysis, and the third covers sight singing. Details are available in the Music Theory Office and on the Music Theory Department Web site (theory.music.indiana.edu/); see “Courses,” and then “Graduate Entrance Exams.”

The following High Pass degrees have different standards for passing the examinations and the proficiency courses: M.M. in composition, computer music composition, conducting (choral, instrumental, and wind), and music theory; D.M. in composition, conducting (choral, instrumental, and wind); and Ph.D. in music theory.

The sight-singing exam is graded on a pass/fail basis. A grade of C or higher (B or higher for High Pass degrees) is required in the written theory and aural theory examinations.

Students who do not achieve a passing grade (or High Pass, where required) in their two permitted attempts, or who do not take the examinations, must complete the appropriate proficiency course(s): T508 Written Music Theory Review for Graduate Students (minimum grade C, or B for High Pass degrees), T509 Sight-Singing Review for Graduate Students (minimum grade C), and T511 Aural Music Theory Review for Graduate Students (minimum grade D, or B for High Pass degrees, C for musicology majors—M.A. and Ph.D. degrees).

Music History and Literature

This examination covers music history and literature from antiquity to the present. Questions deal with historical fact, identification of literature, and style recognition. Students who fail to meet minimum requirements (a grade of C or higher) on the examination are required to enroll in M541 Music History Review for Graduate Students I and/or M542 Music History Review for Graduate Students II and earn a grade of C or higher in the course.

Keyboard Proficiency Examination

All music graduate students must pass a keyboard proficiency examination, including those whose principal or proficiency instrument is piano. M.S. candidates (except M.S. in Music Education) do not need to take the exam. Most students will take the examination on piano. Early music majors may take the examination on the harpsichord or lute, guitar majors on the guitar, organ majors on the organ, and harp majors on the harp.
Musicology, music theory, and jazz studies students take a departmentally administered exam.

The keyboard proficiency requirement is designed to ensure the student’s ability to use the keyboard as a tool within the framework of professional activities, and the requirements vary according to level and area of music study. Entering students must play a keyboard placement hearing during the orientation period. Students who achieve a superior level at this hearing will satisfy the proficiency requirement. Keyboard proficiency examinations are normally offered in the latter part of each semester or in summer session II. For details, see the secondary piano coordinator or the departmental chairpersons (for early music, guitar, organ, musicology, harp, and jazz studies). Information is also available at www.music.indiana.edu/som/sec_piano.

When keyboard proficiency requirements are identical for two degrees, a student seeking both degrees need not repeat the keyboard proficiency examination if it has been passed for one of the degrees. Students who fail the keyboard proficiency examination may register, with the advice of the secondary piano coordinator or the chairperson, for appropriate courses to assist in developing the required skills.

Students who are candidates for music graduate degrees for areas other than performance and whose performance proficiency instrument (see “Music Performance Proficiency”) is piano must also complete the keyboard proficiency requirement.

**Music Performance Proficiency**

All candidates for music graduate degrees in areas other than music performance (composition, conducting, music education, musicology, and music theory) are required to demonstrate in person to a faculty auditioning committee a minimum level of music performance ability equivalent to the end of the fourth year for concentration undergraduate students in that area. Students should consult the appropriate performance department chair for detailed information on the required level.

Proficiency may be demonstrated in any of three ways: (1) in person before a faculty auditioning committee, one voting member of which shall be a faculty member in the student’s major area; (2) by completion of a performance study as a graduate outside area or minor; or (3) by two semesters of performance study as a graduate elective. The grade in each semester of performance study must be B or higher.

The performance area must ordinarily be one in which instruction is offered at the 400 level in the Jacobs School of Music. With the support of the departmental chair of their major area, students may petition the director of graduate studies to be allowed to demonstrate this proficiency in another performance area. If the petition is approved, the director of graduate studies will appoint an examination committee of three members of the Jacobs School of Music faculty qualified to judge the student’s performance, including at least one member of a performance department and one member of the student’s major area.

In all cases, failure to meet the required level will automatically indicate probationary status and will require additional music performance study or other remediation in each period of enrollment as a prerequisite to the desired degree.

**General Requirements for Master’s Degrees**

**Degrees Offered**

The Jacobs School of Music offers the Master of Music degree with majors in music performance, conducting (choral, instrumental, and wind), early music, jazz studies, organ and church music, composition, computer music composition, and music theory; the Master of Music Education degree; the Master of Science degree with a major in stage direction for opera and the Master of Science in Music Education. Through the University Graduate School, students may seek the Master of Arts degree with a major in musicology. Master of Music students may elect a second major from those available on the Master of Music degree. Combined degrees are available in the Master of Library Science with the Master of Arts in Musicology or the Master of Music in Music Theory.

**Structure of Master’s Curricula**

A. **Major Field (18-21 credits)**

B. **Music History and Literature Requirement**

6 credit hours selected from M525 Survey of Operatic Literature (3 cr.), M527 Symphonic Literature (3 cr.), M528 Chamber Music Literature (3 cr.), M650 Music in the United States (3 cr.), M651 Medieval Music (3 cr.), M652 Renaissance Music (3 cr.), M653 Baroque Music (3 cr.), M654 Classic Music (3 cr.), M655 Romantic Music (3 cr.), M656 Music Since 1900 (3 cr.), M502 Composers: Variable Topics (3 cr.) or M510 Topics in Music Literature (3 cr.). Course topics cannot be repeated.
C. **Outside Area** (secondary concentration)
   6 credit hours in one department of the school other than the student’s major, with approval of the appropriate department chairperson and the director of graduate studies; or 6 credit hours in one field outside the Jacobs School of Music, with approval of the graduate advisor in that department and the director of graduate studies in the Jacobs School of Music; or 6 credit hours within or outside the Jacobs School of Music, with approval of the director of graduate studies in accordance with departmental guidelines. These courses must fit a specific theme or emphasis; a proposal is required. This option is called an “individualized outside area.” For degrees in performance, the outside area may not be in performance, except that modern-instrument performers may elect an early-music outside area at the 800 level.

Courses within the Jacobs School of Music used to satisfy outside area requirements must be taught by regularly appointed faculty members. Courses taught by associate instructors will not count. The student must meet the qualifications of the parallel minor, and only courses that would fulfill the requirements for a minor are acceptable. The outside area may become a minor if at least 12 credit hours are taken in that field.

D. **Ensemble** Each semester.

E. **Language Proficiencies and Tool Subjects (if required)**

F. **Comprehensive Review** Before graduation, all master’s degree students must pass an oral or written examination. It is the responsibility of the student to consult with the major field department to ascertain the procedures established within that department. This consultation should be accomplished within the first year of residency.

**Credit Hour Requirements**

The minimum requirement for a master’s degree is 30 credit hours, excluding required credit hours in prerequisite or review courses and major ensemble. Individual degrees may require more credit hours. Courses counted toward the master’s degree are numbered 500 or above. Upon approval of the director of graduate studies and the department that offers equivalent courses in the Jacobs School of Music, master’s students may transfer course work taken for graduate credit at other institutions. M.M., M.M.E., and M.S. students may transfer up to 6 credit hours; M.A. students may transfer up to 8 credit hours. No course may be transferred unless the grade is B or higher. Applied lessons, chamber music, ensemble, and similar courses may not be transferred for degree credit nor may transfer courses satisfy entrance proficiencies in music history and literature and music theory.

**Residence Requirement**

The minimum residence requirement for a master’s degree is two semesters (fall, spring, or summer). Because of course availability, it may not be possible to earn a degree only in the summer.

**Required Grades**

**Major** Each course in the major field must have a grade of B or higher to fulfill degree requirements.

**Music History and Literature Requirement**

Each course in this requirement must have a grade of C or higher to fulfill degree requirements.

**Outside Area** Each course in an outside area or minor field must have a grade of C or higher to fulfill degree requirements. In addition, courses counting toward an outside area or minor field must have an average of at least B. Departments offering the outside area or minor may require a higher grade.

**Tool Subjects** Students must earn a grade of C or higher in each course to fulfill degree requirements.

**Language Proficiencies** Each grammar, diction, or reading course must have a grade of C or higher to fulfill degree requirements.

**Time Limit for Degree Completion**

Students admitted to a master’s degree program must complete all degree requirements within seven years after beginning graduate study. Students who do not complete their work within the prescribed time limits must be readmitted to the major field (through interview, submission of documents, or audition, as appropriate to the major) and meet current degree requirements and make any other curricular changes indicated by the departmental chairperson and the director of graduate studies.

Petitions for extensions must be sent to the director of graduate studies, who considers them on a case-by-case basis, giving preference to continued professional involvement in music. If granted, extensions last no more than one year. In addition, any course taken more than seven years earlier must be revalidated according to the procedures of the department offering the course.

These time limits are suspended for students in active military service for the duration of that active service.
General Requirements for Doctoral Degrees

The Graduate Division of the Jacobs School of Music offers course work leading to the degree of Doctor of Music in the areas of music literature and performance, music literature and pedagogy (brass instruments only), composition, and conducting. Available major fields within these areas are listed under departmental headings in the “Curricula for Graduate Degrees in Music” section. The Jacobs School of Music also offers the Doctor of Music Education degree and, through the University Graduate School, the Doctor of Philosophy degree in the areas of musicology, music education, and music theory.

The Doctor of Music degree represents outstanding accomplishment in music performance and academic studies. The holder of this degree should demonstrate a high level of performance competency in his or her instrumental area or in voice, a broad knowledge of the pertinent instrumental or vocal repertoire, the ability to undertake independent research, and the ability to communicate his or her understanding effectively in written and oral forms.

The Doctor of Music Education degree calls for a scholarly study of music teaching. In addition to providing for an understanding of the principles underlying successful teaching and the techniques necessary for systematic inquiry into those processes, the degree requires an emphasis in an area of music education: band conducting and literature, choral methodology, college music teaching, or supervision and administration. The area of emphasis must be different from that of the master’s degree.

A Doctor of Philosophy degree represents breadth of experience and training in the arts and sciences and is recommended for those planning to enter a field involving research or scholarly writing as well as college teaching in musicology, music theory, or music education. The dissertation required for the Ph.D. degree must be original research of a quality and a significance warranting publication.

Admission to Curriculum

Prerequisites A master’s degree with the same major or its demonstrated equivalent is a prerequisite for the doctoral degree. For a doctoral major not existing at the master’s level, the prerequisites are those listed with the curriculum. Students electing a change of major at the doctoral level may demonstrate the equivalent of the prerequisite for the new major by special examinations or by passing prerequisite courses. In the event that a student wishes to bypass the master’s degree, the first 30 credit hours of graduate work will be considered the equivalent of the master’s degree and will be subject to the requirements and regulations that apply to the master’s degree. Students directly admitted to a Ph.D. program who wish to obtain a master’s degree must complete all requirements that apply to the master’s degree.

Credit and Residence

The doctoral degree may be conferred upon completion of at least 90 credit hours of advanced study (including the master’s degree). At least 30 credit hours beyond the master’s degree must be completed at Indiana University, with at least two consecutive semesters in residence. Up to 30 credit hours may be transferred from accredited institutions. Each course to be transferred must be equivalent to a course offered at Indiana University. Transfer for the D.M. and D.M.E. degrees is approved by the director of graduate studies and the department in which the equivalent course is offered. Departmental practices vary: an interview or examination may be required. Performance lessons, chamber music coaching, ensemble, and review courses may not be transferred.

Required Grades

Major Each course in the major field must have a grade of B or higher to fulfill degree requirements.

Minors and Guided Electives Each course in a minor field or guided electives must have a grade of C or higher to fulfill degree requirements. In addition, courses counting toward a minor field or guided electives must have an average of B or higher. For purposes of computing the required B average, only those courses accepted in fulfillment of the degree will be counted. Departments offering minors may require higher grades for their minor fields.

Tool Subjects Each course must have a grade of C or higher to fulfill degree requirements.

Language Proficiencies Each grammar, diction, or reading course must have a grade of C or higher to fulfill degree requirements. For Ph.D. students, the grade must be B or higher.

Advisory Committee

After a student is admitted to a degree program, a faculty advisory committee is appointed by the director of graduate studies based on a list submitted by the student. This committee administers the qualifying examinations and approves and grades any required recitals or music performances.
Research Committee

The research committee for D.M. and D.M.E. candidates is appointed by the director of graduate studies based on a list submitted by the student. The committee consists of three members from the major field, one of whom acts as chairperson, and one member from a minor or other outside field. The research director is normally either the chairperson or the outside member, depending on the nature of the topic and the expertise required. The research committee approves the topic proposal, approves the dissertation or final project for defense or public presentation, conducts the defense or public presentation, and approves and grades the dissertation or final project.

The research committee for Ph.D. dissertations is appointed by the dean of the University Graduate School. See the University Graduate School Bulletin for further information on the appointment and constitution of the committee.

Structure of Doctoral Curricula

Information regarding the structure of the Doctor of Philosophy and Doctor of Music Education degrees is available under the relevant departmental sections of this bulletin. All Doctor of Music degrees, however, share a commonality, as discussed following. Specific requirements relating to each category may be found under departmental listings. Further details of general requirements for the degree may be found in the “Regulations and Procedures” section of this bulletin.

A. Major Field 36-38 credit hours.

B. Minor Field 12 credit hours. The Doctor of Music degree requires a minor in music history and literature, music theory, or music education. Certain departments may further restrict the choice of options for the minor field for their majors. For D.M. students who have completed master’s degrees in one of these three fields, the appropriate department may, with the approval of the director of graduate studies, waive part or all of the doctoral minor course work and determine an appropriate department involvement in the written and oral qualifying examinations. Students will take additional courses in the major field or in other areas to make up the required 12 credit hours of the first minor.

C. Other Required Credits 12 credit hours. Minors require the approval of the offering department. If the major is in performance, neither minor may be in performance except that modern-instrument performers may elect an early-music minor and vice versa. A minor in performance, when allowed, requires study at the 800 level. 12 credit hours reflecting one of the following groupings are required in addition to the major and specified minor:

1. A second formal minor;
2. An individualized minor approved by a faculty member with expertise in the area of emphasis (this faculty member is responsible for the minor-field written examination) and the director of graduate studies; or
3. Guided electives not in the major field; choices are approved by the chairperson of the student’s advisory committee and the director of graduate studies.

If a student has a master’s degree in a field other than musicology, music education or music theory, the appropriate department may, with the approval of the director of graduate studies, waive part or all of the doctoral minor course work for the second minor and determine an appropriate departmental involvement in the written and oral qualifying examinations. If the major is in music performance, this substitute for a second minor may not be performance. Students will take additional courses in the major field or in other areas to make up the required 12 credit hours of the second minor.

D. Language Proficiencies and Tool Subjects (if required)

E. Recital Requirements

F. Qualifying Examinations

G. Written Project (Final Project, Essay, or Composition)

Doctoral Minors

The following is a partial list of minors available within the Jacobs School of Music. For others, consult the director of graduate studies.

Minor in Choral Conducting Prior conducting experience and a conducting audition are required for acceptance into the minor in choral conducting. The minor in choral conducting must include M555 Foundations in Choral Score Analysis and Preparation (3 cr.), M565 Master’s Seminar in Choral Literature (3 cr.), and G561-562 Master’s Choral Conducting I-II (3-3 cr.).

Minor in Composition The minor in composition consists of: (a) 12 credits of K810 private composition lessons (3 credits of K554 Advanced Orchestral Arranging for Graduate Students may be substituted for 3 credits of K810 at the recommendation of the composition faculty); (b) the public performance on student composition recitals of at least three compositions written while...
enrolled in K810, to be graded as Pass/Fail by a committee of at least three composition faculty in attendance; and (c) a minor field examination in two parts: (1) the composition of a vocal work to an assigned text within a 24-hour period, and (2) the composition of a short movement for chamber ensemble within a seven-day period. Both compositions will be graded Pass/Fail by a committee of at least three composition faculty members.

**Minor in Early Music** The minor in early music must include 6 credit hours selected from M517-M518-M519 Literature and Performance Practice I-II-III (3 cr.) or M697 Advanced Seminar Materials in Early Music (3 cr.), and 6 credit hours of electives (performance study, chamber music, or other courses) offered by the Early Music Department and approved by the department chairperson. A minimum grade of B is required in each course to be counted toward the minor.

**Minor in Jazz Studies** The minor in jazz studies must include M592 Jazz Literature 2: The Bebop Era (3 cr.) and 9 credit hours selected from available graduate courses in jazz approved by the jazz department chairperson.

**Minor in Music Education** The minor in music education must consist of 6 credit hours selected from E518 Foundations of Music Education (3 cr.); E519 Psychology of Music (3 cr.), E530 Learning Processes in Music (3 cr.); E535 Measurement, Evaluation, and Guidance in Music (3 cr.); E616 Curriculum in Music Education (3 cr.); E635 College Music Teaching (3 cr.); and 6 credit hours of electives in graduate music education.

**Minor in Music History and Literature** The minor in music history and literature must include four graduate courses in music history and literature taught by members of the musicology faculty.

**Minor in Music Information Technology** The minor in Music Information Technology consists of any four graduate courses in music information technology.

**Minor in Music Theory** The minor in music theory must include T550 Readings in Music Theory (3 cr.) or T591 Teaching of Music Theory (3 cr.), T551 Analytical Techniques for Tonal Music (3 cr.) or T556 Analysis of Music Since 1900 (3 cr.), plus 6 credit hours from available graduate courses in music theory by consultation with the department chairperson or the coordinator of graduate studies in music theory. A minimum grade of B is required in each course to be counted toward the music theory minor.

**Minor in Musicology** The minor in musicology must include M551 Introduction to Historical Musicology (3 cr.) (prerequisite: M539 Introduction to Music Bibliography), two musicology seminars M602 Seminar in Musicology: Variable Topics (3-3 cr.); and a fourth course approved by the musicology department chairperson.

**Minor in Stage Direction for Opera** The minor in stage direction for opera must include R505 Opera Stage Direction Technique I (3 cr.), R591 Principles of Acting in Opera (2 cr.), R502 Stage Management (1 cr.), and 6 credit hours selected from M561-M562-M563-M564 History and Literature of Opera I-II-III-IV (3-3-3-3 cr.) or M525 Survey of Operatic Literature (3 cr.).

**Minor in Voice** The minor in voice must include 6 credit hours of V800 Voice, plus 6 credit hours selected from E694 Applied Comparative Voice Pedagogy (3 cr.), E695 Seminar in Vocal Pedagogy Research (3 cr.), or M531-M532 Song Literature III-IV (3 cr.), M685 Vocal Literature before 1800 (3 cr.), M686-M687 Romantic Song Literature and Oratorio I-II (3-3 cr.), and M688 Twentieth-Century Vocal Literature (3 cr.). For audition information, see the department chairperson.

**Ph.D. Minors for Students Outside the Jacobs School of Music**

Minors in music for doctoral students outside the Jacobs School of Music may be taken within one of the established departments of the Jacobs School of Music or as an individualized minor taken in more than one area. No general entrance examinations are required, but the director of graduate studies may require entering proficiency examinations. Acceptance as a minor, prerequisites, and minimum requirements are established by the director of graduate studies. No transfer credits will be accepted toward a music minor.

**Language Proficiencies or Tool Subjects**

Candidates for doctoral degrees who expect to do research in specialized fields or who must have specialized techniques beyond those normally required of master’s degree students must possess or acquire such techniques in addition to the regular course requirements. Specific recommendations are made for each candidate on the basis of the degree choice and results of the entering proficiency examinations; the candidate has an opportunity to pass examinations in the specified areas or to take prescribed courses. The level of language proficiency required for Ph.D. candidates is determined by the individual departments and the director of graduate studies.

Candidates for the D.M. degree have language or tool subject requirements according to the nature of their degree plans.
Qualifying Examinations

Applicants for a doctoral degree are not considered candidates for the degree until they have passed the qualifying examinations and have been recommended by their advisory committee to the dean of the University Graduate School or the dean of the Jacobs School of Music.

Preliminary Requirements

Before the qualifying examinations are scheduled, doctoral students must have been admitted to the curriculum and have met the following preliminary requirements:

1. The student must have satisfied all prerequisites, proficiencies, and tool subject requirements.

2. To take the major field examination, the student must have completed all course work for the major field (except certain recitals and dissertation, final project, or essay). For minors within the Jacobs School of Music, the student must have completed all course work in the minor field before taking the examination for that minor.

3. Students pursuing the Ph.D. in music theory and D.M. in composition must have their dissertation topic approved before taking the oral qualifying examination. Students pursuing the D.M., D.M.E., or Ph.D. in music education must have their final project or dissertation topic approved before the major field written examination may be scheduled. Students pursuing the Ph.D. in musicology may have their dissertation topic approved before or after the qualifying examinations.

Research topic proposals must be approved by the student’s research committee and (where necessary) by the Bloomington Campus Committee for the Protection of Human Subjects. Information on procedures for securing approval of research topics may be obtained from the Music Graduate Office. When preliminary requirements have been met, students may schedule qualifying examinations in the Music Graduate Office. Upon application, written qualifying examinations may be written during the second summer session.

Musical Styles

All doctoral students must demonstrate their ability to deal analytically and stylistically with a broad range of musical compositions by taking the Doctoral Styles Examination. Students must take the exam in their first spring semester of enrollment. Students who pass the exam meet the requirement. Students who do not pass the exam may retook the exam once with permission of the director of graduate studies, if their score is within a range recommended by the Doctoral Styles Committee. Students who do not pass the exam must earn a grade of B or higher in T545 Introductory Analysis of Music Literature. This course may fall anywhere in the student’s curriculum. T545 taken previously at Indiana University and passed with a grade of B or higher will be accepted in lieu of the exam; transfer credits will not be accepted. This requirement must be completed before a student may begin to take qualifying examinations.

Written Examinations

Students must take written examinations in the major and minor fields. (Minors outside the Jacobs School of Music may not require a written examination.) These examinations are prepared by the advisory committee member(s) representing the major or minor field and may be based on the content of courses taken in each field or on the background and concepts pertinent to the area. At the discretion of the minor field representative (as guided by appropriate department policy), students having music performance as a minor may substitute a 30-minute performance examination by a faculty jury or a graded recital for the written examination.

Oral Examination

The major field oral qualifying examination has as its aim the assessment of the student’s knowledge of the major area. For D.M. students (performance, conducting or composition), the exam is especially focused on the literature included in a repertoire list approved by the student’s advisory committee. This examination may include assessment of the student’s ability to articulate an understanding of the formal/analytical characteristics of the music, its historical development and social context, and features related to its teaching and learning. The student’s knowledge is evaluated by the student’s advisory committee. A majority vote of the committee determines the outcome of the major field examinations. Minor field oral examinations, if required, take place at the same time but are evaluated separately. A failed examination may be retaken once. The committee will prescribe the scope of questioning of the reexamination. Oral qualifying examinations may not be scheduled during the summer sessions.

Registration after Admission to Candidacy

After admission to candidacy, candidates must enroll each semester for course work, dissertation or final project credit, or G901 Advanced Research. Failure to meet this requirement automatically terminates candidacy. Students whose candidacy lapses are required to reapply for admission to candidacy and are expected to meet current requirements for the degree. Candidates who
will graduate in August must enroll in the preceding summer session.

**Dissertation and Final Project**

Instructions for the development of a topic proposal may be obtained from the Music Graduate Office. The same office manages the scheduling of the dissertation or final project defense. Students desiring to undertake the defense during a summer session must apply to the director of graduate studies before May 1.

A Ph.D. student must be a candidate for the degree in order to defend a dissertation. The defense of the dissertation is oral and is normally based upon the dissertation, although it may also touch on the major field literature or any field of general music interest that the committee deems pertinent.

**Time Limits**

D.M. students must complete all course work (including those courses transferred from other schools, but not including those on the master’s degree) and begin qualifying examinations within a period of seven calendar years from the date of matriculation in the doctoral program.

Ph.D. and D.M.E. students have 10 calendar years, including the master’s degree.

Students who do not complete their course work within the prescribed time limit must be readmitted to the major field (through interview, submission of documents, or audition, as appropriate to the major), meet current requirements, and make any other curricular changes required by the director of graduate studies and the major field department. If a student is readmitted to the major, the term of readmission is three years. If the student has not completed course work by that time, he or she must once again meet the terms for readmission described previously.

In addition, any doctoral course taken more than 10 calendar years earlier must be revalidated according to the procedures of the department offering the course. D.M. and D.M.E. students must receive permission to revalidate courses from the director of graduate studies. Ph.D. students must receive permission to revalidate courses from the director of graduate studies and from the dean of the University Graduate School.

Proficiencies (music history, music theory, keyboard, performance, language reading, language grammar, language diction, musical styles) more than 10 years old must be revalidated. Proficiencies must also be revalidated for students beginning a second degree more than 10 years after beginning a first.

**Qualifying Examinations**

All qualifying examinations, written and oral, must be completed within one calendar year.

**After Qualifying Examinations**

D.M., D.M.E., and Ph.D. students must complete the degree within seven years after passing the qualifying examinations. After that time, students must be reinstated to candidacy. To be reinstated to candidacy, students must (1) obtain the permission of the department chairperson and the director of graduate studies, (2) fulfill any new departmental requirements in effect at the time of the application for reinstatement, (3) pass a written qualifying examination, the content and duration of which will be agreed upon by the student’s examination committee and the director of graduate studies. If reinstatement is granted, it is valid for a period of three years. Revalidation of course work is not required.

Ph.D. students follow the reinstatement procedure outlined in the bulletin of the University Graduate School.

**Interruption of Study**

Doctoral students who, prior to completion of the qualifying examinations, have interrupted their degree pursuits for a period of five years or more must meet current requirements for the degree, and make any other curricular changes required by the major field advisor and the director of graduate studies.

These time limits are suspended for students in active military service for the duration of that active service.

**Diploma Programs in Performance**

The Performer Diploma and Artist Diploma programs are intended for the outstanding performer and are designed to concentrate study in appropriate repertoire. The diploma programs are administered by the director of graduate studies. Performer Diploma students may seek entrance to the Artist Diploma program.

**General requirements** Students enroll in lessons, major ensemble, chamber music (for instrumentalists) and possibly other music courses each semester for a minimum of 9 credit hours each semester (4 in the summer). Over the course of the program, students enroll in 6 credits of other music courses, perform 1 recital (Performer Diploma) or 4 recitals (Artist Diploma), and meet a language requirement. Voice students have additional requirements in language grammar and diction. No transfer of
credit is accepted toward the requirements of any diploma program.

Grade requirements Students in the Artist Diploma and Performer Diploma programs must have a cumulative GPA of 3.00 or higher to graduate; a grade of A- or higher in performance study; a grade of A- or higher in each recital; a grade of C or higher in each course that is to count under the heading “Music Courses;” and a grade of A- or higher in chamber music, if required.

Language requirements International students whose first language is not English must have a minimum TOEFL score of 510 (paper-based), 183 (computer-based) or 65 (Internet-based) to be considered for admission. Instrumental students whose first language is English must demonstrate knowledge of the grammar of one non-English language equivalent to two semesters at the college level with a grade of C or higher in each.

Voice students must demonstrate knowledge of French, German, and Italian grammar equivalent to two semesters at the college level with a grade of C or higher in each, and proficiency in diction in each language by examination or by passing a Jacobs School of Music diction course. Students must take all three diction exams in their first semester of enrollment; with voice department permission, they may take specific exams for a second time in their second semester of enrollment. For any exam not passed, students must pass the appropriate Jacobs School of Music diction course with a grade of C or higher.

Time limits Students in the diploma programs have a maximum of four semesters of enrollment within five years from the date of first enrollment. Additional semesters of enrollment within the five-year time limit are possible only through recommendation by the student’s performance instructor and approval by the director of graduate studies.

Performer Diploma

Admission A regular departmental performance audition equivalent to a high Master of Music graduation level is required. If admission to the program is by audio recording, a live audition must be successfully completed before registration for a subsequent semester of enrollment.

A candidate must hold a U. S. high school diploma or the equivalent. Students with conservatory backgrounds are considered to be doing graduate-level work in the Performer Diploma program, although they might be designated by the university as undergraduates.

Performance study Major-level lessons each semester.

Ensemble Each semester. Piano Students: X002 Piano Accompanying (2 cr.) each semester.

Chamber music Instrumental students: F450 Chamber Music / F550 Chamber Music (1 cr.) each semester except Summer Session II. Harp students: F549 Elements of Harp Ensemble Performance (1 cr.) each semester.

Music courses 6 credit hours of courses in music on the undergraduate or graduate level for which the student has the necessary prerequisites, such as music theory, music history, conducting, music education, or opera workshop. Courses selected must be approved by the director of graduate studies.

Recital 1611 Performer Diploma Recital (0 cr.) approved according to the hearing procedures for Master of Music recitals.

Artist Diploma

Admission To be admitted, students must be at a performance level equivalent to acceptance into a major international competition. Candidates are admitted conditionally to the Artist Diploma program of the Jacobs School of Music through regular departmental audition procedures. For students new to the Jacobs School of Music, this departmental audition takes place during the regular audition times. For current Jacobs School of Music students, this departmental audition must take place in the semester before the one in which the student wishes to begin the program. Students recommended by departmental audition must be heard in a School-wide audition by the Artist Diploma Committee of the Jacobs School of Music for final approval. For students new to the Jacobs School of Music, this audition must take place in the first semester of enrollment. For current Jacobs School of Music students, this audition must take place in the semester before the one in which the student wishes to begin the program. Admission to this program does not require a high school or General Educational Development (GED) diploma, but one of these must be earned before the Artist Diploma can be granted.

Performance study Major-level lessons each semester.

Ensemble Each semester. Piano Students: X002 Piano Accompanying (2 cr.) each semester.

Chamber music Instrumental students: F450 Chamber Music / F550 Chamber Music (1 cr.) each semester except Summer Session II. Harp students: F549 Elements of Harp Ensemble Performance (1 cr.) each semester.
Music courses  6 credit hours of courses in music on the undergraduate or graduate level for which the student has the necessary prerequisites, such as music theory, music history, conducting, music education, or opera workshop. Courses selected must be approved by the director of graduate studies.

Recitals Instrumental students: I911 Artist Diploma Recital (0-0-0 cr.; one concerto must be included as one of the solo recitals); I921 Artist Diploma Chamber Music recital (0 cr.). Voice students: I911 Artist Diploma Recital (0-0-0-0 cr.).

Performer Diploma in Professional Opera Studies
The Jacobs School of Music is not currently admitting students to this program.

Curricula for Graduate Degrees in Music
Requests for deviation from department, program, or school requirements may be granted only by written approval from the respective chairperson, director, or dean (or their respective administrative representatives). Disposition at each level is final. Double majors at the master’s level may be considered if all requirements within each major field are met.

Brass

Master of Music in Performance

Prerequisite Bachelor of Music or its demonstrated equivalent.

Major

Horn  18 credit hours. B910 Horn Graduate Major (13 cr.), I711 Master’s Recital (0 cr.), 3 credit hours selected from M641 Brass Literature I (3 cr.) or M642 Brass Literature II (3 cr.) or B910 Horn Graduate Major, 2 credit hours selected from F550 Chamber Music (1 cr.) or F519 Orchestral Repertoire (1 cr.).

Trumpet and Cornet  18 credit hours. B920 Trumpet/Cornet Graduate Major (13 cr.), I711 Master’s Recital (0 cr.), 3 credit hours selected from M641 Brass Literature I (3 cr.) or M642 Brass Literature II (3 cr.) or B920 Trumpet/Cornet Graduate Major, 2 credit hours selected from F550 Chamber Music (1 cr.) or F519 Orchestral Repertoire (1 cr.).

Trombone  18 credit hours. B930 Trombone Graduate Major (13 cr.), I711 Master’s Recital (0 cr.), 3 credit hours selected from M641 Brass Literature I (3 cr.) or M642 Brass Literature II (3 cr.) or B930 Trombone Graduate Major, 2 credit hours selected from F550 Chamber Music (1 cr.) or F519 Orchestral Repertoire (1 cr.).

Euphonium  18 credit hours. B940 Euphonium Graduate Major (13 cr.), I711 Master’s Recital (0 cr.), 3 credit hours selected from M641 Brass Literature I (3 cr.) or M642 Brass Literature II (3 cr.) or B940 Euphonium Graduate Major, 2 credit hours selected from F550 Chamber Music (1 cr.) or F519 Orchestral Repertoire (1 cr.).

Tuba  18 credit hours. B950 Tuba Graduate Major (13 cr.), I711 Master’s Recital (0 cr.), 3 credit hours selected from M641 Brass Literature I (3 cr.) or M642 Brass Literature II (3 cr.) or B950 Tuba Graduate Major, 2 credit hours selected from F550 Chamber Music (1 cr.) or F519 Orchestral Repertoire (1 cr.).

Music History and Literature Requirement

Minors  See “Doctoral Minors” under “General Requirements for Doctoral Degrees” in this bulletin.

Tool Subject  M539 Introduction to Music Bibliography (2 cr.).

Ensemble  Participation in a major and/or minor ensemble; assignment determined by the brass faculty.

Choral Conducting

Master of Music in Choral Conducting

Prerequisite  Bachelor of Music or its demonstrated equivalent.

Admission  An audition, during which the candidate must conduct one of the choral ensembles or conducting classes, is scheduled during regular school hours at least 60 days before the expected matriculation date. Candidate chooses music to be conducted from a list available in the Jacobs School of Music admissions office. At the time of the audition
each candidate must complete an interview with the choral conducting faculty. Admission to the curriculum is probationary until successful completion of G561 Master’s Choral Conducting I.

**Major** 20 credit hours. M555 Foundations in Choral Score Analysis and Preparation (3 cr.), concurrent with G561 Master’s Choral Conducting I (3 cr.); M565 Master’s Seminar in Choral Literature (3-3 cr.), concurrent with G562 Master’s Choral Conducting II (3-3 cr.); G604 Master’s Choral Conducting Performance (0-0 cr.); F531-F532 Score Reading and Aural Skills I-II (1-1 cr.). A student may demonstrate proficiency in F531-F532 without having to substitute other graduate-level courses.

**Music History and Literature Requirement** 6 credit hours. See “Structure of Master’s Curricula” under “General Requirements for Master’s Degrees” in this bulletin.

**Outside Area** 6 credit hours. See “Structure of Master’s Curricula” under “General Requirements for Master’s Degrees” in this bulletin.

**Ensemble** Each semester.

### Doctor of Music in Choral Conducting

**Prerequisite** Master’s degree in choral conducting or its demonstrated equivalent, including previous experience as a conductor.

**Language Proficiencies** Knowledge of French, German, and Italian grammar equivalent to one semester at the college level in each, and proficiency in diction in each language as demonstrated by examination or by passing a Jacobs School of Music diction course. Students must take all three diction exams in their first semester of enrollment; with voice department permission, they may take specific exams for a second time in their second semester of enrollment. For any exam not passed, students must pass the appropriate Jacobs School of Music diction course.

**Admission** An audition, during which the candidate must appear before one of the choral ensembles or conducting classes, is scheduled during regular school hours upon written request at least 60 days before the expected date of matriculation. Candidates choose music to be conducted from a list of music available through the Jacobs School of Music admissions office. The work selected should be rehearsed in the original language. At the time of the audition, the candidate must complete an interview with the choral conducting faculty. International applicants may submit video and audio recordings of performances. Admission is probationary until successful completion of two semesters of doctoral choral conducting, both of which must be completed during the first year of residency.

**Major** 36 credit hours. G661 Doctoral Choral Conducting; Renaissance (3 cr.); G662 Doctoral Choral Conducting; Baroque (3 cr.); G663 Doctoral Choral Conducting; Classic/Romantic (3 cr.); G664 Doctoral Choral Conducting; Music since 1900 (3 cr.); M661 Doctoral Seminar in Choral Literature: Renaissance (3 cr.); M662 Doctoral Seminar in Choral Literature: Baroque (3 cr.); M663 Doctoral Seminar in Choral Literature: Classic/Romantic (3 cr.); M664 Doctoral Seminar in Choral Literature: Music since 1900 (3 cr.); G810-G811 Doctoral Choral Conducting Performance I-II (2-2 cr.); F533-F534 Advanced Score Reading and Aural Skills I-II (1-1 cr.); M620 Doctoral Final Project (3 cr.); elective (3 cr.).

**Minors** See “Doctoral Minors” under “General Requirements for Doctoral Degrees” in this bulletin.

**Tool Subject** M539 Introduction to Music Bibliography (2 cr.).

### Composition

**Master of Music in Composition**

**Prerequisite** Bachelor of Music in composition or its demonstrated equivalent.

**Admission** Applicants should submit (1) a portfolio of four to six scores representing a variety of forms and media and (2) a chronological list of completed compositions, including date, instrumentation, duration, and any performances (recordings of performances are recommended). Those invited to interview should be prepared for a brief ear-training examination.

**Major** 18 credit hours. K910 Composition Graduate Major (12 cr.) with concurrent registration in I500 Performance and Composition Masterclass (0 cr.); I711 Master’s Recital (0 cr.); T556 Analysis of Music Since 1900 (3 cr.); K600 Thesis in Composition (3 cr.).

**Music History and Literature Requirement** 6 credit hours. See “Structure of Master’s Curricula” under “General Requirements for Master’s Degrees” in this bulletin.

**Outside Area** 6 credit hours. See “Structure of Master’s Curricula” under “General Requirements for Master’s Degrees” in this bulletin.

**Ensemble** Each semester.
Master of Music in Computer Music Composition

Prerequisite Bachelor of Music in composition or its demonstrated equivalent.

Admission Applicants should submit a portfolio of electronic and/or acoustic compositions (scores/recording) and a list of all compositions.

Major 18 credit hours. K503 Electronic Studio Resources I (3 cr.), K504 Electronic Studio Resources II (3 cr.), K506 Projects in Electronic Music (6 cr.) with concurrent registration in 1500 Performance and Composition Masterclass (0 cr.), K509 Seminar in Computer Music (3 cr.), I711 Master’s Recital (0 cr.), K600 Thesis in Composition (3 cr.).

The Thesis in Composition can be a research paper or substantial electroacoustic composition.

Music History and Literature Requirement 6 credit hours. See “Structure of Master’s Curricula” under “General Requirements for Master’s Degrees” in this bulletin.

Outside Area 6 credit hours. See “Structure of Master’s Curricula” under “General Requirements for Master’s Degrees” in this bulletin.

Tool Subject 2-3 hours in computer programming languages to be selected from CSCI A504 Introductory C++ Programming, CSCI A597 Introduction to Programming I, or other Computer Science programming courses at the 500 level or above, with the approval of the director of the Center for Electronic and Computer Music; or equivalent, demonstrated by previous course work or by a proficiency exam administered by the computer science department.

Doctor of Music in Composition

Designed for the talented and accomplished composer who demonstrates creative ability of a high artistic level.

Prerequisite Master’s degree in composition or its demonstrated equivalent, including previous experience as a composer. Students who are deficient in areas such as music performance, score reading, conducting (choral and orchestral), or orchestration are required to make up these deficiencies at least one full year before work for the degree is completed.

Admission Applicants should submit (1) a portfolio of four to six scores representing a variety of forms and media, including one orchestral work; (2) a chronological list of completed compositions, including date, instrumentation, duration, and any performances; and (3) recordings of performances demonstrating the range of their abilities. Those invited to interview should be prepared for a brief ear-training examination.

Major 36 credit hours. K910 Composition Graduate Major (20 cr.) with concurrent registration in 1500 Performance and Composition Masterclass (0 cr.); K701 Doctoral Composition Chamber Recital (1 cr.); K702-K703 Doctoral Composition Document I-II (0-0 cr.); K700 Dissertation in Composition (15 cr.). K702-K703 Doctoral Composition Document I-II should be completed within two semesters of first registration.

Minors See “Doctoral Minors” under “General Requirements for Doctoral Degrees” in this bulletin. The “guided electives” option is not available for composition majors.

Tool Subjects T551 Analytical Techniques for Tonal Music (3 cr.) and T556 Analysis of Music Since 1900 (3 cr.) or equivalents, which will not be included in the total credit hours required for the major.

Early Music

Prerequisite Bachelor of Music or its demonstrated equivalent.

Major Voice/Instrument emphasis 18 credit hours. Y910 Early Music Graduate Major (12 cr.); 3 credit hours from M517/M518/M519/M520 Medieval/Renaissance/Baroque/Classical Literature and Performance Practice (3 cr.); 3 credit hours from those courses or M516 Advanced Topics in Early Music (3 cr.), F501 Accompaniment of Baroque Music (3 cr.), F502 Readings in Basso Continuo (3 cr.), or F503 Advanced Topics in Basso Continuo (3 cr.); I711 Master’s Recital (0-0 cr.).

General Education Courses A minimum of 6 credit hours in each category (Written and
Oral Expression, Life and Physical Sciences and Mathematics, and Social and Behavioral Sciences) with a total of at least 27 credit hours in general education courses. These are normally undergraduate courses. Previous credit will be counted.

**Ensemble** Each semester. At least one semester of marching band is required for all wind or percussion players who have not had previous undergraduate college marching band experience. At least one semester of International Vocal Ensemble is required for all students with emphasis in general music teaching and choral teaching.

**Teaching Certification** In addition to the successful completion of the M.S. in Music Education degree, teaching certification for the State of Indiana requires the recommendation of Indiana University and successful completion of Praxis II, Music Content Knowledge specialty test.

**Specialist in Music Education**

**Prerequisite** The applicant must have a master’s degree in music or music education and at least three years of teaching experience.

**Admission** (1) GRE General Test scores (2) short video recording which demonstrates proficiency in teaching and performance or ensemble direction (3) interview with music education faculty (4) three to five-page essay on applicant’s background and goals in music education

**Major** 30 credit hours.

**Music Education Core** 6 credit hours selected from E516 Instructional Programs and Learning in Music (3 cr.), E517 Sociology of Music (3 cr.), E518 Foundations of Music Education (3 cr.), E519 Psychology of Music (3 cr.), E530 Learning Processes in Music (3 cr.), E531-E532 Research Methods in Music I-II (3-3 cr.), E616 Curriculum in Music Education (3 cr.), E618 History and Philosophy of Music Education (3 cr.), E635 College Music Teaching (3 cr.), E660 Philosophical Research in Music Education (2 cr.), E661 Historical Research in Music Education (2 cr.), or E662 Public Lecture in Music Education (1 cr.).

**Music Education Techniques** 6 credit hours selected from E521 The Children’s Chorus (3 cr.), E522 Music in Early Childhood (3 cr.), E523 Music in Special Education (3 cr.), E524 Exploratory Teaching in Elementary School Music (3 cr.), E525 Supervision of Music in the Public Schools (1-3 cr.), E526 Exploratory approaches to Music in Junior and Senior High School (3 cr.), E527 Advanced Instrumental Methods (3 cr.), E528 Advanced Choral Methods (3 cr.), E533 Research in Music Education (1-3 cr.), E545 Guided Professional Experiences (1-3 cr.), E551 Seminar in Instrumental Teaching (3 cr.), E568 Administration of Instrumental Groups (3 cr.), E571-E572-E573 Kodály Concept I-II-III (3-3-3 cr.), E574-E575-E576 Orff Program Development I-II-III (3-3-3 cr.), G560 Graduate Choral Conducting (3 cr.), or G566-G567 Interpretation and Conducting of Band Literature I-II (3-3 cr.), or M570 Historical Development of Wind Groups and Literature (3 cr.).

**Other Music Courses** 18 credit hours selected from either of the previous areas or, with the permission of the chair of the music education department and the director of graduate studies, other courses in the Jacobs School of Music for which the student has the necessary background.

Although no auditions or entrance examinations in music history and theory are required for admission to the specialist program, enrollment in certain graduate music courses does require an audition or entrance examination.

Students who have received the Specialist in Music Education may not subsequently count those credit hours toward a doctorate.

**Doctor of Music Education**

Students working toward this degree may emphasize band conducting and literature, choral methodology, college music teaching, instrumental methodology, or supervision and administration. The area of emphasis must be different from that of the master’s degree.

**Prerequisite** Candidates must have a scholarly and/or teaching background appropriate to the area of emphasis they wish to pursue.

**Admission** (1) GRE General Test scores (2) short video recording which demonstrates proficiency in teaching and performance or ensemble direction (3) interview with music education faculty (4) three to five-page essay on applicant’s background and goals in music education

**Major** 25 credit hours.

**Core Requirement** 13 credit hours. E530 Learning Processes in Music (3 cr.), E616 Curriculum in Music Education (3 cr.), E618 History and Philosophy of Music (3 cr.), E658-E659 Music Education Doctoral Seminar I-II (2-2 cr.).

**Electives** 12 credit hours of graduate music education electives selected from the following, with the approval of the department chair or coordinator of graduate studies. A conducting audition is required for band, choral, and instrumental areas.
1. Band Conducting and Literature: E568 Administration of Instrumental Groups (3 cr.), G566-G567 Interpretation and Conducting of Band Literature I-II (3-3 cr.), M570 Historical Development of Wind Groups and Literature (3 cr.).

2. Choral Methodology: E519 Psychology of Music (3 cr.), E528 Advanced Choral Methods (3 cr.), E635 College Music Teaching (3 cr.); electives in music education or vocal pedagogy (3 cr.), one minor area in choral conducting is required.

3. College Music Teaching: E519 Psychology of Music (3 cr.), E635 College Music Teaching (3 cr.); 6 credit hours from other music education courses.

4. Instrumental Methodology: E527 Advanced Instrumental Methods (3 cr.), E551 Seminar in Instrumental Teaching (2 cr.), E568 Administration of Instrumental Groups (3 cr.), E570 Pedagogy of Jazz (2 cr.), and either E533 Research in Music Education (2 cr.) or E545 Guided Professional Experiences (2 cr.).

5. Supervision and Administration: E525 Supervision of Music in the Public Schools (3 cr.), either E545 Guided Professional Experiences (3 cr.) or E625 Administration of Music in Higher Education (3 cr.), and 6 credit hours from other music education courses.

Minor 12 credit hours within or outside the field of music in any subject for which the candidate has the necessary background for advanced course work.

Students may choose to complete a second formal minor or, with approval of their advisory committee and the director of graduate studies, use the remaining 12 credit hours as free, graduate-level electives inside or outside the field of music.

Tool Subject E531-E532 Research Methods in Music I-II (3-3 cr.) with a grade of C or higher or evidence of proficiency as demonstrated by examination.

Dissertation E700 Dissertation in Music Education (12 cr.).

Doctor of Philosophy in Music Education (through University Graduate School)

The Doctor of Philosophy in Music Education is designed to prepare the student who intends to conduct scholarly research in music education.

Prerequisite Candidates must have a scholarly or teaching background that indicates potential for outstanding scholarship in the field of music education.

Admission (1) GRE General Test scores (2) short video recording which demonstrates proficiency in teaching and performance or ensemble direction (3) interview with music education faculty (4) three to five-page essay on applicant’s background and goals in music education.

Major 22 credit hours. E519 Psychology of Music (3 cr.), E530 Learning Processes in Music (3 cr.), E616 Curriculum in Music Education (3 cr.), E618 History and Philosophy of Music (3 cr.), E635 College Music Teaching (3 cr.), E660 Philosophical Research in Music Education (2 cr.) or E661 Historical Research in Music Education (2 cr.), E662 Public Lecture in Music Education (1 cr.), E658-E659 Music Education Doctoral Seminar I-II (2-2 cr.).

Minor 12 credit hours within or outside the field of music in any subject for which the candidate has the necessary background for advanced course work.

Students may choose to complete a second formal minor or, with approval of their advisory committee and the director of graduate studies, use the remaining 12 credit hours as free, graduate-level electives inside or outside the field of music.

Tool Subject E531-E532 Research Methods in Music I-II (3-3 cr.) with a grade of C or higher or evidence of proficiency as demonstrated by examination. Reading knowledge of two non-English languages as demonstrated by examination; or reading knowledge of one language and demonstration of proficiency in one research skill such as statistics or computer science, approved by the department and the director of graduate studies of the Jacobs School of Music.

Dissertation E700 Dissertation in Music Education (12 cr.).

Music Theory

Music theory at Indiana University emphasizes musicianship and scholarly study with particular emphasis on the history of musical thought, analysis of musical structure, and pedagogy.

Master of Music in Music Theory

Prerequisite Bachelor’s degree with a major in music.

Admission The applicant must submit at the time of application three letters of recommendation and a typed, formal paper of substantial length on an analytical or theoretical subject. The paper is expected to demonstrate the applicant’s musical insight and ability to express ideas clearly and
correctly. An individual interview is also required; applicants are expected to be proficient in sight singing, aural skills, and keyboard harmony. The applicant’s scores on the GRE General Test must be received from Educational Testing Service in Princeton, New Jersey, by the application deadline.

**Major** 21 credit hours. T550 Readings in Music Theory (3 cr.), T551 Analytical Techniques for Tonal Music (3 cr.), T555 Schenkerian Analysis (3 cr.), T556 Analysis of Music Since 1900 (3 cr.), T656 Stylistic Counterpoint; Variable Topics (3 cr.), T591 Teaching of Music Theory (3 cr.), T658 Seminar in Music Theory; Variable Topics (3 cr.), T599 Master’s Degree Comprehensive Review (0 cr.). A student may demonstrate proficiency in any one of these areas without substituting another graduate-level music theory course.

**Music History and Literature Requirement** 6 credit hours. See “Structure of Master’s Curricula” under “General Requirements for Master’s Degrees” in this bulletin.

**Outside Area** 6 credit hours. See “Structure of Master’s Curricula” under “General Requirements for Master’s Degrees” in this bulletin.

**Tool Subject** M539 Introduction to Music Bibliography (2 cr.) with a grade of B or higher or evidence of proficiency demonstrated by examination.

**Ensemble** Each semester.

**Doctor of Philosophy in Music Theory (through University Graduate School)**

**Admission** Applicants for the Ph.D. in music theory must have received a master’s degree in music theory or musicology or the demonstrated equivalent. Students with outstanding credentials may apply directly from a bachelor’s degree. Students are required to demonstrate competency in all areas required of the M.M. music theory major at Indiana University, and may be exempted from certain courses on the recommendation of the department. Applicants must apply to both the Graduate Division of the Jacobs School of Music and the University Graduate School.

In addition to three letters of recommendation, applicants must submit two extensive, formal research papers or a master’s thesis in music theory or musicology. An individual interview is also required; applicants are expected to be proficient in sight singing, aural skills, and keyboard harmony. The applicant’s scores on the GRE General Test must be received from Educational Testing Service in Princeton, New Jersey, by the application deadline.

**Major** 36-66 credit hours. Foundation Courses: T551 Analytical Techniques for Tonal Music (3 cr.), T555 Schenkerian Analysis (3 cr.), T556 Analysis of Music Since 1900 (3 cr.), T565 Stylistic Counterpoint: Variable Topics (3 cr.), T591 Teaching of Music Theory (3 cr.). Foundation courses may be validated based on previous coursework.

Advanced courses: T623-T624 History of Music Theory I-II (3-3 cr.); T651 Seminar in Music Theory: Variable Topics (3 cr.); T550 Readings in Music Theory* (3 cr.); 3 credits chosen from T658 Seminar in Music Theory: Variable Topics (3 cr.), T561 Music Theory: Variable Topics (3 cr.), T619 Projects and Problems in Music Theory (3 cr.) or another graduate course approved by the music theory department; T700 Dissertation in Music Theory (9-24 cr.).

* Students who have already fulfilled the requirement for T550 must substitute 3 credits of T658, T561, T619, or another approved graduate course.

**Public Lecture** T659 Public Lecture (0 cr.). The public lecture must be completed before taking the oral qualifying examination.

**Minor Fields** 24 credit hours. Student must elect two minor fields, usually for 12 credit hours each. The first minor must be either music history and literature or musicology. The second minor may be inside or outside of the Jacobs School of Music. For the second minor, the student may also select guided electives not in the major field, approved by the student’s advisory committee and the director of graduate studies.

**Tool Subjects** M539 Introduction to Music Bibliography (2 cr.) with a grade of B or higher and reading knowledge of two non-English languages as demonstrated by examination or by grades of B or higher in two semesters of reading courses at the graduate level in each; or reading knowledge of one language and demonstration of proficiency in one research skill, approved by the department and the director of graduate studies of the Jacobs School of Music.

**Musicology**

**Master of Arts in Musicology (through University Graduate School)**

**Prerequisite** Bachelor’s degree (B.M. or B.A.) with a major in music, or demonstrated equivalent.

**Admission** Applications must include a formal research paper on a historical or theoretical subject in music. The applicant’s
scores on the GRE General Test must be received from Educational Testing Service in Princeton, New Jersey by the application deadline.

**Major** 18 credit hours. 9 credit hours selected from M525 Survey of Operatic Literature (3 cr.), M527 Symphonic Literature (3 cr.), M528 Chamber Music Literature (3 cr.), M650 Music in the United States (3 cr.), M651 Medieval Music (3 cr.), M652 Renaissance Music (3 cr.), M653 Baroque Music (3 cr.), M654 Classic Music (3 cr.), M655 Romantic Music (3 cr.), M656 Music Since 1900 (3 cr.), M502 Composers: Variable Topics (3 cr.) or M510 Topics in Music Literature (3 cr.); 6 credit hours selected from T551 Analytical Techniques for Tonal Music (3 cr.), T545 Introductory Analysis of Music Literature (3 cr.), T555 Schenkerian Analysis (3 cr.), or T556 Analysis of Music Since 1900 (3 cr.); 3 credit hours selected from graduate courses in music history and literature, musicology, music theory, or ethnomusicology.

**Music History and Literature Requirement** 6 credit hours. See “Structure of Master’s Curricula” under “General Requirements for Master’s Degrees” in this bulletin.

**Outside Area** 6 credit hours.

**Tool Subjects** M539 Introduction to Music Bibliography (2 cr.); reading knowledge of German as demonstrated by musicology department examination.

**Ensemble** Each semester.

**Master of Arts examination** To be taken in the semester in which a student completes the course work for the degree.

**Doctor of Philosophy in Musicology (through University Graduate School)**

**Prerequisite** Applicants for the Ph.D. in musicology must have received an M.A. or M.M. degree from an accredited institution or must demonstrate equivalent accomplishment. Previous course work may be offered in partial fulfillment of major or minor field requirements, subject to evaluation and acceptance. Ph.D. candidates are required to demonstrate competency in all areas required of the M.A. in musicology major at Indiana University.

**Admission** Applicants for the Ph.D. in musicology must demonstrate strong preparation in music history. Students with outstanding credentials may apply directly from a bachelor’s degree; students holding an M.A. or M.M. in musicology may be exempted from certain courses on the recommendation of the department. A formal research paper must be submitted with the application. The applicant’s scores on the GRE General Test must be received from Educational Testing Service in Princeton, New Jersey by the application deadline.

**Progress toward Degree** Deficiencies in music history or music theory, as determined by the graduate entrance examinations, must be met by the end of the first year. One language examination must be passed by the end of the first year, and a second must be passed before the qualifying examination. The qualifying examination should ordinarily be taken in the fall of the fourth year. A dissertation proposal should ordinarily be submitted during the fourth year. Exceptions to this general schedule require the permission of the department.

**Major** 48 to 78 credit hours. M551 Introduction to Historical Musicology (3 cr.); M602 Seminar in Musicology (3-3-3-3-3-3-3-3 cr.); M603 Methods of Musical Scholarship (3-3 cr.); 12 credit hours of courses in musicology, music theory, ethnomusicology, or other musical subjects approved by the student’s doctoral advisory committee; M700 Dissertation in Musicology (3-33 cr.).

**Minor** One minor, with sufficient credit hours to satisfy the course requirements for a Ph.D. minor, as determined by the department in which the minor is taken. All such minors must be recognized or accepted by the University Graduate School. A Ph.D. minor typically requires 12 credit hours of course work, and departments may also require a written and/or oral examination in the minor field.

**Tool Subjects** M539 Introduction to Music Bibliography (2 cr.) and reading knowledge of two non-English languages as demonstrated by musicology department examination. The first must be German, French, Italian, Latin, Spanish, or Russian; the second should be relevant to the student’s research area.

Prerequisite  Master’s degree with the same major or its demonstrated equivalent.

Admission (Three Instrument)  Admission to the curriculum is determined on the basis of an extensive performance audition using the three woodwind instruments. Demonstration of artistic performance level on the primary instrument. Demonstration of performance on two secondary instruments at the concentration upper-division examination level. Auditions will be by invitation only, after a screening evaluation by recording. At the time of the audition, prospective students will complete a written examination on the literature, history, and pedagogy of the major instrument.

Admission (Five Instrument)  Admission to the curriculum is determined on the basis of an extensive performance audition, using three of the five woodwind instruments. Demonstration of artistic performance level on the primary instrument. Demonstration of performance on two secondary instruments at the concentration freshman jury level. Auditions will be by invitation only, after a screening evaluation by recording. At the time of the audition, prospective students will complete a written examination on the literature, history, and pedagogy of the major instrument.

Major (Three Instrument)  36 credit hours. Flute (W910) (9 cr.), oboe (W920) (9 cr.), clarinet (W930) (9 cr.), bassoon (W940) (9 cr.), or saxophone (W950) (9 cr.); W7-0 other two instruments (6-6 cr.); W611-W612 Doctoral Woodwind Solo Recital (1-1 cr.); W613 Doctoral Woodwind Chamber Music Recital (1 cr.); 6 credit hours selected, in consultation with the department chair, from E559 Instrumental Pedagogy (2 cr.), M547 Woodwind Literature I (3 cr.), or M548 Woodwind Literature II (3 cr.); E635 College Music Teaching (3 cr.); M620 Doctoral Final Project (3 cr.).
Proficiency in the secondary instruments at the undergraduate concentration graduation level.

**Major (Five Instrument)** 36 credit hours. Flute (W910) (9 cr.), oboe (W920) (9 cr.), clarinet (W930) (9 cr.), bassoon (W940) (9 cr.), or saxophone (W950) (9 cr.); W7-0 secondary instruments (12 cr.); W611-W612 Doctoral Woodwind Solo Recital (1-1 cr.); W613 Doctoral Woodwind Chamber Music Recital (1 cr.); 6 credit hours selected, in consultation with the department chair, from E559 Instrumental Pedagogy (2 cr.), M547 Woodwind Literature I (3 cr.) or M548 Woodwind Literature II (3 cr.); E635 College Music Teaching (3 cr.); M620 Doctoral Final Project (3 cr.).

Additional study may be necessary to meet a proficiency level on each instrument.

Proficiency in two secondary instruments at the undergraduate concentration upper-division examination level and in the other two secondary instruments at the concentration freshman jury level.

**Minors** See “Doctoral Minors” under “General Requirements for Doctoral Degrees” in this bulletin.

**Tool Subject** M539 Introduction to Music Bibliography (2 cr.).

**Ensemble** Participation in a major and/or minor ensemble; assignment determined by the woodwind faculty.

**Curricula for Music-Related Graduate Degrees**

**Master of Arts and Master of Library Science; Master of Music and Master of Library Science**

This program permits the student to coordinate a degree in music theory or music history and literature with a Master of Library Science. Specialized training in music library science is provided by the professional librarians of the Jacobs School of Music. Students who already have a master’s degree in music or who do not desire a master’s in music from Indiana University may wish to contact the Admissions Office of the School of Library and Information Science for information concerning the Music Librarianship Specialization within the Master of Library Science degree only.

**Prerequisite** Bachelor’s degree in music.

**Admission** Students must apply for admission simultaneously to the Jacobs School of Music for the M.M. and the School of Library and Information Science for the M.L.S.

**Course Requirements** The student must satisfy all the requirements for a Master of Arts degree in musicology or a Master of Music degree in music theory (listed in this bulletin) and for a Master of Library Science degree (listed in the bulletin of the School of Library and Information Science).

The outside area for the Master of Arts or Master of Music degree is fulfilled by 6 credit hours in library science, which count towards both degrees.

**Master of Science in Music, Stage Direction for Opera**

**Prerequisite** Bachelor’s degree or equivalent, preferably with a major in theater or music.

**Admission** By examination (musicality, dramatic and visual creativity).

**Language Proficiencies** Knowledge of Italian grammar and either French or German grammar equivalent to two semesters at the college level in each.

**Major** 19 credit hours. R502 Stage Management (1 cr.), R503 Seminar in Opera Production Project (2 cr.), R504 Opera Production Project (1 cr.), R505-R506-R507-R508 Opera Stage Direction Technique I-II-III-IV (3-3-3-3 cr.), R320 Workshop in Scenic Technique (3 cr.) (A theater course may be substituted with permission of the department).

**Minor** 12 credit hours. M561-M562-M563-M564 History and Literature of Opera I-II-III-IV (3-3-3-3 cr.).

**Ensemble** X070 University Choral Ensembles or X080 Opera Technical Crew each semester.
Courses in the Jacobs School of Music

Not all courses are offered every year. The number of credit hours given for a course is indicated in parentheses following the course title. The abbreviation "P" refers to the course prerequisite or prerequisites, and the abbreviation "C" refers to the course corequisite or corequisites. Courses exempt from the Incomplete rule (see "Academic Regulations") are marked by the sign *.Letter prefixes indicate subject fields as follows:

A  Recording Arts
B  Brass
C  Church Music
D  Percussion
E  Music Education and Pedagogy
F  Techniques
G  Conducting

Instruction in Performance
L101 Beginning Guitar Class (2 cr.)
P: Permission of instructor. Class guitar instruction for non–music majors.
L102 Intermediate Guitar Class (2 cr.)
P: Permission of instructor. Class guitar instruction for non–music majors.
L103 Advanced Guitar Class (2 cr.)
P: Permission of instructor. Class advanced guitar instruction for non–music majors.
L111 Beginning Bass Guitar Class (2 cr.)
P: Permission of instructor. Class bass guitar instruction for non–music majors.
L112 Intermediate Bass Guitar Class (2 cr.)
P: Permission of instructor. Class intermediate classical bass guitar instruction for non–music majors.
L113 Advanced Bass Guitar Class (2 cr.)
P: Permission of instructor. Class bass guitar instruction for non–music majors.
P100 Piano Elective/Secondary (2 cr.)
P: A passing grade in P141, or the successful completion of the keyboard proficiency, or permission of instructor.
P110 Beginning Piano Class 1, Non–Music Majors (2 cr.) Class piano for beginning piano students.
P111 Piano Class 1, Music Majors (2 cr.) Class piano for beginning piano students.
P120 Beginning Piano Class 2, Non–Music Majors (2 cr.) Class piano (second-semester level).
P121 Piano Class 2, Music Majors (2 cr.) Class piano (second-semester level).
P130 Beginning Piano Class 3, Non–Music Majors (2 cr.) Class piano (third-semester level).
P131 Piano Class 3, Music Majors (2 cr.) Class piano (third-semester level, accelerated).
P141 Piano Class 4, Music Majors (2 cr.) Class piano (fourth-semester level).
P201 Jazz Piano Class 1 (2 cr.) P: P121 Piano Class 2, Music Majors. Development of basic jazz keyboard skills and techniques for the non-piano jazz major, non-jazz piano major and non-music major. Basic voicings for common harmonic formulae used in jazz; chord/scale relationships; simple rhythmic comping patterns.
P202 Jazz Piano Class 2 (2 cr.) P: P201 Jazz Piano Class 1. More advanced voicings; substitutions; comping patterns.

V101 Voice Class (cr. arr.) Instruct beginners in introductory aspects of voice, vocal techniques, and sight reading.
V410 Vocal Coaching (Undergraduate Voice Majors) (1-2 cr.)
V910 Vocal Coaching (Graduate Voice Majors) (1-2 cr.)

Ensemble
Major Ensembles
X002 Piano Accompanying (2 cr.) For BM piano majors who have passed the upper-division examination and for MM, AD, and PD piano majors. Other qualified students may enroll with approval of the choral department. Assignment to studio accompanying in lieu of ensemble participation.
X030 Ballet Ensemble (2 cr.) Required of all ballet students; elective for students outside the Jacobs School of Music with consent of instructor. Rehearsals for ballet and opera production.
X040 Instrumental Ensembles (2 cr.)
Bands  There are three concert bands (Wind Ensemble, Symphonic Band, and Concert Band), Marching Hundred, and Basketball Pep Band. The Pep Band is organized following the football season from members of the Marching Hundred.
Orchestras  There are four symphony orchestras (Philharmonic, Concert, Symphony, and University), a chamber orchestra, a baroque/classical (period instrument) orchestra, and the New Music Ensemble.
Jazz Bands  There are four jazz bands.
X050 Marching Hundred for Non–Music Majors (2 cr.) Open to all enrolled students on the Bloomington campus.
X060 Early Music Ensembles (2 cr.)
Concentus, a mixed instrumental/vocal ensemble constituted differently to fit the repertoire of each concert, is required of all early music majors.

X070 Choral Ensembles (2 cr.) Choral ensembles include the University Singers, University Chorale, Contemporary Vocal Ensemble, Pro Arte, Singing Hoosiers, International Vocal Ensemble, Opera Chorus (2), Women’s Chorus, Symphonic Choir, Motet Choir, and Morning Choral Ensembles (4).
X080 Opera Technical Crew (2 cr.)
X090 Audio Technical Crew (2 cr.) Required of all recording arts majors.
X091 String Repair Technical Crew (2 cr.) Required of all string instrument technology majors. Supervised execution of repair and maintenance techniques for string instruments.

Other Ensembles
See also F449 and F549 for Harp Ensemble and F450 and F550 for Chamber Music. These courses may not be counted for required ensemble credit.
X420 Small Ensembles (1 cr.) Specialized instrumental and vocal ensembles.
X490 Percussion Ensemble (1 cr.)
X414 Latin American Ensemble (2 cr.) Emphasis on musical practice, arranging, and performance of Latin American popular music genres for solo, chamber, and band ensembles. Open to music majors and non-majors with performing skills. Audition required.
X001 All-Campus Ensemble (1-2 cr.) Open to students outside the Jacobs School of Music. Does not fulfill the major ensemble requirement for music majors. Men’s chorus, women’s chorus, mixed chorus, band, string orchestra, and other ensembles.

Academic Courses
Recording Arts and Audio Technology
A101 Introduction to Audio Technology (3 cr.) Introduction to the equipment and techniques employed in audio recording and sound reinforcement.
A102 Audio Techniques I (3 cr.) P: A101 Introduction to Audio Technology. Introduction to studio equipment and recording procedures including microphone use, basic studio techniques, editing concepts, and recording and signal processing equipment.
A111 Basic Electricity (3 cr.) P: Two years high school algebra, MATH M025 Pre-Calculus Mathematics, or equivalent. Fundamental principles of electricity and magnetism, with review of necessary algebra.
A112 Electronics I (3 cr.) P: A111 Basic Electricity. AC theory and introduction to circuit elements and active devices.
A150 Introductory Seminar in Recording Arts (1 cr.) P: A101 Introduction to Audio Technology. An introduction to critical listening for recording engineers and producers, with an emphasis on technical evaluation and aesthetic principles within the context of musical style.

A201 Audio Techniques II (3 cr.) P: A102 Audio Techniques I, and A150 Introductory Seminar in Recording Arts. Intermediate studio and recording procedures including signal processing, digital audio theory, and basic digital audio workstation techniques.

A202 Audio Techniques III (3 cr.) P: A201 Audio Techniques II. Advanced digital audio theory including media production, audio for Internet, and advanced digital audio workstation techniques.

A211 Electronics II (3 cr.) P: A112 Electronics I. System design and operation applied to audio, both analog and digital.

A270 Multitrack Studio Techniques I (3 cr.) P: A102 Audio Techniques I and A150 Introductory Seminar in Recording Arts. Multitrack studio and recording procedures with an emphasis on signal processing and mixdown techniques.

A311 Audio Repair and Maintenance I (3 cr.) P: A112 Electronics I. Instruction in basic maintenance of audio equipment and studio maintenance. Practical experience is emphasized.

A312 Audio Repair and Maintenance II (3 cr.) P: A311 Audio Repair and Maintenance I. Instruction in advanced audio equipment maintenance with concentration on wiring practices, system design, analysis, and repair. Practical experience is emphasized.

A320 Sound Reinforcement Techniques (3 cr.) P: A201 Audio Techniques II. An introduction to sound reinforcement systems and the techniques of sound reinforcement.

A325 Digital Audio Workstation Seminar (2 cr.) A seminar in intermediate and advanced digital audio workstation production techniques.

A330 Recording Techniques for Music Majors (3 cr.) P: A101 Introduction to Audio Technology. An overview of recording techniques for musicians. Emphasis is on a practical understanding of recording technology from the perspective of both a studio musician and engineer.

A331 Production Techniques for Music Majors (2 cr.) P: A330 Recording Techniques for Music Majors. For music majors who want to record a demonstration tape. Producing a recording from the planning stage, through the recording and post-production process, to the creation of a finished master. Final project will be the production of a short recording.

A340 Topics in Recording Arts (2-3 cr.) May be repeated for credit with permission of instructor for different topics only.

A350 Seminar in Recording Arts (1 cr.) P: A150 Introductory Seminar in Recording Arts. Critical listening and discussion of recording techniques, concepts, and aesthetics.

A360 Recording Arts: Techniques and Production I (2 cr.) P: A201 Audio Techniques II and A270 Multitrack Studio Techniques I. Basic classical music recording and production techniques.

A370 Multitrack Studio Techniques II (2 cr.) P: A270 Multitrack Studio Techniques I and A350 Seminar in Recording Arts. Supervised practical experience in multitrack studio procedures with an emphasis on microphone recording techniques. Small group and individual project work, plus group listening and discussion.

A420 Advanced Sound Reinforcement (2 cr.) P: A320 Sound Reinforcement Techniques. Study of advanced sound reinforcement, system design, and practical experience in sound reinforcement.

A440 Individual Project in Recording Arts (1-3 cr.) P: Senior standing.

A460 Recording Arts: Techniques and Production II (2 cr.) P: A360 Recording Arts: Techniques and Production I. Advanced classical music recording and production techniques.

A461 Final Project in Recording Arts (1 cr.) P: Permission of instructor. Preparation of dossier summarizing all work completed (concurrent with last semester of on-campus course work). Student will make a presentation of the dossier to a group of music faculty including the director of recording arts and at least one other faculty member from outside the Audio Department.

A470 Individual Multitrack Studio Projects I (2 cr.) P: A370 Multitrack Studio Techniques II. Advanced production experience in multitrack recording and mixing. Individual project work, plus group listening and discussion.

A480 Internship in Audio (3 cr.) P: A461 Final Project in Recording Arts. Supervised experience in a working environment directly related to audio technology. Assessed by reports from the student and on-site supervisor.
Church Music
C400 Research in Church Music (cr. arr.).*
C401 Church Music I (3 cr.) Basic keyboard skills, four-part harmonization of melodies and given basses, improvisation of simple chord progressions in four-part style, basic modulation, and transposition of four-part materials (hymns).
C402 Church Music II (3 cr.) P: C401 Church Music I or special examination. Further development of keyboard skills, reading of figured bass, score reading, and advanced transposition.
C403 Church Music III (3 cr.) P: C402 Church Music II or special examination. Survey of liturgies, introductory hymnody, console conducting, service music, advanced modulation, and improvisation.
C404 Church Music IV (3 cr.) P: C403 Church Music III. Continuation of materials of C403 Church Music III.
C405 Organ Construction and Design (2 cr.) A historical and interactive study of the action and pipes of the organ, from the earliest European example to the latest developments in the organ building industry. Includes a lab component where the student has hands-on experience with university organs, performing basic maintenance routines, such as tuning and repair.
C500 Independent Study in Church Music Practices (cr. arr.)
C502 Hymnody (2 cr.) A study of the history and structure of hymn texts and music with special emphasis on hymn writers of the twentieth century.
C504 Improvisational Skills (2 cr.) Basic keyboard skills with emphasis on harmony, chord progressions, and simple form(s). Prerequisite to C524 Organ Improvisation unless exempted by audition.
C505 Organ Construction and Design (2 cr.) A historical and interactive study of the action and pipes of the organ, from the earliest European example to the latest developments in the organ building industry. Includes a lab component where the student has hands-on experience with university organs, performing basic maintenance routines, such as tuning and repair.
C522 Handbell Practicum (1 cr.) A practical introduction to handbell performance, conducting, and ensemble development. Course includes instruction in basic and advanced handbell ringing techniques, conducting, assignment of bells, and knowledge of literature. Open to organ and organ and church music majors.
C523 Church Music Practicum (2 cr.)* A study of repertoire, performance techniques (e.g., console conducting), and organizational methods required of church musicians.
C524 Organ Improvisation (2 cr.) P: C403 Church Music III, C404 Church Music IV, and C504 Improvisational Skills. Improvisation for the church organists, with emphasis on stylistic considerations, formal structures, and devices.
C533 Sacred Choral Literature I, Small Forms (2-3 cr.) Sacred music from the sixteenth century to the present: smaller forms, motets, and anthems.
C534 Sacred Choral Literature II, Large Forms (2 cr.) The development of cantata, oratorio, and the concert mass from 1600 to the present. Special emphasis on usage in the church music programs of today.
C535 Introduction to Liturgy and the Arts (2 cr.) A study of the relationship between liturgy, music, and other related arts both in history and current practice.
C620 Certificate Final Project (1 cr.)

Music Education and Pedagogy Courses
E130 Introduction to Music Learning (2 cr.) Introduction to the philosophy, sociology, and psychology of music. Survey of careers in music, including teaching (school and private), performing, scholarship, publishing, and technical fields. This course fulfills the pedagogy requirement for B.M. degrees.
E131 Freshman Colloquium in Music Education (2 cr.) C: EDUC M101 Field Experience. Introduction to the development of instructional materials and professional artifacts through observations, peer teaching, and the application of technological resources. A grade of C+ or higher is required.
E230 Teaching Music through Performance (2 cr.) P: E130 Introduction to Music Learning or E131 Freshman Colloquium in Music Education. Preparation of lecture/demonstrations in music, including selection of topics and literature, administration, and evaluation. Ensembles composed of students enrolled in the class perform productions at community sites such as schools, hospitals, and service clubs.
E231 General Music Methods K-12 (2 cr.) P: E131 Freshman Colloquium in Music Education; C: EDUC M201 Laboratory/Field Experience (0 cr.), which requires 15 hours of fieldwork. Principles of musical development and curriculum planning applied to the teaching of general music in schools, including special populations. The application of computer technologies to the teaching of general music and music appreciation is examined. A grade of C+ or higher is required.
E241 Introduction to Music Fundamentals (2-3 cr.) Designed to aid elementary majors in the School of Education in learning to sing and read music.
E303 Violin/Viola Pedagogy I (2 cr.)
E304 Violin/Viola Pedagogy II (2 cr.) P: E303 Violin/Viola Pedagogy I.
E306 Cello Pedagogy (2 cr.)
E312 Arranging for Instrumental and Vocal Groups (2 cr.) P: T252 Music Theory and Literature IV and T232 Musical Skills III, or equivalent for all students, and F205 Introduction to Instrumental Techniques for choral and general music education majors. Scoring for orchestra, band, and chorus.
E400 Undergraduate Readings in Music Education (cr. arr.)*
E410 Topics in Music Education and Pedagogy (3 cr.) P: Junior standing in the Jacobs School of Music or consent of instructor. Focus on aspects of music education and pedagogy relevant to students enrolled in the degree programs, Bachelor of Music or Bachelor of Science in Music; the course is not intended to fulfill Bachelor of Music Education requirements. E410 emphasizes theory and research in music education and pedagogy. The scope of topics will include music teaching in private and small group settings, the role of music in society, women in music, research in music pedagogy, philosophy, psychology, and sociology of music. May be repeated for different topics.
E420 String Pedagogy (2 cr.) String teaching materials, methods, and techniques for use with K-12 students.
E459 Instrumental Pedagogy (1-3 cr.) Pedagogy classes pertaining to the individual instruments.
E467 Techniques of String Class Teaching (3 cr.) Current pedagogical practices, procedures, and materials for string teaching for both class and private instruction.
E470 Pedagogy of Jazz (2 cr.) Techniques and methods of teaching jazz studies, including the training of jazz bands.
E489 Organ Pedagogy (3 cr.) Pedagogical practices, procedure, and materials for organ teaching.
E491 Senior Seminar in Music Education (3 cr.) P: EDUC M482 Student Teaching. Issues in the profession of music education, synthesis of student teaching experiences, and the development of a plan for personal growth as a teacher.
E493 Piano Pedagogy (2 cr.) Required of senior piano majors. Methods and materials for teaching individuals and classes of both children and adults. Two hours of demonstration and two hours of teaching each week.
E494 Vocal Pedagogy (3 cr.) Principles of voice production. Quality, diction, range, breathing, vocalization, dynamics, agility, and vocal hygiene as bases for an approach to voice teaching.
E502 The Practice of Music Teaching (3 cr.) An overview of learning theories and curriculum design related to specific music education fields. Includes an investigation of general learning theories and application of these to choral, general, and instrumental music teaching situations. Field experience component will provide opportunities for observation of area teachers and implementation of curriculum with area students.
E503 Violin/Viola Pedagogy I (2 cr.) Learning the skills to teach beginning violin or viola students through lectures, observation of private and group lessons, and teaching children under the supervision of the instructor. Paper on a topic from the course.
E504 Violin/Viola Pedagogy II (2 cr.) P: E503 Violin/Viola Pedagogy I. Learning to teach shifting, vibrato, and bow strokes, and exploring the repertoire of young violinists and violists. Course includes lectures, observation of private and group lessons, and teaching children under the supervision of the instructor. Paper on a topic from the course.

E511 Trombone Pedagogy (1 cr.) Observation of two private lessons per week taught by major teachers. Term paper required.
E512 Tuba Pedagogy (1 cr.) Observation of two private lessons per week taught by major teachers. Term paper required.
E513 Harp Pedagogy (3 cr.) A survey of teaching materials and methods for the harp and texts on basic musicianship. Observation of private lessons and class instruction.

E514 Applied Harp Pedagogy (3 cr.) A supervised series of private and class harp lessons.

E515 Double Bass Pedagogy (2 cr.) Study of techniques, practitioners, and scope of double bass pedagogy from the 18th century to the present. Weekly discussion topics; two papers required.

E516 Instructional Programs and Learning in Music (3 cr.) The application of theories of musical learning to the selection and sequencing of content in a variety of learning settings.

E517 Sociology of Music (1-3 cr.) Discussions and informal lectures on aspects of the sociology of music viewed from the perspective of process.

E518 Foundations of Music Education (3 cr.) Interdisciplinary approach, including aspects of philosophy, psychology, aesthetics, and sociology.

E519 Psychology of Music (3 cr.) Functions of the musical mind; factors in the development of musical skills and maturity.

E520 Seminar in Music Education for Master’s Degree Students (2 cr.) P or C: E518 Foundations of Music Education. Required of master’s degree students in music education. Two meetings a week. Reports on research by students or faculty members.

E521 The Children’s Chorus (3 cr.) Vocal and choral techniques, literature, and organizational practices appropriate to children’s choral ensembles.

E522 Music in Early Childhood (3 cr.) A survey of research literature in musical development and applications to the selection of materials and teaching methods for the preschool- and kindergarten-aged child.

E523 Music in Special Education (3 cr.) Methods and materials for the musical education of learners with special characteristics. Emphasis on adaptive procedures for mainstream education students.

E524 Exploratory Teaching in Elementary School Music (3 cr.) For graduate students in music education who have teaching experience. Comprehensive study of the elementary music program, including new techniques, materials, and literature.

E525 Supervision of Music in the Public Schools (1-3 cr.) Functions and techniques of music supervision; problems of music consultants; in-service training for classroom teachers; and administration of school music programs.

E526 Exploratory Approaches to Music in Junior and Senior High School (1-3 cr.) Contemporary philosophy, music theory, and practice for use in classes in general music, music appreciation, music history, allied arts, and music theory. Techniques for working with adolescents and their problems of interest, changing voice, and capability.

E527 Advanced Instrumental Methods (3 cr.) Application of current teaching techniques to group instrumental instruction. Designed for students with previous teaching experience.

E528 Advanced Choral Methods (3 cr.) Application of current teaching techniques to a variety of choral ensemble types. Designed for students with previous teaching experience.

E529 Special Topics in Music Education (2-3 cr.) Selected topics in music education practice and research, including instructional methods; historical, philosophical, psychological, and social foundations; and contemporary issues in music education. The course may be repeated under different topic designations.

E530 Learning Processes in Music (3 cr.) Descriptive and prescriptive conditions of musical learning and development. Included are interdisciplinary studies of learning involving musical, psychological, physiological, cultural, and sociological factors.

E531-E532 Research Methods in Music I-II (3-3 cr.) I. Nature of research and scientific method; application to problems of music research. Critique of research studies. II. Problem definition; development of research design. Probability and sampling procedure. Techniques for the location, collection, quantification, and treatment of data. Research report required.

E533 Research in Music Education (cr. arr.)* P: E532 Research Methods in Music I or consent of instructor.

E534 Practicum in Music Education (1-3 cr.)* Research techniques and procedures. Practical or creative project or investigation required (may be a phase of a cooperative study or an independent project).

E535 Measurement, Evaluation, and Guidance in Music (3 cr.) P: E519 Psychology of Music or consent of instructor. Standardized tests, classroom or studio marking, auditioning, and adjudication; evaluation of aptitude in light of professional and educational criteria; and use of data in counseling.

E536 Special Workshop in Music Education (cr. arr.)

E545 Guided Professional Experiences (cr. arr.) P: Consent of instructor. Further development of professional skills in teaching, supervision, and administration by means of laboratory techniques and use of Jacobs School of Music facilities and resources. Evidence required of competency to carry out independent work.
E551 Seminar in Instrumental Teaching (3 cr.)
Principles of the pedagogy of individual instruments applied to private and group instruction. Members of the performance faculty will participate in discussions.

E557 Band Arranging for Graduate Students (3 cr.) P: Consent of instructor. Practical arranging of music for concert, marching, and pep bands. Transcriptions of appropriate selections from piano, organ, or orchestral literature.

E559 Instrumental Pedagogy (1-3 cr.) P: Graduate standing. Pedagogy classes pertaining to the individual instruments.

E561 Choral Methods and Materials (3 cr.)
Advanced choral methods for the practicing teacher or advanced student. Literature survey for secondary school environment. Resources and methodology leading to a comprehensive choral curriculum.

E568 Administration of Instrumental Groups (3 cr.)
Supervision of school bands and orchestras: student personnel, financing, program construction, rehearsal techniques, festival participation, physical plant, and repair of instruments.

E570 Pedagogy of Jazz (2 cr.)
Techniques and methods of teaching jazz studies.

E571-E572-E573 Kodály Concept I-II-III (3-3-3 cr.)
Methods, analysis, and solfege; materials and curriculum development. I. Primary. II. Intermediate. III. Advanced.

E574-E575-E576 Orff Program Development I-II-III (3-3-3 cr.)
Methods and materials, movement, singing and playing skills; curriculum development. I. Primary. II. Intermediate. III. Advanced.

E589 Organ Pedagogy (3 cr.)
An overview of historical organ method books, organ pedagogy, and supporting material. Course consists of some lecture as well as the individual student doing actual teaching (observed by the instructor) with follow-up conferences.

E593 Piano Methods (2 cr.)
Elective for master's degree candidates in piano. Two lectures a week. Four instructors for four weeks each.

E594 Vocal Pedagogy (3 cr.) P: Voice major or consent of instructor. Processes in voice production: respiration, phonation, articulation, and resonance. Psychological, physiological, and acoustical problems including voice classification, quality, diction, and registration will be discussed. A major paper on a related subject will also be required. Assignment of students to members of the class for supervised teaching. A study of studio procedure and practical subjects related to studio and class voice instruction.

E596 Research in Music (cr. arr.)*

E600 Thesis in Music Education (3 cr.)*
E616 Curriculum in Music Education (3 cr.) P: E518 Foundations of Music Education and consent of instructor. Purpose, problems, development, and current trends in music curricular structures in elementary, secondary, and higher education.

E618 History and Philosophy of Music Education (3 cr.) P: E518 Foundations of Music Education. The interaction of the theory and practice of music education with historical and philosophical developments in the European/American tradition.

E625 Administration of Music in Higher Education (3 cr.)
Administration problems, curricular content, securing of teaching personnel and equipment, planning of music buildings, and other duties attendant upon the administrator of a music department or school of music.

E635 College Music Teaching (3 cr.)
Theory of teaching, philosophic assumptions, aesthetic theories, approaches to education, implications for teaching music education, music history and literature, and music theory courses.

E658 Music Education Doctoral Seminar I (2 cr.)
Required of doctoral students in music education. Two meetings a week. Reports on research by students or faculty members.

E659 Music Education Doctoral Seminar II (2 cr.) P: Consent of instructor. Advanced professional study in the theory and practice of music education, with application of all previous course material for the doctoral degree.

E660 Philosophical Research in Music Education (2 cr.)
An examination of the methods used in philosophical research in music education, with a survey of major studies and trends of inquiry.

E661 Historical Research in Music Education (2 cr.)
An examination of the methods used in historical research in music education, with a survey of major studies and trends of inquiry.

E662 Public Lecture (1 cr.) A presentation made to the university community and submitted for consideration to an appropriate professional conference. The paper presented must represent new, doctoral-level research, and be approved by a primary faculty supervisor and a second faculty reader.

E690 Seminar in Piano Pedagogy and Instructional Materials I (cr. arr.) P: Consent of instructor. Teaching approaches: rational practicing, beginner's methods, and group teaching.

E691-E692 Seminar in Piano Pedagogy and Instructional Materials II-III (cr. arr.) P: E690 Seminar in Piano Pedagogy and Instructional Materials I or consent of instructor. II. Technique, mechanics of the instrument,
physiology and psychology of playing, III. Teaching repertoire, schools of pianism, memorization, and sight reading.

E694 Applied Comparative Voice Pedagogy (3 cr.) P: E594 Vocal Pedagogy. Supervised individual performance of technical principles and terminology employed in vocal teaching, 1700 to the present. Concepts of breathing, phonation, resonance, and range. Diction is sung and discussed by each class member. Vocal examples from song literature.

E695 Seminar in Vocal Pedagogy Research (3 cr.) P: Consent of instructor. For advanced students in voice and voice pedagogy. Formal research paper required.

E700 Dissertation in Music Education (cr. arr.)

Music Education Master Class

I201 Master Class in Music Education (0 cr.) Introduction to current topics in music education. For freshman and sophomore music education majors.

I202 Master Class in Music Education for Student Teaching (0 cr.) C: EDUC M482 Student Teaching. Preparation and support for student teaching experience. Field project and portfolio completion. For music education students during the student teaching semester.

I502 Music Education Master Class for Student Teaching (0 cr.) Co-requisite, EDUC M580 Internship in Music (10 cr.). Preparation and support for student teaching experience. Meets three times during the student teaching semester.

School of Education Courses

Education M342 Methods and Materials for Teaching Elementary Music (3 cr.) P: Admission to the Teacher Education Program, MUS E131 Freshman Colloquium in Music Education, and MUS E231 General Music Methods K-12. For field experience credit, students should enroll concurrently in EDUC M301 Laboratory/Field Experience (0 cr.). Detailed study of current teaching techniques for the elementary school music class; Dalcroze, Kodály, and Orff techniques; review of current textbooks and other materials; classroom recorder and guitar. A grade of C+ or higher is required.

Education M343 Methods and Materials for Teaching Choral Music (3 cr.) P: Junior standing; admission to the Teacher Education Program; MUS E131 Freshman Colloquium in Music Education and MUS E231 General Music Methods K-12. For field experience credit, students should enroll in EDUC M301 Laboratory/Field Experience (0 cr.). Organization and development of choral groups; voice production; rehearsal techniques; tone, diction, and phrasing; materials suitable for school choruses at secondary level. A grade of C+ or higher is required.

Education M344 Methods and Materials for Teaching Instrumental Music (2-3 cr.) P: Junior standing; admission to the Teacher Education Program; MUS E131 Freshman Colloquium in Music Education and MUS E231 General Music Methods K-12. For field experience credit, students should enroll in EDUC M301 Laboratory/Field Experience (0 cr.). Teaching methods and materials; organization of the instrumental curriculum. A grade of C+ or higher is required.

Education M434 Administration of School Bands (2 cr.) P: Senior standing. Teaching, organization, and administration of school wind and percussion ensembles. A grade of C+ or higher is required.

Education M436 Administration of School Orchestras (2 cr.) P: Senior standing. Teaching, organization, and administration of school orchestras. A grade of C+ or higher is required.

Education M471 Undergraduate Seminar in Music Education (1 cr.) P: Consent of instructor; admission to the Teacher Education Program. A practical orientation to the personal and professional problems that accompany the student-teaching experience. On-site visitation.

Education M482 Student Teaching: All Grades (16 cr.) P: Senior standing, upper-division hearing, 10 credit hours of instrumental techniques (where required); all required conducting, education, and music education courses. A sixteen-week, full-time, continuous, and supervised experience.

Education M580 Student Teaching for Graduate Students: All Grades (9 cr.) A nine-week, full-time, continuous, and supervised experience.

Accompanying, Chamber Music, Coaching, and Techniques

F200 Music Education Instrumental Laboratory (1 cr.) C: F281 Brass Instrument Techniques or F337 Woodwinds Techniques. Preparing lessons, teaching, and conducting heterogeneous instrumental ensembles.

F205 Introduction to Instrumental Techniques (3 cr.) For B.M.E. voice and piano concentrations. Techniques and materials for beginning instrumental study. Recommended for sophomores and juniors.
F261 String Class Techniques (2 cr.) Class instruction and teaching methods for violin, viola, violoncello, and double bass.
F281 Brass Instrument Techniques (2 cr.) C: F200 Music Education Instrumental Laboratory. Class instruction and teaching methods for trumpet, horn, trombone, and tuba.
F300 Piano Accompanying (1 cr.)* Sight reading, transposing, and acquaintance with vocal and instrumental literature.
F301 Accompanying Recital (1 cr.) P: Consent of instructor. Rehearsal and performance as accompanist for a required public performance of a full undergraduate or graduate recital.
F302 Classroom Instrument Techniques (2 cr.) Beginning instruction in recorder, guitar, lap dulcimer, autoharp, and classroom Orff Instrument (pitched and non-pitched).
F337 Woodwind Techniques (2 cr.) C: F200 Music Education Instrumental Laboratory. Class instruction and teaching methods for flute, oboe, bassoon, clarinet, and saxophone.
F338 Percussion Techniques (2 cr.) Instruction in timpani, snare drum, xylophone, bass drum, cymbals, Latin and jazz drums, etc. Laboratory class with an emphasis on teaching techniques.
F340 Postural Alignment for the Musician (1 cr.) Biomechanical integration of the muscular and skeletal systems to promote a balanced and supported posture for all musical activities. Centering and relaxation skills. No more than two credit hours of course enrollment may be counted toward undergraduate music electives.
F400 Seminar in Interpretation (2-3 cr.) P: Audition by and consent of instructor concerned. Instruction in interpretation by a performance teacher who is not the student's regular instructor.
F403 Scoring Percussion (2 cr.) Nomenclature, calligraphy, spectrum, notation, legend systems, timbre, characteristics, and ranges.
F404 Percussion Master Class (2 cr.) Technical, physical, aesthetic, and logistical factors in preparing solo, chamber, and orchestral repertory.
F405 Percussion Seminar (1-3 cr.) History, languages, and written and improvisational uses of indigenous instruments. Masterworks survey.

F519 Orchestral Repertoire (1 cr.) Study of orchestral repertoire for various instruments.
F520 Topics in Performance Study (1-3 cr.)
F531 Score Reading and Aural Skills I (1 cr.)
P: T511 or equivalent. Performance at the piano of graded examples of orchestral and choral scores. Transposition of instruments through the mastery of clef reading. Advanced ear training, emphasizing skills for conductors.
F532 Score Reading and Aural Skills II (1 cr.)
P: F531 or permission of instructor. Continuation of work in F531.
F533 Advanced Score Reading and Aural Skills I (1 cr.)
P: F532 or permission of instructor. Further mastery of score reading and aural skills for conductors.
F534 Advanced Score Reading and Aural Skills II (1 cr.)
P: F533 or permission of instructor. Continuation of work in F533.
F540 Postural Alignment for the Musician (1 cr.)
Biomechanical integration of the muscular and skeletal systems to promote a balanced and supported posture for all musical activities. Centering and relaxation skills. No more than two credit hours of course enrollment may be counted toward the diploma music course requirement, or towards the graduate outside area or minor.
F549 Elements of Harp Ensemble Performance (1 cr.)
Study of the techniques and literature for multiple-harp ensembles. F549 may be waived for students with comparable experience; courses in conducting or harp pedagogy may be substituted upon recommendation of the department chair.
F550 Chamber Music (1 cr.)
Rehearsal and performance of chamber music.
F551 Practicum in Transcription for the Guitar (2 cr.)
Guided exercises in transcribing works for the guitar originally written for piano, lute, violin, cello, or other instrument or instrumental ensemble.
F560 Chamber Music: Variable Title (3 cr.)
P: Consent of instructor. Inquiry into selected aspects of instrumental and vocal chamber music literature and history related to specific repertoires, genres, style, performance practices, and traditions. Performance of a wide range of representative works. May be repeated.
F561 Seminar in Interpretation (2-3 cr.)
P: Audition by and consent of instructor. Instruction in interpretation by a performance teacher who is not the student’s regular instructor.
F590 Techniques in Marching Band for Graduate Students (3 cr.)
P: Consent of instructor. Overview of the complete marching band program (college and high school) including show planning, drill writing, administration, and rehearsal techniques.
F603-F604 Seminar in Percussion Performance I-II (2-2 cr.)
P: Consent of instructor. The technical and physical factors governing the performance of solo, chamber, and orchestral literature.
F650 Coaching Chamber Music (1 cr.)
For doctoral students meeting coaching requirements for chamber ensembles.

Conducting
G370 Techniques for Conducting (2 cr.)
G371 Choral Conducting I (2 cr.)
G372 Choral Conducting II (2 cr.)
P: G371 Choral Conducting I. Choral conducting applied to tone, balance, diction, phrasing, and interpretation.
G373 Instrumental Conducting (2 cr.)
P: G370 Techniques for Conducting. Further development of score reading and conducting technique.
G555 Foundations in Choral Conducting for Graduate Students (3 cr.)
P: Graduate standing in the Jacobs School of Music or permission of instructor. Techniques for the beginning choral conductor, including basic fundamentals of stick technique, development of aural and rehearsal skills, and score analysis for the conductor. Intended to satisfy deficiency requirements as a prerequisite for G560 Graduate Choral Conducting or to serve as an elective. Does not satisfy any existing degree requirement in conducting on the graduate level.
G560 Graduate Choral Conducting (3 cr.)
P: G371 Choral Conducting I or G555 Foundations in Choral Conducting for Graduate Students. For graduate students majoring in fields other than choral conducting. Admission by examination during orientation week. The course may be taken more than once.
G561-G562 Master’s Choral Conducting I-II (3-3 cr.)
Study of the art and techniques of choral conducting as related to a study of the score. Major works from the choral and choral/orchestral literature are conducted.
G566 Interpretation and Conducting of Band Literature I (3 cr.)
P: Two semesters of undergraduate conducting or equivalent required. Study of selected concert band literature up to and including grade V material, with an emphasis on original band compositions. Baton technique, score analysis, and rehearsal techniques.
G567 Interpretation and Conducting of Band Literature II (3 cr.) P: Two semesters of undergraduate conducting or equivalent required. Study of selected wind literature at the most advanced levels for both small and large ensembles. Continued development of baton and rehearsal techniques and score preparation. Includes rehearsal and performance of selected works.

G570 Graduate Instrumental Conducting (3 cr.) P: Consent of instructor. Required for graduate students with a cognate or minor field in instrumental conducting.

G571 Master’s Advanced Instrumental Conducting (3 cr.) P: Consent of instructor. Baton techniques and critical examination of scores; problems of rehearsal and interpretation. May be repeated for degree credit.

G579 Master’s Advanced Wind Conducting (3 cr.) P: Admission to the wind conducting program and consent of instructor. Baton technique and critical analysis of scores; rehearsal and interpretive problems.

G634 Collegium Directing (3 cr.) A practical study of the operation of university collegiate musicum programs, including repertory, instrument acquisition and maintenance, coaching and directing vocal and instrumental early music ensembles.

G661 Doctoral Choral Conducting: Renaissance (3 cr.) Study of the art and techniques of choral conducting as related to a study of the score. Major works from the choral literature are conducted.

G663 Doctoral Choral Conducting: Classic/Romantic (3 cr.) Study of the art and techniques of choral conducting as related to a study of the score. Major works from the choral and choral/orchestral literature are conducted.

G664 Doctoral Choral Conducting: Music since 1900 (3 cr.) Study of the art and techniques of choral conducting as related to a study of the score. Major works from the choral and choral/orchestral literature are conducted.

G671 Doctoral Advanced Instrumental Conducting (3 cr.) P: Consent of instructor. Baton technique and critical examination of scores; problems of rehearsal and interpretation. May be repeated for degree credit.

G679 Doctoral Advanced Wind Conducting (3 cr.) P: Admission to the wind conducting program and consent of instructor. Baton technique and critical analysis of scores; rehearsal and interpretive problems.

Ballet

J100 Ballet Elective/Secondary (2 cr.)

J210 Jazz Dance (1 cr.) A study of jazz dance, including early jazz and musical comedy as well as contemporary styles. Emphasis on current locomotor jazz techniques.

J320 Pointe Technique (1 cr.) Authorization and concurrent enrollment in J100 Intermediate/Advanced Ballet required. The study of classical ballet pointe work. Open to non–ballet majors.

J340 Ballet Pedagogy (2 cr.) A current approach to the theory and practice of teaching classical ballet.

J400 Ballet (Major) (2-6 cr.) Daily technique classes, including pointe, for students in the Bachelor of Science in Ballet degree program. Performance emphasis.

J410 Choreography Workshop (2 cr.) A practical study of the craft of making dances using classical ballet technique.

J700 Ballet Graduate Elective (Beginning I) (cr. arr.)

J810 Graduate Jazz Dance (1 cr.) Jazz dance class for graduate students.

Composition

K100 Composition Undergraduate Elective/Secondary (3 cr.) P: T109 Rudiments of Music I or equivalent. Individual lessons in composition. Concurrent registration in I500 Performance and Composition Masterclass is required.

K133 Notation and Calligraphy (1 cr.) P: For music majors, T109 Rudiments of Music I; for non–music majors, permission of instructor. Notation and organization of music manuscripts.

K214 Instrumentation I (2 cr.) P: T109 Rudiments of Music I. Ranges, tonal possibilities, technical limitations, and necessary transpositions for all orchestral and band instruments.

K215 Instrumentation II (2 cr.) P: K214 Instrumentation I. Continuation of K214 including writing for combinations of instruments.

K231 Free Counterpoint I (2 cr.) Development of contrapuntal skills and techniques in two-, three-, and four-part textures.

K232 Free Counterpoint II (2 cr.) P: T132 Musical Skills I and K231 Free Counterpoint I. Continuation of K231.

K361 Introduction to MIDI and Computer Music (3 cr.) P: Modest working knowledge of personal computers. Basics of the Musical Instrument Digital Interface system, its software, and the instruments commonly used.
with desktop MIDI workstations (synthesizers, digital samplers). MIDI sequencing, digital audio editing, and principles of digital synthesizers. The course is intended for those with little prior technical training.

K400 Composition Major (3 cr.)* Individual lessons in composition. Concurrent registration in 1500 Performance and Composition Masterclass is required.

K403 Electronic Studio Resources I (3 cr.) P: Consent of instructor. An introduction to the computer music studio, techniques of digital recording and editing, analog and FM synthesis, MIDI sequencing, and a comprehensive study of the literature and styles of the classic tape studios.

K404 Electronic Studio Resources II (3 cr.) P: K403 Electronic Studio Resources I. Study of advanced synthesis techniques, digital sampling, video synchronization, and multimedia applications.

K406 Projects in Electronic Music (cr. arr.) P: K403 Electronic Studio Resources I and K404 Electronic Studio Resources II. Compositional projects in electronic music. Course may be repeated.

K451-K452 Advanced Orchestration I-II (2-2 cr.) P: K214-K215 Instrumentation I-II. Practical orchestration in all its applications.

K503 Electronic Studio Resources I (3 cr.) P: Consent of instructor. An introduction to the computer music studio, techniques of digital recording and editing, analog and FM synthesis, MIDI sequencing, and a comprehensive study of the literature and styles of the classic tape studios.

K504 Electronic Studio Resources II (3 cr.) P: K503 Electronic Studio Resources I. Study of advanced synthesis techniques, digital sampling, video synchronization, and multimedia applications.

K506 Projects in Electronic Music (2-3 cr.) P: K503-K504 Electronic Studio Resources I-II. Advanced projects in electroacoustic composition. Course may be repeated.

K509 Seminar in Computer Music (3 cr.) P: K504 Electronic Studio Resources II or permission of instructor. Study of advanced topics in computer music, including direct digital synthesis, acoustic research, and interactive composition.

K512 Jazz Composition (3 cr.) P: Permission of departmental chairperson. High-level study of problems of composition in the jazz idiom, including the Third Stream.

K554 Advanced Orchestral Arranging for Graduate Students (3 cr.) P: K214-K215 Instrumentation I-II or equivalent, or permission of instructor. Practical orchestration in all its applications.

K700 Dissertation in Composition (1-5 cr.)* Complete work for major ensemble (score and parts ready for performance). Procedures for final submission are available from the major advisor. Program annotation addressed to the general public for the student’s dissertation (500 words minimum).

K701 Doctoral Composition Chamber Recital (1 cr.)* Presentation of a recital (at least 45 minutes of music) of compositions for different media written during residency, with the student participating as performer or conductor. Program annotations addressed to the general public for the student’s Doctoral Composition Chamber Recital (500 words minimum).

K702 Doctoral Composition Document I (0 cr.)* Movement of chamber music written during a week-long examination period.

K703 Doctoral Composition Document II (0 cr.)* Setting of a given text during a 24-hour period.

K710 Composition Graduate Elective (2-4 cr.) Individual lessons in composition. Concurrent registration in 1500 Performance and Composition Masterclass is required.

K810 Composition Graduate Minor (2-4 cr.) Individual lessons in composition. Concurrent registration in 1500 Performance and Composition Masterclass is required.

K910 Composition Graduate Major (2-6 cr.) Individual lessons in composition. Concurrent registration in 1500 Performance and Composition Masterclass is required.

Musicology and Music History

M400 Undergraduate Readings in Musicology (cr. arr.)*

M401-M402 History and Literature of Music I-II (4-4 cr.) Style analysis, visual and aural, of representative compositions, and relationship of music to sociocultural background of each epoch. I. Music Information Technology

For electronic and computer music courses, see “Composition” listing.

N364 Music Information Representation, Search, and Retrieval (3 cr.) P: Enrollment limited to students in the School of Informatics or permission of instructor. A comparative survey of computer-based representation schemes for music, including those oriented toward music notation, music performance, and music analysis. Overview of tools for computer-assisted music analysis using selected representation schemes.

N468 Topics in Music Information Technology (3 cr.) P: Permission of instructor. May be repeated for different topics.

N546 Symbolic Music Information Processing (3 cr.) P: Major, minor, or outside area standing in Music Informatics or Music Information Technology. Methodology and applications to algorithmically annotate, understand, recognize, and categorize music in symbolic form.

N547 Audio Music Information Processing (3 cr.) P: Major, minor, or outside area standing in Music Informatics or Music Information Technology. Music analysis and processing problems using sampled audio as the primary data representation. Digital signal processing, including filtering and its relationship to Fourier techniques. Synthesis, effects processing, score following, blind music recognition, and accompaniment systems.

N560 Introduction to Music Informatics (3 cr.) P: Major, minor, or outside area standing in Music Informatics or Music Information Technology. History, issues, and applications in music information technology. Survey of various types of musical information. Introduction to digital musical media, including data standards and processing; database structure and organization standards and processing; database structure and organization of audio-, score-, and textile objects; and discussion of copyright issues.

N561 MIDI and Computer Music (3 cr.) P: Graduate standing. Basics of the Musical Instrument Digital Interface system, its software, and instruments commonly used with desktop MIDI workstations (synthesizers, digital samplers). In-depth study of MIDI sequencing, digital audio editing, and the architecture of electronic instruments. A final project and a paper on a computer music topic are required.

N562 Electronic Text Processing and Distribution (3 cr.) P: Advanced, demonstrable skill with at least one computing application (e.g., programming language or a word processing, database, or spreadsheet program). M539 Introduction to Music Bibliography strongly recommended.

Introduction to issues and processes in the electronic manipulation of text and graphics, including hardware and software, electronic journals, full- and partial-text databases, optical character recognition, copyright, network distribution, page layout and conventional publication, and financial support (publishers, academic and commercial institutions, and federal agencies).

N563 Developing Computer–Based Music Instruction (3 cr.) P: Major, minor, or outside area standing in Music Informatics or Music Information Technology. Overview of the instructional design process, learning theories, user-interface design, and delivery of computer-based music learning. Survey of authoring tools.

N564 Music Information Representation, Search, and Retrieval (3 cr.) P: Major, minor, or outside area standing in Music Informatics or Music Information Technology. A comprehensive, comparative study of computer-based representation schemes for music, including those oriented toward music notation, music performance, and music analysis. Overview of musical metadata. Techniques and tools for search and retrieval of musical information.

N568 Topics in Music Information Technology (3 cr.) P: Permission of instructor. May be repeated for different topics.

N569 Independent Research in Music Information Technology (3cr.) P: Admission to the Music Information Technology minor.

Independent research in music information technology.

Jazz

O316 Jazz Arranging 1 (2 cr.) Scoring for jazz instruments in various ensembles. Study of arrangers and arrangements in various styles to assimilate their characteristics; applications of these styles to original arrangements.

**T152 Music Theory and Literature II (3 cr.)** P: Either T151 Music Theory and Literature I (minimum grade D-) and T109 Rudiments of Music I (minimum grade C), or a grade of C or better in T151 (without the T109 requirement). Diatonic harmony continued, and introduction to chromatic harmony. Two-voice counterpoint and study of small forms. (spring)

**T231 Musical Skills II (1 cr.)** P: T109 Rudiments of Music I or equivalent; T132 Musical Skills I; music majors only. It is strongly recommended that this course be taken concurrently with T251 Music Theory and Literature III. Melody, harmony, and counterpoint continued; some chromaticism.

Aural skills, music reading, and keyboard. A grade of C or higher is required. (fall, spring)

**T232 Musical Skills III (1 cr.)** P: T109 Rudiments of Music I or equivalent; T132-T231 Musical Skills I-II; music majors only. It is strongly recommended that this course be taken concurrently with T252 Music Theory and Literature IV. Chromatic melody and harmony. Aural skills, music reading, and keyboard. A grade of C or higher is required. (fall, spring, summer)

**T251 Music Theory and Literature III (3 cr.)** P: T151-T152-T251/T261 Music Theory and Literature I-II; music majors only. Study of music from the late sixteenth through the eighteenth centuries, with an emphasis on counterpoint, harmony, and form. (fall)

**T252 Music Theory and Literature IV (3 cr.)** P: T151-T152-T251/T261 Music Theory and Literature I-II-III. Study of music of the nineteenth and early twentieth centuries, with an emphasis on advanced harmonic procedures and analysis of larger forms. (spring)

**T261 Music Theory and Literature III (3 cr.)** Honors equivalent of T251. P: T151-T152 Music Theory and Literature I-II; music majors only. Study of music from the late sixteenth through the eighteenth centuries, with an emphasis on counterpoint, harmony, and form. (fall)

**T262 Music Theory and Literature IV (3 cr.)** Honors equivalent of T252. P: T151-T152-T251/T261 Music Theory and Literature I-II-III. Study of music of the nineteenth and early twentieth centuries, with an emphasis on advanced harmonic procedures and analysis of larger forms. (spring)

**T331 Musical Skills IV (1 cr.)** P: T109 Rudiments of Music I or equivalent; T132-T231-T232 Musical Skills I-II-III; music majors only. It is strongly recommended that this course be taken concurrently with T351 Music Theory and Literature V. Twentieth-century materials. A grade of C or higher is required. (fall, spring, summer)

**T351 Music Theory and Literature V (3 cr.)** P: T151-T152-T251/T261-T252/T262 Music Theory and Literature I-II-III-IV. Study of music from the early twentieth century to the present; new compositional and analytical procedures. (fall, spring, summer)

**T400 Undergraduate Readings in Music Theory (cr. arr.)** Independent study on a topic approved by the Department of Music Theory prior to enrollment in the course.

**T410 Topics in Music Theory (3 cr.)** P: Junior standing or consent of instructor. Study of selected compositions of a particular composer, historical period, or genre. Emphasis on music and its relation to theoretical and compositional ideas. May be repeated for different topics.
T412 Advanced Aural and Keyboard Techniques (3 cr.) P: T232 Musical Skills III and T252/T262 Music Theory and Literature IV, or consent of instructor. Listening in context to music of various style periods. Keyboard skills (e.g., figured bass, harmonization, and score reading).

T416 Counterpoint: Variable Topics (3 cr.) P: T232 Musical Skills III and T252/T262 Music Theory and Literature IV. The techniques of counterpoint with an emphasis on a particular style, such as that of the sixteenth or eighteenth century.

T417 Analysis of Tonal Music (3 cr.) P: T232 Musical Skills III and T252/T262 Music Theory and Literature IV. Analytical techniques for the study of tonal music of the eighteenth and nineteenth centuries.

T418 Music and Ideas (3 cr.) P: Junior standing or consent of instructor. An introduction to the philosophy of music and the history and problems of musical aesthetics.

T508 Written Music Theory Review for Graduate Students (3 cr.) Designed to satisfy deficiencies indicated by the Graduate Music Theory Entering Proficiency Examination. Part writing, form, and harmonization. Removal of deficiency requires a grade of C or higher. If T511 Aural Music Theory Review for Graduate Students is also required, T508 Written Music Theory Review for Graduate Students should be taken first. (fall, summer)

T509 Sight-Singing Review for Graduate Students (3 cr.) Designed to satisfy deficiencies indicated by the Graduate Music Theory Entering Proficiency Examination. Music reading involving intervals, scales, chord outlines, rhythm patterns, and meter through solo and ensemble singing. Removal of reading deficiency requires a grade of C or higher. (fall of each year, summer of odd-numbered years)

T511 Aural Music Theory Review for Graduate Students (3 cr.) Designed to satisfy deficiencies indicated by the Graduate Music Theory Entering Proficiency Examination. Removal of deficiency requires a grade of D or higher. If T508 Written Music Theory Review for Graduate Students is also required, it should be taken before T511 Aural Music Theory Review for Graduate Students. (spring of each year, summer of even-numbered years)

T545 Introductory Analysis of Music Literature (3 cr.) P: T508 Written Music Theory Review for Graduate Students and M541-M542 Music History Review for Graduate Students I-II, or equivalent. Basic techniques of analysis applied to a selection of music literature emphasizing works from the seventeenth century through the early twentieth century. (fall, spring)

T550 Readings in Music Theory (3 cr.) P: T508 Written Music Theory Review for Graduate Students or equivalent. Introduction to the discipline of music theory: objectives, issues, trends, methods, resources, and literature. (spring)

T551 Analytical Techniques for Tonal Music (3 cr.) P: T508 Written Music Theory Review for Graduate Students or equivalent. In-depth analysis of common-practice repertoire through multiple techniques, including the study both of pitch and of rhythm. (fall)

T555 Schenkerian Analysis (3 cr.) P: T508 Written Music Theory Review for Graduate Students or equivalent and consent of instructor. Develops skill in applying Heinrich Schenker’s analytic method for tonal music of the eighteenth and nineteenth centuries. (spring)

T556 Analysis of Music Since 1900 (3 cr.) P: T508 Written Music Theory Review for Graduate Students or equivalent. Analytical techniques for music of the twentieth and twenty-first centuries. (fall)

T561 Music Theory: Variable Topics (3 cr.) P: Consent of instructor. May be repeated for different topics.

T565 Stylistic Counterpoint: Variable Topics (3 cr.) P: T508 Written Music Theory Review for Graduate Students or equivalent. Analysis of, and composition in, the contrapuntal style of a given period, e.g., J. S. Bach and his contemporaries, the sixteenth-century sacred style, the romantic period. May be repeated for different topics. (fall)

T591 Teaching of Music Theory (3 cr.) P: T508 Written Music Theory Review for Graduate Students or equivalent. Comparative analysis of teaching techniques, procedures, and materials, with practical application. (spring, summer)

T599 Master’s Degree Comprehensive Review (0 cr.) Review of a portfolio assembled from master’s course work. Taken in the final semester of study. (fall, spring)

T619 Projects and Problems in Music Theory (cr. arr.) P: Consent of music theory department. Investigation and research in the field of music theory designed to meet individual needs of graduate students.

T623-T624 History of Music Theory I-II (3-3 cr.) I. Musical systems of antiquity; modal, rhythmic, and contrapuntal music theory to 1600. (fall of odd-numbered years) II. Music theory from 1600 through the mid-twentieth century. (spring of even-numbered years)

T658 Seminar in Music Theory: Variable Topics (3 cr.) May be repeated for different topics only. (fall, spring)

T659 Public Lecture (0 cr.)* Formal presentation to the public of a research paper.

T700 Dissertation in Music Theory (cr. arr.)*
Unclassified Courses

U200 Special Projects in Technology (1-8 cr.)
P: Consent of instructor. May be repeated for additional credit.

U201-U202 Piano Technology I-II (2-2 cr.)
U201 is a prerequisite for U202. Recommended for piano majors. Introduction to science of tuning in equal temperament, structure of piano, and mechanism of piano’s action.

U210 Reed Making (1 cr.)
Principles of double-reed making with development of individual skill and application.

U233 Applied French Diction for Singers (1 cr.)
P or C: FRIT F100. Drill on phonetics and application to song and opera.

U243 Applied German Diction for Singers (1 cr.)
P or C: GER G100. Drill on phonetics and application to song and opera.

U253 Applied Italian Diction for Singers (1 cr.)
P or C: FRIT M100. Drill on phonetics and application to song and opera.

U263 Pronunciation of Historical Languages (3 cr.)
A survey of the changes in the pronunciation of Romance and Germanic languages from the Middle Ages to the eighteenth century.

U274-U275 History of Violin Making I-II (3-3 cr.)
P: Consent of instructor. Seminar in the history and literature of string instrument technology. Study of the manufacture and repair of string instruments from the earliest time to the present, with emphasis on the work of the master luthiers. Outside readings. Three hours of class per week.

U305 String Instrument Repair (1 cr.)
String instrument maintenance and repair. For music education students.

U350 Individualized Music Cognate Area Readings and Research (1-6 cr.) Open only to students accepted for an individualized cognate area.

U361 English Diction for Singers (1 cr.)
Drill on phonetics with application to singing. May be taken for undergraduate and graduate credit.

U400 Unassigned Undergraduate Performance Major (cr. arr.)
P: Permission of director of undergraduate studies or dean of Jacobs School of Music. Temporary section during registration process.

U404 Harp Technology (2 cr.)
A study of the principles, problems, repair, and general mechanics of the harp action and of all aspects of design from both the historical and practical points of view. The course covers all basic routines of repairs, tuning adjustments, maintenance, and intricate regulation of various instruments.

U406 Introduction to Piano Technology (2-3 cr.)
Aspects of upright and grand piano technology, including building/rebuilding pianos, action regulation, voicing and tone, theory of tuning, basic tuning techniques, and discussion of sales and pricing. Recommended for piano majors.

U411 Performing Art Center Management (3 cr.)
On national and local levels. Mechanics of management, booking of concert artists and attractions, organized-audience plan, local concert series, and symphony management.

U412 Opera Management (3 cr.)
Problems of management in operas; organizational structure, business aspects, public relations and support, repertoire selection, casting, coaching, directing, and rehearsing; design and execution of scenery, costumes, properties, and lighting; and technical production.

U440 Practicum I-II-III-IV (2-2-2-2 cr.)
Supervised execution of the technology of construction, repair, and operation of scenic elements and theatrical equipment. Ten hours per week each semester.

U450 Individualized Music Cognate Area Final Project (0 cr.) Open only to students accepted for an individualized music cognate area.

U453 Italian Operatic Diction (1 cr.)
P: U253 Applied Italian Diction for Singers and consent of instructor. Coaching in Italian diction involving the standard Italian repertoire.

U470 Violin Repair I-II-III-IV (6-6-6-6 cr.)
P: Consent of instructor. I-II. Study and practice of string instrument technology, including general repairs done from outside the instrument, bow refurbishing, and use of hand and power tools. III-IV. Advanced study and practice of string instrument technology, including general and major repair done after an instrument has been opened, instrument acoustics, and related topics. Fifteen hours instruction and laboratory per week.

U471 Topics in Piano Technology (2-3 cr.)
Practical hands-on work in various areas of piano technology, including upright and grand piano regulation and tuning. May be repeated for different topics only.

U480 Internship in Technology (cr. arr.)
P: Consent of instructor. Internship in music-related technology. Practical application of related skills in a professional setting on or off campus for one semester.

U500 Workshop in Music: Variable Topics (0-6 cr.)

U501 Introduction to Piano Technology (2-3 cr.)
Aspects of upright and grand piano technology, including building/rebuilding pianos, action regulation, voicing, and tone, theory of tuning, basic tuning techniques, and discussion of sales and pricing. Recommended for piano majors.
U502 Topics in Piano Technology (2-3 cr.)
Practical hands-on work in various areas in piano technology, including upright and grand piano regulation and tuning. May be repeated for different topics only.

U506 Historical Brass Instrument Design and Construction (3 cr.)
The course will consist of a three-hour laboratory session each week, supplemented by independent research projects that will demand additional time appropriate to a 3-credit course. The laboratory portion of the course will consist of the construction of a reproduction of a historical brass instrument, using methods and tools consistent with those used in the seventeenth and eighteenth centuries.

U510 Advanced Reed Making (1 cr.) P: U210 Reed Making or permission of instructor. Principles of double-reed making with focus on advanced skill and understanding in reed finishing.

U511 Performing Art Center Management (3 cr.) On national and local levels. Mechanics of management, booking of concert artists and attractions, organized-audience plan, local concert series, and symphony management.

U800 Unassigned Graduate Performance Minor (cr. arr.) P: Permission of director of graduate studies or dean of Jacobs School of Music. Temporary section during registration process.

U900 Unassigned Graduate Performance Major (cr. arr.) P: Permission of director of graduate studies or dean of Jacobs School of Music. Temporary section during registration process.

Nonmajor Academic and Performance Courses

Z100 The Live Musical Performance (1-2 cr.)
An introduction to music listening through weekly in-class performances. Students have an opportunity to interact with instrumentalists, singers, dancers, choreographers, conductors, and composers. Musical styles include classical, rock, jazz, and world music.

Z101 Music for the Listener (3 cr.)

Interrelationships among the arts of various cultures, learning how they influence each other and are in turn influenced by the culture and temper of the times they reflect. Includes a survey of major styles from the Renaissance to the present, with emphasis on the twentieth and twenty-first centuries.

Z710 Non-Music Major Performance Elective (2-4 cr.) For graduate students.
Regulations and Procedures

Academic Regulations

Academic and Professional Conduct
All students at Indiana University are responsible for knowing the rules governing academic and personal conduct in the Indiana University Code of Student Rights, Responsibilities, and Conduct. Code procedures for the Bloomington campus are available at http://dsa.indiana.edu/Code/index1.html. The rules about academic honesty are important for everyone, but students who are new to the education system in the United States should be especially sure to read and understand them because the expectations here may be different from those to which they are accustomed.

Each student is expected to adhere to high professional, ethical, and academic standards, and the Jacobs School of Music may dismiss its programs any student who fails to do so. In general, it is assumed that all academic work (such as papers, essays, quizzes, tests, oral reports, projects, compositions, dissertations, documents, and performances) is a student’s original work. Collaboration is sometimes permitted for certain assignments in some courses. Students should always make certain that they understand what an instructor expects for a particular assignment. It is also assumed that material borrowed or quoted from other sources (including from books, articles, the Web, and elsewhere) will be acknowledged and cited. The penalties for academic and personal misconduct are severe, and can include dismissal from the university. Students with questions about the rules and the disciplinary procedures for the Bloomington campus are welcome to ask the directors of undergraduate or graduate studies.

Change of Degree Requirements
Each student is subject to the degree requirements outlined in the current Jacobs School of Music Bulletin. When new requirements are introduced after a student has matriculated, the student may elect to observe either the requirements in force at the date of matriculation or those most recently established by the Jacobs School of Music.

Addition of Courses
No course may be added after the normal schedule adjustment period of a semester unless the instructor and department chairperson of the course give signed approval and the course addition is approved by the dean of the school in which the student is enrolled.

Withdrawal from Courses
Withdrawals made before the end of the first week of classes will not appear on a student’s permanent internal record. After the first week of classes, withdrawals are automatically marked W until the university automatic W deadline. After the automatic W deadline, withdrawal is permitted only if the instructor and dean of the student’s school approve the request on the basis of urgent, documented reasons relating to the student’s health or equivalent distress. The desire to avoid a low grade is not an acceptable reason for withdrawal from a course. If a student withdraws with the consent of the instructor and the dean, the grade in the course shall be W if the work is passing and F if the work is not passing. The grade will be recorded on the date of withdrawal. Failure to complete a course without an authorized withdrawal will result in the grade of FNN or FN.

Incompletes and Deferred Grades
If a student is not in attendance during the last two or three weeks of a semester, the instructor may report a grade of I (indicating the work is satisfactory at the end of the semester but has not been completed) if the instructor has reason to believe the absence was beyond the student’s control; if not, the instructor shall record a grade of FN. In addition, a student may not enroll in a course in which the student has received a grade of Incomplete, except in performance, chamber music, and ensemble.
It is the responsibility of the student who has incurred the grade of Incomplete in any course to fulfill the requirements of that course within one calendar year from the date on which the Incomplete is recorded. The student is expected to complete all necessary work in time for the instructor to assign a regular grade before the expiration of this time period. If this is impossible because of circumstances clearly beyond the student’s control, it is the student’s responsibility to petition the instructor for an extension of time. Every Incomplete is changed to F at the end of one year unless a grade is assigned during that year.

The grade of R is used in courses such as research courses and recitals in which completion of the work of the course is not necessarily required at the end of the semester.

**FNN and FN Grades**

The grade of FNN is given to students who have never attended. The grade of FN is given to students who stopped attending, to distinguish the grade from the F awarded for poor performance. The instructor must provide on the electronic grade roster the last date of documented class attendance or participation when awarding the FN grade.

**Pass/Fail Option**

Under certain circumstances an undergraduate student in good standing (not on probation) may enroll in up to eight elective courses to be taken with a grade of P (Pass) or F (Fail) during the four years of the undergraduate program. A student may take two courses per academic year on the Pass/Fail option. An academic year begins with the first day of the fall semester and ends with the last day of the second summer session.

If a student elects the Pass/Fail option in a course, the Office of the Registrar will convert the final grade to either P (grade of A, B, C, or D) or F (grade of F). The grade of P indicates satisfactory work in fulfillment of degree requirements, but it is not computed in the grade point average. The grade of F is included in determining grade point averages.

No courses with a MUS or an EDUC prefix can be taken on a Pass/Fail basis by music majors. B.M.E. students may use Pass/Fail courses only for general education requirements except for ENG W131 Elementary Composition I and CMCL C121 Public Speaking or their approved substitutes. B.M. and B.S. students may use Pass/Fail courses only as free electives; they may not use Pass/Fail courses to meet stated degree requirements. Once the Pass/Fail option request has been processed, the decision cannot be reversed. The deadline for filing Pass/Fail option requests is the end of the fourth week of the semester or two weeks into a summer session. The Pass/Fail option is not available to graduate or diploma students.

**Extended-X Policy**

Undergraduate students may petition for a grade substitution under the amended FX (Extended-X) policy. Undergraduate students may retake a course for which they received a grade below an A during the first 45 hours of course work. A student may exercise this option for no more than three courses, totaling no more than 10 credits. A student may use this option only once for a given course. The student’s transcript shall record both grades. For the course retaken, only the second grade shall be counted in the determination of the student’s grade point average (GPA). Any GPA calculated in accord with this policy is marked with an asterisk denoting that a lower grade has been replaced by a second grade in the course. In the Jacobs School of Music, performance study at the 400 level, master class (1500), and ensemble (X0—) are ineligible for this type of grade petition.

**Change of Grade and Grade Appeal**

No grade may be changed after six calendar months from the date of the last day of final examinations. Grade appeals in the Jacobs School of Music are considered by the Academic Fairness Committee; there is no further appeal outside the School. A student must submit a grade appeal in writing to the Associate Dean for Instruction no later than four weeks after the grade is awarded.

**Absences**

Illness is usually the only acceptable excuse for absence from class and must be officially confirmed. A student’s excessive absence may be reported by the instructor to the director of undergraduate or graduate studies.

A student who misses a final examination and who has a passing grade up to that time may be given a grade of Incomplete if the instructor has reason to believe that the absence was beyond the student’s control.

Every effort is made to avoid time conflicts between Jacobs School of Music classes and performances. However, if a student is required to participate in performances or other activities officially sponsored by the Jacobs School of Music that coincide with classes or examinations within the school, the instructors involved will be informed in advance and asked to make some accommodation for the student. Consideration for professional opportunities not sponsored
by the Jacobs School of Music is at the sole discretion of the instructor.

**Minimum and Maximum Semester Load**

**Undergraduate Students** Undergraduates in the Jacobs School of Music are not permitted to enroll in fewer than 12 credit hours or more than 17 credit hours during the fall and spring semesters (more than 8 during the summer session) exclusive of major ensemble (2 credits), except with special permission from the director of undergraduate studies. A student in good standing may petition the director of undergraduate studies to enroll in more than 17 credit hours. Only in very exceptional cases shall the total carried exceed 20 credit hours.

**Graduate Students** In the fall or spring semester, graduate degree students must enroll in a minimum of 8 credit hours, and diploma students and visiting students must enroll in a minimum of 9 credit hours (including ensemble). In the summer session, the minimum number of credit hours is 4 for all master’s or diploma students and 3 for all doctoral students. Students petitioning for exceptions to these credit hour restrictions must present documentary evidence to the director of graduate studies.

**Correspondence Study**

A student may earn some credit toward an undergraduate degree by enrolling in correspondence or online courses. Students admitted to the Jacobs School of Music must have courses approved by the director of music undergraduate studies before enrolling in them.

Information about distance learning course offerings can be obtained from the School of Continuing Studies, Owen Hall, Indiana University, Bloomington, IN 47405.

**Audit Policy**

The Jacobs School of Music of Indiana University has a long tradition of openness in its performing and academic activities. Students and visitors to the campus may benefit from opportunities to attend lectures, rehearsals, lessons, or other activities. These activities may range from informal observation for a limited number of sessions to the following regulations:

Permission to observe classes informally is at the discretion of the supervising teacher. Limitations in seating capacity may make it impossible to include auditors or observers. Permission to audit formally (i.e., with registration and fees) is primarily the responsibility of the supervising teacher, but is subject to the following regulations:

1. Students may not register as auditors for any class that involves class participation. This includes classes in sight singing, ear training and keyboard, instrumental techniques, ballet, and others. To determine if a class falls under this provision, the student should consult the chair of the department in which the class is given.

2. Students may register as auditors for music performance classes (applied music), but they will not be counted as part of the faculty load, and they will not perform themselves.

To observe or audit a lesson, students must have permission not only from the supervising teacher, but also from the student whose lesson is being heard.

3. Formal auditing or informal observation of classes is not intended as preparation for exemption or proficiency tests. Permission to observe or audit a class may be denied by the supervising faculty member on this basis.

4. Music majors may not audit graduate review courses in music theory. They may audit graduate review courses in music history and literature only if they have no more opportunities remaining to take the graduate entering proficiency examinations.

5. Official audit status for a class requires the approval of the professor in charge. When approval is obtained, the student enrolls during the schedule adjustment period.

6. No class that has been officially audited may be used towards degree credit of any kind in the Jacobs School of Music unless (a) the student passes a validation examination and any other requirements of the course under the supervision of the professor teaching the course, (b) the student has met any prerequisites for the course (to be verified by the approving faculty member), and (c) the student pays full tuition for the course.

**Academic Standing—Undergraduate**

Students are in good standing in the Jacobs School of Music if they are admitted to a music degree or diploma program, if they are making satisfactory progress toward that degree, and if they are not on academic probation.
Academic Warning, Academic Probation, and Dismissal

An undergraduate student will receive an academic warning after any semester in which:

1. the student does not achieve a satisfactory grade in a music theory or music history course (D– or C, depending on the course); or
2. the student fails to achieve a passing grade in any required secondary piano course, either by not enrolling or by earning the grade of F; or
3. the student completes fewer than the required 14 credit hours (including ensemble) in the fall or spring semesters.

An undergraduate student will be placed on academic probation after any semester in which:

1. the student’s semester or cumulative GPA falls below 2.0; or
2. the student receives a grade of F or does not enroll in a major ensemble; or
3. the student receives a grade of F or does not enroll in the major area of study; or
4. the student receives a grade of F in a core course for the second time; or
5. the student receives grades of F in two or more music courses in one semester.

A student who has had two consecutive semesters of academic problems may also be placed on academic probation at the recommendation of the director of undergraduate studies. To be removed from academic probation, a student must meet the terms specified by the Jacobs School of Music. Students on academic probation are not eligible for financial aid from the Jacobs School of Music.

An undergraduate student will be subject to dismissal from the school when:

1. the student’s semester GPA falls below 1.0; or
2. the student does not fulfill the terms of academic probation; or
3. the student engages in an act of academic misconduct; or
4. the student fails, in the judgment of the director of undergraduate studies, to make satisfactory progress toward the degree.

The Jacobs School of Music considers petitions for readmission from students who have been dismissed.

Class Standing

Class standing is based on the number of credit hours successfully completed: freshman, fewer than 27 credit hours; sophomore, 27 to 55 credit hours; junior, 56 to 85 credit hours; and senior, 86 or more credit hours.

Academic Standing—Graduate

Students are in good standing in the Jacobs School of Music if they are admitted to a music degree or diploma program, if they are making satisfactory progress toward that degree, and if they are not on academic probation.

Academic Warning, Academic Probation, and Dismissal

A graduate or diploma student will receive an academic warning after any semester in which:

1. the student’s semester GPA falls below 3.00; or
2. the student receives a grade below B in major ensemble; or
3. the student receives a grade below B in a course required for the major field; or
4. the student completes fewer than the number of credits required for his or her academic program; or
5. the student receives an unsatisfactory grade in a review course taken to satisfy a proficiency requirement.

A graduate or diploma student will be placed on academic probation after any semester in which:

1. the student receives academic warning letters in consecutive semesters; or
2. the student’s cumulative GPA (representative of at least two semesters) falls below 3.00; or
3. the student receives a grade of F in a major ensemble; or
4. the student receives a grade of F in a course required for the major field; or
5. the student accumulates two or more unsatisfactory grades in review courses taken to satisfy a proficiency requirement.

To be removed from academic probation, a student must meet the terms specified by the Jacobs School of Music. Students on academic probation are not eligible for financial aid from the Jacobs School of Music.

A graduate or diploma student will be subject to dismissal from the school when:

1. the student receives an academic warning while on probation; or
2. the student is subject to probation a second time while already on probation; or
3. the student’s semester GPA falls below 2.00; or
4. the student fails for a second time to achieve a satisfactory grade in the same review course taken to satisfy a proficiency requirement; or
5. the student fails to complete all proficiency requirements and departmental prerequisites within five semesters’ enrollment as a doctoral student; or
6. the student does not fulfill the terms of academic probation; or
7. the student engages in an act of academic misconduct; or
8. the student fails, in the judgment of the director of graduate studies, to make satisfactory progress toward the degree.

Application for Degrees or Diplomas
All candidates for degrees or diplomas (except for the M.A. and Ph.D., which are applied for in the University Graduate School) must complete an application for graduation no later than the third week of the semester in which they expect to graduate. Forms are available in the music undergraduate and graduate offices.

Individual Studio Study and Performance-Related Policies

Assignments for Music Studio Study and Lessons
The dean of the Jacobs School of Music assigns students to teachers for the entire semester on the basis of student requests and teacher availability. While the Jacobs School of Music makes every effort to honor teacher preferences, it cannot guarantee specific studio assignments. The assignment takes place during the first week of classes of each semester for students who have not preregistered for a particular teacher. Such preregistration is accomplished only with the written authorization of the requested teacher.

Studio instruction (performance/composition) in individual lessons or a combination of individual and small group lessons is at the discretion of the teacher. Students ordinarily receive one lesson each week of classes during the semester. A student who cannot attend a scheduled lesson is required to notify the teacher at least 24 hours before the beginning of the lesson; otherwise, except for illness immediately prior to a lesson, the student forfeits the right to a make-up lesson. Students absent without excuse from more than three lessons in any one studio course during a semester fail in that course, but their lessons are not discontinued. Lessons missed by the teacher are made up at the mutual convenience of the student and teacher.

Practice time is assigned on a weekly basis. The student is expected to practice a minimum of three hours a week for each hour of credit and is assigned this amount of time in Jacobs School of Music practice rooms, as space allows. To secure an assigned practice time, a student should complete an application for practice room assignment; this application is available at the practice room supervisor’s desk. Application for practice time should be made each semester as soon as the student completes semester registration. All practice room applications are due Friday of the first week of classes. Assignments are available from the practice room supervisor during the second week of classes.

Any student taking a music performance course during a fall or spring semester must enroll for at least two hours of credit in that performance course. B.M.E. students in the semester of student teaching are exempt.

Examinations and Goals in Performance

Level of Achievement Each student taking performance courses must make satisfactory progress each semester as determined by the various examinations in performance.

Upper-Division Examination The purpose of the upper-division examination is to assess the undergraduate student’s general progress and to determine continuation in the chosen curriculum. The examination is administered, usually in the last week of classes, at the end of the fourth semester of study or, for transfer students, at the end of a semester to be determined by the instructor/department. Students who have a valid reason to postpone the examination may petition the director of undergraduate studies of the Jacobs School of Music. The exam should not be postponed past the time when an estimated four semesters of degree work remain to be completed.

A committee composed of the student’s major department faculty members (in some cases including a Jacobs School of Music administrator) administers the examination and makes recommendations for the student’s junior and senior years of study. A written report of the committee’s comments is compiled in the Office of Undergraduate Studies and furnished to the student after the upper-division examination.

Bachelor of Music Education and Composition majors have a departmental examination in addition to the performance portion of the exam. Ballet and Recording Arts majors have only a departmental examination. Jazz Studies majors have a departmental examination, with the student’s performance instructor included as part of the examining committee.

Each student who is studying performance is graded on the upper-division examination, and this grade is the final grade for the semester’s work in the principal performance field. The student’s teacher gives two grades, one for the semester’s work and one for the performance
at the examination; every other member of the committee gives one grade for the examination. The student’s final grade is the average of all these grades.

Other Examinations in Music Performance Courses  The student should check with the relevant performance faculty for specific information on the scheduling of exams, the constitution of the hearing committee, and grading procedures. Examinations by a committee composed of the student’s teacher and two other members usually are held as follows:

B.M. majors in performance: end of semester I for all performance areas except string and woodwind majors, who have examinations at the end of semester II. The upper-division examination and junior and senior recital hearings constitute examinations for second, third, and fourth years.

B.M.E. concentrations, B.S. concentrations, and B.M. composition and jazz studies majors: end of semester II. The upper-division examination and the senior recital constitute examinations for the second and fourth years.

Non-music majors in elective performance (undergraduates and graduates): each semester.

Music majors in secondary performance, master’s degree students with an outside area in performance, doctoral minors who have not completed qualifying examinations: semester II.

Master’s degree majors: no examinations (graduate recital only).

It is the prerogative of the teacher to ask for a committee examination of any student who is making doubtful progress in the curriculum.

Recitals

Location  Recitals must take place in public spaces in Bloomington, announced to and open to the public. Exceptionally, with the approval of a student’s doctoral advisory committee and the director of graduate studies, one doctoral recital may be performed out of town if attended in person, at the expense of the student, by the faculty member(s) who would ordinarily be present.

Date  Recitals ordinarily take place during the fall or spring semesters according to deadlines specified in the scheduling policies. Recitals may take place during the second summer session if a hearing can be arranged and if faculty members are available to attend the recital.

Hearing  A pre-recital hearing is required for all undergraduate, master’s and performer diploma recitals, except for composition recitals. At the discretion of the faculty, other recitals may also be given a hearing. A hearing must be scheduled so that it can be completed and the recital performed within the published deadlines; it is the student’s responsibility to arrange a hearing and to meet the deadlines. Students may perform a hearing in the summer with the approval of the department chair if faculty members are available. A hearing is valid for 60 days.

Repertory  Recital repertory is subject to approval by a student’s teacher or committee following any guidelines published by the department. Appropriate repertory for chamber music recitals is specified by departments. Recital repertory may not be repeated for degree or diploma credit.

Grading  The grade for an undergraduate, master’s, performer diploma, or doctoral minor recital is assigned by the teacher, who hears the recital in person. An organ recital grade is based on a recital hearing, and a composition recital grade is based on an average of the grades of the faculty members who attend the recital. A jazz recital grade is based on an average of the grades of Jazz Studies Department faculty members who attend the recital and the teacher with whom the student is enrolled in performance study.

Artist Diploma recitals are attended and graded in person by the three members of a student’s AD committee. If a committee member is unable to attend, he or she and the student must arrange for a substitute from inside or outside the major department, as appropriate.

Doctoral recitals are ordinarily attended and graded in person by the three members of a student’s doctoral advisory committee. The chair must hear the recital in person; exceptionally, in consultation beforehand with the committee chair and the student, a committee member may arrange for a departmental substitute, or to hear a recording of the recital. Recordings, when used, are available in the Music Library.

All recital grades are reported in writing to the director of undergraduate or graduate studies.

Recording  Doctoral and Artist Diploma recitals must be recorded by the Department of Recording Arts for the Music Library when they take place in a Jacobs School of Music venue. A recording of equivalent quality must be provided to the Music Library by the student when a Doctoral or Artist Diploma recital is performed in a non-Music School venue.

Assisting performers  Recitals may include the participation of no more than 13 assisting performers and a conductor. All must be
available for a hearing, if required. Participation by assisting performers must not interfere with their lessons, ensemble assignments or academic responsibilities. Chamber music credit is available to the assisting performers only if they have registered and arranged specifically for that credit. Special rules apply to conducting, composition, and jazz studies recitals that use Jacobs School of Music ensembles or specially-assembled groups; consult the appropriate department for information.

* For composition students: Student’s own compositions for various media written during residency, with the student participating as a performer or conductor in at least one work.

For students in computer music composition: Student’s own compositions for computer-generated audio playback alone, audio playback with instrument(s), interactive live electronics, or multimedia works with substantial computer music component.

**Performer’s Certificate**
Undergraduate students, master’s students, and Performer Diploma students are eligible for the Performer’s Certificate, which is awarded as a special recognition of musical understanding and technical proficiency demonstrated in recital. Award of the Performer’s Certificate is a three-step process involving the hearing, the recital, and a special hearing by the All-Faculty Performer’s Certificate Committee. Each of the three steps must take place during a fall or spring semester. Details are available in the undergraduate office. The following procedures are to be observed:

1. The student is initially nominated for the Performer’s Certificate at the recital hearing which must be attended by at least three faculty members. Based on the number present, the necessary number of positive votes to be nominated for a Performer’s Certificate is shown in parentheses: 3(2), 4(3), 5(4), 6(4), 7(5), 8(6), 9(6), 10(7), 11(8), 12(8), 13(9), 14(10), 15(10), 16(11), 17(12), 18(12), 19(13), 20(14), 21(14).

2. The required quorum for attendance at the recital is five faculty members or one-half of the faculty members of the particular performance study department, whichever is larger. The student, performance instructor, and department chair should consult to be sure that the recital is scheduled at a time when the required quorum can be met. The chair of the student’s department has the responsibility to assemble the faculty committee in consultation with the performance instructor. Based on the number present, the necessary number of positive votes to be nominated for a special hearing by the All-Faculty Performer’s Certificate Committee is shown in parentheses: 5(4), 6(4), 7(5), 8(6), 9(6), 10(7), 11(8), 12(8), 13(9), 14(10), 15(10), 16(11), 17(12), 18(12), 19(13), 20(14), 21(14).

3. If the recital quorum is met and the vote is positive, the student’s department chair should notify the undergraduate office as soon as possible of the number of faculty present and the results of their vote. The chair should also instruct the student to go to the undergraduate office immediately to schedule the special hearing.

4. The regular size of the All-Faculty Performer’s Certificate Committee is seven members; the required quorum at the special hearing is five members. Based on the number present, the number of positive votes required to award the Performer’s Certificate is shown in parentheses: 5(4), 6(4), 7(5). The special hearing is scheduled for half an hour. The student selects the
music for the first ten minutes, and the chairperson of the committee, in consultation with other committee members, chooses the repertoire for the remaining time.

5. At the special hearing, the student must be prepared to perform the entire recital program (the same program as the recital); if other performers were involved in the recital, the same performers must be present at the special hearing. The student is most strongly advised not to schedule the recital within the last two weeks of the semester. If the student is nominated at a recital taking place after the Sunday that precedes the second-to-last week of classes, the special hearing cannot take place during that semester. If the special hearing is thus delayed to the following (spring or fall) semester, the requirement that the student be prepared to perform the same recital with the same performers still stands.

**Outside Instruction and Performance**

Students are not permitted to use state property for private enterprises such as the teaching of lessons in university buildings.

Students are encouraged to consult with their faculty instructors before accepting an appearance as a soloist on public programs or before participating in music ensembles outside the Jacobs School of Music.

**Official Dress**

The official dress for public performances of Jacobs School of Music ensembles is as follows: black tuxedo, white shirt, black bow tie, black shoes, and black socks for men; solid long-sleeved black blouses, floor-length black skirts or black dress slacks, black shoes, and no jewelry for women. The Jacobs School of Music requires that students own concert attire by the beginning of the academic year. Certain ensembles specify other types of attire and make this known at the beginning of each semester.

**Use of Jacobs School of Music Instruments**

School instruments are available only to students enrolled in Jacobs School of Music courses, e.g., ensemble or performance lessons. Rental and deposit may be charged as approved by the Indiana University Board of Trustees. Non-music students must pay a rental fee.

The Jacobs School of Music cannot give exclusive use of an instrument to one individual. Thus instruments may be assigned for use by more than one person. For this reason, each instrument must be kept in the locker assigned to that instrument when not in use.

A prescribed method of sign-out and return of instruments is essential to their efficient use. Failure to follow sign-out or return procedures subject the student to a minimum fine of $30 plus $1 per day until the student is released of responsibility.

Instruments are assigned for a specific period of time, which is never to extend beyond the last day of classes each semester. Students needing an instrument after the last day of classes must obtain special permission from the Instrumental Rental Office or be subject to the fine policy.

A student using a school-owned instrument is responsible for the care of the instrument; any damage incurred, other than the usual wear, is the responsibility of the student. Repairs are made by the university and charged to the student.

**Check List**

Students who have not returned equipment, music, instruments, keys, locks, etc., to the Music Facilities Office or other appropriate area by the designated date are fined and placed on the check list. A student on the check list may not register in the following semester, receive honorable dismissal to enter another institution, or obtain a degree. If the item is not returned, the student is charged for its value plus necessary fines to cover administrative expenses. The cost of a complete lock change, made necessary by the loss of a key or failure to return a key, is charged to the student. A fine is charged for late return of keys. Locks are changed one week after the deadline for return of keys.

Students who are dismissed from the Jacobs School of Music will also be placed on the check list and not allowed to register for future semesters until admitted by another academic unit at Indiana University.

Indiana University

When you become a student at Indiana University, you join an academic community internationally known for the excellence and diversity of its programs. With 1,129 degree programs, the university attracts students from all 50 states and around the world. The full-time faculty numbers more than 5,000 and includes members of many academic societies such as the American Academy of Arts and Sciences, the American Philosophical Society, and the National Academy of Sciences.

Indiana University was founded at Bloomington in 1820 and is one of the oldest and largest institutions of higher education in the Midwest. It serves nearly 100,000 students on eight campuses. The residential campus at Bloomington and the urban center at Indianapolis form the core of the university. Campuses in Gary, Fort Wayne, Kokomo, New Albany, Richmond, and South Bend join Bloomington and Indianapolis in bringing an education of high quality within reach of all of Indiana's citizens.

General Policies

Equal Opportunity/Affirmative Action Policy of Indiana University

Indiana University pledges itself to continue its commitment to the achievement of equal opportunity within the university and throughout American society as a whole. In this regard, Indiana University will recruit, hire, promote, educate, and provide services to persons based upon their individual qualifications. Indiana University prohibits discrimination based on arbitrary consideration of such characteristics as age, color, disability, ethnicity, gender, marital status, national origin, race, religion, sexual orientation, or veteran status.

Indiana University shall take affirmative action, positive and extraordinary, to overcome the discriminatory effects of traditional policies and procedures with regard to the disabled, minorities, women, and Vietnam-era veterans.

An Affirmative Action office on each campus monitors the university's policies and assists individuals who have questions or problems related to discrimination.

Special Assistance

For people who have disabilities and need special assistance, special arrangements can be made to accommodate most needs. In Bloomington, contact Disability Services for Students at (812) 855-7578; at IUPUI, contact Adaptive Educational Services at (317) 274-3241.

Confidentiality of Student Records

In accordance with federal statutes and regulations, student records are confidential and available for disclosure to persons other than the student only under stated conditions.

Student Rights and Responsibilities

A statement of students’ rights and responsibilities is published in a handbook, Code of Student Rights, Responsibilities, and Conduct, which contains a description of due process hearings in the event of disciplinary action.

Degree Requirements

Students are responsible for understanding all requirements for graduation and for completing them by the time they expect to graduate. Information about a specific school or division can be found in the front section of the bulletin for that school.

Requests for deviation from department, program, or school requirements may be granted only by written approval from the respective chairperson, director, or dean (or a designated administrative representative). Disposition at each level is final.

Undergraduate Admissions Policy

Indiana University has adopted the following admissions policy to ensure that undergraduate students are properly prepared for college work. These standards seek to ensure either adequate academic preparation in high school or evidence of unusual motivation on the part of each student admitted to the university. Applicants for admission to Indiana University are expected to meet the following criteria.

Freshman Students¹

1. Graduation from an accredited Indiana high school or comparable out-of-state institution, successfully completing a minimum of 28 semesters of college-preparatory courses including the following:
   (a) Eight semesters of English. (One semester each of speech and journalism may be included.)
   (b) Four semesters of social science (economics, government, history, psychology, or sociology).
   (c) Four semesters of algebra (two semesters of which must be advanced algebra) and two semesters of geometry.

¹ Some academic programs require specific qualifications in addition to those enumerated in this policy.
(d) Two semesters of laboratory science (biology, chemistry, or physics).
(e) Eight semesters in some combination of foreign language; additional mathematics, laboratory science, or social science; computer science; and other courses of a college-preparatory nature.
(f) Four semesters of foreign language are strongly recommended.
(g) Courses to develop writing composition skills are strongly recommended.

2. A rank in the upper half of the high school graduating class for Indiana residents or a rank in the upper third of the high school graduating class for out-of-state residents.

3. A score above the median established by Indiana students on a nationally standardized admissions test. Students who have been out of high school for three or more years do not have to submit test scores unless required for admission to specific programs.

4. Each campus may accept students who are deficient in (1), (2), or (3) of the above requirements upon receipt of such evidence as the combination of strength of college-preparatory program, rank in class, grades and grade trends in college-preparatory courses, and standardized test scores. For persons who do not meet the above criteria and who have been out of high school three or more years, admission can be based on other factors such as a General Educational Development (GED) diploma, maturity, work experience, military service, and other factors as determined by the campus.

5. Each campus, at its discretion, may admit a student on a probationary basis and/or through faculty sponsorship.

6. Indiana residents are expected to complete Core 40, and the Academic Honors Diploma is encouraged.

Transfer Students1

1. Submission of official transcripts from all previous institutions attended.
2. The transcripts must reflect a cumulative grade point average of at least a 2.0 (on a 4.0 scale) for Indiana residents and at least a 2.5 (on a 4.0 scale) for out-of-state residents.
3. If the student has fewer than 26 transferable credit hours, the high school record should reflect compliance with freshman admission requirements as specified above.
4. The credentials of students seeking transfer to Indiana University will be evaluated on an individual basis.

When students do not qualify upon first application, they will be counseled about ways of removing deficiencies so that they may qualify for admission at a later date. If any provision of this policy is held invalid, the invalidity does not affect other provisions of this policy which can be given effect without the invalid provision, and to this end the provisions of this policy are severable.

Transfer to Other Indiana University Campuses

The policy stated below concerning transfer credit pertains to undergraduate students only.

Each campus has established one office to serve as the central information source for intercampus transfers. Some campuses have priority dates for students to declare an interest in making an intercampus transfer. Even if a campus has no priority date, it is important to start investigating the transfer requirements as early as possible to assure the best possibility of enrolling in your desired courses.

Consult the intercampus transfer Web site at www.iupui.edu/~moveiu for detailed information and a listing of campus contacts and intercampus transfer policies. You can also initiate an intercampus transfer by completing the form on the Web site.

Students who want to transfer from one Indiana University campus to another campus should follow these procedures:
1. Meet with your home campus advisor to discuss academic preparation, grades, and other eligibility issues. You can get a general idea of how your classes may apply to another degree by using the Degree Progress Report, a computerized degree-audit system available on the Web through the OneStart portal at onestart.iu.edu.
2. While the advising capacity of The Degree Progress Report is qualified by each individual’s circumstances, it can help you learn how courses will apply toward different degrees.
3. Consult the intercampus transfer office at the proposed new campus if academic and/or eligibility questions remain. Remember that application for intercampus transfer does not guarantee admission to the campus or a specific school on the campus. Campuses may provide additional information and contact points for questions.
4. If applicable, talk to the financial aid offices at the present and proposed campuses.

---

1 Some academic programs require specific qualifications in addition to those enumerated in this policy.
Your aid eligibility does not transfer automatically from one campus to another.

4. Visit the new campus to explore possible academic and social adjustment issues; some campuses may establish special open house events for those students who have expressed interest. Some campuses may also require that you attend a special orientation program or take placement examinations.

5. If you decide to proceed with the transfer, complete the intercampus transfer form. The receiving campus will respond to you and your home campus. If you decide later not to transfer, you should notify both campuses.

Rules Determining Resident and Nonresident Student Status for Indiana University Fee Purposes

These Rules establish the policy under which students shall be classified as residents or nonresidents upon all campuses of Indiana University for University fee purposes. Nonresident students shall pay a nonresident fee in addition to fees paid by a resident student.

These Rules shall take effect February 1, 1974; provided, that no person properly classified as a resident student before February 1, 1974, shall be adversely affected by this Rule, if he or she attended the university before that date and while he or she remains continuously enrolled in the university.

1. “Residence” as the term, or any of its variations (e.g., “resided”), as used in the context of these Rules, means the place where an individual has his or her permanent home, at which he or she remains when not called elsewhere for labor, studies, or other special or temporary purposes, and to which he or she returns in seasons of repose. It is the place a person has voluntarily fixed as a permanent habitation for himself or herself with an intent to remain in such place for an indefinite period. A person at any one time has but one residence, and a residence cannot be lost until another is gained.

(a) A person entering the state from another state or country does not at that time acquire residence for the purpose of these Rules, but except as provided in Rule 2(c), such person must be a resident for 12 months in order to qualify as a resident student for fee purposes.

(b) Physical presence in Indiana for the predominant purpose of attending a college, university, or other institution of higher education, shall not be counted in determining the 12-month period of residence; nor shall absence from Indiana for such purpose deprive a person of resident student status.

2. A person shall be classified as a “resident student” if he or she has continuously resided in Indiana for at least 12 consecutive months immediately preceding the first scheduled day of classes of the semester or other session in which the individual registers in the University, subject to the exception in (c) 1 below.

(a) The residence of an unemancipated person under 21 years of age follows that of the parents or of a legal guardian who has actual custody of such person or administers the property of such person. In the case of divorce or separation, if either parent meets the residence requirements, such person will be considered a resident.

(b) If such person comes from another state or country for the predominant purpose of attending the University, he or she shall not be admitted to resident student status upon the basis of the residence of a guardian in fact, except upon appeal to the Standing Committee on Residence in each case.

(c) Such person may be classified as a resident student without meeting the 12-month residence requirement within Indiana if his or her presence in Indiana results from the establishment by his or her parents of their residence within the state and if he or she proves that the move was predominantly for reasons other than to enable such person to become entitled to the status of “resident student.”

(d) When it shall appear that the parents of a person properly classified as a “resident student” under subparagraph (c) above have removed their residence from Indiana, such person shall then be reclassified to the status of nonresident; provided, that no such reclassification shall be effective until the beginning of a semester next following such removal.

1 Invocation of the provision in Rule 2(a) that applies to cases of divorce or separation requires appropriate legal documentation.

2 Rule 2(b) and 2(c) apply only to unemancipated persons under 21 years of age.
(e) A person once properly classified as a resident student shall be deemed to remain a resident student so long as remaining continuously enrolled in the university until such person’s degree shall have been earned, subject to the provisions of subparagraph (d) above. ¹

3. The foreign citizenship of a person shall not be a factor in determining resident student status if such person has legal capacity to remain permanently in the United States. ¹

4. A person classified as a nonresident student may show that he or she is exempt from paying the nonresident fee by clear and convincing evidence that he or she has been a resident (see Rule 1 above) of Indiana for the 12 months prior to the first scheduled day of classes of the semester in which his or her fee status is to be changed. Such a student will be allowed to present his or her evidence only after the expiration of 12 months from the residence qualifying date, i.e., the date upon which the student commenced the 12-month period for residence. The following factors will be considered relevant in evaluating a requested change in a student’s nonresident status and in evaluating whether his or her physical presence in Indiana is for the predominant purpose of attending a college, university, or other institution of higher education. The existence of one or more of these factors will not require a finding of resident student status, nor shall the non-existence of one or more require a finding of nonresident student status. All factors will be considered in combination, and ordinarily resident student status will not result from the doing of acts which are required or routinely done by sojourners in the state or which are merely auxiliary to the fulfillment of educational purposes.

(a) The residence of a student’s parents or guardians.

(b) The situs of the source of the student’s income.

(c) To whom a student pays his or her taxes, including property taxes.

(d) The state in which a student’s automobile is registered.

(e) The state issuing the student’s driver’s license.

(f) Where the student is registered to vote.

(g) The marriage of the student to a resident of Indiana.

(h) Ownership of property in Indiana and outside of Indiana.

(i) The residence claimed by the student on loan applications, federal income tax returns, and other documents.

(j) The place of the student’s summer employment, attendance at summer school, or vacation.

(k) The student’s future plans including committed place of future employment or future studies.

(l) Admission to a licensed profession in Indiana.

(m) Membership in civic, community, and other organizations in Indiana or elsewhere.

(n) All present and intended future connections or contacts outside of Indiana.

(o) The facts and documents pertaining to the person’s past and existing status as a student.

(p) Parents’ tax returns and other information, particularly when emancipation is claimed.

5. The fact that a person pays taxes and votes in the state does not in itself establish residence, but will be considered as hereinbefore set forth.

6. The registrar or the person fulfilling those duties on each campus shall classify each student as resident or nonresident and may require proof of all relevant facts. The burden of proof is upon the student making a claim to a resident student status.

7. A Standing Committee on Residence shall be appointed by the president of the university and shall include two students from among such as may be nominated by the student body presidents of one or more of the campuses of the university. If fewer than four are nominated, the president may appoint from among students not nominated.

8. A student who is not satisfied by the determination of the registrar has the right to lodge a written appeal with the Standing Committee on Residence within 30 days of receipt of written notice of the registrar’s determination, which committee shall review the appeal in a fair manner and shall afford to the student a personal hearing upon written request. A student may be represented by counsel at such hearing. The committee shall report its determination to the student in writing. If no appeal is taken within the time provided herein, the decision of the registrar shall be final and binding.

¹ NOTE: Effective Fall 2007, students with immigration statuses which permit the establishment of a domicile in the United States may be eligible to pay resident fees. Current eligible classifications are: A-1, A-2, A-3, E-1, E-2, E-3, G-1, G-2, G-3, G-4, H-1B, H-4, I, L-1, L-2, O-1, O-3, V-1, V-2, and V-3. Continuing eligibility to remain classified as a resident student for fee-paying purposes depends upon the continued maintenance of eligible immigration status. Contact the registrar’s office for more information.
9. The Standing Committee on Residence is authorized to classify a student as a resident student, though not meeting the specific requirements herein set forth, if such student’s situation presents unusual circumstances and the individual classification is within the general scope of these Rules. The decision of the committee shall be final and shall be deemed equivalent to a decision of the Trustees of Indiana University.

10. A student or prospective student who shall knowingly provide false information or shall refuse to provide or shall conceal information for the purpose of improperly achieving resident student status shall be subject to the full range of penalties, including expulsion, provided for by the university, as well as to such other punishment which may be provided for by law.

11. A student who does not pay additional monies which may be due because of his or her classification as a nonresident student within 30 days after demand, shall thereupon be indefinitely suspended.

12. A student or prospective student who fails to request resident student status within a particular semester or session and to pursue a timely appeal (see rule 8) to the Standing Committee on Residence shall be deemed to have waived any alleged overpayment of fees for that semester or session.

13. If any provision of these rules or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of these rules which can be given effect without the invalid provision or application, and to this end the provisions of these rules are severable.

Fees

The instructional fees listed here were approved at the May 2007 meeting of the Trustees of Indiana University. Fees are subject to change by action of the trustees. For up-to-date information about fees in effect at registration time, see the campus Enrollment and Student Academic Information Bulletin (Bloomington campus) or the Registration Guide and Academic Information (Indianapolis campus).

Certain courses and programs requiring studios, laboratories, microscopes, computers, or other special equipment may involve special fees in addition to the instructional fee. Applied music, distance education, student teaching, and some physical education courses also carry additional fees. See the campus Enrollment and Student Academic Information Bulletin or Registration Guide and Academic Information for a list of such courses and programs.

Fees for Indiana University campuses other than Bloomington and Indianapolis are published in the bulletin of the specific campus.

1. Includes credit courses in the School of Continuing Studies.
2. M.B.A., law, and optometry students: New M.B.A. students enrolled in 1 or more credit hours of business courses will be assessed this flat rate. Returning students will be assessed their entering rate. Enrollment in any courses other than business will be assessed on a per-credit-hour basis. Law students enrolled in or after 2001-02 with 9 or more credit hours of law courses will be assessed a flat rate, and enrollment in any courses other than law will be assessed on a per-credit-hour basis. Law students entering before 2001-02 will be assessed the credit hour rate. Optometry students enrolled in 8 or more credit hours of optometry courses will be assessed a flat rate, and enrollment in any courses other than optometry will be assessed on a per-credit-hour basis. Graduate business credit hour rates apply to students enrolled in a doctoral business program.
3. To keep their candidacies active, doctoral students with 90 credit hours or more and Master of Fine Arts students with 60 credit hours or more may enroll in G901 for a flat fee of $150.00 (Bloomington). Also, they must have completed all graduate degree requirements except for the dissertation or final project/performance. Enrollment in G901 is limited to six times. Students who do not meet these criteria pay the applicable credit hour rate for dissertation research.
4. In addition to instructional fee rates, course fees for education, library and information science, and HPER will be assessed. Check with the specific school for current information.
Assessed to all students based on the number of enrolled on-campus credit hours.

The health fee is assessed each semester/session on the bursar’s bill for all day and evening students enrolled in more than 6 credit hours. Eligible individuals not covered by the health fee will be seen on a fee-for-service basis.

Bloomington students enrolled in 3 or fewer credit hours during the fall and spring semesters pay a mandatory student activity fee of $74.91. Summer students pay according to the number of credit hours in which they are enrolled: 3 or fewer credit hours, $27.80; more than 3 credit hours, $55.61. At Indianapolis, students pay a fee according to the number of credit hours in which they are enrolled each semester: 0.5 to 5.5 credit hours, $48.37; 6 to 8.5 credit hours, $66.14; 9 to 11.5 credit hours, $83.35; and more than 11.5 credit hours, $90.97. Indianapolis summer students pay $9.28 for up to 2.5 credit hours, $18.72 from 3 through 5.5 credit hours, and $27.82 for above 5.5 credit hours. IUPU Columbus students pay $3.30 per credit hour up to a maximum of $39.60 per semester.

A technology fee will be assessed according to the number of enrolled credit hours as follows: 3 credit hours or fewer; greater than 3 through 6 credit hours; greater than 6 credit hours.

At Bloomington, summer-session students are assessed a technology fee based on the number of credit hours as follows: 3 credit hours or fewer; more than 3 credit hours. At Indianapolis, a technology fee is assessed for summer sessions according to the number of enrolled credit hours as follows: 3 or fewer credit hours and more than 3 credit hours for undergraduates, and 6 or fewer credit hours and more than 6 credit hours for graduate/professional students.

Applicable to both in-state and out-of-state students.

Fee is assessed if deferred billing option is elected.

After drop/add period (100 percent refund period), students will be assessed $23.00 in Bloomington and $22.00 in Indianapolis for each added course, section change, change of arranged hours, or credit/audit change. On the Bloomington campus, students will also be assessed for each dropped course.

A late registration fee will be assessed any student who does not register during the scheduled registration period. On the Bloomington campus, the fee is $60.00 for students who register by the last Friday before classes begin and increases on the Monday of each successive week to a maximum of $210.00. On the Indianapolis campus, a $45.00 late registration fee is in effect upon conclusion of registration through the end of the first week of classes, increasing by $23.00 the first week, $20.00 the second week, and $12.00 the third week to a maximum of $100.00. In Indianapolis summer sessions, a late registration fee of $45.00 is assessed the first week, and $68.00 the second week and thereafter.

At Bloomington, the ranges for the transportation fee during each semester are 3 or fewer credit hours; more than 3 through 6 credit hours; more than 6 credit hours. The ranges during each summer session are 3 or fewer credit hours; greater than 3 credit hours.

It is the responsibility of the veteran or veteran dependent to sign up for benefits each semester or summer session of enrollment. It is also the responsibility of the veteran or veteran dependent on the Bloomington campus to notify the Office of Veterans Affairs of any schedule change that may increase or decrease the amount of benefits allowed. Veterans and veteran dependents on the IUPUI campus should notify the Office of the Registrar.

Veterans with service-connected disabilities may qualify for the Department of Veterans Affairs Vocational Rehabilitation Program. They should contact their regional VA office for eligibility information.

At IUPUI, veterans and veteran dependents must notify their veteran benefit representative in the Office of the Registrar in person at the time of registration.

1 On the IUPUI campus, check with a VA representative in the Office of the Registrar for positive verification of your hourly status.
