## Overview

### History

Music instruction at Indiana University dates from 1893, but it was not until 1910 that a Department of Music offering music for credit was officially organized, with Charles D. Campbell as head. In 1919 Barzille Winfred Merrill was appointed head of the department and, in 1921, dean of the newly established School of Music. He was succeeded in 1938 by Dean Robert L. Sanders. In 1947 the appointment of Wilfred C. Bain as dean marked the beginning of a period of rapid growth and expansion. Under the 24-year leadership of Dean Charles H. Webb beginning in 1973, the School of Music continued its development and commitment to excellence. In 1997 David G. Woods succeeded Charles Webb as dean. Gwyn Richards was appointed dean in 2001 and began a lengthy tenure featuring expansion of facilities and strengthening of programs. In the fall of 2005, the School of Music was named the Indiana University Jacobs School of Music in recognition of a major gift received in honor of Barbara and David H. Jacobs of Cleveland, Ohio. Beginning in 2015, deans of the School of Music bear the title David Henry Jacobs Bicentennial Dean, following the endowment of this position as part of the Indiana University Bicentennial Campaign. Jeremy Allen served as interim dean between 2020 and 2022, shepherding the school through its centennial year, and through the crisis of the COVID-19 pandemic, until the appointment of Abra K. Bush as dean in 2022.

Today the Jacobs School of Music is one of the most comprehensive and acclaimed institutions for the study of music and dance. It has educated and shaped the careers of countless performers, scholars, and music educators, who are leaders around the globe. Jacobs students come from all 50 states and more than 50 countries. They benefit from the intensity and focus of a world-class conservatory combined with the broad academic offerings of a major university.

### Mission

The Indiana University Jacobs School of Music combines artistry, pedagogy, and research to prepare its students to fully realize the potential of the expressive arts to change lives and to enrich society. In the context of a rich interdisciplinary university environment, the Jacobs School:

- provides music majors and students from across the university with the opportunity to develop their knowledge, understanding, and ability in music at a level appropriate to their needs and interests;
- broadens and deepens the knowledge and understanding of music through research and publication;
- enriches the lives of its students and faculty, as well as its local and global community, with a wide variety of performances and productions;
- prepares future leaders to pursue increasingly diverse career paths, interdisciplinary collaborations, and innovative artistry and scholarship in a rapidly-evolving field; and

- engages an ever-increasing segment of society through in-person and technologically-mediated performances and instruction.

### Values

At the Jacobs School of Music, the needs of the student come first. Character, discipline, and collegiality are as valued as excellence in performance, pedagogy, and scholarship.

Creativity is fundamental to the human condition and central to societies. It is both personal and collaborative. In the ways our faculty and students interact in the studio, share ideas in the classroom, collaborate on stage, and engage with audiences, we strengthen the bonds of mutual respect and personal connection to all individuals. With a commitment to serving Jacobs students, the campus, our community, and the broader society we value

- a community and academic environment in which everyone has the support necessary to thrive personally, creatively, and intellectually;
- diversity within individual departments and across the school among the student body, faculty, and staff;
- inclusiveness within and across all fields of study within the school;
- the pursuit of scholarship, pedagogy, and performance at the highest levels; and
- engagement with established, new, and increasingly diverse audiences.

These values enrich our scholarship, our pedagogy, and our artistic activities and will shape our interactions with the community and the wider world.

### Centers and Institutes

The **Center for Electronic and Computer Music** was established in the 1980s for the purposes of theoretical training, electronic and multimedia composition, and the dissemination of works through public concerts. The CECM today houses two studios that employ the most current technologies in digital sound synthesis and sampling, interactive music programming and performance, video, and research-level computing. The curriculum provides an extensive technical training and historical background for composition students with little or no previous technical experience. More advanced students may enroll to use the studio facilities for the production of compositions and multimedia works, as well as for research. More information can be found at <https://cecm.indiana.edu>.

Established in 1998, the **Center for the History of Music Theory and Literature** provides a home for such international projects as the *Thesaurus musicarum latinarum* (TML; an eight-million-word searchable archive of Latin music theory ranging from the time of Augustine through the early seventeenth century); TML's three sister projects *Traité français sur la musique*, *Saggi musicali italiani*, and *Texts on Music in English from the Medieval and Early Modern Eras* (music treatises in French, Italian and English); and the annotated bibliography on *Musical Borrowing and Reworking*. Other projects are currently under development. More information can be found at <https://chmtl.indiana.edu>.

The **Historical Performance Institute** is the research arm of the Jacobs School of Music Historical Performance department. Its activities and contributions include an international conference in historical performance studies each spring, an annual peer-reviewed journal and a long-running book series published through the Indiana University Press, a series of colloquia for the historical performance department each semester, and special performance projects incorporating world-renown luminaries in the field. More information can be found at <https://music.indiana.edu/degrees-programs/areas-of-study/historical-performance.html>.

The **Latin American Music Center** fosters the research and performance of Latin American art music and promotes professional and academic exchange between scholars and musicians from the United States and Latin America. In partnership with the Cook Music Library, the LAMC helps manage one of the largest and most complete Latin American music collections in the world, which includes several special collections, rare recordings and scores, and unpublished manuscripts by a number of prominent 20th-century composers. The center's other activities include concerts, commissions, premiere performances and recordings, courses, visits by distinguished performing artists and lecturers, festivals, and conferences. More information can be found at <http://lamc.indiana.edu>.

## Organizations and Services

Student organizations play an important role in the life of the school and are often associated with professional national organizations that maintain chapters at Indiana University as they focus on performance, community engagement projects, research, music innovation, and professional development. A list of organizations associated with the Jacobs School of Music can be found at <https://blogs.iu.edu/jsomoecd/student-organizations/>.

The **Counselor-in-Residence** program, offered in partnership with the IU Health Center's Counseling and Psychological Services (CAPS), provides a part-time, on-site counselor at the Jacobs School of Music. Services include individual counseling by appointment for Jacobs students, same-day consultation for urgent situations for Jacobs students, and consultations and outreach/programming for Jacobs faculty and staff. More information can be found at <https://music.indiana.edu/about/health-wellness/index.html>.

The **IU Performing Arts Medicine Clinic** provides specialized care for injured students, faculty, and staff of the Jacobs School of Music free of charge. Services include injury evaluations, manual therapy, rehabilitation, wellness, injury prevention, and referrals to other healthcare providers as needed with a goal of helping student-artists spend less time in pain and more time on stage. To learn more please email [pamed@indiana.edu](mailto:pamed@indiana.edu). To schedule an appointment visit [bit.ly/IUPAMschedule](http://bit.ly/IUPAMschedule).

The **Music Alumni Association**, an affiliate of the Indiana University Alumni Association, supports the activities of the Jacobs School of Music and its graduates. More information can be found at <https://music.indiana.edu/alumni/>.

The **Office of Entrepreneurship and Career Development** (OECD) provides expert guidance and

resources and hosts a variety of events that are designed to empower Jacobs School of Music students as they prepare for a career in music and/or dance. The OECD offers one-on-one career advising, departmental career days, a variety of workshops, and mentorship to student organizations and projects. The OECD also offers undergraduate and graduate career development courses designed to help students expand their professional knowledge, develop self-awareness, communicate effectively, and prepare a competitive portfolio. An undergraduate Certificate in Music Entrepreneurship, which includes two Jacobs of School Music courses and three Kelley School of Business courses, is available for all undergraduates. The OECD is the home base for Project Jumpstart, a student led initiative that promotes entrepreneurial action by offering high-impact career development and entrepreneurship workshops, networking events, peer support for projects, mini-conferences, and coordination of the annual Innovation Competition. More information about the OECD can be found at <https://blogs.iu.edu/jsomoecd/>.

**Jacobs Academy** administers all aspects of workshops and special programs for the Jacobs School of Music. In addition, the office runs the ongoing pre-college programs and the summer residential pre-college academies. More information can be found at <https://jacobsacademy.indiana.edu/index.html>.

The mission of the **Society of the Friends of Music** is to create and sustain scholarships for promising and talented IU Jacobs School of Music students. Together, members of this vital annual giving society ensure that the rapidly evolving world students enter will continue to benefit from the unparalleled musical heritage of the Jacobs School. More information can be found at <https://music.indiana.edu/giving/ways-to-give/areas-to-support.html>.

The **William and Gayle Cook Music Library** spans four floors of the Beth Meshulam Simon Music Library and Recital Center. With close to 800,000 cataloged titles and well over 1,000,000 items, and a staff that includes nine librarians and professional staff, five support staff, and approximately forty-five student assistants, it is recognized as one of the largest music libraries in North America. The strengths of the collection include extensive holdings of printed music from all periods of music history, with a special emphasis on opera; theory treatises from the Renaissance to the late nineteenth century; Russian/Soviet music and music of Central and Eastern Europe during the Cold War; early keyboard and violin primary source materials; Black and Latin American music collections; and scholarly editions of historical monuments and composers' collected works. In addition, the performing ensembles collection contains scores and parts for large ensembles, including virtually all of the standard orchestral and choral repertoire in support of the Jacobs School of Music's choirs and orchestras. The Cook Music Library also provides access to hundreds of electronic resources as detailed on its website. Digital music library projects, including Media Collections Online and Pages Online, provide digital access to more than 85,000 sound recordings and scores. The University's Media Digitization and Preservation Initiative digitized nearly all of the unique and historic sound recordings in the Cook Library's collections. Of

the 120 public computers (Windows and Macintosh) in the library, more than half have MIDI keyboards, all with associated music software. Further information is available at <https://libraries.indiana.edu/music-library>.

## The Student's Responsibility

Specific and up-to-date information on Jacobs School of Music procedures is available from the music undergraduate and graduate offices or other appropriate offices of the school. Current regulations and procedures appear in the "Regulations and Procedures" section of this bulletin. See also <https://music.indiana.edu/>.

Students have a threefold responsibility:

1. to know and satisfy the graduation requirements stated in the Jacobs School of Music Bulletin;
2. to know their academic standing based on the academic standards stated in the Jacobs School of Music Bulletin; and
3. to know and observe all regulations and academic calendar deadlines as stated in the Enrollment and Student Academic Information Bulletin (<http://enrollmentbulletin.indiana.edu/pages/index.php>) and in the Jacobs School of Music Bulletin. Faculty and staff advisors assist students in planning a program of study to meet degree requirements, but students are responsible for meeting all requirements for their respective degrees and all announced deadlines.

## Undergraduate Division

### Admission Requirements

Students seeking admission to the Indiana University Jacobs School of Music must apply online and meet both general university requirements and specific Jacobs School of Music requirements as outlined below. For admission information and priority application dates see the following website: <https://music.indiana.edu/admissions/>.

### Indiana University Bloomington Requirements for Incoming Freshmen

The standards listed below represent the *minimum* levels of preparation and achievement necessary to be considered for admission. *Most admitted students exceed these minimum levels.* Each application is reviewed individually. When making admission decisions, the university is primarily concerned with the breadth and depth of the college-preparatory program including the student's cumulative grade point average, SAT/ACT scores, academic curriculum and the grades received in those academic courses, grade trends in college-preparatory subjects, class rank, and other additional factors.

#### High School Graduation

Applicants must earn a diploma from an accredited high school (or must have completed the Indiana High School Equivalency Diploma) to be eligible for admission consideration. Students who are homeschooled or attend an alternative school should submit credentials that demonstrate equivalent levels of achievement and ability.

### Academic Preparation

Applicants should complete at least 34 credits (or semesters) of college-preparatory courses, advanced placement courses, and/or college courses in high school, including:

- **8 credits (semesters) of English**, such as literature, grammar, composition, and journalism
- **7 credits (semesters) of mathematics**, including 4 credits of algebra and 2 credits of geometry (or an equivalent 6 credits of integrated algebra and geometry), and 1 credit of pre-calculus, trigonometry, or calculus
- **6 credits (semesters) of social sciences**, including 2 credits of U.S. history, 2 credits of world history/civilization/geography, and 2 additional credits in government, economics, sociology, history, or similar topics
- **6 credits (semesters) of sciences**, including at least 4 credits of laboratory sciences - biology, chemistry, or physics
- **4 credits (semesters) of world languages**
- **3 or more credits (semesters) of additional college-preparatory courses.** Additional mathematics credits are recommended for students intending to pursue a science degree and additional world language credits are recommended for all students.

Alternative college-preparatory courses may be substituted for courses that are not available in the applicant's high school.

#### Grades in Academic Classes

Cumulative GPA, as well as the grades earned in the 34 courses required for admission, is an important part of the application review process. Weighted GPA is also part of the review, if included on transcript.

#### Application Essay

An IU-specific essay of 200-400 words is required.

#### Standardized Test Scores

ACT or SAT scores are accepted as either official or self-reported scores. Self-reported scores can be entered in the Indiana University application. If offered admission, the offer will be contingent upon receipt of official test scores from testing agencies, which must match or be higher than those self-reported during the admissions process.

IU's test-optional admissions policy allows students (both domestic and international) to choose at the point of application whether to have an SAT or ACT test scores considered as part of the admissions review. For applicants who choose not to have test scores considered, a greater emphasis will be placed on grades in academic courses and grade trends in the admissions review. Applicants receive equal consideration for admission and scholarship to the Jacobs School of Music, regardless of whether or not they applied under the test-optional policy.

There are several groups of students who will be required to provide SAT or ACT scores. Homeschooled students, students who have attended a school with non-traditional evaluation methods where traditional alpha or numerical grades are not assigned, and student athletes subject to NCAA eligibility standards will be required to submit a standardized test score.

Applicants who are at least 21 years old or have been out of high school for three or more years may be considered for admission without standardized SAT and/or ACT test scores.

### Information

For additional information, contact the Office of Admissions, Indiana University, Bloomington, IN 47405; (812) 855-0661; [iuadmit@indiana.edu](mailto:iuadmit@indiana.edu).

### International Students

To be admitted, international students must complete above-average work in their supporting programs. International applicants whose native language is not English must meet the English Proficiency requirements of Indiana University for undergraduate degree-seeking students. A complete description of options to complete the English Proficiency requirement is available at the Office of International Services (OIS) website.

Admitted undergraduate international students are also required to take the Indiana Academic English Test (IAET) and must register for any supplemental English courses prescribed based on the results of this examination or, if necessary, enroll in the intensive English language program.

For additional information, contact the Office of International Services, Indiana University, Eigenmann Hall Room 525, 1900 E. Tenth Street, Bloomington, IN 47406; [newtoiu@indiana.edu](mailto:newtoiu@indiana.edu); (812) 855-9086; <http://ois.iu.edu/admissions/index.html>.

## Jacobs School of Music Requirements for Incoming Freshmen

For admissions consideration, students must complete the application for admission to Indiana University as well as the Jacobs School of Music Supplemental Application. For optimal consideration for admission and scholarship, students must complete the IU Application by November 1. The deadline for the JSoM Supplemental Application is December 1.

In addition to meeting the general requirements for admission to Indiana University, applicants must successfully complete an audition and/or interview in their major proposed area of study. Auditions and interviews are scheduled during designated weekends during the spring semester and are heard by a committee of department faculty members appointed by the chairperson of the department. This committee evaluates the student's performance level or other qualifications and makes a recommendation to the Jacobs School of Music Admissions and Recruitment Committee. The Admissions and Recruitment Committee determines whether the student can be admitted to a specific program by considering the student's past academic record, interviews (if applicable), letters of recommendation, and the audition/interview committee's recommendation.

An audition/interview appointment request is made through the Jacobs School of Music Supplemental Application and the audition/interview must have been completed within 9 months of the admissions decision by the Jacobs School of Music Admissions and Recruitment Committee. In those areas that require pre-screening,

applicants will be notified via email of whether or not they will be invited for an on-campus audition and/or interview.

While most Indiana University freshmen begin their studies in the University Division, students who qualify are admitted directly to the Jacobs School of Music.

## Indiana University Bloomington Requirements for Transfer Students

Indiana University welcomes students who wish to transfer from other colleges or universities.

University requirements for transfer admission include:

1. 12 completed college credit hours after high school graduation.
2. A minimum cumulative GPA of 2.3 on a 4.0 scale (2.5 required for nonresidents of Indiana);
3. Transcripts from all colleges or universities attended.

Applicants who have completed fewer than 12 credit hours of transferable college coursework must apply according freshman admission requirements.

## Jacobs School of Music Requirements for Transfer Students

In addition to the general requirements for transfer admission to the university, students must audition in their major performing area for admission to a particular program in the Jacobs School of Music. (See Jacobs School of Music Requirements for Incoming Freshmen.)

Transfer students, especially those transferring for their junior and senior years, must be aware of the possibility that not all music credits will be accepted or counted toward degree requirements in the Jacobs School of Music, and that they may have to spend longer than the normally allotted time to complete their bachelor's degrees at Indiana University.

## Start Semester and Deferral

A specific start semester is listed in an offer of admission. If unforeseen circumstances arise, a student may request deferral of the admission for up to one year past the original start semester. A written request for deferral must be made to the Office of Music Admissions and Financial Aid, and the request must be reviewed by the Jacobs School of Music Admissions and Recruitment Committee which may approve or reject the request. In addition, students must make a formal request for a deferral to the Indiana University Office of Admissions.

The deadline to request a deferral is two weeks prior to the semester start date. If the deferral is requested after class registration has taken place, the student must also drop all classes via the online student registration system.

Scholarships cannot be deferred, but a student deferring will automatically be reviewed for scholarship possibilities with the cohort of their new start semester.

Students who do not request a deferral and who do not matriculate in the original start semester must reapply and repeat entrance auditions and other requirements if wishing to enroll in a future semester. Students who are granted a deferral but who do not matriculate within one year of the original start semester must also reapply

(and repeat entrance auditions and other admission requirements) if they wish to enroll in a future semester.

## Returning Students

Undergraduate students who, after matriculation, do not register for classes for more than one academic year (or a consecutive spring and fall semester) must reapply and repeat an audition and/or interview for readmission to the Jacobs School of Music.

Beginning fall 2019, the faculty at Indiana University Bloomington have implemented a grades forgiveness policy, called Fresh Start, for undergraduate students returning to campus after at least three years away. More information can be found at <https://studentcentral.indiana.edu/grades/fresh-start.html>.

## Undergraduate Financial Aid and Merit Scholarships

Need-based aid is offered to eligible applicants and their families through the IU Student Central. Applicants are encouraged, but not required, to apply for need-based assistance. To do so, applicants must complete the Free Application for Federal Student Aid (FAFSA) available at <https://studentaid.gov>. Please note that international students are not eligible for need-based financial aid.

Merit-based aid is offered to qualified applicants through the Office of Music Admissions and Financial Aid. Applicants are automatically considered for Jacobs School of Music financial aid at the time of admission. The director of admissions and financial aid, in consultation with individual departments, determines merit awards based on the overall strength of the application, recommendations from faculty, and available Jacobs School of Music funding. Jacobs School of Music financial aid policies can be found at <https://music.indiana.edu/admissions/financial-aid-costs/policies.html>.

Jacobs School of Music undergraduate applicants are not eligible for the IU Academic Scholarships awarded by the IU Office of Scholarships during the early application season. However, Jacobs School of Music applicants are considered for similar academic scholarship opportunities after gaining admission to the Jacobs School of Music. This award process is administered by the Office of Music Admissions and Financial Aid, and applicants who receive academic scholarships are notified by April 1.

Jacobs School of Music students are eligible for IU Selective Scholarships (including the Hutton Honors College and the Hudson Holland Scholars Program). In order to be considered, applicants must have filed a complete application to Indiana University by November 1. Students who meet eligibility criteria will be invited and notified via email.

Merit-based assistance is made possible at the Jacobs School of Music by generous donors. The Jacobs School of Music gratefully acknowledges all persons and institutions who support our students and faculty by providing endowed funds and annual gifts. For more information about endowed funds at the Jacobs School of Music, visit <https://music.indiana.edu/giving/index.html>

## Undergraduate Visiting Students

A limited number of undergraduate-level students with interest in the study of music may be admitted as visiting students, subject to the following:

1. Visiting students at the undergraduate level must audition for a faculty committee, be accepted by a particular faculty member for instruction, and be approved by the Admissions and Recruitment Committee of the Jacobs School of Music. Visiting students may be admitted for the summer term only if they have been accepted by an individual faculty member. Undergraduate visiting students accepted during the summer term who wish to continue study during the regular academic year must file a new application both via the IU Office of Admissions and via the Jacobs School of Music Office of Admissions. An audition and/or interview is required.
2. In the fall or spring semester, undergraduate visiting students must enroll in a minimum of 12 credit hours (including major ensemble). All courses other than performance study, ensembles, and chamber music require approval of the director of undergraduate studies.
3. Undergraduate visiting students may attend a maximum of two semesters during the academic year and four summer terms.
4. Undergraduate visiting students are not eligible for financial aid from the Jacobs School of Music during the fall and spring semesters.
5. Credit hours earned as an undergraduate visiting student may be applied toward a Jacobs School of Music degree or diploma only with the permission of the director of undergraduate studies. Undergraduate visiting students wishing to change to degree or diploma status must complete the application process of the Jacobs School of Music and Indiana University.

## Orientation

Upon admission to Indiana University Bloomington, students begin their orientation to this campus. The Office of First Year Experience Programs will contact admitted students and provide orientation information.

Students admitted to the Jacobs School of Music will receive information about placement testing and required remedial training in music theory during the summer before their first enrollment. Successful completion of this training is deemed equivalent to completion of T109 Rudiments of Music I for purposes of degree requirements and prerequisites to other courses.

Students entering Indiana University in the fall semester will attend a two-day orientation and registration program during the summer. Students who are unable to attend the summer orientation program may participate in orientation and registration in August before the beginning of classes. During these orientation sessions, special attention is given to placement testing and group and individual advising. Welcome Week in August includes the Freshman Family Picnic; Freshman Induction Ceremony; the president's and vice president's receptions; and numerous academic activities, including sessions on learning in a large lecture, studying a foreign language, and learning study techniques. Opportunities to learn about getting involved in activities on campus, taking

advantage of cultural events, and finding the locations of offices and classrooms also are a part of orientation. Additional opportunities to interact with faculty and to participate in special workshops and skill-building sessions are scheduled throughout the year. Students living in residence centers may participate in a variety of activities planned especially for the centers.

## Advising

The Jacobs School of Music provides an academic advisor for all undergraduate students. Preregistration conferences are held in the middle of each semester for the following semester. Students currently enrolled should have programs planned at that time to speed the registration process. Students should also consult the undergraduate advisor at other times of the year for answers to specific questions or help with individual problems. Indiana University provides a computer-based curriculum map, planner, and degree audit system that outlines degree requirements and indicates courses taken by the student that meet those requirements. This system is available online at all times to students via <https://one.iu.edu/> (search for "Student Center" for degree audits and "Degree Map Search" for curriculum maps).

Although the Jacobs School of Music provides advising services, it is the student's responsibility to be acquainted with school rules and regulations and to meet the requirements for the degree as outlined in this bulletin. Any exceptions to the requirements stated in this bulletin must be approved *in writing* by the director of undergraduate studies, with one copy for the student and one copy for the student's file.

## Transfer Credit

Specific distribution of credit for non-music courses taken at other institutions is determined by the Indiana University Office of Admissions. For more information and IUB credit transfer policies see <http://cts.admissions.indiana.edu/index.cfm>. All credits in music from an institution other than Indiana University are subject to placement and evaluation in the Jacobs School of Music and must be validated upon entrance by examination or audition. Examinations in music theory are given each fall and spring semester before classes begin. For the examination schedule, see <https://blogs.iu.edu/jsommusictheory/about/vee/>.

## General Requirements for Bachelor's Degrees

1. The candidate must complete all courses and all proficiency examinations specified in the candidate's curriculum.
2. The candidate must earn at least 120 credit hours, not including 1400 or major ensemble (see Major Ensembles under "Courses" in this bulletin).
3. The candidate (except BME candidates) must achieve a minimum cumulative grade point average of 2.0 in all courses, music and non-music. BME candidates must achieve a minimum cumulative GPA of 2.5 in all courses.

## Residence

No candidate will be recommended for the bachelor's degree who has been in residence less than 36 weeks

and who has earned fewer than 30 hours of credit in residence. Students carrying less than a normal load receive residence in proportion to the number of credit hours carried, at the rate of six weeks of residence for each 5 credit hours completed. At least 26 credit hours of the work as a senior must be completed in residence on the Bloomington campus of Indiana University.

## Time Limit

Work for a bachelor's degree must be completed within seven years from the time the student first registers in the Jacobs School of Music. A student who fails to comply with this requirement must pass comprehensive examinations in all music subjects and meet current requirements for the degree. This time limit will be suspended for the duration of any officially recognized military leave. See Military Leaves in the "Regulations and Procedures" section of this bulletin.

Work for the Bachelor of Music degree and the Bachelor of Science in Music degree can be completed in eight semesters if the student takes an average of 16 to 18 credit hours per semester. Work for the Bachelor of Music Education degree can be completed in eight semesters if the student takes an average of 19 credit hours per semester. Students entering with deficiencies in music theory or performance or on academic probation should not expect to complete their degrees in eight semesters.

## Keyboard Proficiency

All music bachelor's students (except audio engineering and sound production and ballet) must demonstrate keyboard proficiency. Keyboard proficiency is defined as the ability to use the keyboard or equivalent instrument as a tool within the framework of individual professional activities; thus, the requirements vary in emphasis according to the area of major study. Students must follow the keyboard requirements described under each bachelor's degree. Information regarding specific keyboard proficiency requirements for each major is available in the Music Undergraduate Office and at <https://intranet.music.indiana.edu/departments/academic/piano/secondary-piano/>.

## Requirements for a Second Bachelor's Degree

The holder of a bachelor's degree who wishes to pursue a further educational goal is usually encouraged to become qualified for admission to a graduate degree program. In certain cases, however, the Jacobs School of Music may admit a bachelor's degree holder to candidacy for a second bachelor's degree. When such admission is granted, the candidate must earn at least 26 additional credit hours in residence and meet all requirements for the second degree.

## Honors Program

The Jacobs School of Music makes an effort to offer outstanding students opportunities appropriate to their abilities and interests. In addition to special courses, seminars, ensembles, and honors discussion sections, the Jacobs School of Music offers a formal program leading to the BM, BME, or BS degree with honors. Students who have completed 86 credit hours, including at least 30 from Indiana University Bloomington, with a grade point average of 3.5; who have completed or are currently

enrolled in T232 Musical Skills III, T252 or T262 Music Theory and Literature IV, and M401 History and Literature of Music I or M402 History and Literature of Music II; and who have successfully completed their upper-division examination, should apply for admission to the program the following year.

To graduate with honors, students must:

1. complete all degree requirements with a minimum grade point average of 3.5; and
2. complete N399 Honors Seminar in Music and N499 Honors Project in Music with a grade of B or higher.

## Graduation with Distinction

The Jacobs School of Music recognizes outstanding academic achievement by awarding bachelor's degrees with three levels of distinction: distinction, high distinction, and highest distinction. At each graduation, graduating seniors in each of the three bachelor's degrees are identified for distinction, based on their cumulative grade point averages:

- In each of the three separate degrees, highest distinction for averages of 4.00
- In the BM degree, high distinction for averages between 3.95-3.99 and distinction for averages between 3.90-3.94
- In the BME degree, high distinction for averages between 3.85-3.99 and distinction for averages between 3.75-3.84
- In the BS degree, high distinction for averages between 3.90-3.99 and distinction for averages between 3.85-3.89

## Application for Degree

Candidates must file an Application for Degree (<https://intranet.music.indiana.edu/degrees/undergraduate/graduation/application.shtml>) no later than the third week of the semester in which they expect to graduate. A student who does not complete degree requirements for the graduation date for which application was made must file another Application for Degree for a later date.

## Curricula for Bachelor's Degrees in Music

The Jacobs School of Music offers three undergraduate bachelor's degree programs: the Bachelor of Music degrees in performance, composition, historical performance, and jazz studies; the Bachelor of Science degrees in audio engineering and sound production, ballet, and music and an outside field; and the Bachelor of Music Education degrees in choral teaching, general music teaching, instrumental teaching—band, and instrumental teaching—strings. Detailed definitions for these music education tracks appear under listings for the individual curricula.

A minimum of 120 credit hours, excluding I400 and major ensemble, is required for all music undergraduate degrees. Total credit hours for some degrees may be higher because of specific requirements.

Individual degree maps can be found at <https://one.iu.edu/> (search for "Degree Maps").

## General Education Requirements

All undergraduate students at IU Bloomington must complete the IU Bloomington campus-wide general education common ground requirements. To view these requirements visit IU Bloomington General Education Requirements (<https://bulletins.iu.edu/iub/general-education/2022-2023/index.shtml>).

Degree exceptions are noted in the listings for the individual curricula.

Students who plan to transfer from Indiana University Bloomington to another IU campus or Indiana state institution of higher education may find it advantageous to complete the Indiana College Core (ICC) prior to transferring. For details about the ICC, see the IU Bloomington General Education website (<https://gened.indiana.edu/transfer-students/indiana-college-core.html>). Students should consult their academic advisor for more information.

## Teaching Certification

Application for admission to the Teacher Education Program (TEP) of the School of Education should be made in the sophomore year. For more information about admission to the Teacher Education Program please contact the Music Education Department. To apply to TEP, please visit <https://education.indiana.edu/admissions/apply/undergraduate/>.

In addition to the successful completion of the BME degree, teaching certification for the State of Indiana requires the recommendation of Indiana University and completion of appropriate testing and certifications as required by the State of Indiana (see <https://education.indiana.edu/students/licensing/>). Certification requirements for other states are summarized here: <https://education.indiana.edu/students/licensing/licensing-outside-indiana.html>.

Students in music bachelor's degree programs other than the BME who wish to obtain information on music teaching certification should contact the undergraduate coordinator in the music education department.

## Bachelor of Science Degrees

## Bachelor of Science in Audio Engineering and Sound Production

### Admission Requirements

A background in music is recommended for admission to the degree program. See "Admission Requirements" in the Undergraduate Division section of this bulletin.

### Major Ensemble

X90 Audio Technical Crew (2 cr.) each fall and spring semester.

### Audio Engineering and Sound Production Courses

55 credit hours

- A101 Introduction to Audio Technology (3 cr.)
- A102 Audio Techniques I (3 cr.)
- A111 Electronics I (3 cr.)
- A112 Electronics II (3 cr.)
- A150 Introductory Seminar in Audio Engineering and Sound Production (1 cr.)
- A201 Audio Techniques II (3 cr.)
- A202 Audio Techniques III (3 cr.)
- A211 Electronics III (3 cr.)
- A212 Electronics IV (3 cr.)
- A270 Multitrack Studio Techniques I (3 cr.)
- A321 Sound for Picture Production (3 cr.)
- A350 Seminar in Audio Engineering and Sound Production (1-1 cr.)
- A370 Multitrack Studio Techniques II (3 cr.)
- A461 Final Project in Audio Engineering and Sound Production (1 cr.)
- A470 Individual Multitrack Studio Projects I (3 cr.)
- A480 Internship in Audio (3 cr.)
- K361 Introduction to MIDI and Computer Music (3 cr.)

### Audio Electives

9 credit hours chosen from the following:

- A320 Sound Reinforcement Techniques (3 cr.)
- A325 Digital Audio Workstation Seminar (3 cr.)
- A340 Topics in Audio Engineering and Sound Production (3 cr.) (May be repeated for different topics.)
- A360 Classical Music Recording and Production (3 cr.)
- A440 Individual Project in Audio Engineering and Sound Production (1-3 cr.) (May be repeated.)

- A460 Surround Sound and Immersive Audio (3 cr.)
- A471 Individual Multitrack Studio Projects II (3 cr.) (May be repeated; only one instance may be used as an audio elective.)
- THTR T347 Introduction to Sound Design for the Theater (3 cr.)
- THTR T447 Sound Design I (3 cr.)

15 credit hours in one area. Choose from arts administration, business, cinema and media production, game design, informatics and computing, or music (performance study, composition, scoring for visual media, or electronic music). Another area may be substituted if approved by the chair of the Audio Engineering and Sound Production Department and the director of undergraduate studies.

### General Education

See "General Education Requirements" under Curricula for Bachelor's Degrees in Music in this bulletin.

### Natural and Mathematical Sciences

Required physics course: PHYS P105 Basic Physics of Sound (3 cr.)

### To Complete Degree

Music or non-music electives as needed to bring the total credit hours to 120, excluding I400 and major ensemble.

## Associate of Science in Audio Engineering and Sound Production

### Admission Requirements

A background in music is recommended for admission to the degree program. See "Admission Requirements" in the Undergraduate Division section of this bulletin.

### Major Ensemble

X90 Audio Technical Crew (2 cr.) 2 credit hours each semester until four fall-spring enrollments are reached.

### Audio Engineering and Sound Production Courses

33 credit hours

Required:

- A101 Introduction to Audio Technology (3 cr.)
- A102 Audio Techniques I (3 cr.)
- A111 Electronics I (3 cr.)
- A112 Electronics II (3 cr.)
- A150 Introductory Seminar in Audio Engineering and Sound Production (1 cr.)
- A201 Audio Techniques II (3 cr.)
- A202 Audio Techniques III (3 cr.)
- A270 Multitrack Studio Techniques I (3 cr.)
- A350 Seminar in Audio Engineering and Sound Production (1 cr.)

- A370 Multitrack Studio Techniques II (3 cr.)
- A461 Final Project in Audio Engineering and Sound Production (1 cr.)
- A470 Individual Multitrack Studio Projects (3 cr.) (One semester of A360 Classical Music Recording and Production may be substituted for A470.)
- A480 Internship in Audio (3 cr.)

### Core Music Courses

## Undergraduate Certificate Programs

Credit certificate programs are offered in specialized areas in the Jacobs School of Music. They include 12-29 credit hours of coursework. The targeted audience may be undergraduate music majors or non-majors at Indiana University, undergraduate students at other institutions, or other interested individuals who meet stated admissions requirements.

Certificate courses will ordinarily be offered following the regular academic calendar. Check the Schedule of Classes for availability. IU Bloomington students may use individual certificate courses in any appropriate way towards both degree requirements and a certificate unless otherwise specified.

#### Admission Requirements

See the Certificate Programs page of the Jacobs School of Music website (<https://music.indiana.edu/admissions/how-to-apply/certificates.html>) for detailed application information.

#### Grade Requirements

Successful completion of a certificate program for undergraduates requires a grade of C or higher in each course and an overall GPA of 2.5 or higher in certificate courses. Individual certificate programs may have stricter grade requirements. No transfer credit will be accepted for a certificate program unless otherwise specified.

#### Tuition and Fees

Students pay tuition for certificate courses depending on their residency status (resident or nonresident) at IU Bloomington. Non-music students enrolled only in certificate programs will not be charged the music program fee and will not be eligible for financial aid from the Jacobs School of Music. Additional fees may be charged for specific courses.

### Application for Completion

Students who wish to be awarded a certificate must submit an Application for Certificate Completion. For IU Bloomington students, certificate courses must be completed within the time limit for their degrees. All other students must complete the certificate courses within four calendar years. There is no residence requirement for certificate completion.

## Undergraduate Certificate in Music Scoring for Visual Media

This certificate is offered for people who do not hold an undergraduate degree but want to learn how to compose and score music for film, video games, and/or other visual media.

12 credit hours

- K455 Topics in Music Scoring for Visual Media (6 cr.) (May be repeated for different topics.)
- 3 credit hours selected from:
  - K455 Topics in Music Scoring for Visual Media. (1-3 cr.) (May be repeated for different topics.)
  - K302 Projects in Music Scoring for Visual Media. (1-3 cr.) (May be repeated for different topics.)
- K411 Capstone Project in Music Scoring for Visual Media (3 cr.)

## Undergraduate Certificate in Rock History

This certificate is designed for any undergraduate student at Indiana University Bloomington. While the target audience is undergraduate students in majors other than music, music students are eligible to complete the certificate.

18 credit hours

- Z200 History of the Blues (3 cr.)
- Z201 History of Rock 'n' Roll Music I (3 cr.)
- Z202 History of Rock 'n' Roll Music II (3 cr.)
- Z203 History of Rock 'n' Roll Music III (3 cr.)
- 6 credit hours chosen from:
  - Z401 The Music of the Beatles (3 cr.)
  - Z402 Music of Frank Zappa (3 cr.)
  - Z403 Music of Jimi Hendrix (3 cr.)
  - Z404 The Music of Bob Dylan (3 cr.)
  - Z405 The Music of the Beach Boys (3 cr.)

## Non-Majors

The Jacobs School of Music offers a number of music courses, performance study options, and ensembles especially designed for students majoring in fields other than music. In addition, qualified non-majors are welcome to participate in music major academic courses, performance courses, or ensembles on a space-available basis.

Under certain conditions, credit for these courses is accepted toward degree requirements in other schools and departments. At the time of registration, proper approval must be secured from the chairperson of the student's major department or the dean of the school, as

well as from the director of undergraduate studies in the Jacobs School of Music.

## Minor in Music for Students Whose Majors Are Outside the Jacobs School of Music

Applications for minors may be submitted online at <https://music.indiana.edu/degrees-programs/non-majors/minor-music-app.html> once the student's records have moved from University Division to a declared major in a school.

Information about the minor can be found at <https://music.indiana.edu/degrees-programs/non-majors/index.html>.

The minor must include at least 20 credit hours, of which at least 15, including a minimum of one core course, must be taken at the Jacobs School of Music. A minimum grade of C- is required in each course to be counted toward this minor.

### Core

6 credit hours

- Z101 Music for the Listener (3 cr.)
- Z111 Introduction to Music Theory (3 cr.)

T109 Rudiments of Music (3 cr.), T151 Music Theory and Literature (3 cr.), Z211 Music Theory II (3 cr.), or more advanced music theory courses may be substituted for students who qualify.

### Ensemble/Live Performance

2-3 credit hours

- Ensemble (1-2 cr.): X1 All-Campus Ensemble (1 cr.) or AAAD-A110 African American Choral Ensemble (2 cr.); or by audition, X30 Ballet Ensemble (2 cr.), X40 University Instrumental Ensembles (2 cr.), X50 Marching Hundred for Non-Music Majors (2 cr.), X60 Historical Performance Ensembles (2 cr.), X70 University Choral Ensembles (2 cr.), X80 Singing Hoosiers for Non-Majors (2 cr.), or AAAD-A120 Soul Revue (2 cr.)
- Z100 The Live Musical Performance (2 cr.)
- Z130 Musical Performance Contexts (3 cr.)
- Z161 Steel Drumming (2 cr.)
- Z162 Hand Drumming (2 cr.)

### Music Electives

12 credit hours

- 9-12 credit hours selected from varied academic MUS-Z courses (does not include MUS-Z 110). For a list of MUS-Z courses offered in a given semester, see <https://blogs.iu.edu/jsommgs>. For a complete list of MUS-Z courses, see "Non-Major Academic and Performance Courses" in this Bulletin.
- 0-3 credit hours selected from the following:
  - L101 Beginning Guitar Class (2 cr.)
  - L102 Intermediate Guitar Class (2 cr.)
  - L121 Beginning Guitar Class and Styles (3 cr.)
  - L122 Intermediate Guitar Class and Styles (3 cr.)
  - P110 Beginning Piano Class 1, Non-Music Majors (3 cr.)
  - P120 Beginning Piano Class 2, Non-Music Majors (3 cr.)

- Z110 Non-Music Major Performance Elective (2 cr.)

Substitutions for courses with a Z prefix must be approved by both the director of music undergraduate studies and their counterpart in the student's home school. Music ensemble credit hours will not count toward the 12 credit hours of music electives. At least 9 of the 12 music elective credit hours must be at the 300 level or higher.

## Minor in Music Scoring for Visual Media for Media School Students

15 credit hours

This minor is open to students pursuing the Bachelor of Arts in Media, the Bachelor of Arts in Journalism, and the Bachelor of Science in Game Design.

Prerequisites (6 cr.)

- Z361 Introduction to MIDI and Computer Music (3 cr.) (if not taken above)
- MSCH P455 Topics in Music Scoring for Visual Media (1-3 cr.) (May be repeated.)

## Graduate Division

### Admission Requirements

All persons with a bachelor's degree in music from an accredited college, university, conservatory, or its demonstrated equivalent, are eligible to apply for admission to the Graduate Division of the Jacobs School of Music, which administers master's degrees, doctoral degrees, diploma programs, and graduate certificates. Bachelor's degree equivalency is determined by the Indiana University Office of International Services for applicants who have completed their undergraduate studies abroad.

Students with a non-degree based conservatory education (resulting in advanced diplomas in performance, music history, and music theory) who can satisfy an undergraduate equivalent in music can be considered for entrance into the diploma programs of the Graduate Division, while bachelor equivalency is required for entrance to the master's program.

Students with undergraduate degrees in areas other than music may be admitted to the Graduate Division of the Jacobs School of Music as visiting students or as diploma students until an undergraduate equivalency in music is satisfied. Consult the Music Graduate Office for the details of equivalency requirements.

## Application

All new applicants to a graduate program (including current undergraduate students at Indiana University Jacobs School of Music) must apply online both to the Indiana University Graduate School and to the Jacobs School of Music by the deadlines indicated on the Jacobs School of Music Admissions and Financial Aid website (<https://music.indiana.edu/admissions/index.html>).

Applicants to all graduate degree and diploma programs are evaluated based on an audition and/or interview. Auditions and interviews are scheduled during designated weekends during the spring semester and are heard by a committee of department faculty members appointed by the chairperson of the department. This committee evaluates the student's performance level or other qualifications and makes a recommendation to the Jacobs School of Music Admissions and Recruitment Committee. The Admissions and Recruitment Committee determines whether the student can be admitted to a specific program by considering the student's past academic record, letters of recommendation, and the audition/interview committee's recommendation. An audition/interview appointment request is made through the Jacobs School of Music Supplemental Application and the audition/interview must have been completed within 9 months of the admissions decision by the Jacobs School of Music Admissions and Recruitment Committee. In those areas that require pre-screening, applicants will be notified by email of whether or not they will be invited for an on-campus audition and/or interview.

Applicants whose native language is not English must submit the results of the Test of English as a Foreign Language (TOEFL) or The International English Language Testing System (IELTS). For admission to a master's degree program, a minimum TOEFL score of 84 (Internet-based) or an IELTS score of 6.5 is required. For admission to a doctoral degree program, a minimum TOEFL score of 100 (Internet-based) or an IELTS score of 7.5 is required. For those applying to the diploma programs, a minimum TOEFL score of 65 (Internet-based) or an IELTS score of 5 is required. Applicants who submit score reports from several TOEFL tests within the last two years may satisfy the minimum score by adding their best result from each of the sections of the test (Reading, Listening, Speaking, and Writing) to reach a new total (a.k.a. "Superscore" or "My Best Score"). Scores from different parts of the IELTS cannot be combined to reach the required minimum.

In rare cases—if extenuating circumstances exist—the Jacobs School of Music Admissions and Recruitment Committee may issue an exception to the English

Proficiency requirement. The deadline to submit a written request for an exception is December 1.

Indiana University Jacobs School of Music students who are currently enrolled in a diploma or master's program and are applying for admission to a different diploma or graduate degree program must apply according to the procedures for internal applicants, as specified on the Jacobs School of Music Admissions and Financial Aid website (<https://music.indiana.edu/admissions/how-to-apply/jacobs-students.html>).

## Transcript, GRE

A transcript of all previous college and university work must accompany the application. Transcripts from outside the United States are evaluated by the Office of International Services and must be accompanied by a certified English translation if originally issued in a different language.

The Graduate Record Examination (GRE) is not required for admission to the Jacobs School of Music. Students who have taken the test, however, are welcome to submit the score and it will be reviewed—on an optional basis—in conjunction with application to the graduate programs in Music Theory, Musicology, and Music Education.

## Audition

All students applying for graduate degrees or diplomas with a major in music performance or for visiting student status must audition for admission. Information on audition dates and procedures is available from the Jacobs School of Music Office of Admissions and Financial Aid (<https://music.indiana.edu/admissions/index.html>). A high-quality video recording may be submitted when a personal, on-campus audition is not possible. Consult the Music Admissions website for specific departmental audition requirements.

## Admission Decisions

Upon receipt of the completed application, transcripts, and results of an audition or interview completed within the past 9 months (along with any specific department specific review), the Jacobs School of Music Admissions and Recruitment Committee may grant regular admission, grant admission on probation, or deny the application.

In exceptional cases, a student who does not have an undergraduate and graduate grade point average of 3.0 or better may be admitted on probation. Probationary students must be enrolled full time during their first semester and must achieve a minimum grade point average of 3.0 for that semester. Students who are admitted on probation and who incur an academic warning or academic probation during their first semester of study are subject to dismissal. See "Academic Standing - Graduate and Diploma" under Regulations and Procedures in this bulletin.

Applicants admitted to a master's or doctoral degree who are currently enrolled in another IU music program may be eligible to use courses taken during the final semester of their current program toward their new program if pre-approved. Restrictions are listed on the Music Graduate Office website: <https://music.indiana.edu/degrees-programs/advising/grad-policies.html>.

## Start Semester and Deferral

A specific start semester is listed in an offer of admission. If unforeseen circumstances arise, a student may request deferral of the admission for up to one year past the original start semester. A written request for deferral must be made to the Office of Music Admissions and Financial Aid and the request must be reviewed by the Jacobs School of Music Admissions and Recruitment Committee, which may approve or reject the request.

The deadline to a request deferral is two weeks prior to the semester start date. If the deferral is requested after class registration has taken place, the student must also drop all classes via the online student registration system.

Financial aid offers, including Associate Instructor or Graduate Assistant positions, are not deferrable. Instead, the student will be reviewed for merit-based financial aid opportunities with the cohort for the new start semester.

Students who do not request a deferral and who do not matriculate in the original start semester must reapply and repeat entrance auditions and other requirements if wishing to enroll in a future semester. Students who are granted an approved deferral but who do not matriculate within one year of the original start semester must reapply (and repeat entrance auditions and other admission requirements) if they wish to enroll in a future semester.

## Graduate Financial Aid and Merit Scholarships

Need-based aid is offered to eligible applicants through the IU Student Central. Applicants are encouraged, but not required, to apply for need-based assistance. To do so, applicants must complete the Free Application for Federal Student Aid (FAFSA) available at <https://studentaid.gov>. Please note that international students and many certificate students are not eligible for need-based financial aid.

Merit-based aid is offered to qualified students in degree, diploma, and some certificate programs through the Office of Music Admissions and Financial Aid. Applicants are automatically considered for Jacobs School of Music financial aid at the time of admission. The director of admissions and financial aid, in consultation with individual departments, determines merit awards based on the overall strength of the application, recommendations from faculty, and available Jacobs School of Music funding.

Merit-based associate instructor (AI) and graduate assistant (GA) positions are offered to students by the Office of Music Admissions and Financial Aid based on the recommendation of individual department chairs. Appointments are normally made for one year. The selection process for AIs/GAs varies by department, and some departments may require a separate application and/or interview process. Consult the departmental website or contact the department chair with questions pertaining to specific AI/GA positions. Renewals are considered annually up to the financial aid time limit associated with individual degree or diploma programs. See the Graduate Financial Aid Policies (<https://music.indiana.edu/admissions/financial-aid-costs/policies.html>) for further information.

Merit-based assistance is made possible at the Jacobs School of Music by generous donors. The Jacobs

School of Music gratefully acknowledges all persons and institutions who support students and faculty by providing endowed funds and annual gifts. For more information about endowed funds at the Jacobs School of Music, visit <https://music.indiana.edu/giving/index.html>.

## Graduate Visiting Students

A limited number of graduate-level students with interest in advanced work in music performance or academic study may be admitted as visiting (non-degree) students, subject to the following:

1. Graduate visiting students in performance areas must audition for a faculty committee and be accepted by a particular faculty member for instruction. Graduate visiting students in non-performance areas must be accepted by that department. All applicants must be approved by the Admissions and Recruitment Committee of the Jacobs School of Music. Visiting students are not required to take proficiency examinations in music theory, music history and literature, keyboard, music performance, or English.
2. In the fall or spring semester, graduate visiting students must enroll in a minimum of 10 credit hours (including major ensemble).
3. Graduate visiting students may attend a maximum of two semesters during the academic year and four summer terms.
4. Graduate visiting students are not eligible for financial aid from the Jacobs School of Music during the fall and spring semesters.
5. Credit hours earned as a graduate visiting student may be applied toward a degree or diploma only with the permission of the director of graduate studies. Graduate visiting students wishing to change to degree or diploma status must complete the application process of the Jacobs School of Music and Indiana University.

## Proficiency Requirements

All new graduate degree students are required to take a number of examinations that serve as proficiency tests or prerequisites for entrance to certain graduate courses. These examinations include music theory, music history and literature, and keyboard proficiencies. Students whose major field is not music performance must also satisfy a music performance proficiency requirement. Courses taken to satisfy a proficiency requirement may not be used to meet other degree requirements, including Other Required Credits, unless specifically permitted.

In general, proficiency in each area is valid for seven years (for master's students) or ten years (for doctoral students) from the date it is demonstrated. See individual requirements below for additional information.

Visiting students and students in diploma and certificate programs are not subject to these proficiency requirements.

Note: Requirements for DM Jazz Studies majors differ where indicated.

## Music Theory Entrance Proficiency and Music History and Literature Entrance Proficiency

The music theory and music history and literature proficiencies may be satisfied in the following ways:

1. Students may take and pass the graduate entrance examinations. Students must take the examinations at the beginning of their first semester of enrollment; they may take them for a second time in their second semester. They may not take them again, nor may they take them after their second semester of enrollment. (Note that this includes summer terms in which students are enrolled.) Examinations are ordinarily given in the week before classes begin each semester.
2. Students may enroll in and pass the graduate proficiency courses as listed in the following sections.
3. For all students except DM Jazz Studies majors: students who completed an undergraduate degree at the Jacobs School of Music during the current calendar year or during the three preceding calendar years are exempt from the Graduate Entrance Examinations in music theory and music history and literature if they have received grades in corresponding courses as listed below:
  - T508 Written Music Theory Review for Graduate Students: B+ or higher in both T251 Music Theory and Literature III (or T261 Music Theory and Literature III) and T252 Music Theory and Literature IV (or T262 Music Theory and Literature IV). A grade of A or higher in both classes meets the "high pass" requirement.
  - T509 Sight-Singing Review for Graduate Students: A or higher in both T231 Musical Skills II and T232 Musical Skills III.
  - T511 Aural Music Theory Review for Graduate Students: B+ or higher in both T231 Musical Skills II and T232 Musical Skills III. A grade of A or higher in both classes meets the "high pass" requirement.
  - M501 Proseminar in Music History and Literature: B+ or higher in both M401 History and Literature of Music I and M402 History and Literature of Music II

A grade of A on Validation/Exemption examinations for any undergraduate music theory course listed above will be considered equivalent to an A in the course for the purposes of exemption from the Graduate Entrance Examinations.

### Music Theory

Proficiency in music theory is valid for seven years (for master's students) or ten years (for doctoral students) after the date the graduate entrance examination is passed or the end of the semester in which the corresponding graduate review course is passed, whichever is later. See "Graduate Revalidation Procedures" in this bulletin for revalidation methods.

### All majors except DM Jazz Studies

These examinations assume that each candidate has had at least two years of training in music theory at the undergraduate level. There are three examinations.

The first examination covers written work and analysis, the second covers dictation and aural analysis, and the third covers sight singing. Details are available at <https://blogs.iu.edu/jsomusictheory/about/admissions/gee/>.

The following degrees require a High Pass in Written Music Theory and Aural Music Theory: MM in composition, computer music composition, music scoring for visual media, and music theory; DM in composition; and PhD in music theory.

The following degrees require a High Pass in Written Music Theory: MM and DM in choral conducting and orchestral conducting.

The sight-singing examination is graded on a 5-point scale; a score of 4 or higher is required to pass. The written and aural theory examinations are graded on a 100-point scale. A grade of 70 or higher (83 or higher for High Pass degrees) is required to pass the written theory and aural theory examinations.

Students who do not achieve a passing grade (or High Pass, where required) in their two permitted attempts, or who do not take the examinations, must complete the appropriate proficiency course(s): T508 Written Music Theory Review for Graduate Students (minimum grade C, or B for High Pass degrees), T509 Sight-Singing Review for Graduate Students (minimum grade C), and T511 Aural Music Theory Review for Graduate Students (minimum grade C, or B for High Pass degrees).

### DM Jazz Studies majors

The examination in jazz theory is in two parts: written theory and aural skills. The written theory portion of the exam covers nomenclature, chord/scale theory, voice leading, and melodic, harmonic, and form analysis. The aural skills portion of the exam covers chord recognition, melodic and harmonic dictation, and recognition of common chord progressions and forms.

A grade of 70% or higher is required to pass each portion of the exam (written theory, aural skills). Students who do not achieve a passing score in their two permitted attempts, or who do not take the examinations, will be assigned to complete the appropriate proficiency course(s): O501 Fundamentals of Jazz Theory (with a grade of B or higher), O514 Jazz Harmony (with a grade of B or higher).

### Music History and Literature

Proficiency in music history and literature is valid for seven years (for master's students) or ten years (for doctoral students) after the date the graduate entrance examination is passed or the end of the semester in which the designated review course is passed, whichever is later. See "Graduate Revalidation Procedures" in this bulletin for revalidation methods.

### All majors except DM Jazz Studies

This examination covers music history and literature from antiquity to the present (particularly the understanding of musical style) and skills in critical reading and musical research. Details are available at <https://intranet.music.indiana.edu/departments/academic/musicology/gee.shtml>. The examination is graded on a 5-point scale; a score of 4 or higher is required to pass. Students who do not pass the examination must enroll in

MUS-M 501 Proseminar in Music History and Literature and earn a grade of C or higher in the course.

### DM Jazz Studies majors

This examination covers jazz history from the Reconstruction period in American History to the present. The exam is divided into three sections: early, middle, and late jazz history. It focuses on significant cultural events, major figures, and elements of style, and includes listening recognition.

A grade of 70% or higher is required to pass each section of the examination. Students who do not pass the examination will be assigned one course to take from M591 Jazz History 1, M592 Jazz History 2, or M593 Jazz History 3 and must earn a grade of B or higher in the course.

### Keyboard Proficiency Examination

Keyboard proficiency is valid for seven years (for master's students) or ten years (for doctoral students) after the date on which keyboard proficiency is demonstrated. See "Graduate Revalidation Procedures" in this bulletin for revalidation methods.

All music graduate students, including those whose principal or proficiency instrument is piano, must pass a keyboard proficiency examination or its equivalent. Most students will take the examination on piano, coordinated by the secondary piano program. The collaborative piano, guitar, harp, historical performance, jazz, music theory, and organ departments administer their own examinations on appropriate instruments.

The keyboard proficiency requirement is designed to ensure the student's ability to use the keyboard as a tool within the framework of professional activities, and the requirements vary according to level and area of music study. Entering students whose proficiency examination is heard through the secondary piano program must play a keyboard placement hearing during the orientation period. Students who demonstrate a superior level of playing at this hearing will satisfy the proficiency requirement.

The keyboard proficiency requirement may also be satisfied by passing the examination at any of the times it is offered or by receiving a grade of B or higher in P715 Keyboard Review for Graduate Students. To avoid a delay in degree completion, students who are beginning their last semester of coursework and have not yet satisfied the keyboard proficiency requirement are strongly advised to enroll in P715. The option of P715 is not available to majors in collaborative piano, guitar, harp, historical performance, jazz, music theory, organ, or piano, or to MS Music Education students. Organ majors may fulfill the keyboard proficiency by receiving a grade of C or higher in C504 Keyboard Skills Review and/or C510 Service Playing Review, if necessary. Jazz studies majors fulfill the keyboard proficiency by receiving a grade of B or higher in P720 Jazz Keyboard Review for Graduate Students, if necessary.

Keyboard proficiency examinations are normally offered in the latter part of each semester and in the summer term. For details, see the secondary piano coordinator or the appropriate departmental chairperson (for collaborative piano, guitar, harp, historical performance, jazz, music theory, and organ). Information is also available at <https://>

[intranet.music.indiana.edu/departments/academic/piano/secondary-piano/](https://intranet.music.indiana.edu/departments/academic/piano/secondary-piano/).

When keyboard proficiency requirements are identical for two degrees, a student seeking both degrees need not repeat the keyboard proficiency examination if it has been passed for one of the degrees within the time limits for each degree.

Students who are candidates for music graduate degrees for areas other than performance and whose performance proficiency instrument (see "Music Performance Proficiency" below) is piano must also complete the keyboard proficiency requirement.

### Music Performance Proficiency

All candidates for music graduate degrees in areas other than music performance (composition, conducting, music education, music theory, and musicology) are required to demonstrate a minimum level of music performance ability equivalent to the end of the second year for elective undergraduate students in that area.

Students who have completed a minimum of four semesters of private lessons at the college level will be considered to have met this requirement.

For other students, proficiency may be demonstrated in any of three ways:

1. in person before a faculty auditioning committee, one voting member of which shall, at the student's request, be a faculty member in the student's major area;
2. by completion of performance study as a graduate outside area or minor; or
3. by two semesters of performance study as a graduate elective. The grade in each semester of performance study must be B or higher.

Option 1 (auditioning before a faculty committee) may be used only during the first two semesters of enrollment. Students should consult the appropriate performance department chair for detailed information on the required level.

The performance area must ordinarily be one in which instruction is offered at the 700 (elective) level in the Jacobs School of Music. With the support of the department chair of their major area, students may petition the director of graduate studies to be allowed to demonstrate this proficiency in another performance area. If the petition is approved, the director of graduate studies will appoint an examination committee of three members of the Jacobs School of Music faculty qualified to judge the student's performance, including at least one member of a performance department and one member of the student's major area.

## General Requirements for Master's Degrees

### Degrees Offered

The Jacobs School of Music offers the Master of Music degree, the Master of Music Education degree, and the Master of Science in Music Education degree. Available major fields within the Master of Music degree are listed under departmental headings in the Curricula for Graduate

Degrees in Music section. Through the University Graduate School, students may seek the Master of Arts degree with a major in musicology. Master of Music students may elect a second major from those available in the Master of Music degree. Double majors at the master's level may be considered if all requirements within each major field are met. Students may also complete two master's degrees simultaneously. Combined degrees are available in the Master of Library Science with the Master of Arts in Musicology or the Master of Music in Music Theory.

## Structure of Master's Curricula

### A. Major Field (18-31 credit hours)

### B. Music History and Literature Requirement

6 credit hours selected from:

- M502 Composers: Variable Topics (3 cr.). May be repeated for different topics.
- M510 Topics in Music Literature (3 cr.). May be repeated for different topics.
- M525 Survey of Operatic Literature (3 cr.)
- M527 Symphonic Literature (3 cr.)
- M528 Chamber Music Literature (3 cr.)
- M650 Music in the United States (3 cr.)
- M651 Medieval Music (3 cr.)
- M652 Renaissance Music (3 cr.)
- M653 Baroque Music (3 cr.)
- M654 Classic Music (3 cr.)
- M655 Romantic Music (3 cr.)
- M656 Modern Music (3 cr.)
- M657 Music Since 1960 (3 cr.)

### C. Other Required Credits

6 credit hours, inside or outside the Jacobs School of Music.

- Courses must be at the 500 level or higher, except that courses outside the Jacobs School of Music may be at the 300 or 400 levels with the approval of the director of graduate studies. For students whose degree requires a language as a tool subject, 200-level courses in that language may be used with the approval of the student's degree department and the director of graduate studies. V580 Practicum in German for Musicians and its co-requisite GER-V 605 German Grammar and Structure for Musicians may be used toward Other Required Credits only if this course is not being used to fulfill a language proficiency.
- Performance and composition lessons must be at the 800 level and may not include lessons in the student's major area (or on any instrument in the case of degrees in multiple woodwinds).
- Credit hours may not be used for major ensemble, capstone courses (e.g., thesis, document), recitals, proficiency courses, or tool subjects.

Some majors may restrict how some or all of these credit hours are allocated. See individual degree listings.

6 credit hours taken within a single department outside the student's major department may become an outside area. An outside area may become a minor if 12 credit hours are taken in that field.

### D. Major Ensemble

As specified for each major in the Curricula for Graduate Degrees in Music section. See list of Major Ensembles under "Courses" in this bulletin.

### E. Language Proficiencies and Tool Subjects (if required)

### F. Comprehensive Review

Before graduation, all master's degree students must pass an oral or written examination. It is the responsibility of the student to consult with the major department to ascertain the procedures established within that department. This consultation should occur within the first year of residency.

## Credit Hour Requirements

The minimum requirement for a master's degree is 30 credit hours, excluding required credit hours in prerequisite or review courses, tool subjects, and major ensemble. Individual degrees may require more credit hours. Courses counted for credit toward the master's degree are ordinarily numbered 500 or above. Upon approval of the director of graduate studies and the department that offers equivalent courses in the Jacobs School of Music, master's students may transfer coursework taken for graduate credit at other institutions. MM, MME, and MS students may transfer up to 6 credit hours; MA students may transfer up to 8 credit hours. No course may be transferred unless the grade is B or higher. Applied lessons, chamber music, ensemble, and similar courses may not be transferred for degree credit, nor may transfer courses satisfy entrance proficiencies in music history and literature and music theory. Each course to be transferred must be equivalent to a course offered at Indiana University and must have been completed no more than ten years prior to matriculation for doctoral students and no more than seven years prior to matriculation for master's students.

## Residence Requirement

The minimum residence requirement for a master's degree is two semesters (fall, spring, or summer). Because of course availability, it may not be possible to earn a degree only in the summer.

## Required Grades

Students in a master's degree program must have a cumulative GPA of 3.0 or higher to graduate.

### Major

Each course in the major field must have a grade of B or higher to fulfill degree requirements.

### Music History and Literature Requirement

Each course in this requirement must have a grade of C or higher to fulfill degree requirements.

### Other Required Credits

Each course counting toward other required credits, including toward an outside area or minor field, must have a grade of C or higher to fulfill degree requirements. In addition, all courses in this category must have an average of B or higher. For purposes of computing the required B average, only those courses accepted in fulfillment of the degree will be counted. Departments offering an outside area or minor may require a higher

grade. Courses graded on an S/F basis may not be used to fulfill degree requirements.

### **Tool Subjects**

Students must earn a grade of C or higher in each course to fulfill degree requirements. Some departments may require a higher grade. Tool Subject requirements may be met by coursework taken no more than ten years prior to matriculation.

### **Language Proficiencies**

Each grammar, diction, or reading course must have a grade of C or higher to fulfill degree requirements. Language Proficiency requirements may be met by coursework taken no more than ten years prior to matriculation.

### **Time Limit for Degree Completion**

MM, MS, and MME students must complete all degree requirements within seven calendar years from the date of matriculation in the master's program. MA students have five calendar years.

Students who do not complete their coursework within the prescribed time limit must be readmitted to the major field (through interview, submission of documents, or audition, as appropriate to the major), meet current requirements, and make any other curricular changes required by the major field department and the director of graduate studies. If a student is readmitted to the major, the term of readmission is two years.

In addition, any master's course taken more than seven calendar years prior to the date of readmission must be revalidated. Proficiencies (music history, music theory, keyboard, performance, language reading, language grammar, language diction) more than seven years old must also be revalidated. See "Graduate Revalidation Procedures" in this bulletin for information on how coursework and proficiencies may be revalidated.

Time limits will be suspended for the duration of any officially recognized military leave. See Military Leaves in the "Regulations and Procedures" section of this bulletin.

## **General Requirements for Doctoral Degrees**

The Jacobs School of Music offers coursework leading to the degree of Doctor of Music in the areas of music literature and performance, composition, and conducting. Available major fields within these areas are listed under departmental headings in the Curricula for Graduate Degrees in Music section. Double majors at the doctoral level may be considered if all requirements within each major field are met. The Jacobs School of Music also offers the Doctor of Music Education degree and, through the University Graduate School, the Doctor of Philosophy degree in the areas of music education, music theory, and musicology.

The Doctor of Music degree represents outstanding accomplishment in music performance and academic studies. The holder of this degree should demonstrate a high level of performance competency in their instrumental area or in voice, a broad knowledge of the pertinent instrumental or vocal repertoire, the ability to undertake

independent research, and the ability to communicate their understanding effectively in written and oral forms.

The Doctor of Music Education degree calls for a scholarly study of music teaching. It provides for an understanding of the principles underlying successful teaching and the techniques necessary for systematic inquiry into those processes.

A Doctor of Philosophy degree represents breadth of experience and training in the arts and sciences and is recommended for those planning to enter a field involving research or scholarly writing as well as college teaching in musicology, music theory, or music education. The dissertation required for the PhD degree must be original research of a quality and a significance warranting publication.

## **Admission to Curriculum**

### **Prerequisites**

A master's degree with the same major or its demonstrated equivalent is a prerequisite for the doctoral degree. Students electing a change of major at the doctoral level may demonstrate the equivalent of the prerequisite for the new major by special examinations or by passing prerequisite courses. In the event that a student wishes to bypass the master's degree, the first 30 credit hours of graduate work will be considered the equivalent of the master's degree and will be subject to the requirements and regulations that apply to the master's degree. Permission from the department and the director of graduate studies is required. Students directly admitted to a PhD program who wish to obtain a master's degree must complete all requirements that apply to the master's degree.

## **Structure of Doctoral Curricula**

Information regarding the structure of the Doctor of Philosophy and Doctor of Music Education degrees is available under the relevant departmental sections of this bulletin. All Doctor of Music degrees, however, have a common structure, as discussed in this section. Specific requirements relating to each category may be found under departmental listings. Further details of general requirements for the degree may be found in the "Regulations and Procedures" section of this bulletin.

### **A. Major Field**

36-38 credit hours.

### **B. Minor Field**

12 credit hours. The Doctor of Music degree requires a minor in music history and literature, music theory, or music education. Certain departments may further restrict the choice of options for the minor field for their majors. For DM students who have completed master's degrees in one of these three fields, the appropriate department may, with the approval of the director of graduate studies, waive part or all of the doctoral minor coursework and determine an appropriate department involvement in the written and oral qualifying examinations. Students will take additional courses in the major field or in other areas to make up the required 12 credit hours of the first minor.

### **C. Other Required Credits**

12 credit hours. Credit hours may be used toward a second formal minor inside or outside the Jacobs School of Music; toward an individualized minor; or toward

general electives taken inside or outside the Jacobs School of Music, including within the major field. The following conditions apply:

- Courses must be at the 500 level or higher, except that up to 6 credit hours outside the Jacobs School of Music may be at the 300 or 400 levels, with the approval of the director of graduate studies.
- Performance and composition lessons must be at the 800 (minor) or 900 (major) level.
- Credit hours may not be used for MUS-X courses, recitals, or proficiency courses.
- Credit hours may be used for courses meeting Tool Subject requirements if the courses are at the 500 level or higher. V580 Practicum in German for Musicians and its co-requisite GER-V 605 German Grammar and Structure for Musicians may be used toward Other Required Credits only if this course is not being used to fulfill a language proficiency.
- Credit hours may be used for capstone courses (e.g., dissertation, document) for all majors except composition.

If all credit hours are taken in a single field outside the student's department or on an instrument other than the student's major instrument, a formal minor must be declared. A maximum of 9 credit hours may be taken in a single department unless a minor is declared.

#### **D. Language Proficiencies and Tool Subjects**

Candidates for doctoral degrees who expect to do research in specialized fields or who must have specialized techniques beyond those normally required of master's degree students must possess or acquire such techniques in addition to the regular course requirements. Candidates for certain doctoral degrees have language or tool subject requirements according to the nature of their degree plans.

#### **E. Qualifying Examinations**

Applicants for a doctoral degree are not considered candidates for the degree until they have passed the qualifying examinations and have been recommended by their advisory committee to the dean of the University Graduate School or the dean of the Jacobs School of Music.

#### **Preliminary Requirements**

Before the qualifying examinations are scheduled, doctoral students must have been admitted to the curriculum and have met the following preliminary requirements:

1. The student must have satisfied all prerequisites, proficiencies, and tool subject requirements.
2. To take the major field examination, the student must have completed all coursework for the major field (except certain recitals and dissertation-related courses, final project, or essay).
3. For minors within the Jacobs School of Music, the student must have completed all coursework in the minor field before taking the examination for that minor.
4. Students pursuing the DM in composition must have their dissertation topic proposal approved before taking the oral qualifying examination. Students pursuing all other DM degrees, the DME, or the PhD in music education must have their final project or dissertation topic proposal approved before the

major field written examination may be scheduled. Students pursuing the PhD in musicology or music theory may have their dissertation topic proposal approved before or after the qualifying examinations.

Research topic proposals must be approved by the student's research committee and, if the research involves human subjects, by the Bloomington Institutional Review Board. Information on procedures for securing approval of research topics may be obtained from the Music Graduate Office. When preliminary requirements have been met, students may schedule qualifying examinations in the Music Graduate Office. Upon application, written qualifying examinations may be written during the summer term.

#### **Written Examinations**

Except as listed below, students must take written examinations in the major and minor fields. These examinations are prepared by the advisory committee member(s) representing the major or minor field and may be based on the content of courses taken in each field or on the background and concepts pertinent to the area. A failed examination may be retaken once.

- Minors outside the Jacobs School of Music typically do not require a written examination.
- At the discretion of the minor field representative (as guided by appropriate department policy), students having music performance as a minor may substitute a 30-minute performance examination by a faculty jury or a graded recital for the written examination.
- The major field written qualifying examination requirement in Composition is satisfied with the successful completion of K702 and K703 during the first two semesters of enrollment.
- Instead of a written exam, the minor in Composition requires the composition of a vocal work to an assigned text within a 24-hour period, and the composition of a short movement for chamber ensemble within a seven-day period.
- For the minor in Music Scoring for Visual Media, K611 Capstone Project in Scoring for Visual Media replaces the written qualifying exam.

#### **Oral Examination**

The oral qualifying examination is administered by the student's advisory committee. The major field oral qualifying examination has as its aim the assessment of the student's knowledge of the major area. For DM students (performance, conducting, or composition), the examination is especially focused on the literature included in a repertoire list approved by the chair of the student's advisory committee and the director of graduate studies. This examination may include assessment of the student's ability to articulate an understanding of the formal/analytical characteristics of the music, its historical development and social context, and features related to its teaching and learning. Minor field oral examinations, if required, take place at the same time as the major field oral examination, but are evaluated separately. The result of each portion of the examination is determined by a majority vote of the advisory committee members from that field. A failed examination may be retaken once. The committee will prescribe the scope of questioning of the reexamination. Oral examinations may

be scheduled during the summer term only if the entire advisory committee is available.

### F. Dissertation and Final Project

Instructions for the development of a topic proposal may be obtained from the Music Graduate Office (<https://intranet.music.indiana.edu/degrees/graduate-diploma/doctoral/>). The same office manages the scheduling of the dissertation or final project public presentation. Students desiring to undertake the public presentation during the summer term should consult the Music Graduate Office before March 15.

In order to make the final project public presentation (where required), a DM student must be a candidate for the degree and have completed all other degree requirements, including recitals. The public presentation may take one of a number of formats as outlined on the Music Graduate Office website: <https://intranet.music.indiana.edu/degrees/graduate-diploma/doctoral/>.

A PhD or DME student must be a candidate for the degree in order to defend a dissertation. The defense of the dissertation is oral and is normally based upon the dissertation, although it may also address the major field literature or any field of general music interest that the research committee deems pertinent.

### Advisory Committee

After a student is admitted to a degree program, a faculty advisory committee is appointed by the director of graduate studies based on a list submitted by the student.

This committee administers the qualifying examinations and approves and grades any required recitals or music performances.

### Research Committee

The research committee for DM and DME candidates is appointed by the director of graduate studies based on a list submitted by the student. The committee consists of three members from the major field, one of whom acts as chairperson, and except for piano majors, one member from a minor or other outside field. The research director is normally either the chairperson or the outside member, depending on the nature of the topic and the expertise required. The research committee approves the topic proposal, approves the dissertation or final project for defense or public presentation, conducts the defense or public presentation, and approves and grades the dissertation, final project, or piano essay.

The research committee for PhD dissertations is appointed by the dean of the University Graduate School. See the University Graduate School Bulletin at <https://bulletins.iu.edu/iu/gradschool/2021-2022/requirements/phd/research.shtm> for further information on the appointment and constitution of the committee.

### Credit and Residence

The doctoral degree may be conferred upon completion of at least 90 credit hours of advanced study (including the master's degree). At least 30 credit hours beyond the master's degree must be completed at Indiana University, with at least two consecutive semesters in residence. Up to 30 credit hours may be transferred from accredited institutions. Each course to be transferred must be

equivalent to a course offered at Indiana University and must have been completed no more than ten years prior to matriculation. Transfers are approved by the director of graduate studies and the department in which the equivalent course is offered. Departmental practices vary; an interview or examination may be required. Applied lessons, chamber music, ensemble, and similar courses may not be transferred for degree credit, nor may transfer courses satisfy entrance proficiencies in music history and literature and music theory.

### Registration after Admission to Candidacy

Once admitted to candidacy, students must enroll each semester for coursework, dissertation or final project credit, or G901 Advanced Research in order to maintain their candidacy. Candidates who will graduate in a summer month must enroll during that summer term.

### Required Grades

Students in a doctoral degree program must have a cumulative GPA of 3.0 or higher to graduate.

#### Major

Each course in the major field must have a grade of B or higher to fulfill degree requirements.

#### Minors and Other Required Credits

Each course in a minor field or used for other required credits must have a grade of C or higher to fulfill degree requirements. In addition, courses counting toward a minor field or other required credits must have an average of B or higher. For purposes of computing the required B average, only those courses accepted in fulfillment of the degree will be counted. Departments offering minors may require higher grades for their minor fields. Courses graded on an S/F basis may not be used toward a minor field or toward other required credits.

#### Tool Subjects

Each course must have a grade of C or higher to fulfill degree requirements. Some departments may require a higher grade. Tool Subject requirements may be met by coursework taken no more than ten years prior to matriculation.

#### Language Proficiencies

Each grammar, diction, or reading course must have a grade of C or higher to fulfill degree requirements. Some departments may require a higher grade. For PhD students, the grade must be B or higher. Language Proficiency requirements may be met by coursework taken no more than ten years prior to matriculation.

### Time Limits

Doctoral students (DM, DME, PhD) must complete all coursework and begin qualifying examinations within seven calendar years from the date of matriculation in the doctoral program.

Students who do not complete their coursework and begin qualifying examinations within the prescribed time limit must be readmitted to the major field (through interview, submission of documents, or audition, as appropriate to the major), meet current requirements, and make any other curricular changes required by the major field department and the director of graduate

studies. If a student is readmitted to the major, the term of readmission is three years from the date of readmission. If the student has not completed coursework by that time, the student must once again meet the terms for readmission described previously.

In addition, any doctoral course taken more than ten calendar years prior to the date of readmission must be revalidated. For PhD students, coursework completed more than ten years before the oral examination is passed, including courses from a master's degree used toward the 90 credit hours required for the PhD degree, must be revalidated. PhD students must receive permission to revalidate courses from the dean of the University Graduate School. Consult the University Graduate School Bulletin (<https://bulletins.iu.edu/iu/gradschool/2021-2022/policies/revalidate.shtml>) and the director of graduate studies for more information.

Proficiencies (music history, music theory, keyboard, performance, language reading, language grammar, language diction) more than ten years old must be revalidated.

See "Graduate Revalidation Procedures" in this bulletin for information on how coursework and proficiencies may be revalidated.

### Qualifying Examinations

All qualifying examinations, written and oral, must be completed within one calendar year.

### After Qualifying Examinations

DM, DME, and PhD students must complete the degree within seven years after passing the qualifying examinations. After that time, students must be reinstated to candidacy. To be reinstated to candidacy, DM and DME students must:

1. obtain the permission of the department chairperson and the director of graduate studies,
2. fulfill any new departmental requirements in effect at the time of the application for reinstatement, and
3. pass any qualifying examinations that may be required in the major and minor fields by the student's advisory committee and the director of graduate studies. Examinations taken for candidacy reinstatement may be taken only once.

If reinstatement is granted, it is valid for a period of three years. Revalidation of coursework is not required.

PhD students follow the reinstatement procedure outlined in the bulletin of the University Graduate School (<https://bulletins.iu.edu/iu/gradschool/2021-2022/requirements/phd/candidacy.shtml>).

Time limits will be suspended for the duration of any officially recognized military leave. See Military Leaves in the "Regulations and Procedures" section of this bulletin.

## Curricula for Graduate Degrees in Music

Requests for deviation from department, program, or school requirements may be granted only by written approval from the respective chairperson, director, or dean (or by their respective administrative representative). Disposition at each level is final.

## Musicology

### Doctor of Philosophy in Musicology (through University Graduate School)

#### Admission Requirements

Strong preparation in music history. Students with outstanding credentials may apply directly from a bachelor's degree. For additional information, see "Admission Requirements" in the Graduate Division section of this bulletin.

#### Progress toward Degree

Proficiencies in music history and music theory should be met by the end of the first year. One language examination should be passed by the end of the first year, and a second must be passed before the qualifying examination along with keyboard and performance proficiencies. Students should ordinarily complete coursework by the middle of the third year (end of the third year for students admitted from a bachelor's degree), complete qualifying examinations in the following semester, and submit a dissertation topic proposal a semester after that. The M605 tutorial may be taken concurrently with major-field qualifying examinations. Deviations from this schedule should be the subject of consultation with the department chair.

#### Major

48 to 78 credit hours

- M551 Introduction to Historical Musicology (3 cr.)
- M602 Seminar in Musicology (3-3-3-3-3 cr.)
- M603 Methods of Musical Scholarship (3 cr.)
- Six credit hours drawn from M602 or M603 (3-3 cr.)
- Courses in musicology, music history and literature, music theory, ethnomusicology, or other musical subjects with approval of the department and director of graduate studies (3-3-3 cr.). Students holding an MA or MM in musicology may be exempted from some or all of these courses on the recommendation of the department. If these credit hours are waived, students must enroll in an additional 9 credit hours of M700 Dissertation in Musicology.
- M604 Qualifying Exam Tutorial (3 cr.)
- M605 Qualifying Exam and Dissertation Area Tutorial (3 cr.)

#### Minor

One minor, which may be inside or outside of music, with sufficient credit hours to satisfy the course requirements for a PhD minor, as determined by the department in which the minor is taken. All such minors must be recognized or accepted by the University Graduate School. A PhD minor typically requires 12 credit hours of coursework, and departments may also require a written and/or oral examination in the minor field.

#### Tool Subject

Reading knowledge of two non-English languages. The first language must be French, German, Italian, Latin, Russian, or Spanish; the second should be relevant to the student's research area and is to be determined in consultation with a musicology faculty advisor and the

department chair. Reading knowledge in a language may be demonstrated in the following ways:

- by passing an examination administered by the appropriate language department
- by passing a translation examination administered by the musicology department
- by grades of B or higher in two semesters of reading courses at the graduate level
- by receiving a grade of B or higher in a literature or civilization course at Indiana University numbered 300 or higher (exclusive of individual readings and correspondence courses) in which the reading is done in the foreign language.

## PhD Minors for Students Outside the Jacobs School of Music

Minors in music for doctoral students outside the Jacobs School of Music may be taken within one of the established departments of the Jacobs School of Music or as an individualized minor taken in more than one area. No general entrance examinations are required, but the director of graduate studies may require entering proficiency examinations. All minors except the individualized minor require the prior approval of the department chair. Minors, including the individualized minor, require approval by the director of graduate studies, who also determines prerequisites, minimum requirements, and the nature of any qualifying examinations. A minor in a performance area requires acceptance into a faculty studio and may require a formal departmental audition. No transfer credits will be accepted toward a music minor.

## Curricula for Music-Related Graduate Degrees

### Master of Arts and Master of Library Science; Master of Music and Master of Library Science

This program permits the student to coordinate a degree in music theory or music history and literature with a Master of Library Science. Specialized training in music library science is provided by the professional librarians of the Jacobs School of Music. Students who already have a master's degree in music or who do not desire a master's in music from Indiana University may wish to contact the Admissions Office of the Department of Information and Library Science in the Luddy School of Informatics, Computing, and Engineering (<https://luddy.indiana.edu/admissions/apply/graduate.html>) for information concerning the Music Librarianship Specialization within the Master of Library Science degree.

### Admission Requirements

Bachelor of Music or its demonstrated equivalent. Students must apply for admission simultaneously to the Jacobs School of Music for the MM or MA and the Department of Information and Library Science for the MLS. For additional information, see "Admission Requirements" in the Graduate Division section of this bulletin.

### Course Requirements

The student must satisfy all the requirements for a Master of Arts degree in musicology or a Master of Music degree in music theory (listed in this bulletin) and for a Master of Library Science degree (listed in the bulletin of the Luddy School of Informatics, Computing and Engineering at <https://bulletins.iu.edu/iub/sice/2022-2023/index.shtml>).

The Other Required Credits requirement for the Master of Arts or Master of Music degree is fulfilled by 6 credit hours in library science, which count towards both degrees.

## Diploma Programs in Performance

The Artist Diploma and Performer Diploma programs are intended for the outstanding performer and are designed to concentrate study in appropriate repertoire. The diploma programs are administered by the director of graduate studies.

### Admission Requirements

**Artist Diploma:** performance ability equivalent to that required for acceptance into a major international competition. Students must pass both a departmental audition and a school-wide audition for the Jacobs School of Music Artist Diploma Committee. More information about the audition process can be found at <https://intranet.music.indiana.edu/degrees/graduate-diploma/diploma-programs/ADAudition.shtml>. Admission to this program does not require a high school or General Educational Development (GED) diploma, but one of these must be earned before the Artist Diploma can be granted. Students without a GED or high school diploma who do not pass the school-wide audition (during the first semester of enrollment) in front of the Jacobs School of Music Artist Diploma Committee cannot continue in the program beyond the first semester.

**Performer Diploma:** performance ability equivalent to a high Master of Music graduation level. Students must hold a U.S. high school diploma or the equivalent. Students who have completed at least three years of study at a university, college, or conservatory and earned a degree, diploma, or certificate, are eligible to enter the Performer Diploma at the graduate level. Students who have not completed a college level credential but who hold a high school diploma (or GED) may enter the Performer Diploma as an undergraduate student.

For additional information, see "Admission Requirements" in the Graduate Division section of this bulletin.

### General Requirements

Students enroll in major-level lessons and in major ensemble each fall and spring semester. Some diploma programs require enrollment in additional courses such as chamber music, orchestral repertoire, or chamber music literature. Over the course of their program, diploma students also enroll in 6 credit hours of other music courses; perform one recital (Performer Diploma, Solo Performance; Performer Diploma, Chamber Music; Performer Diploma, Collaborative Piano), pass one examination (Performer Diploma, Orchestral Studies), or perform four recitals (Artist Diploma); and meet a language requirement. Voice students and collaborative piano students have additional requirements in language grammar and diction. The minimum enrollment each fall and spring semester is 10 credit hours. There are no enrollment requirements during the summer term. No transfer of credit is accepted toward the requirements of any diploma program.

### Grade Requirements

Students in all diploma programs must have a cumulative GPA of 3.0 or higher to graduate; a grade of B or higher in

each major ensemble enrollment; a grade of C or higher in each course that is to count under the heading "Music Courses"; and a grade of A- or higher in all other required courses, including lessons and recitals.

### Language Requirements

Language Proficiency requirements may be met by coursework taken no more than ten years prior to matriculation.

**Voice and historical performance voice students** must demonstrate knowledge of French, German, and Italian grammar equivalent to two semesters at the college level with a grade of C or higher in each, and proficiency in diction in each language by examination or by passing a Jacobs School of Music diction course. Students must take all three diction examinations in their first semester of enrollment; they may take specific examinations for a second time in their second semester of enrollment. Diction examinations are given prior to the beginning of each semester. For any examination not passed, students must pass the appropriate Jacobs School of Music diction course with a grade of C or higher.

**Instrumental students** whose first language is English must demonstrate knowledge of the grammar of one non-English language equivalent to two semesters at the college level with a grade of C or higher in each. International students whose first language is not English and who have met the minimum TOEFL score requirements for admission to a diploma program will have the language requirement for instrumental students waived.

**All collaborative piano students** must satisfy the language requirement for instrumental students and must demonstrate proficiency in English diction. Additional diction requirements in French, German, and Italian apply as described below:

- Students with a Vocal Collaboration Emphasis must demonstrate proficiency in diction in each of the three languages.
- Students with an Instrumental Collaboration Emphasis must demonstrate proficiency in diction for one of the three languages.
- Students with a Balanced Collaboration Emphasis must demonstrate proficiency in diction for two of the three languages.

Proficiency is demonstrated by examination or by passing a Jacobs School of Music diction course. Students must take all diction examinations in their first semester of enrollment; they may take specific examinations for a second time in their second semester of enrollment. Diction examinations are given prior to the beginning of each semester. For any examination not passed, students must pass the appropriate Jacobs School of Music diction course with a grade of C or higher.

### Time Limits

Students may enroll for a maximum of four fall-spring semesters and must complete all requirements within five years from the date of first enrollment. Additional semesters of enrollment within the five-year time limit are possible only through recommendation by the student's performance instructor and approval by the director of graduate studies.

Time limits will be suspended for the duration of any officially recognized military leave. See Military Leaves in the "Regulations and Procedures" section of this bulletin.

Students who do not complete their requirements within the prescribed time limit must be readmitted to the program by passing the regular department admission audition and, in the case of the Artist Diploma, the school-wide Artist Diploma audition. In addition, they must meet current requirements, and satisfy any other curricular changes required by the major field department and the director of graduate studies. If a student is readmitted to the program, the term of readmission is one year.

In addition, any course taken more than five calendar years prior to the date of readmission must be revalidated. See "Graduate Revalidation Procedures" in this bulletin for information on how coursework and proficiencies may be revalidated. The following requirements cannot be revalidated and must be completed again if originally completed more than five calendar years prior to the date of readmission: recitals (including any replaced by an opera role) and the PD Orchestral Studies Exam.

Enrollment after readmission will be limited to the number of semesters required to complete the remaining requirements as determined by the director of graduate studies. Students must meet current enrollment requirements.

**Graduate Certificate Programs**

Credit certificate programs are offered in specialized areas in the Jacobs School of Music. They include 12-29 credit hours of coursework. The targeted audience may be graduate music majors or non-majors at Indiana University, graduate students at other institutions, or anyone who holds a bachelor's degree.

Certificate courses will ordinarily be offered following the regular academic calendar. Check the Schedule of Classes for availability. IU Bloomington students may use individual certificate courses in any appropriate way towards both degree requirements and a certificate unless otherwise specified.

**Admission Requirements**

See the Certificate Programs page of the Jacobs School of Music website (<https://music.indiana.edu/admissions/how-to-apply/certificates.html>) for detailed application information.

**Grade Requirements**

Successful completion of a certificate program for graduate students requires a grade of B or higher in each course and an overall GPA of 3.0 or higher in certificate courses. Individual certificate programs may have stricter grade requirements. No transfer credit will be accepted for a certificate program unless otherwise specified.

**Tuition and Fees**

Students pay tuition for certificate courses depending on their residency status (resident or nonresident) at IU Bloomington. Non-music students enrolled only in certificate programs will not be charged the music program fee. Additional fees may be charged for specific courses.

**Application for Completion**

Students who wish to be awarded a certificate must submit an Application for Certificate Completion. For IU Bloomington students, certificate courses must be completed within the time limit for their degrees. All other students must complete the certificate courses within four calendar years. There is no residence requirement for certificate completion.

## Graduate Certificate in Music Education

29 credit hours

This certificate is intended for music teachers who want to continue their professional growth beyond the master's degree. The focus of the certificate is on pedagogical knowledge that can be applied in a variety of educational settings.

This is a financial aid eligible certificate.

### Admission Requirements

The applicant must have a master's degree in music or music education and at least three years of teaching experience.

Although no auditions or entrance examinations in music history and theory are required for admission to this certificate, enrollment in certain graduate music courses may require an audition or entrance examination.

For additional information, see "Admission Requirements" under Graduate Certificate Programs in this bulletin.

### Grade Requirements

Successful completion of the Certificate in Music Education requires a grade of B or higher in each of the Core and Research courses, a grade of C or higher in all other coursework, and an overall minimum GPA of 3.0.

### Other Requirements

Students must enroll in a minimum of 8 credit hours per semester. Upon approval of the director of graduate studies and the music education department, certificate students may transfer up to 6 credit hours of coursework taken for graduate credit at other institutions. No course may be transferred unless the grade is B or higher. Each course to be transferred must be equivalent to a course offered at Indiana University and must have been completed no more than ten years prior to matriculation.

Courses taken in fulfillment of a master's degree will not count towards this certificate. A student who has previously taken courses required for this certificate must substitute other coursework, subject to approval by the music education department and the director of graduate studies. With permission of the music education department, students may subsequently count courses in pursuit of or in fulfillment of this certificate towards a doctorate.

Students in this certificate program are subject to the provisions of graduate academic standing in the Jacobs School of Music.

### Time Limits

Students must complete all requirements within seven years from the date of first enrollment.

### Music Education Core

### Other Music Courses

12 credit hours selected from any of the previous areas or, with permission of the chair of the music education department and the director of graduate studies, other graduate courses within or outside of the Jacobs School of Music for which the student has the necessary background.

## Graduate Certificate in Music Scoring for Visual Media

This certificate is offered for people who hold a bachelor's degree and want to learn how to compose and score music for film, video games, and/or other visual media.

12 credit hours

- K555 Topics in Music Scoring for Visual Media (6 cr.). (May be repeated for different topics.)
- 3 credit hours selected from
  - K555 Topics in Music Scoring for Visual Media (1-3 cr.). (May be repeated for different topics.)
  - K502 Projects in Music Scoring for Visual Media (1-3 cr.)
- K611 Capstone Project in Music Scoring for Visual Media (3 cr.)

## Graduate Certificate in Vocology

18 credit hours

The Graduate Certificate in Vocology is for voice teachers/singers who wish to deepen their understanding of the singing voice. The focus of the certificate is on the union of

voice science and practical application, both with healthy voice and injured voice.

This is a financial aid eligible certificate.

### Prerequisite

The applicant must have a master's degree in voice performance and/or voice pedagogy, or must be pursuing an MM Voice degree at the Jacobs School of Music simultaneously with enrollment in the certificate program. Students possessing or pursuing a graduate degree in music in an area other than voice may be considered if they meet the audition requirements listed below.

### Admission Requirements

1. short audio/video recording that demonstrates proficiency in singing/performance (waived for those currently enrolled in the MM Voice degree)
2. interview with voice pedagogy faculty
3. in-person audition (if interested in scholarship opportunity)
4. completed Graduate Certificate in Vocology Questionnaire regarding previous experience and current knowledge of the topic.

### Grade Requirements

Successful completion of the Graduate Certificate in Vocology requires a grade of B or higher in each of the required courses.

### Other Requirements

For students who are simultaneously pursuing the MM Voice degree and the Graduate Certificate in Vocology, E695 Voice Pedagogy: Research Foundations will substitute for E594 Voice Pedagogy in the MM Voice pedagogy requirement.

Students pursuing the Graduate Certificate in Vocology are subject to the provisions of graduate academic standing in the Jacobs School of Music.

### Time Limits

Students in the standalone certificate must complete all requirements within four years from the date of first enrollment. For IU Bloomington students, certificate courses must be completed within the time limit for their degrees.

### Required Courses

- E695 Voice Pedagogy: Research Foundations (3 cr.)
- E696 Voice Pedagogy: Practice (3 cr.)
- SLHS-S 542 Care of the Professional Voice (3 cr.)
- E697 Voice Pedagogy: Repertoire (3 cr.)
- 6 credit hours selected from
  - V800 Voice Graduate Minor, for non-voice majors
  - V900 Voice Graduate Major, for voice majors

## Performance and Composition Masterclass

**MUS I300 Studio Masterclass (0 cr.)** P: Must be an undergraduate student.

**MUS I301 Departmental Masterclass (0 cr.)** P: Must be an undergraduate student.

**MUS I500 Studio Masterclass (0 cr.)** P: Must be a graduate student.

**MUS I501 Departmental Masterclass (0 cr.)** P: Must be a graduate student.

## Class Instruction in Performance

**MUS L101 Beginning Guitar Class (2 cr.)** Credit given for only one of L101 and L121 Beginning Guitar Class and Styles.

**MUS L102 Intermediate Guitar Class (2 cr.)** Credit given for only one of L102 and L122 Intermediate Guitar Class and Styles.

**MUS L103 Advanced Guitar Class (2 cr.)**

**MUS L121 Beginning Guitar Class and Styles (3 cr.)** Credit given for only one of L121 and L101 Beginning Guitar Class.

**MUS L122 Intermediate Guitar Class and Styles (3 cr.)** Credit given for only one of L122 and L102 Intermediate Guitar Class.

**MUS L128 Guitar Heroes (2 cr.)** P: L101 Beginning Guitar Class, or L121 Beginning Guitar Class and Styles, or consent of instructor. Study and performance of the musical legacy created by guitar heroes from the 1930s to the present day. This course will investigate in a practical manner the solos, riffs, compositions, and techniques of various noteworthy guitarists who often presented new and unorthodox approaches to guitar playing conventions.

**MUS P110 Beginning Piano Class 1, Non-Music Majors (3 cr.)** Class piano for beginning piano students.

**MUS P111 Piano Class 1, Music Majors (2 cr.)** P: Must be music undergraduate student. Class piano for beginning piano students.

**MUS P120 Beginning Piano Class 2, Non-Music Majors (3 cr.)** Class piano (second-semester level).

**MUS P121 Piano Class 2, Music Majors (2 cr.)** P: P111 Piano Class 1, Music Majors or equivalency by placement. Class piano (second-semester level).

**MUS P130 Beginning Piano Class 3, Non-Music Majors (2 cr.)** Class piano (third-semester level).

**MUS P131 Piano Class 3, Music Majors (2 cr.)** P: P121 Piano Class 2, Music Majors or equivalency by placement. Class piano (third-semester level).

**MUS P141 Piano Class 4, Music Majors (2 cr.)** P: P131 Piano Class 3, Music Majors or equivalency by placement. Class piano (fourth-semester level).

**MUS P201 Jazz Piano Class 1 (2 cr.)** P: P121 Piano Class 2, Music Majors or equivalency by placement. Development of basic jazz keyboard skills and techniques for the non-piano jazz major, non-jazz piano major, and non-music major. Basic voicings for common harmonic formulae used in jazz, chord/scale relationships, and simple rhythmic comping patterns.

**MUS P202 Jazz Piano Class 2 (2 cr.)** P: P201 Jazz Piano Class 1 or equivalency by placement. More advanced voicings; substitutions; comping patterns.

**MUS P715 Keyboard Review for Graduate Students (1 cr.)** Meets the keyboard proficiency requirement with a grade of B or higher. The option of P715 is not available to majors in collaborative piano, guitar, harp, historical performance, jazz, music theory, organ, piano, or MS Music Education students.

**MUS P720 Jazz Piano Review (1 cr.)** P: Major in jazz studies or permission of instructor. Jazz keyboard skills and techniques. Meets the keyboard proficiency requirement with a grade of B or higher for graduate non-pianist Jazz Studies majors. Voicings for common harmonic formulae including the II/V7/I chord progression and the blues, simple modal voicings, rhythmic comping patterns, and simple comping patterns for Latin jazz styles.

**MUS V101 Voice Class (2 cr.)** Instruction for beginners in use of the voice, vocal techniques, music reading skills, and artistic presentation.

**MUS V102 Voice Class II (2 cr.)** P: V101 Voice Class. Continued instruction for beginners in use of the voice, vocal techniques, music reading skills, and artistic presentation.

## Ensembles

Courses marked with asterisks (\*\*) fulfill the major ensemble requirement for music majors.

**MUS X1 All-Campus Ensemble (1-2 cr.)** Open to students inside and outside the Jacobs School of Music. Options include chorus, band, string orchestra, jazz ensemble, and guitar ensemble. Does not fulfill the major ensemble requirement for music majors.

**\*\*MUS X2 Piano Accompanying (2 cr.)** For BM piano majors who have passed the upper-division examination and for piano and collaborative piano majors in the MM, AD, PDSP, and PDCP programs.

**\*\*MUS X30 Ballet Ensemble (2 cr.)** P: Must be ballet major. Required of all ballet students; elective for students outside the Jacobs School of Music with consent of instructor. Rehearsals for ballet and opera production.

**\*\*MUS X40 University Instrumental Ensembles (2 cr.)** Bands: There are three concert bands (Wind Ensemble, Symphonic Band, and Concert Band), and Marching Hundred.

Guitar Ensembles: There are two guitar ensembles for guitar majors.

Jazz Ensembles: There are four large jazz ensembles: three big bands and the Latin Jazz Ensemble.

Orchestras: There are four symphony orchestras (Philharmonic, Concert, Symphony, and University),

a chamber orchestra, a Baroque/Classical (period instrument) orchestra, and the New Music Ensemble.

**MUS X50 Marching Hundred for Non-Music Majors (2 cr.)** Open to all enrolled students on the Bloomington campus. Does not fulfill the major ensemble requirement for music majors.

**\*\*MUS X60 Historical Performance Ensembles (2 cr.)** There are three historical performance ensembles:

Concentus: A mixed instrumental/vocal ensemble configured to fit a broad range of repertoires from before 1650. Required of all historical performance majors not performing in Baroque Orchestra or Classical Orchestra.

Baroque Orchestra: Studies and performs repertory from c.1600-c.1750.

Classical Orchestra: Studies and performs pre-classical and classical works from c.1750-c.1830.

**\*\*MUS X70 University Choral Ensembles (2 cr.)** Choral ensembles include the Oratorio Chorus, University Singers, University Chorale, NOTUS—Contemporary Vocal Ensemble, Singing Hoosiers, and Opera Chorus.

**MUS X80 Singing Hoosiers for Non-Music Majors (2 cr.)** Open by audition to all enrolled students on the Bloomington campus. Does not fulfill the major ensemble requirement for music majors.

**\*\*MUS X90 Audio Technical Crew (2 cr.)** P: For Audio Engineering and Sound Production majors only. Required of all audio engineering and sound production majors.

**MUS X410 Athletic Pep Bands (1 cr.)** Open to students inside and outside the Jacobs School of Music. Audition required. Does not fulfill the major ensemble requirement for music majors.

**MUS X414 Latin American Ensemble (2 cr.)** Emphasis on musical practice, arranging, and performance of Latin American popular music genres for solo, chamber, and band ensembles. Open to music majors and non-majors with performing skills. Audition required. Does not fulfill the major ensemble requirement for music majors.

**MUS X420 Small Ensembles (1 cr.)** Specialized instrumental and vocal ensembles. Does not fulfill the major ensemble requirement for music majors.

## Capstone and Related Courses

**MUS E599 Practicum in Music Education (1-3 cr.)** Research-based practical or creative project or investigation (may be a phase of a cooperative study or an independent project). This course is eligible for deferred (R) grading.

**MUS E600 Thesis in Music Education (1-3 cr.)** Quantitative or qualitative scholarly research document. This course is eligible for deferred (R) grading.

**MUS E700 Dissertation in Music Education (1-15 cr.)** This course is eligible for deferred (R) grading.

**MUS G901 Advanced Research (6 cr.)**

**MUS K411 Capstone Project in Music Scoring for Visual Media (3 cr.)** P: Permission of instructor. The

student will team with one or more other parties to produce a work combining music with visual media by composing and producing an original score for a short film, video game, animation, or other approved media.

**MUS K600 Thesis in Composition (1-5 cr.)** This course is eligible for deferred (R) grading.

**MUS K611 Capstone Project in Music Scoring for Visual Media (1-3 cr.)** P: Permission of instructor. The student will team with one or more other parties to produce a work combining music with visual media by composing and producing an original score for a short film, video game, animation, or other approved media. This course is eligible for deferred (R) grading.

**MUS K612 Thesis in Music Scoring for Visual Media (1-3 cr.)** P: Permission of instructor. The student will team with one or more other parties to produce a work combining music with visual media by composing and producing an original score for a short film, video game, animation, or other approved media. A public presentation is required. This course is eligible for deferred (R) grading.

**MUS K700 Dissertation in Composition (1-15 cr.)** Complete work for major ensemble (score and parts ready for performance) and program annotation addressed to the general public (500 words minimum). This course is eligible for deferred (R) grading.

**MUS M620 Doctoral Final Project (1-8 cr.)** This course is eligible for deferred (R) grading.

**MUS M621 Doctoral Piano Essay (1-3 cr.)** This course is eligible for deferred (R) grading.

**MUS M700 Dissertation in Musicology (1-15 cr.)** This course is eligible for deferred (R) grading.

**MUS O460 Undergraduate Jazz Capstone and Portfolio (1 cr.)** In this course students will create a capstone project and an online portfolio that documents their creative work in a way that can be readily shared with others. The capstone project will be a self-directed project, with guidance from a faculty mentor, related to the student's professional goals.

**MUS O560 Masters Jazz Capstone and Portfolio (1 cr.)** In this course students will create a capstone project and an online portfolio that documents their creative work in a way that can be readily shared with others. The capstone project will be a self-directed project, with guidance from a faculty mentor, related to the student's professional goals.

**MUS T599 Master's Degree Comprehensive Review (0 cr.)** Review of a portfolio assembled from master's coursework. Taken in the final semester of study. This course is eligible for deferred (R) grading.

**MUS T700 Dissertation in Music Theory (1-15 cr.)** This course is eligible for deferred (R) grading.

**MUS X601 Doctoral Qualifying Exams (1 cr.)**

## Academic Courses

### Audio Engineering and Sound Production

**MUS A100 Foundations of Audio Technology (3 cr.)** Theoretical and practical foundation in the basics of audio

technologies and signal flow for live sound reinforcement, studio and location audio recording, sound for visual media, and other contemporary production paradigms. Designed to meet the needs of modern performers, composers, educators, and content producers of audio and visual media.

**MUS A101 Introduction to Audio Technology (3 cr.)**

P: For Audio Engineering and Sound Production majors only. Introduction to the technology and techniques employed in audio recording, editing, and mixing; sound production for visual media, and live sound reinforcement.

**MUS A102 Audio Techniques I (3 cr.)**

P: A101 Introduction to Audio Technology. Introduction to studio equipment and recording procedures including microphone use, basic studio techniques, editing concepts, and recording and signal processing equipment.

**MUS A111 Electronics I (3 cr.)** Fundamental principles of electricity and magnetism, with review of necessary algebra.

**MUS A112 Electronics II (3 cr.)** P: A111 Electronics I with a grade of C or higher. AC theory and introduction to circuit elements and active devices.

**MUS A150 Introductory Seminar in Audio Engineering and Sound Production (1 cr.)** P: For Audio Engineering and Sound Production majors only. An introduction to critical listening for recording engineers and producers with an emphasis on technical evaluation and aesthetic principles within the context of musical style.

**MUS A201 Audio Techniques II (3 cr.)** P: A102 Audio Techniques I. Intermediate studio and recording procedures including signal processing, digital audio theory, and basic digital audio workstation techniques.

**MUS A202 Audio Techniques III (3 cr.)** P: A201 Audio Techniques II. Advanced digital audio theory including media production, audio for Internet, and advanced digital audio workstation techniques.

**MUS A211 Electronics III (3 cr.)** P: A112 Electronics II with a grade of C or higher. System design and operation applied to audio, both analog and digital.

**MUS A212 Electronics IV (3 cr.)** P: A211 Electronics III with a grade of C or higher. Instruction in basic maintenance of audio equipment and studio maintenance. Practical experience is emphasized.

**MUS A270 Multitrack Studio Techniques I (3 cr.)**

P: A201 Audio Techniques II. Introduction to multitrack recording studio procedures with an emphasis on mixing console operation, signal flow, microphone selection and use, and recording session planning and etiquette.

**MUS A320 Sound Reinforcement Techniques (3 cr.)**

P: A202 Audio Techniques III. An introduction to sound reinforcement system design and operation.

**MUS A321 Sound for Picture Production (3 cr.)**

P: A202 Audio Techniques III. Study of audio production techniques for radio, video, film, and multimedia. Emphasis on mixing criteria for broadcast and visual productions.

**MUS A325 Digital Audio Workstation Seminar (3 cr.)**

P: A202 Audio Techniques III. Advanced digital audio workstation techniques.

**MUS A330 Modern Recording Studio Techniques (3 cr.)**

P: A100 Foundations of Audio Technology with a grade of C or higher. Hybrid course designed to give practical hands-on experience recording, mixing, and mastering music. Oriented towards students studying music or media who need to be proficient in audio production. Coursework includes online reading, videos, and guided production exercises, along with a weekly instructor-led lab and student-produced final recording and mixing project.

**MUS A340 Topics in Audio Engineering and Sound Production (3 cr.)** Variable topics. May be repeated for credit for different topics with permission of instructor.

**MUS A350 Seminar in Audio Engineering and Sound Production (1 cr.)** P: A150 Introductory Seminar in Audio Engineering and Sound Production. Critical listening and discussion of recording techniques, concepts, and aesthetics.

**MUS A360 Classical Music Recording and Production (3 cr.)** P: A202 Audio Techniques III. Study and practice of classical music recording and production, with an emphasis on recording session planning and direction, microphone technique, and editing.

**MUS A370 Multitrack Studio Techniques II (3 cr.)**

P: A270 Multitrack Studio Techniques I. Supervised practical experience in multitrack studio procedures with an emphasis on contemporary microphone and recording techniques. Small group and individual project work, as well as group listening and discussion.

**MUS A420 Advanced Sound Reinforcement (3 cr.)**

P: A320 Sound Reinforcement Techniques. Study of advanced sound reinforcement, system design, and practical experience in sound reinforcement.

**MUS A440 Individual Project in Audio Engineering and Sound Production (1-3 cr.)**

P: Senior standing. Supervised individual project or research.

**MUS A460 Surround Sound and Immersive Audio (3 cr.)**

P: A202 Audio Techniques III. P or C: A470 Individual Multitrack Studio Projects I. Study and practice of contemporary surround sound and immersive audio recording and mixing techniques.

**MUS A461 Final Project in Audio Engineering and Sound Production (1 cr.)**

P: Senior standing. Preparation of professional dossier featuring the student's best work (concurrent with last semester of on-campus coursework). Student will make a public presentation of the dossier to the Audio Engineering and Sound Production faculty and student body.

**MUS A470 Individual Multitrack Studio Projects I (3 cr.)**

P: A370 Multitrack Studio Techniques II. Supervised practical experience in contemporary multitrack recording and mixing. Includes individual project work as well as group listening and discussion.

**MUS A471 Individual Multitrack Studio Projects II (3 cr.)**

P: Grade of B+ or higher in A470 Individual Multitrack Studio Projects I. A grade of A in A471 is

required to take A471 a second time. Individual projects in multitrack recording.

**MUS A480 Internship in Audio (3 cr.)** P: Senior standing. Supervised experience in a working environment directly related to audio technology. Assessed by reports from the student and on-site supervisor.

**MUS A511 Electronics I (3 cr.)** Fundamental principles of electricity and magnetism, with review of necessary algebra.

**MUS A512 Electronics II (3 cr.)** P: A511 Electronics I with a grade of B or higher. AC theory and introduction to circuit elements and active devices.

**MUS A521 Electronics III (3 cr.)** P: A512 Electronics II with a grade of B or higher. System design and operation applied to audio, both analog and digital.

**MUS A522 Electronics IV (3 cr.)** P: A521 Electronics III with a grade of B or higher. Instruction in basic maintenance of audio equipment and studio maintenance. Practical experience is emphasized.

## Sacred Music

### **MUS C400 Research in Sacred Music (1-6 cr.)**

**MUS C401 Sacred Music I (3 cr.)** P: For undergraduate organ majors only. An introductory study and application of keyboard harmony, transposition, improvisation, hymn playing, and accompanying for the church service.

**MUS C402 Sacred Music II (3 cr.)** P: C401 Sacred Music I. Continuation of topics introduced in C401 plus open score reading, sacred music composition, console conducting, the liturgical year, and related service music.

**MUS C403 Sacred Music III (3 cr.)** P: C402 Sacred Music II. Continuation of topics introduced in C402 plus an introduction to the history of worship and sacred music, including hymnody.

**MUS C404 Sacred Music IV (3 cr.)** P: C403 Sacred Music III. Continuation of topics introduced in C403 plus contemporary worship styles, the sacred music vocation, and choral literature.

**MUS C405 Organ Construction and Design (2 cr.)** A historical and interactive study of the action and pipes of the organ, from the earliest European example to the latest developments in the organ building industry. Includes a lab component where the student has hands-on experience with university organs, performing basic maintenance routines such as tuning and repair.

### **MUS C500 Independent Study in Sacred Music Practices (1-3 cr.)**

**MUS C504 Keyboard Skills Review (1 cr.)** Basic keyboard skills with an emphasis on hymn transposition, modulation, improvisation, sight reading, and figured bass realization.

**MUS C505 Organ Construction and Design (2 cr.)** A historical and interactive study of the action and pipes of the organ, from the earliest European example to the latest developments in the organ building industry. Includes a lab component where the student has hands-

on experience with university organs, performing basic maintenance routines such as tuning and repair.

**MUS C510 Service Playing Review (1 cr.)** Foundational studies in the practical musical skills needed by a church organist: hymn playing, anthem accompanying, open-score reading, and console conducting.

**MUS C524 Organ Improvisation (2 cr.)** P: C504 Keyboard Skills Review or equivalent. Improvisation for the church organist, with emphasis on stylistic considerations, formal structures, and devices.

**MUS C540 The History of Christian Worship and Sacred Music (2 cr.)** Liturgical ritual and worship practices, with special emphasis on music and hymnody, from pre-Christian roots to modern day.

**MUS C541 Sacred Music: Philosophy and Practice I (2 cr.)** An exploration of the practical demands and philosophical dimensions of a vocation in sacred music. Includes anthem repertoire, professional issues, and dynamics of leadership.

**MUS C542 Sacred Music: Philosophy and Practice II (2 cr.)** P: C541 Sacred Music: Philosophy and Practice I. Continuation of C541.

## Music Education

**MUS E131 Freshman Colloquium in Music Education (2 cr.)** C: EDUC M101 Laboratory/Field Experience. Introduction to the development of instructional materials and professional artifacts through observations, peer teaching, and the application of technological resources. A grade of C+ or higher is required.

**MUS E218 Cultural Diversity in Music Pedagogy (3 cr.)** P: MUS-E 130 Introduction to Music Learning or MUS-E 131 Freshman Colloquium in Music Education. This course explores ways in which educators can respond pedagogically and ethically to human diversity present in music classrooms. We will explore several approaches to teaching, applying their central premises to school music contexts: world music pedagogy; culturally relevant, responsive, and sustaining pedagogy; and anti-racist pedagogy. A grade of C+ or higher is required.

**MUS E232 Inclusive Participatory Music Practices (3 cr.)** P: E130 Introduction to Music Learning or E131 Freshman Colloquium in Music Education. C: EDUC M201 Laboratory/Field Experience. An examination of various avenues for learning music in contemporary culture. Includes an overview of informal music-making practices such as garage bands and singing circles, learning and engagement with music from diverse places throughout the world, and using technology for creative music making. Contains a service learning component. A grade of C+ or higher is required.

**MUS E241 Introduction to Music Fundamentals (2-3 cr.)** Designed to aid elementary majors in the School of Education in learning to sing and read music.

### **MUS E400 Undergraduate Readings in Music Education (2-3 cr.)**

**MUS E480 Methods and Materials for Teaching String Music (2 cr.)** P: F261 String Class Techniques. String

teaching materials, methods, and techniques for use with K-12 students.

**MUS E481 Methods and Materials for Teaching Instrumental Jazz (2 cr.)** P: O214 Jazz Harmony or T152 Music Theory and Literature II. Instrumental jazz materials, methods, and techniques for teaching K-12 students. A short survey of jazz history, including seminal recordings, and an introduction to teaching improvisation will be included.

**MUS E482 Methods and Materials for Teaching Vocal Jazz (2 cr.)** P: O214 Jazz Harmony or T152 Music Theory and Literature II. Strategies for teaching the basic principles of vocal jazz. Areas of study include historical perspective, landmark recordings, repertoire, improvisation, scat syllables, swing, accompaniment, amplification, auditioning, and sequence of instruction. No previous jazz experience necessary.

**MUS E491 Senior Seminar in Music Education (2 cr.)** P: EDUC M482 Student Teaching. Issues in the profession of music education, synthesis of student teaching experiences, and the development of a plan for personal growth as a teacher.

**MUS E502 The Practice of Music Teaching (3 cr.)** An overview of learning theories and curriculum design related to specific music education fields. Includes an investigation of general learning theories and application of these to choral, general, and instrumental music teaching situations. Field experience component will provide opportunities for observation of area teachers and implementation of curriculum with area students.

**MUS E517 Sociology of Music (3 cr.)** Discussions and informal lectures on aspects of the sociology of music viewed from the perspective of process.

**MUS E518 Foundations of Music Education (3 cr.)** Interdisciplinary approach, including aspects of philosophy, psychology, aesthetics, and sociology.

**MUS E520 Reading and Writing Research in Music Education (2 cr.)** P or C for MME Students: E518 Foundations of Music Education and E598 Practicum/Thesis Proposal in Music Education. Required of master's degree and certificate students in music education. An overview of research techniques in music education, culminating in a written literature review and topic proposal for a master's thesis or practicum for MME students or an action research plan for certificate students.

**MUS E521 The Children's Chorus (3 cr.)** Vocal and choral techniques, literature, and organizational practices appropriate to children's choral ensembles.

**MUS E522 Music in Early Childhood (3 cr.)** A survey of research literature in musical development and applications to the selection of materials and teaching methods for the preschool- and kindergarten-aged child.

**MUS E524 Exploratory Teaching in General Music K-12 (3 cr.)** For graduate students in music education who have teaching experience. Comprehensive study of the general music program, including new techniques, materials, and literature.

**MUS E527 Advanced Instrumental Methods (3 cr.)** Application of current teaching techniques to group

instrumental instruction. Designed for students with previous teaching experience.

**MUS E528 Advanced Choral Methods and Materials (3 cr.)** Advanced choral methods for the practicing teacher or advanced student. Literature survey for secondary school environment. Resources and methodology leading to a comprehensive choral curriculum.

**MUS E530 Learning Processes in Music (3 cr.)** Descriptive and prescriptive conditions of musical learning and development. Included are interdisciplinary studies of learning involving musical, psychological, physiological, cultural, and sociological factors.

**MUS E533 Research in Music Education (1-3 cr.)** P: consent of instructor. Independent research in music education.

**MUS E535 Measurement, Evaluation, and Guidance in Music (3 cr.)** Standardized tests, classroom or studio marking, auditioning, and adjudication; evaluation of aptitude in light of professional and educational criteria; and use of data in counseling.

**MUS E540 Topics in General Music (3 cr.)** For graduate students in music education with some teaching experience in general music. Topics include creativity, technology, and arts integration. Philosophies of music teaching, learning theories, curricular approaches, research, and classroom content, as they relate to teaching K-12 general music.

**MUS E545 Guided Professional Experiences (1-3 cr.)** P: Consent of instructor. Further development of professional skills in teaching, supervision, and administration by means of laboratory techniques and use of Jacobs School of Music facilities and resources. Evidence required of competency to carry out independent work.

**MUS E561 Special Topics in Choral Methods (1-3 cr.)**

**MUS E580 Methods and Materials for Teaching String Music (3 cr.)** String teaching materials, methods, and techniques for use with K-12 students. This course will cover the skills and knowledge that will enable students to successfully teach K-12 string classes from the beginning through advanced levels. Knowledge of various pedagogical approaches as well as practical application of those concepts in this course.

**MUS E581 Methods and Materials for Teaching Instrumental Jazz (3 cr.)** Instrumental jazz materials, methods, and techniques for teaching K-12 students. A short survey of jazz history, including seminal recordings, and an introduction to teaching improvisation will be included. A review of jazz research leading to a research paper and presentation.

**MUS E582 Methods and Materials for Teaching Vocal Jazz (3 cr.)** Strategies for teaching the basic principles of vocal jazz. Areas of study include historical perspective, landmark recordings, repertoire, improvisation, scat syllables, swing, accompaniment, amplification, auditioning, and sequence of instruction. No previous jazz experience necessary. A review of jazz research leading to a research paper and presentation.

**MUS E598 Practicum/Thesis Proposal in Music Education (0 cr.)** P: Consent of instructor. Enrollment

required prior to or concurrent with E520 Reading and Writing Research in Music Education. Development of practicum or thesis methodology and analysis procedures.

**MUS E616 Curriculum in Music Education (3 cr.)**

P: E518 Foundations of Music Education. Purpose, problems, development, and current trends in music curricular structures in elementary, secondary, and higher education.

**MUS E618 History, Curriculum, and Philosophy of Music Education (3 cr.)**

P: E518 Foundations of Music Education. This seminar critically examines the history of Western music education, issues related to curriculum design and development, and contemporary music education philosophical writings.

**MUS E619 Psychology of Music (3 cr.)** Functions of the musical mind; factors in the development of musical skills and maturity.

**MUS E625 Administration of Music in Higher Education (3 cr.)**

Administration problems, curricular content, securing of teaching personnel and equipment, planning of music buildings, and other duties attendant upon the administrator of a music department or school of music.

**MUS E631 Quantitative Research in Music Education (3 cr.)**

Nature of research and scientific method; application to problems of music research. Critique of research studies.

**MUS E632 Advanced Quantitative Research in Music Education (3 cr.)**

P: E631 Quantitative Research in Music Education. Problem definition; development of research design. Probability and sampling procedure. Techniques for the location, collection, quantification, and treatment of data. Research report required.

**MUS E635 College Music Teaching (3 cr.)** Theory of teaching; philosophic assumptions; aesthetic theories; approaches to education; implications for teaching music education, music history and literature, and music theory courses.

**MUS E640 Qualitative Research in Music Education (3 cr.)**

Basic sociological, anthropological, and historical backgrounds from which qualitative research in music education is drawn and the principal theories that govern qualitative research. Factors related to the design, collection of data, and analysis for field-based research. A hands-on approach to data collection and analysis strategies applied to research questions.

**MUS E645 Music Teacher Education (2 cr.)** Historical perspectives and current theory and practice in music teacher education including the structure and framework of public education, program evaluations, strategies for method classes, field experience, and student teaching. Investigation of current research in music teacher education.

**MUS E646 Seminar in String Research (3 cr.)** An overview of current topics in string research. A wide range of pedagogical topics examined through selected readings. Literature review of specific topics leading to a research paper and presentation.

**MUS E650 Music Education Research Colloquium (0 cr.)** Research presentations, poster presentations, and

lectures by graduate students, faculty, and guest lecturers. Required of doctoral students in music education each semester of full-time enrollment.

**MUS E658 Seminar in Music Education (2 cr.)**

Advanced professional study in the theory and practice of music education.

**MUS E660 Philosophical Research in Music Education (2 cr.)**

An examination of the methods used in philosophical research in music education, with a survey of major studies and trends of inquiry.

**MUS E661 Historical Research in Music Education (2 cr.)**

An examination of the methods used in historical research in music education, with a survey of major studies and trends of inquiry.

**MUS E662 Public Lecture in Music Education (0 cr.)**

P: Consent of instructor. A presentation made to the university community and submitted for consideration to an appropriate professional conference. The paper presented must be approved by a primary faculty supervisor and a second faculty reader. This course is eligible for deferred (R) grading.

**MUS E663 Public Research Lecture in Music Education (0 cr.)**

P: Consent of the instructor. A research presentation made to the university community and submitted for consideration to an appropriate professional conference. The paper presented must represent new, doctoral-level research and be approved by a primary faculty supervisor and a second faculty reader. This course is eligible for deferred (R) grading.

**MUS E665 Advanced Philosophical Research in Music Education (3 cr.)**

P: E660 Philosophical Research in Music Education. This course includes advanced and selected readings in the philosophy of music education intended to broaden and deepen students' grasp of this literature. Students will practice conducting philosophical research by undertaking a semester-long writing project.

## Music Education Master Class

**MUS I202 Master Class in Music Education for Student Teaching (1 cr.)**

C: EDUC M482 Student Teaching. Preparation and support for student teaching experience. Field project and portfolio completion. For music education students during the student teaching semester.

**MUS I502 Music Education Master Class for Student Teaching (0 cr.)**

C: EDUC M580 Internship in Music. Preparation and support for student teaching experience. Meets three times during the student teaching semester.

## School of Education

**EDUC K207 Practical Aspects of Disability Law for Music Teachers (1 cr.)** C: EDUC M342 Methods and Materials for Teaching Elementary Music and EDUC M301 Laboratory/Field Experience. Overview of disability law in the United States as it applies to K-12 pre-service teachers of students with disabilities.

**EDUC M101 Laboratory/Field Experience (0-3 cr.)**

Laboratory or field experience for freshman.

**EDUC M201 Laboratory/Field Experience (0-3 cr.)**

Laboratory or field experience.

**EDUC M301 Laboratory/Field Experience (0-3 cr.)**

Laboratory or field experience.

**EDUC M323 The Teaching of Music in the Elementary Schools (2 cr.)**

P: MUS E241 Introduction to Music Fundamentals. Not open to music majors. Fundamental procedures of teaching elementary school music, stressing music materials suitable for the first six grades.

**EDUC M342 Methods and Materials for Teaching Elementary Music (3 cr.)**

P: Admission to the Teacher Education Program and MUS E232 Inclusive Participatory Music Practices. C: EDUC K207 Practical Aspects of Disability Law for Music Teachers and EDUC M301 Laboratory/Field Experience. Detailed study of current teaching techniques for the elementary school music class; Dalcroze, Kodály, and Orff techniques; review of current textbooks and other materials; classroom recorder and guitar. A grade of C+ or higher is required.

**EDUC M343 Methods and Materials for Teaching Choral Music (3 cr.)**

P: Junior standing, admission to the Teacher Education Program, MUS E232 Inclusive Participatory Music Practices, and G370 Techniques for Conducting. C: EDUC M301 Laboratory/Field Experience. Organization and development of choral groups; voice production; rehearsal techniques; tone, diction, and phrasing; materials suitable for school choruses at secondary level. A grade of C+ or higher is required.

**EDUC M344 Methods and Materials for Teaching Instrumental Music (3 cr.)**

P: Junior standing, admission to the Teacher Education Program, and MUS E232 Inclusive Participatory Music Practices. C: EDUC M301 Laboratory/Field Experience. Teaching methods and materials; organization of the instrumental curriculum. A grade of C+ or higher is required.

**EDUC M434 Administration of School Bands (2 cr.)**

P: Senior standing and admission to the Teacher Education Program. Teaching, organization, and administration of school wind and percussion ensembles. A grade of C+ or higher is required.

**EDUC M436 Administration of School Orchestras (2 cr.)**

P: Senior standing and admission to the Teacher Education Program. Teaching, organization, and administration of school orchestras. A grade of C+ or higher is required.

**EDUC M482 Student Teaching: All Grades (16 cr.)**

P: Senior standing; successful completion of upper-division examination; 10 credit hours of instrumental techniques (where required); all required conducting, education, and music education courses; admission to the Teacher Education Program. A sixteen-week, full-time, continuous, and supervised experience.

**EDUC M580 Internship in Music (10 cr.)**

A nine-week, full-time, continuous, and supervised experience.

**EDUC P254 Educational Psychology for Teachers of All Grades (3 cr.)**

P: Senior standing and admission to the Teacher Education Program. The application of psychological concepts to school learning and teaching in the perspective of development during the preadolescent period. Special attention is devoted to the needs of the handicapped.

## Music Pedagogy

**MUS E130 Introduction to Music Learning (2 cr.)**

Introduction to the philosophy, sociology, and psychology of music. Survey of careers in music, including teaching (school and private), performing, scholarship, publishing, and technical fields. This course fulfills the pedagogy requirement for BM degrees.

**MUS E303 Violin/Viola Pedagogy I (2 cr.)**

Learning the skills to teach beginning violin or viola students through lectures, observation of private and group lessons, and teaching children under the supervision of the instructor. Paper on a topic from the course.

**MUS E304 Violin/Viola Pedagogy II (2 cr.)**

P: E303 Violin/Viola Pedagogy I. Learning to teach shifting, vibrato, and bow strokes, and exploring the repertoire of young violinists and violists. Course includes lectures, observation of private and group lessons, and teaching children under the supervision of the instructor. Paper on a topic from the course.

**MUS E306 Cello Pedagogy (2 cr.)**

Comparisons of cello methods and materials, study of right-hand and left-hand techniques, observation of teaching, and practical experience teaching private and class lessons. Paper on a topic from the course.

**MUS E312 Arranging for Instrumental and Vocal Groups (2 cr.)**

P: T252 Music Theory and Literature IV and T232 Musical Skills III or equivalent for all students, and F205 Introduction to Instrumental Techniques for BME Choral Teaching and General Music Teaching students. Scoring for orchestra, band, and chorus.

**MUS E315 Double Bass Pedagogy (2 cr.)**

Study of techniques, practitioners, and scope of double bass pedagogy from the 18th century to the present. Weekly discussion topics; two papers required.

**MUS E358 Guitar Ensemble Arranging (2 cr.)**

P: Major in Guitar or consent of instructor. Study of a diverse range of arranging techniques and concepts directly applied to the guitar. Students will start with basic two-part arrangements and progress towards the creation of scores displaying twelve to sixteen parts for beginner, intermediate, and advanced educational ensembles, as well as for commercial music.

**MUS E413 Harp Pedagogy (2 cr.)**

A survey of teaching materials and methods for the harp and texts on basic musicianship. Observation of private lessons and class instruction.

**MUS E414 Applied Harp Pedagogy (2 cr.)**

A supervised series of private and class harp lessons.

**MUS E459 Instrumental Pedagogy (1-3 cr.)**

P: Must be music undergraduate student. Pedagogy classes pertaining to individual instruments.

**MUS E470 Pedagogy of Jazz (2 cr.)**

P: O316 Jazz Arranging 1. For Jazz majors and minors only. Techniques and methods of teaching jazz studies, including the training of jazz bands. Intended for students who have successfully completed the upper-division examination.

**MUS E489 Organ Pedagogy (2 cr.)** An examination of pedagogical practices and methods relating to the instruction of organ students at all levels.

**MUS E490 Organ Pedagogy Practicum (1 cr.)** P: E489 Organ Pedagogy. The practical application of teaching applied organ with faculty mentorship.

**MUS E493 Piano Pedagogy (2 cr.)** Methods and materials for teaching individuals and classes of both children and adults. Two hours of demonstration and two hours of teaching each week. Intended for students who have successfully completed the upper-division examination.

**MUS E494 Vocal Pedagogy (3 cr.)** P: Four semesters of V400 or permission of instructor. Principles of voice production. Quality, diction, range, breathing, vocalization, dynamics, agility, and vocal hygiene as bases for an approach to voice teaching.

**MUS E503 Violin/Viola Pedagogy I (2 cr.)** Learning the skills to teach beginning violin or viola students through lectures, observation of private and group lessons, and teaching children under the supervision of the instructor. Paper on a topic from the course.

**MUS E504 Violin/Viola Pedagogy II (2 cr.)** P: E503 Violin/Viola Pedagogy I. Learning to teach shifting, vibrato, and bow strokes, and exploring the repertoire of young violinists and violists. Course includes lectures, observation of private and group lessons, and teaching children under the supervision of the instructor. Paper on a topic from the course.

**MUS E505 Violin/Viola Pedagogy III (2 cr.)** P: E504 Violin/Viola Pedagogy II. Extended work and independent projects in violin and viola pedagogy. Paper and lecture on a topic from the course.

**MUS E506 Cello Pedagogy (2 cr.)** Comparisons of cello methods and materials, study of right-hand and left-hand techniques, observation of teaching, and practical experience teaching private and class lessons. Paper on a topic from the course.

**MUS E507 Violin/Viola Pedagogy IV (2 cr.)** This course is intended as a pedagogical overview of intermediate to advanced violin and viola repertoire. A sequence of etudes and repertoire ranging from Suzuki Book Three to the major concertos will be examined. Observation of lessons and experience teaching this repertoire are foundational to this course.

**MUS E508 Euphonium Pedagogy (1 cr.)** This course is designed to acquaint graduate euphonium students with current methods and materials in teaching and their practical applications. Students will receive an introduction to the latest pedagogical methods, music teaching technology, and apps that aid in teaching lessons.

**MUS E509 Horn Pedagogy (1 cr.)** Observation of two private lessons per week taught by major teachers. Term paper required.

**MUS E510 Trumpet Pedagogy (1 cr.)** Observation of two private lessons per week taught by major teachers. Term paper required.

**MUS E511 Trombone Pedagogy (1 cr.)** Observation of two private lessons per week taught by major teachers. Term paper required.

**MUS E512 Tuba Pedagogy (1 cr.)** Observation of two private lessons per week taught by major teachers. Term paper required.

**MUS E513 Harp Pedagogy (2 cr.)** A survey of teaching materials and methods for the harp and texts on basic musicianship. Observation of private lessons and class instruction.

**MUS E514 Applied Harp Pedagogy (2 cr.)** A supervised series of private and class harp lessons.

**MUS E515 Double Bass Pedagogy (2 cr.)** Study of techniques, practitioners, and scope of double bass pedagogy from the 18th century to the present. Weekly discussion topics; two papers required.

**MUS E557 Band Arranging for Graduate Students (3 cr.)** P: Consent of instructor. Practical arranging of music for concert, marching, and pep bands. Transcriptions of appropriate selections from piano, organ, or orchestral literature.

**MUS E558 Guitar Ensemble Arranging (3 cr.)** P: Major in Guitar or consent of instructor. Study of a diverse range of arranging techniques and concepts directly applied to the guitar. Students will start with basic two-part arrangements and progress towards the creation of scores displaying twelve to sixteen parts for beginner, intermediate, and advanced educational ensembles, as well as for commercial music.

**MUS E559 Instrumental Pedagogy (1-3 cr.)** P: Graduate standing. Pedagogy classes pertaining to individual instruments.

**MUS E570 Pedagogy of Jazz (2 cr.)** Techniques and methods of teaching jazz studies.

**MUS E571 Kodály Concept I (3 cr.)** Methods, analysis, and solfege; materials and curriculum development. Primary.

**MUS E572 Kodály Concept II (3 cr.)** Methods, analysis, and solfege; materials and curriculum development. Intermediate.

**MUS E573 Kodály Concept III (3 cr.)** Methods, analysis, and solfege; materials and curriculum development. Advanced.

**MUS E589 Organ Pedagogy (2 cr.)** An examination of pedagogical practices and methods relating to the instruction of organ students at all levels.

**MUS E590 Organ Pedagogy Practicum (1 cr.)** P: E589 Organ Pedagogy. The practical application of teaching applied organ with faculty mentorship.

**MUS E594 Voice Pedagogy (3 cr.)** P: Voice major or consent of instructor. A study of the components of voice production--respiration, phonation, resonance, and articulation--along with practical methods to address voice classification, tonal quality, diction, registration, and other related topics. A major paper on a related subject and supervised teaching through assignment of students to members of the class will be required.

**MUS E671 Small Jazz Ensemble Pedagogy and Literature (3 cr.)** P: For DM Jazz Studies majors only. Pedagogy of teaching jazz rhythm sections, combos, and Latin Jazz. Analysis of historical and contemporary jazz and jazz-related styles in small jazz ensembles.

**MUS E672 Large Jazz Ensemble Pedagogy and Literature (3 cr.)** P: For DM Jazz Studies majors only. This course will give the student real-time experience observing and assisting university jazz ensemble instructors. Through assistance, observation, and discussion, the student will acquire a diverse set of skills enabling them to program, rehearse, conduct, and manage a large jazz ensemble of varying skill level.

**MUS E673 Pedagogy of Jazz Musicianship (3 cr.)** P: For DM Jazz Studies majors only. Methods and materials for teaching courses in jazz theory, ear training, piano, arranging, and improvisation.

**MUS E674 Pedagogy of Jazz History (3 cr.)** P: For DM Jazz Studies majors only. Students will develop the knowledge and ability to teach jazz history effectively in collegiate and non-collegiate settings. The course is designed to help students develop course design and resource lists (texts and media) and also to challenge the student to understand jazz history in the context of American and world history.

**MUS E694 Applied Voice Pedagogy (3 cr.)** P: E594 Voice Pedagogy or permission of instructor. A course intended to prepare doctoral students for positions in higher education. Class components will include preparation of such items as a curriculum vitae, philosophy of teaching, and personal website, as well as a major research paper and multimedia lecture.

**MUS E695 Voice Pedagogy: Research Foundations (3 cr.)** This class examines current knowledge of the singing voice based on research in anatomy, physiology, and acoustics with a focus on the study of voice science. Through readings as well as discussions and demonstrations in class, students learn theoretical concepts based in current scientific research regarding voice use.

**MUS E696 Voice Pedagogy: Practice (3 cr.)** P: E695 Voice Pedagogy: Research Foundations. This class provides a workshop environment for students to hone their teaching skills. The objective will be to apply the knowledge acquired in E695 Voice Pedagogy: Research Foundations regarding anatomy, physiology, and acoustics. Students will be guided in the development of a more research-based approach to voice training.

**MUS E697 Voice Pedagogy: Repertoire (3 cr.)** P: E695 Voice Pedagogy: Research Foundations. Repertoire is one of the main tools employed in voice training. Well-chosen repertoire aids in the technical development of the singer by helping to solidify concepts addressed in vocal exercises. Understanding principal components to consider when choosing music is paramount to ensuring the most effective and efficient skill acquisition.

## Accompanying, Chamber Music, Coaching, and Techniques

**MUS F200 Music Education Instrumental Laboratory (1 cr.)** C: F281 Brass Instrument Techniques or F337

Woodwinds Techniques. Preparing lessons, teaching, and conducting heterogeneous instrumental ensembles.

**MUS F205 Introduction to Instrumental Techniques (3 cr.)** Required for BME Choral Teaching and General Music Teaching students. Techniques and materials for beginning instrumental study.

**MUS F261 String Class Techniques (2 cr.)** Class instruction and teaching methods for violin, viola, cello, and double bass.

**MUS F281 Brass Instrument Techniques (2 cr.)** C: F200 Music Education Instrumental Laboratory. Class instruction and teaching methods for trumpet, horn, trombone, and tuba.

**MUS F300 Piano Accompanying (1 cr.)** Sight reading, transposing, and acquaintance with vocal and instrumental literature.

**MUS F325 Rhythm Section Methods (2 cr.)** Survey of basic rhythm section techniques in jazz styles such as swing, shuffle, rock, funk, bossa nova, samba, Afro-Cuban, and ballads. The course will focus on developing basic skills on each of the rhythm section instruments (piano, guitar, bass, and drums) and understanding the role of each instrument in the rhythm section.

Study and development of effective gesture and stylistically appropriate interpretations based on score and era. Will include baton technique and conducting of recitative. Major works and small forms from the choral and choral/orchestral literature will be conducted.

**MUS G537 Master's Choral Conducting: 20th Century to Today (2 cr.)** P: Major in choral conducting or permission of instructor. C: M537 Master's Seminar in Choral Literature: 20th Century to Today. Study and development of effective gesture and stylistically appropriate interpretations based on score and era. Mixed and asymmetrical meters and extended techniques will be included. Major works and small forms from the choral and choral/orchestral literature will be conducted.

**MUS G538 Choral Rehearsal Techniques (2 cr.)** P: Major in choral conducting or permission of instructor. The study of choral rehearsal techniques with an emphasis on appropriate sequencing, efficiency, and healthy vocal solutions to typical challenges. Topics will include rehearsal planning and structure, warm-ups, mechanics, voice care, and strategies to address intonation, rhythmic unity, coloratura, and vocal color.

**MUS G550 Conducting New Music (2 cr.)** P: Consent of instructor. Conducting technique, advanced rhythm, score study and preparation, and rehearsal planning and technique. Focused on issues specific to concert music since 1950. Includes rehearsal and classroom performance of selected works. Meets the conducting requirement for DM composition majors.

**MUS G555 Foundations in Choral Conducting (3 cr.)** P: Graduate standing in the Jacobs School of Music or permission of instructor. Techniques for the beginning choral conductor, including fundamentals of baton technique, rehearsal skills, choral sound development, and score preparation. Does not satisfy degree requirements for graduate choral conducting majors. May be used toward a doctoral minor in choral conducting.

**MUS G560 Graduate Choral Conducting (3 cr.)** P: One conducting class at the undergraduate level or G555 Foundations in Choral Conducting or permission of the instructor. Study and development of effective gesture and stylistically appropriate interpretations of repertoire from a variety of time periods. For students majoring in fields other than choral conducting. May be taken more than once.

**MUS G566 Interpretation and Conducting of Band Literature I (3 cr.)** P: Two semesters of undergraduate conducting or equivalent. Study of selected concert band literature up to and including grade V material, with an emphasis on original band compositions. Baton technique, score analysis, and rehearsal techniques.

**MUS G567 Interpretation and Conducting of Band Literature II (3 cr.)** P: Two semesters of undergraduate conducting or equivalent required. Study of selected wind literature at the most advanced levels for both small and large ensembles. Continued development of baton and rehearsal techniques and score preparation. Includes rehearsal and performance of selected works.

**MUS G570 Graduate Orchestral Conducting (3 cr.)** For graduate students majoring in fields other than orchestral conducting.

**MUS G571 Master's Advanced Orchestral Conducting (3 cr.)** P: Consent of instructor. Baton techniques and critical examination of scores; problems of rehearsal and interpretation. May be repeated for degree credit.

**MUS G579 Master's Advanced Wind Conducting (3 cr.)** P: Major in wind conducting and consent of instructor. Baton technique and critical analysis of scores; rehearsal and interpretive problems.

**MUS G585 Wind Band Score Study (3 cr.)** Study of the techniques of wind band repertoire score study, including score orientation, analysis, and marking procedures. Rehearsal techniques as appropriate for advanced concert wind band music.

**MUS G590 String Orchestral Literature (3 cr.)** An overview of all levels of string orchestra literature that could be used in a K-12 program. Emphasis will be placed on effective programming for string programs at various levels. Examination and analysis of representative string repertoire as well as rehearsal techniques appropriate for the range of levels and styles of music.

**MUS G661 Doctoral Choral Conducting: Renaissance to 1700 (3 cr.)** P: Major in choral conducting or permission of instructor. C: M661 Doctoral Seminar in Choral Literature: Renaissance to 1700. Contemporary repertoire will be taught and refined and students will gain confidence in this genre. Students will be able to apply their contemporary corrections to all their classical ballet practices.

**MUS J340 Ballet Pedagogy (2 cr.)** P: For ballet majors only. A current approach to the theory and practice of teaching classical ballet.

**MUS J400 Ballet Majors (2-6 cr.)** P: For ballet majors only. Daily technique classes, including pointe, for students in the BS and BSOF Ballet degree programs. Performance emphasis.

**MUS J410 Choreography Workshop (2 cr.)** P: For ballet majors only. A practical study of the craft of making dances using classical ballet technique.

**MUS J700 Ballet Graduate Elective (2 cr.)** Classical ballet technique class offered at a variety of levels. Course includes barre exercises and centre practice.

## Composition

**MUS K100 Composition Undergraduate Elective/Secondary (3 cr.)** P: Music Fundamentals Online or

T109 Rudiments of Music I with grade of C or higher. C: I301 Departmental Masterclass. Individual lessons in composition.

**MUS K101 Freshman Workshop in Composition (1 cr.)** P: Undergraduate major in Composition. C: K400 Composition Major. One-hour weekly meetings of all freshman K400 students consisting of short composition exercises, analyses, and critiques.

**MUS K133 Notation and Calligraphy (1 cr.)** P: Music Fundamentals Online or T109 Rudiments of Music I with grade of C or higher. Must be undergraduate composition major or minor. Notation and organization of music manuscripts.

**MUS K214 Instrumentation I (2 cr.)** P: Music Fundamentals Online or T109 Rudiments of Music I with grade of C or higher. Must be undergraduate composition major or minor. Ranges, tonal possibilities, technical limitations, and necessary transpositions for all orchestral and band instruments.

**MUS K215 Instrumentation II (2 cr.)** P: K214 Instrumentation I. Continuation of K214 including writing for combinations of instruments.

**MUS K231 Free Counterpoint I (2 cr.)** P: T132 Musical Skills I. Development of contrapuntal skills and techniques in two-, three-, and four-part textures.

**MUS K232 Free Counterpoint II (2 cr.)** P: K231 Free Counterpoint I. Continuation of K231.

**MUS K301 Composition Forum (1 cr.)** P: Undergraduate major in Composition. C: K400 Composition Major. A weekly meeting for most composition majors, providing an opportunity to interact with guest presenters consisting of JSoM composition faculty, JSoM performance faculty, other IU faculty, and external guest composers brought in mostly for New Music Ensemble concerts.

**MUS K302 Projects in Music Scoring for Visual Media (1-3 cr.)** P: Junior or senior standing and permission of instructor. Collaborative project combining music and visual media. May be repeated.

**MUS K361 Introduction to MIDI and Computer Music (3 cr.)** P: Must be music undergraduate student. Basics of the Musical Instrument Digital Interface (MIDI) system, its software, and the instruments commonly used with desktop MIDI workstations (synthesizers, digital samplers). MIDI sequencing, digital audio editing, and principles of digital syntheses. The course is intended for those with little prior technical training.

**MUS K362 Computer Music: Design/Perform (3 cr.)** P: K361 Introduction to MIDI and Computer Music or equivalent experience and permission of instructor. Projects in fixed-media computer music composition (with and without video) and live electronic music performance. Field recording, audio editing, sampling, effects processing, mixing, mastering, video synchronization, methods of synthesis, virtual instrument design, real-time hardware control of audio, live video processing.

**MUS K400 Composition Major (3 cr.)** P: Must be music undergraduate student. Individual lessons in composition.

**MUS K403 Electronic Studio Resources I (3 cr.)** P: Consent of instructor. An introduction to the computer

music studio, techniques of digital recording and editing, analog and FM synthesis, MIDI sequencing, and a comprehensive study of the literature and styles of the classic tape studios.

**MUS K404 Electronic Studio Resources II (3 cr.)**

P: K403 Electronic Studio Resources I. Study of advanced synthesis techniques, digital sampling, video synchronization, and multimedia applications.

**MUS K406 Projects in Electronic Music (1-3 cr.)**

P: K404 Electronic Studio Resources II. Compositional projects in electronic music. May be repeated.

**MUS K450 Topics in Music Composition (1-3 cr.)**

Variable topics in music composition. May be repeated.

**MUS K451 Advanced Orchestration I (2 cr.)**

P: K215 Instrumentation II. Practical orchestration in all its applications.

**MUS K452 Advanced Orchestration II (2 cr.)**

P: K451 Advanced Orchestration I. Practical orchestration in all its applications.

**MUS K455 Topics in Music Scoring for Visual Media (1-3 cr.)**

P: Permission of instructor, demonstrated background in MIDI and composition, and junior standing. Specialized techniques course developing students' skills in music scoring for visual media. May be repeated for different topics.

**MUS K501 Composition Forum (1 cr.)**

P: Graduate major in music. C: K810 Composition Graduate Minor or K910 Composition Graduate Major. A weekly meeting principally for most composition majors (though all graduate music majors may enroll), providing an opportunity to interact with guest presenters consisting of JSOM composition faculty, JSOM performance faculty, other IU faculty, and external guest composers brought in mostly for New Music Ensemble concerts.

**MUS K502 Projects in Music Scoring for Visual Media (1-3 cr.)**

P: Permission of instructor. Collaborative project combining music and visual media. May be repeated.

**MUS K503 Electronic Studio Resources I (3 cr.)**

P: Consent of instructor. An introduction to the computer music studio, techniques of digital recording and editing, analog and FM synthesis, MIDI sequencing, and a comprehensive study of the literature and styles of the classic tape studios.

**MUS K504 Electronic Studio Resources II (3 cr.)**

P: K503 Electronic Studio Resources I. Study of advanced synthesis techniques, digital sampling, video synchronization, and multimedia applications.

**MUS K506 Projects in Electronic Music (2-3 cr.)**

P: K504 Electronic Studio Resources II. Advanced projects in electroacoustic composition. May be repeated.

**MUS K509 Seminar in Computer Music (3 cr.)**

P: K504 Electronic Studio Resources II or permission of instructor. Study of advanced topics in computer music, including direct digital synthesis, acoustic research, and interactive composition.

**MUS K550 Topics in Music Composition (1-3 cr.)**

Variable topics in music composition. May be repeated.

**MUS K551 Advanced Orchestration (2 cr.)**

P: K215 Instrumentation II or equivalent, or permission of instructor. Practical orchestration in all its applications.

**MUS K555 Topics in Music Scoring for Visual Media (1-3 cr.)**

P: Permission of instructor. Specialized techniques course developing students' skills in music scoring for visual media. May be repeated for different topics.

**MUS K702 Doctoral Composition Document I (0 cr.)**

Movement of chamber music written during a week-long examination period. This course is eligible for deferred (R) grading.

**MUS K703 Doctoral Composition Document II (0 cr.)**

Setting of a given text during a 24-hour period. This course is eligible for deferred (R) grading.

**MUS K710 Composition Graduate Elective (2-4 cr.)**

Individual lessons in composition.

**MUS K810 Composition Graduate Minor (2-4 cr.)**

Individual lessons in composition.

**MUS K910 Composition Graduate Major (2-6 cr.)**

Individual lessons in composition.

## Musicology and Music History

**MUS M400 Undergraduate Readings in Musicology (1-6 cr.)**

**MUS M401 History and Literature of Music I (4 cr.)**

**MUS Z103 Special Topics in Music for Nonmajors (1-3 cr.)**

**MUS Z110 Non-Music Major Performance Elective (2 cr.)** For undergraduate students.

**MUS Z111 Introduction to Music Theory (3 cr.)** A study of fundamentals of the language and notation of music: listening, music reading and writing, and the elements of music as used in a variety of genres and historical periods.

**MUS Z112 Introduction to Musical Skills (1-3 cr.)** P: Z111 or equivalent. Introduction to sight singing, rhythm reading, and keyboard skills.

**MUS Z120 Music in Multimedia (3 cr.)** Overview of multimedia elements for interactive environments and linear media. Introduction to digital media including animation, audio, video, and images. Audio techniques including sound synchronization with cue points, loops,

digital signal processing effects, mixing, and conversions using a waveform editor.

**MUS Z130 Musical Performance Contexts (3 cr.)** An introduction to music listening through weekly in-class performances. Students have an opportunity to interact with instrumentalists, singers, dancers, choreographers, conductors, and composers. Additional study of historical and musical contexts for the performances seen during class. Musical styles include classical, rock, jazz, and world music. Credit given for only one of Z100 The Live Musical Performance and Z130.

**MUS Z161 Steel Drumming (2 cr.)** Techniques of execution and musical interpretation of music for the steel drums.

**MUS Z162 Hand Drumming (2 cr.)** Techniques of execution and idiomatic rhythms of international styles of hand drumming.

**MUS Z165 Beginning Ukulele (2 cr.)** This is an introductory course intended for students with little or no experience in playing the ukulele. The course focuses on the principle of performance and the relevant literature for the instrument. Although this course is designed for personal fulfillment, it is recommended that the students practice 20 to 30 minutes a day for establishing appropriate instrumental confidence.

**MUS Z171 Opera Theater (3 cr.)** This course explores the world of opera by means of the study of individual works, their composers, librettists, and singers. Students will discover the passion and drama of the operatic stage through videos, guest artists, and activities such as backstage tours and observations of rehearsals.

**MUS Z175 Intermediate Ukulele (2 cr.)** For students already familiar with the instrument who are looking to expand their playing skills and theoretical knowledge related to harmonic and melodic collaboration, improvisation, and song writing.

**MUS Z190 Jazz for Listeners (3 cr.)** An examination of the components of jazz, how to listen to jazz, and how to relate jazz to the social/cultural environment in which it was created. Class lectures/discussions enhanced with live performances and videos of major artists such as Louis Armstrong, Charlie Parker, Miles Davis, and John Coltrane.

**MUS Z200 History of the Blues (3 cr.)** Tells the story of the blues through the music of more than 200 artists. Styles studied include Classic Blues, Country Blues, Piedmont Blues, Holy Blues, White Blues, City Blues, Rhythm & Blues, Post-WWII Country Blues, Chicago Blues, Urban Blues, Swamp Blues, British Blues, and Blues Rock.

**MUS Z201 History of Rock 'n' Roll Music I (3 cr.)** Roots of Rock to the British Invasion.

**MUS Z202 History of Rock 'n' Roll Music II (3 cr.)** The Sixties. Survey of the major trends, styles, and genres of rock music, focusing on artists and groups with the most enduring significance and on the major social issues of their times.

**MUS Z203 History of Rock 'n' Roll Music III (3 cr.)** A lecture-oriented course that covers the history of rock 'n' roll in the 1970s and 1980s. The post-Sgt. Pepper

“splintering” of rock and ensuing style changes are highlighted.

**MUS Z204 Women Musicians (3 cr.)** This course explores the powerful roles women have played in both Western classical and popular music, from the medieval abbess Hildegard of Bingen through Beyoncé and Miley Cyrus. It considers why women's contributions were ignored in the past, and identifies contributions women have made as composers, performers, patrons, and consumers.

**MUS Z205 The History of Music Production (3 cr.)** Since 1860, humans have become obsessed with audio recordings. Music producers such as Delia Derbyshire, Berry Gordy, Phil Spector, George Martin, Dr. Dre, and Silvia Massy have shaped the way we hear music. In this course we investigate the impact that recorded music has on culture, politics, and emotions.

**MUS Z208 History of Punk Rock (3 cr.)** Punk rock is rock taken to its most ferocious conclusion. In this class we investigate what happens when musicians choose the guitar as a weapon against boredom and rigged systems. We see the elements of minimalism, politics, and cynicism form one of the most influential musical movements of modern times.

**MUS Z211 Music Theory II (3 cr.)** Overview of part writing, musical form, harmonic analysis, and modulation. Z111 Introduction to Music Theory (or equivalent) strongly recommended as a prerequisite.

**MUS Z212 Musical Skills II (1 cr.)** P: Z112 Introduction to Musical Skills or consent of instructor. Continuation of sight singing and dictation skills. Rhythmic, melodic, and harmonic materials. Previous or concurrent registration in Z211 Music Theory II is recommended.

**MUS Z213 Latin American and Latino Popular Music and Culture (3 cr.)** An introduction to Latin American and Latino popular music genres, their historical and cultural contexts, and their impact in the United States. For non-music majors only. Activities outside class may be scheduled.

**MUS Z224 Music and Culture in the James Bond Franchise (3 cr.)** A survey of music in the James Bond franchise, exploring the role of pop music in cinema, and interpreting the contribution of music to the shifting cultural identity of Bond media. This course will have significant viewing and listening components, two unit examinations and a final, and an in-class presentation.

**MUS Z250 Choral Masterworks (3 cr.)** Introduction to the masterpieces of choral music through examination of musical, historical, and cultural contexts. Study of selected oratorios, masses, requiems, passions, choral symphonies, choral music outside the Western art tradition, and music for glee clubs, show choirs, and vocal jazz groups. Class lectures/discussions enhanced with live performances.

**MUS Z260 Music in American Society (3 cr.)** Music in the United States: its history and place in society from the earliest musical activities to some of its many present incarnations. Native American music; sacred and secular music in the New World to c.1800; music in the church, home, and concert hall in the nineteenth century; African

American music; and various twentieth-century traditional popular and classical genres and styles.

**MUS Z261 Music and Community Engagement I (3 cr.)**

An introduction to concepts and practices that connect music to communities. The course focuses on community engagement practices and ways in which music impacts lives. Areas covered include: social role of the arts in society; professional and amateur involvement, and the role of cultural organizations in connecting music to communities.

**MUS Z262 Music and Community Engagement II (3 cr.)**

This course includes hands-on experience in a community-based practicum that emphasizes cross-sector engagement with entities such as Chambers of Commerce, neighborhood associations, healthcare and social service providers, and government/public sector organizations. Students will learn how to support community arts organizations, advocate for funding, build audiences, and provide music to communities.

**MUS Z264 Music and Videogames (3 cr.)**

An introduction to videogame music with analysis of its musical elements. The class will listen to and watch videogames and discuss scholarly viewpoints on videogame music. Connections to popular and other musics will be covered. The musical content of videogames will be discussed objectively. No prior musical knowledge is required.

**MUS Z265 American Country Music (3 cr.)** A listening-based survey of American country music from the 1920s to the present. Various musical styles and contributions of country music artists. Also considered are topics such as country music and race, politics, religion, and working-class culture.

**MUS Z270 Music of War and Peace (3 cr.)** Examination of the musical output of composers who were (or are) committed to memorializing and protesting war and calling for peace. Importance of music on this topic throughout western history, with emphasis on the 20th and 21st centuries, including classical and popular music traditions.

**MUS Z280 Music of the Silk Road (3 cr.)** Historical and current authentic music traditions of the Silk Road and their impact on music of today. The Silk Road was the network of trade routes that connected East Asia to the Mediterranean for almost 2000 years and was a source of important cultural exchanges between the East and the West.

**MUS Z281 East-West Encounters in Music (3 cr.)**

Examination of interaction and communication between two cultural realms conditionally defined as East (Middle East/Central Asia) and West (Europe/US). The class looks in both Eastern and Western directions and explores hybridity of styles and genres in both domains and the impact of each area on the other.

**MUS Z282 Music of Russia (3 cr.)** An introduction to Russian music, presenting an overview of its principal genres and styles, as well as of the major Russian composers and their musical works. Repertoire will include examples from composed music, folk music, sacred music, rock, pop music, and jazz.

**MUS Z283 Popular Music of Europe and Asia (3 cr.)**

This class introduces the styles and genres of popular

music in Europe and Asia in relation to their cultural, historical, and geographic origins. It discusses the impact of American pop music while focusing on the unique forms of popular music that are based on the re-imagination of local music traditions.

**MUS Z284 Music in Global Cinema (3 cr.)**

An introduction to the use of music in a wide variety of global films. Basic concepts of film music analysis and study of films organized by geographical units (India, East Asia, Africa, Latin America, Iran), including a unit on political film and music documentaries. Introduction to the soundtrack of each film and its roots in musical culture. Emphasis on writing assignments and in-class presentations.

**MUS Z288 Videogame Music in World Cultures (3 cr.)**

Students will apply music appreciation paradigms to videogame music stemming from cultures around the world. Imperialism, colonization, and economic factors are all observable in the convergent media of videogames and will be covered. Informed by diverse perspectives, students will engage with problems in media such as representation and appropriation.

**MUS Z290 Remixing (3 cr.)**

Project-based course focused on both compositional and audio production skills. Includes discussion of concepts, techniques, and legal issues shaping current remixing culture.

**MUS Z291 Producing Electronic Dance Music (3 cr.)**

Production-centered course focused on techniques for composing, recording, and mixing electronic dance music tracks.

**MUS Z311 Music Theory III (3 cr.)** P: Z211 Music Theory II or consent of instructor. Overview of modulation and chromatic harmony.

**MUS Z313 Legal Aspects of the Music Industry (3 cr.)**

An introduction to the legal issues affecting the recording, performing arts, and music publishing fields. Areas covered in the course include music rights and licensing, recording contracts, nonprofit governance, performing arts unions and guilds, and technology and music law. For non-music majors only.

**MUS Z315 Music for Film (3 cr.)** A stylistic and analytic survey of music for moving pictures, concentrating on American and English narrative films.

**MUS Z320 Advanced Special Topics in Music for Nonmajors (1-3 cr.)**

**MUS Z340 Introduction to Music Business (3 cr.)** An introduction to the business aspects of the music industry. Recording companies, artists, and contracts; music production; copyright, licensing, and publishing; booking agents, promotions, live performances, and performing arts organizations.

**MUS Z361 Introduction to MIDI and Computer**

**Music (3 cr.)** Basics of the Musical Instrument Digital Interface (MIDI) system, its software, and the instruments commonly used with desktop MIDI workstations (synthesizers, digital samplers). MIDI sequencing, digital audio editing, and principles of digital syntheses. The course is intended for those with little prior technical training. For non-music majors only.

**MUS Z362 Computer Music: Design/Perform (3 cr.)**

P: Z361 Introduction to MIDI and Computer Music or

equivalent experience and permission of instructor. Projects in fixed-media computer music composition (with and without video) and live electronic music performance. Field recording, audio editing, sampling, effects processing, mixing, mastering, video synchronization, methods of synthesis, virtual instrument design, real-time hardware control of audio, live video processing. For non-music majors only.

**MUS Z373 The American Musical (3 cr.)** The origins of the American musical, its societal impact, and its development from vaudeville and European operetta to the rock musicals of today.

**MUS Z393 History of Jazz (3 cr.)** This course is an exploration of the history of jazz with an examination of its roots, important genres and styles, historic recordings, key figures, and related materials. For non-music majors only.

**MUS Z394 Survey of African American Music (3 cr.)** A chronological survey of sacred and secular African American musical traditions in North America from the African past to the present. Emphasis placed on context for evolution, musical processes and aesthetics, inter-relationships among genres and musical change, issues of gender, and music as resistance.

**MUS Z395 Contemporary Jazz and Soul Music (3 cr.)** A survey of contemporary jazz and soul (rhythm and blues) music and musicians in the United States beginning with the 1950s. The course includes an examination of major genres, pioneering figures, key recordings, stylistic influences, and racial ideology. For non-music majors only.

**MUS Z401 The Music of the Beatles (3 cr.)** An in-depth, song-by-song look at the music, lives, and times of the Beatles. The course focuses on the music and is aimed at heightening student listening skills as well as fostering a deeper appreciation for the Beatles' recordings.

**MUS Z402 Music of Frank Zappa (3 cr.)** A detailed survey of the musical career of rock's most avant-garde composer. Traces Zappa's creative output from his early days through his solo projects, his "big band" period, his orchestral productions, and finally his groundbreaking work with the Synclavier. All of Zappa's commercially released albums are discussed.

**MUS Z403 Music of Jimi Hendrix (3 cr.)** A detailed look at the life, music, and career of rock music's best and most influential guitarist. Audio and video performances document the meteoric rise of Hendrix from obscurity to master musician before his untimely death.

**MUS Z404 The Music of Bob Dylan (3 cr.)** A detailed examination of Bob Dylan's songs and career. The course traces Dylan's many incarnations and reinventions from his early days as a folk-protest singer and pop icon to his role as elder statesman and Poet Laureate of popular music.

**MUS Z405 The Music of the Beach Boys (3 cr.)** A detailed examination of songs, recordings, and live performances of the Beach Boys from their first single "Surfin'" to the 2012 50th anniversary tour and album. Special attention to studio creations Pet Sounds and Smile. Also covered is the solo career of the band's primary songwriter and producer Brian Wilson.

**MUS Z406 Leonard Bernstein: Life and Music (3 cr.)** Leonard Bernstein is possibly the most important American composer of the 20th century, and his significance today might be greater than it was while he was living. This course focuses on his multifaceted legacy, including not only his compositions but also his role as conductor, pianist, educator, and social activist.

**MUS Z411 Music Theory IV (3 cr.)** P: Z311 Music Theory III or consent of instructor. Further study of modulation techniques and advanced chromatic harmony. Overview of atonal and serial techniques as well as music of the twentieth century.

**MUS Z415 Connections: Music, Art, Literature (3 cr.)** Interrelationships among the arts of various cultures, learning how they influence each other and are in turn influenced by the culture and temper of the times they reflect. Includes a survey of major styles from the Renaissance to the present, with emphasis on the twentieth and twenty-first centuries.

**MUS Z710 Non-Music Major Performance Elective (2-4 cr.)** For graduate students.

## Regulations and Procedures

### Academic Regulations

#### Academic and Professional Conduct

All students at Indiana University are responsible for knowing the rules governing academic and personal conduct in the Indiana University Code of Student Rights, Responsibilities, and Conduct. Code procedures for the Bloomington campus are available at <https://studentcode.iu.edu/>. The Indiana University Plagiarism Tutorials and Tests website (<https://plagiarism.iu.edu/index.html>) is a helpful resource for those looking for clarification about these expectations.

Each student is expected to adhere to high professional, ethical, and academic standards, and the Jacobs School of Music may dismiss from its programs any student who fails to do so. In general, it is assumed that all academic work is a student's original work. Collaboration is sometimes permitted for certain assignments in some courses. Students should always make certain that they understand what an instructor expects for a particular assignment. It is also assumed that material borrowed or quoted from other sources (including books, articles, online sources, etc.) will be acknowledged and cited.

The penalties for academic and personal misconduct are severe and can include dismissal from the university. Students with questions about the rules and the disciplinary procedures for the Bloomington campus are welcome to ask the directors of undergraduate or graduate studies.

#### Change of Degree Requirements

Each student is subject to the music degree requirements outlined in the Jacobs School of Music Bulletin for the year in which they matriculate. When new requirements are introduced after a student has matriculated, the student may elect to observe either the requirements in force at the date of matriculation or those most recently established by the Jacobs School of Music.

## Grades

The official grading system of Indiana University is as follows:

A+ or A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7
F	0.0

## Addition of Courses

Students may not add a course after the normal schedule adjustment period of a semester unless the instructor and department chairperson of the course give signed approval and the course addition is approved by the dean of the school in which the student is enrolled. Permission to add a course after the end of a semester will be given only in extraordinary circumstances and in no case more than four weeks after the end of the semester.

## FNN and FN Grades

The grade of FNN is given to students who have never attended. The grade of FN is given to students who stopped attending, to distinguish the grade from the F awarded for poor performance. The instructor must provide on the electronic grade roster the last date of documented class attendance or participation when awarding the FN grade.

## Withdrawal from Courses

Withdrawals made before the end of the first week of classes will not appear on a student's permanent internal record. After the first week of classes and until the university automatic W deadline, withdrawals are automatically marked W. After the automatic W deadline, withdrawal is permitted only if the instructor and dean of the student's school approve the request on the basis of urgent, documented reasons relating to the student's health or equivalent distress. The desire to avoid a low grade is not an acceptable reason for withdrawal from a course. If a student withdraws with the consent of the instructor and the dean, the grade in the course shall be W if the work is passing and F if the work is not passing. The grade will be recorded on the date of withdrawal. Failure to complete a course without an authorized withdrawal will result in the grade of FNN or FN.

## Incompletes and Deferred Grades

If a student is not in attendance during the last two or three weeks of a semester, the instructor may report a grade of I. An I should be assigned to a student who, in the judgment of the instructor, has performed at a satisfactory level during a majority of the course but has not completed all the required work by the end of the term due to hardship or other good cause that the instructor deems would make it unjust to penalize that student for not completing the required work on time. In cases not

meeting the above criteria, the instructor shall record a grade of FN.

In addition, a student may not enroll in a course in which the student has received a grade of Incomplete. However, a student with a grade of Incomplete in performance, chamber music, ensemble, or variable topics courses may enroll again in the same course if additional credits are needed or desired. All work required in these additional enrollments is separate from any work required to remove the grade of I.

It is the responsibility of the student who has incurred the grade of Incomplete in any course to fulfill the requirements of that course by the date established by the instructor, which must be no later than one calendar year from the date on which the Incomplete is recorded. The student is expected to complete all necessary work in time for the instructor to assign a regular grade before the expiration of this time period. If this is impossible because of circumstances clearly beyond the student's control, it is the student's responsibility to petition the instructor for an extension of time. Every Incomplete is changed to F at the end of one year unless a grade is assigned during that year.

The grade of R is used in courses such as research courses and recitals in which completion of the work of the course is not necessarily required at the end of the semester.

## Pass/Fail Option

Under certain circumstances an undergraduate student in good standing (not on probation) may enroll in up to eight elective courses to be taken with a grade of P (Pass) or F (Fail) during the four years of the undergraduate program. A student may take two courses per academic year on the Pass/Fail option. An academic year begins with the first day of the fall semester and ends with the last day of the summer term.

If a student elects the Pass/Fail option in a course, the Office of the Registrar will convert the final grade to either P (grade of A, B, C, or D) or F (grade of F). The grade of P indicates satisfactory work in fulfillment of degree requirements, but it is not computed in the grade point average. The grade of F is included in determining grade point averages.

No courses fulfilling general education requirements or with a MUS or an EDUC prefix can be taken on a Pass/Fail basis by music majors. Students may use Pass/Fail courses only as free electives; they may not use Pass/Fail courses to meet stated degree requirements. Once the Pass/Fail option request has been processed, the decision cannot be reversed. The deadline for filing Pass/Fail option requests is the end of the fourth week of the semester or two weeks into a summer course. The Pass/Fail option is not available to graduate or diploma students.

## Extended-X Policy

Undergraduate students may petition for a grade substitution under the Extended-X policy. Undergraduate students may retake a course for which they received a grade below an A. A student may exercise this option for no more than three courses, totaling no more than 10 credit hours. A student may use this option only

once for a given course. The student's transcript shall record both grades. For the course retaken, only the second grade shall be counted in the determination of the student's grade point average (GPA). In the Jacobs School of Music, performance study at the 400 level, masterclass (I300/I301), and major ensemble (see list of Major Ensembles in the "Courses" section of this bulletin) are ineligible for this type of grade petition.

## Change of Grade and Grade Appeal

No grade may be changed after six calendar months from the date of the last day of final examinations. Grade appeals in the Jacobs School of Music are considered by the Academic Fairness Committee; there is no further appeal outside the School. A student must submit a grade appeal in writing to the Associate Dean for Instruction no later than four weeks after the grade is awarded.

## Absences

Illness is usually the only acceptable excuse for absence from class. It is the student's responsibility to inform their instructor, in writing and in advance when possible, of any absences. A student's excessive absence may be reported by the instructor to the director of undergraduate or graduate studies.

A student who misses a final examination and who has a passing grade up to that time may be given a grade of Incomplete if the instructor has reason to believe that the absence was beyond the student's control.

Every effort is made to avoid time conflicts between Jacobs School of Music classes and performances. However, if a student is required to participate in performances or other activities officially sponsored by the Jacobs School of Music that coincide with classes or examinations within the school, the instructors involved will be informed in advance and asked to make some accommodation for the student. Consideration for professional opportunities not sponsored by the Jacobs School of Music is at the sole discretion of the instructor.

## Military Leaves

Requests for leaves because of military service should be handled in accordance with IU's Military Withdrawal Policy: <https://policies.iu.edu/policies/uss-02-military-withdrawal/index.html>.

## Minimum and Maximum Semester Load

### Undergraduate Students

Undergraduate tuition is banded, meaning that students may enroll in a total of 40 credits across the fall and spring semester, plus 2 credits of ensemble per semester for music students under the undergraduate tuition flat fee. Undergraduates in the Jacobs School of Music are not permitted to enroll in fewer than 14 credit hours or more than 22 credit hours during the fall and spring semesters (more than 10 during the summer term), including major ensemble (2 credit hours), except with special permission from the director of undergraduate studies. A student in good standing may petition the director of undergraduate studies to enroll in more than 22 credit hours. Any student taking a music performance course during a fall or spring semester or a summer term must enroll for at least two hours of credit in that performance course.

Students in their final semester of enrollment may be permitted to enroll in fewer than 14 credit hours, which must include a major ensemble (2 credit hours). Students should consult other offices in the Jacobs School of Music and the university to determine the effect of part-time enrollment on financial aid, international student status, insurance, and other issues.

### Graduate Students

In the fall or spring semester, graduate degree students must enroll in a minimum of 8 credit hours, and diploma students and visiting students must enroll in a minimum of 10 credit hours (including major ensemble). With the prior approval of the director of graduate studies, part-time enrollment in one or more academic course(s) is permitted for master's and doctoral students for a maximum of two semesters before the last semester of the degree. Part-time master's students may enroll for a maximum of 5 credit hours, and part-time doctoral students for a maximum of 7 credit hours. Part-time enrollment may not include performance (individual studio) study or chamber music and is not available for diploma or visiting students. Part-time students will not be required to enroll in major ensemble. Financial aid is not available to part-time students.

Master's students who are in their final semester of coursework and have fewer than 6 credit hours of required coursework remaining may register for just those credit hours, plus 2 credit hours of major ensemble if required for the degree. In that final semester, registration in fewer than 8 credit hours is not possible if the final requirement includes performance (individual studio) study. Master's students who register in performance study must enroll in a minimum of 8 credit hours in that semester. Doctoral students who are in or past their final semester of required coursework may enroll in fewer than 8 credit hours. Students should consult other offices in the Jacobs School of Music and the university to determine the effect of part-time enrollment on financial aid, international student status, insurance, and other issues.

### Certificate Students

Certificate students completing a certificate in addition to a degree must follow the minimum/maximum load requirements for their degree. Students enrolled only in a certificate will follow the load requirements specified for that certificate.

## Application for Degrees or Diplomas

All candidates for degrees or diplomas (except for the MA and PhD, which are applied for through the University Graduate School) must complete an application for program completion no later than the third week of the semester in which they expect to graduate. Consult with the music undergraduate and graduate offices for appropriate forms and procedures.

## Audit Policy

The Jacobs School of Music of Indiana University has a long tradition of openness in its performing and academic activities. Students and visitors to the campus may benefit from opportunities to attend lectures, rehearsals, lessons, or other activities. These activities may range from informal observation for a limited number of sessions to the types of activities described below.

Permission to observe classes informally is at the discretion of the instructor of record or course coordinator. Limitations in seating capacity may make it impossible to include auditors or observers. Permission to audit formally (i.e., with registration and fees) is primarily the responsibility of the instructor of record or course coordinator, but is subject to the following regulations:

1. Students may not register as auditors for any class that involves class participation. This includes classes in written theory, sight singing, ear training and keyboard, instrumental techniques, ballet, and others. To determine if a class falls under this provision, the student should consult the chair of the department in which the class is given.
2. Students may register as auditors for music performance classes (applied music), but they will not be counted as part of the faculty load, and they will not perform themselves. To observe or audit a lesson, students must have permission not only from the instructor of record or course coordinator, but also from the student whose lesson is being heard.
3. Formal auditing or informal observation of classes is not intended as preparation for exemption or proficiency tests. Permission to observe or audit a class may be denied by the instructor of record or course coordinator on this basis.
4. Music majors may not audit graduate review courses in music theory or M501 Proseminar in Music History and Literature.
5. Official audit status for a class requires the approval of the instructor of record. During the first week of classes, the student should obtain written approval from the instructor of record. This approval will need to be taken to the Registrar's Office so that they can add the class to the student's schedule as an auditor. There is a fee of \$25/credit hour. Additional fees may apply.
6. No class that has been officially audited may be used towards degree credit of any kind in the Jacobs School of Music unless (a) the student passes a validation examination and any other requirements of the course under the supervision of the professor teaching the course, (b) the student has met any prerequisites for the course (to be verified by the approving faculty member), and (c) the student pays full tuition for the course.

## Credit by Examination or Prior Learning

Students who can demonstrate knowledge or skills in the area of specific undergraduate courses may receive credit by examination.

The Jacobs School of Music awards no undergraduate or graduate credit hours for prior learning experiences.

## Students with Disabilities

Students with a learning disability, hearing impairment, speech impairment, chronic medical condition, or any other disability that may affect their ability to fulfill a requirement of the Jacobs School of Music should contact Disability Services for Students (DSS) (<https://studentaffairs.indiana.edu/disability-services-students/index.shtml>) at (812) 855-7578. Requirements will not be waived for students with disabilities; however,

some accommodations can be made within specific courses after documentation is received from DSS. Accommodations may not be made retroactively.

## Academic Standing - Undergraduate

Students are in good standing in the Jacobs School of Music if they are admitted to a music degree, if they are making satisfactory progress toward that degree, and if they are not on academic probation.

### Academic Warning, Academic Probation, and Dismissal

An undergraduate student will receive an **academic warning** after any semester in which

1. the student does not achieve a satisfactory grade in a music theory or music history course (D- or minimum required grade), or
2. the student fails to achieve a satisfactory grade or does not enroll in any required secondary piano course.

An undergraduate student will be placed on **academic probation** after any semester in which

1. the student's semester or cumulative GPA falls below 2.0; or
2. the student receives a grade of F or does not enroll in a major ensemble; or
3. the student receives a grade of F or does not enroll in the major area of study; or
4. the student receives an unsatisfactory grade (below D- or below minimum required grade) in a core course for the second time; or
5. the student receives unsatisfactory grades (below D- or below minimum required grade) in two or more music courses in one semester.

A student who has had two consecutive semesters of academic problems may also be placed on academic probation at the recommendation of the director of undergraduate studies. To be removed from academic probation, a student must meet the terms specified by the Jacobs School of Music. Students on academic probation are not eligible for financial aid from the Jacobs School of Music.

An undergraduate student will be subject to **dismissal** from the school when

1. the student's semester GPA falls below 1.0; or
2. the student does not fulfill the terms of academic probation; or
3. the student engages in an act of academic, personal, or professional misconduct; or
4. the student, in the judgment of the director of undergraduate studies, fails to make satisfactory progress toward the degree.

The Jacobs School of Music Administrative Committee considers petitions for readmission from students who have been dismissed.

## Class Standing

Class standing is based on the number of credit hours successfully completed: freshman, fewer than 27 credit hours; sophomore, 27 to 55 credit hours; junior, 56 to 85 credit hours; and senior, 86 or more credit hours.

## Academic Standing - Graduate and Diploma

Students are in good standing in the Jacobs School of Music if they are admitted to a music degree, diploma, or certificate, if they are making satisfactory progress toward that program, and if they are not on academic probation.

### Academic Warning, Academic Probation, and Dismissal

A diploma, graduate certificate, or graduate degree student will receive an **academic warning** after any semester in which

1. the student's semester GPA falls below 3.0; or
2. the student receives a grade below B in major ensemble; or
3. the student receives a grade below the required minimum in a course required for the major field; or
4. the student completes fewer than the number of credit hours required for their academic program; or
5. the student receives an unsatisfactory grade in a review course taken to satisfy a proficiency requirement.

A diploma, graduate certificate, or graduate degree student will be placed on **academic probation** after any semester in which

1. the student receives academic warning letters in consecutive semesters; or
2. the student's cumulative GPA (representative of at least two semesters) falls below 3.0; or
3. the student receives a grade of F in a major ensemble; or
4. the student receives a grade of F in a course required for the major field; or
5. the student accumulates two or more unsatisfactory grades in review courses taken to satisfy a proficiency requirement.

To be removed from academic probation, a student must meet the terms specified by the Jacobs School of Music. Students on academic probation are not eligible for financial aid from the Jacobs School of Music.

A diploma, graduate certificate, or graduate degree student will be subject to **dismissal** from the school when

1. the student receives an academic warning while on probation; or
2. the student is subject to probation a second time while already on probation; or
3. the student's semester GPA falls below 2.0; or
4. the student fails for a second time to achieve a satisfactory grade in the same review course taken to satisfy a proficiency requirement; or
5. the student fails for a second time to achieve a satisfactory grade in the same major field course; or

6. the student does not fulfill the terms of academic probation; or
7. the student engages in an act of academic, personal, or professional misconduct; or
8. the student fails, in the judgment of the director of graduate studies, to make satisfactory progress toward the degree.

The Jacobs School of Music Administrative Committee considers petitions for readmission from students who have been dismissed.

## Graduate Revalidation Procedures

This section describes methods of revalidating graduate courses and proficiency requirements. Revalidation may be required when the time limit for completion of a degree or diploma has expired. See "Time Limit" sections for diplomas, master's degrees, and doctoral degrees in this bulletin.

### Revalidating Coursework

MA and PhD students are subject to the revalidation policies of the University Graduate School: <https://bulletins.iu.edu/gradschool/2021-2022/policies/revalidate.shtml>.

For students in all other diplomas and graduate degrees, coursework may be revalidated by demonstrating currency of knowledge or skills contained in the course(s). The method of revalidation is subject to the approval of the chair of the department offering the course and the director of graduate studies.

For performance-based courses such as lessons, recitals, and chamber music, currency may be demonstrated by procedures such as passing a departmental audition, assessment of recent professional activities, or performance of a recital.

For other courses, currency of knowledge may be demonstrated by procedures such as passing an examination specifically on the material covered by the course, completing a more advanced course in the same subject area with a sufficient grade, passing a comprehensive examination (such as the doctoral qualifying examinations) in which the student demonstrates substantial knowledge of the content of the course, teaching a comparable course, or publishing scholarly research demonstrating substantial knowledge of the content and fundamental principles of the course. If the qualifying examination is used for the purpose of revalidation, the number of credit hours to be revalidated by this method is limited to six.

The ensemble requirement does not need to be revalidated.

### Revalidating Proficiency Requirements

Students may revalidate the music theory and music history proficiencies by:

- completing two more-advanced courses with sufficient grades in the same subject area, subject to the approval of the chair of the department offering the courses and the director of graduate studies
- teaching a comparable course

- passing the appropriate graduate entrance examination
- by completing the appropriate proficiency course with a sufficient grade.

When used for revalidation, the graduate entrance examinations may be attempted only once.

Students may revalidate the keyboard proficiency by passing the appropriate keyboard proficiency examination or by completing an approved course with a sufficient grade as described in Keyboard Proficiency Examination.

Students may revalidate the language grammar proficiency by passing the appropriate Music First-Year Language Examination (<https://iubest.indiana.edu/services/testing/mfyle.html>).

Students may revalidate the language diction proficiency by passing the appropriate voice department diction examination. When used for revalidation, the diction examinations may be attempted only once.

## Individual Studio Study and Performance-Related Policies

### Individual Studio Study, Vocal and Dramatic Coaching, and Chamber Music Coaching

The Jacobs School of Music is committed to providing students with the highest quality performance and composition instruction from world-renowned residential faculty.

All lessons, vocal and dramatic coachings, and chamber music coachings shall be distributed across the semester or summer term in a relatively equal way. In rare situations of strategic importance to the school, exceptions to the policies outlined below can occur for a limited period of time if approved in writing by the dean.

#### Individual Studio Study - Majors and Concentrations

- Studio instruction shall be delivered in individual lessons, unless other arrangements are made with the Associate Dean for Instruction.
- All music majors and concentrations will study with faculty members.
- Lessons will be a minimum of 60 minutes per week.
- Each student enrolled in performance or composition study in a private lesson setting in a fall or spring semester will receive a minimum of fourteen face-to-face (in person, not online) lessons per semester given by the faculty member who is the teacher of record.
- Each student enrolled in performance or composition study in a private lesson setting in the summer will receive a minimum of eight face-to-face (in person, not online) lessons given by the faculty member who is the teacher of record.

#### Individual Studio Study - Secondary Lessons

- A student enrolled in secondary lessons in a fall or spring semester will receive fourteen 60-minute face-to-face (in person, not online) lessons per semester with the instructor assigned to the students at the beginning of the semester.

- A student enrolled in secondary lessons in the summer will receive a minimum of eight 60-minute face-to-face (in person, not online) lessons with the instructor assigned to the student at the beginning of the summer term.

#### Vocal and Dramatic Coaching

- Students enrolled in vocal and dramatic coaching in a fall or spring semester will meet face-to-face (in person, not online) with the teacher of record for a minimum of seven 60-minute coachings if enrolled for one credit hour or a minimum of fourteen 60-minute coachings if enrolled for two credit hours. Students enrolled in one credit hour of vocal coaching in the summer will receive a minimum of four 60-minute face-to-face (in person, not online) coachings with the teacher of record. Students enrolled in two credit hours of vocal coaching in the summer will receive a minimum of eight 60-minute face-to-face (in person, not online) coachings with the teacher of record.

#### Chamber Music Coaching

- Students enrolled in chamber music will receive seven face-to-face (in person, not online) coachings of at least 60 minutes each with the faculty member(s) assigned and will complete an approved public performance.

### Assignments for Individual Studio Study

The dean of the Jacobs School of Music assigns students to teachers for the entire semester on the basis of student requests and teacher availability. While every effort is made to honor teacher preferences, the Jacobs School of Music cannot guarantee specific studio assignments. The assignment takes place during the first week of classes of each semester for students who have not preregistered for a particular teacher. Such preregistration is accomplished only with the written authorization of the requested teacher.

### Lesson Attendance Policies

A student who cannot attend a scheduled lesson is required to notify the teacher at least 24 hours before the beginning of the lesson; otherwise, except for illness immediately prior to a lesson, the student forfeits the right to a make-up lesson. Students absent without excuse from more than three lessons in any one studio course during a semester fail in that course, but their lessons are not discontinued. Lessons missed by the teacher are made up at the mutual convenience of the student and teacher.

### Practice Time Reservations

Practice time may be reserved each fall and spring semester and summer term. The amount of daily reserved practice time is determined by the degree and instrument, and/or enrollment in qualifying elective classes, for the semester in which the student is applying. To secure reserved practice time, the student must apply online. To obtain more information and to access the online application, see <https://musintra.sitehost.iu.edu/departments/offices/scheduling-office/students/practice-rooms/index.html>.

## Examinations and Goals in Performance

### Level of Achievement

Each student taking performance courses must make satisfactory progress each semester as determined by the various examinations in performance.

### Upper-Division Examination

The purpose of the upper-division examination is to assess the undergraduate student's general progress and to determine continuation in the chosen curriculum. The examination is administered, usually in the last week of classes, at the end of the fourth semester of study or, for transfer students, at the end of a semester to be determined by the instructor/department. Students who have a valid reason to postpone the examination may petition the director of undergraduate studies of the Jacobs School of Music. The examination should not be postponed past the time when an estimated four semesters of degree work remain to be completed.

A committee composed of the student's major department faculty members (in some cases including a Jacobs School of Music administrator) administers the examination and makes recommendations for the student's junior and senior years of study. A written report of the committee's comments is compiled in the Office of Undergraduate Studies and furnished to the student after the upper-division examination.

Bachelor of Music Education and Composition majors (Option 1) have a departmental examination in addition to the performance portion of the examination. Audio Engineering and Sound Production majors have only a departmental examination.

Each student who is studying performance is given a grade on the upper-division examination. The grade given by the departmental committee is an average of the grades given by each member of the committee. This grade will comprise 25% of the final semester applied grade. The grade given by their studio teacher for the work done during the semester will comprise 75% of the final semester applied grade.

### Other Examinations in Music Performance Courses

The student should consult the relevant performance faculty for specific information on the scheduling of examinations, the constitution of the hearing committee, and grading procedures. Examinations by a committee composed of the student's teacher and two other members usually are held as follows:

BM majors in performance: freshman jury at the end of fall semester of the first year for all performance areas except piano, string, and woodwind majors, who have their juries at the end of the spring semester of the first year. The upper-division examination and junior and senior recital hearings constitute examinations for second, third, and fourth years.

BME concentrations, BS concentrations, and BM composition and jazz studies majors: freshman jury at the end of spring semester of the first year. The upper-division examination and the senior recital constitute examinations for the second and fourth years.

Non-music majors in elective performance (undergraduates and graduates): each semester of enrollment.

Music majors enrolled in 100-, 700-, or 800-level performance study: each semester of enrollment, or as determined by the department.

Master's degree majors: no examinations (graduate recital only).

It is the prerogative of the teacher to ask for a committee examination of any student who is making doubtful progress in the curriculum.

## Recitals

### Enrollment in Individual Instruction

Undergraduate students must be enrolled in individual instruction during the semester (fall, spring, or summer term) during which they perform a junior or senior recital. Any exception requires approval of the student's teacher, the department chair, and the director of undergraduate studies before the recital may be scheduled.

### Location

Recitals must take place in public spaces in Bloomington, IN and must be announced to and open to the public. Exceptionally, with the approval of a student's doctoral advisory committee and the director of graduate studies, one doctoral recital may be performed out of town if attended in person, at the expense of the student, by the faculty member(s) who would ordinarily be present, including the committee chair.

### Date

Recitals ordinarily take place during the fall or spring semesters according to deadlines specified in the scheduling policies. Recitals may take place during the summer term if a hearing can be arranged and if faculty members are available to attend the recital.

### Hearing

A pre-recital hearing is required for all undergraduate, master's, and performer diploma recitals, except for composition and conducting recitals. At the discretion of the faculty, other recitals may also be given a hearing. A hearing must be scheduled so that it can be completed and the recital performed within the published deadlines; it is the student's responsibility to arrange a hearing and to meet the deadlines. Students may perform a hearing in the summer with the approval of the department chair if faculty members are available. A hearing is valid for 60 calendar days.

### Repertory

Recital repertory is subject to approval by a student's teacher or committee following any guidelines published by the department. Appropriate repertory for chamber music recitals is specified by departments. Recital repertory may not be repeated for degree or diploma credit.

### Grading

The grade for an undergraduate, master's, performer diploma, or doctoral minor recital is assigned by the teacher, who hears the recital in person. A composition recital grade is based on an average of the grades of the faculty members who attend the recital. A jazz recital

grade is based on an average of the grades of jazz studies department faculty members who attend the recital.

Artist Diploma recitals are attended and graded in person by the three members of a student's AD committee. If a committee member is unable to attend, he or she and the student must arrange for a substitute from inside or outside the major department, as appropriate.

Doctoral recitals are ordinarily attended and graded in person by the three members of a student's doctoral advisory committee. The chair must hear the recital in person; exceptionally, in consultation beforehand with the committee chair and the student, a committee member may arrange for a departmental substitute, or to hear a recording of the recital. Recordings, when used, are available in the Music Library.

All recital grades are reported in writing to the director of undergraduate or graduate studies.

### Recording

Doctoral and Artist Diploma recitals must be recorded by the Audio Engineering and Sound Production department for the Music Library when they take place in a Jacobs School of Music venue. A recording of equivalent quality must be provided to the Music Library by the student when a Doctoral or Artist Diploma recital is performed in a non-JSoM venue.

### Assisting Performers

Recitals may include the participation of no more than 20 assisting performers total. Exceeding this limit will ordinarily be treated as academic misconduct by the recitalist, resulting in a failing grade. All performers must be available for a hearing, if required. Participation by assisting performers must not interfere with their lessons, ensemble assignments, or academic responsibilities without the permission of the affected instructors. Procurement of all assisting performers is the sole responsibility of the student performing the recital.

This rule does not apply to conducting, composition, and jazz studies recitals, for which the use of Jacobs School of Music ensembles or specially assembled groups is permitted with departmental approval. For students in degree programs other than those listed above, the Jacobs School of Music provides many outlets for solo performances with large ensembles, including annual concerto competitions, opera and oratorio solo auditions, the Ad Hoc Recital Lottery, and other opportunities.

### Length

The following are the minimum and maximum number of minutes of music for the categories of recitals indicated:

	Minimum	Maximum
<b>Junior (general)</b>	40	50
Brass	30	40
Voice	30	50
<b>Senior (general)</b>	50	60

\* For composition students: Student's own compositions for various media written during residency, with the student participating as a performer or conductor in at least one work.

For students in computer music composition: Student's own compositions for computer-generated audio playback alone, audio playback with instrument(s), interactive live electronics, or multimedia works with substantial computer music component.

## Performer's Certificate

Undergraduate students, master's students, and Performer Diploma, Solo Performance students are eligible for the Performer's Certificate, which is awarded as a special recognition of musical understanding and technical proficiency demonstrated in recital. Award of the Performer's Certificate is a two-step process involving the hearing and the recital. Both steps must take place during a fall or spring semester. Details are available in the undergraduate office. The following procedures are to be observed:

1. The student is initially nominated for the Performer's Certificate at the recital hearing which must be attended by at least three faculty members. Based on the number present, the necessary number of positive votes to be nominated for a Performer's Certificate is shown in parentheses: 3(2), 4(3), 5(4), 6(4), 7(5), 8(6), 9(6), 10(7), 11(8), 12(8), 13(9), 14(10), 15(10), 16(11), 17(12), 18(12), 19(13), 20(14), 21(14).

2. The required quorum for attendance at the recital is seven faculty members, with at least three coming from outside the student's department. The student, performance instructor, and department chair should consult to be sure that the recital is scheduled at a time when the required quorum can be met. The chair of the student's department, in conjunction with the undergraduate recorder, has the responsibility to assemble the faculty committee in consultation with the performance instructor. Based on the number present, the necessary number of positive votes to be awarded the Performer's Certificate is shown in parentheses:
  - Departmental members: 1(1), 2(2), 3(2), 4(3), 5(4), 6(4), 7(5), 8(6), 9(6), 10(7), 11(8), 12(8), 13(9), 14(10), 15(10), 16(11), 17(12), 18(12), 19(13), 20(14), 21(14);
  - Non-Departmental Members: 3(2), 4(3), 5(4), 6(4), 7(5), 8(6), 9(6), 10(7), 11(8), 12(8), 13(9), 14(10), 15(10), 16(11), 17(12), 18(12), 19(13), 20(14), 21(14).
3. Votes must be sent to the undergraduate recorder.

## Outside Instruction and Performance

Students are not permitted to use state property for private enterprises such as the teaching of lessons in university buildings.

Students are encouraged to consult with their faculty instructors before accepting an appearance as a soloist on public programs or before participating in music ensembles outside the Jacobs School of Music.

## Ensemble Policy

All undergraduate and graduate degree students, diploma students, visiting students, and nondegree music students (except certificate students, students accepted for certain doctoral programs, master's students who have completed their major ensemble degree requirement, or BME and MS Music Education majors in their student-teaching semester) must register for and achieve a passing grade in a major ensemble each fall and spring semester. See list of Major Ensembles in the "Courses" section of this bulletin.

Students may request placement in a particular ensemble, but final placement will be made by the faculty.

The faculty of the Jacobs School of Music is strongly committed to the idea that students should be given the opportunity to develop their talents to the highest degree possible. They are also committed to the idea that each student can and should contribute to the education of others, to the advancement of the art of music, and to the enrichment of the cultural life of the university through participation in the major ensemble experience.

## Official Dress

The Jacobs School of Music recognizes both the importance of a student's right to individual gender expression and the necessity for a unified and coherent look for ensemble performances. For public performances of Jacobs School of Music ensembles, students may choose either of the following two options:

- Solid long-sleeved black blouses, floor-length black skirts or black dress slacks, black stockings or socks, and black shoes.

Within these guidelines, individual ensembles may have more specific requirements, including costumes or uniforms where appropriate. Such dress codes will be made known to students at the beginning of each academic year, and students are encouraged to check their ensemble syllabus for further guidance. The Jacobs School of Music requires that students own concert attire by the beginning of the academic year.

## Student Photography, Audio, and Video Recording Policy

Students participating in Indiana University Jacobs School of Music ("JSoM") performances, authorize the JSoM, its agents, employees, or representatives, to take photographs, audio recordings, and/or video recordings of their performances, including their name, image, or likeness. The Trustees of Indiana University own all copyrights in photographs, video recordings, and/or audio recordings of live concerts, performances, and recording sessions.

JSoM recordings are typically used for archival and educational purposes. JSoM retains the right to commercially reproduce, adapt, distribute, display, perform or otherwise use the recordings of JSoM performances in any manner consistent with the JSoM Policy on Rights of Ownership and Use of Audio and Video Recordings (available at <https://go.iu.edu/34r5>). Recordings and/or photographs, together with a student's name, image, or likeness, may be used by the JSoM, including its assigns and transferees, for marketing, advertising, publicity, or other promotional purposes.

JSoM reserves final editorial authority over the use of recordings and photographs, without any right on the part of students to inspect or withhold approval of any future use of photographs or recordings. Students shall not receive compensation for participating in recordings or for any future use of recordings.

## Use of Jacobs School of Music Instruments

School instruments are available only to students enrolled in Jacobs School of Music courses, e.g., ensemble or performance lessons. Rental and deposit may be charged as approved by the Indiana University Board of Trustees. Non-music students must pay a rental fee.

The Jacobs School of Music cannot give exclusive use of an instrument to one individual. Thus instruments may be assigned for use by more than one person. For this reason, each instrument must be kept in the locker assigned to that instrument when not in use.

A prescribed method of sign-out and return of instruments is essential to their efficient use. Failure to follow sign-out or return procedures subjects the student to a minimum fine of \$60 plus \$1 per calendar day until the student is released of responsibility.

Instruments are assigned for a specific period of time, which is never to extend beyond the last day of classes each semester. Students needing an instrument after the last day of classes must obtain special permission from

the Instrumental Rental Office or be subject to the fine policy.

A student using a school-owned instrument is responsible for the care of the instrument; any damage incurred, other than the usual wear, is the responsibility of the student. Repairs are made by the university and charged to the student.

## Check List

Students who have not returned equipment, music, instruments, keys, locks, etc., to the Music Facilities Office or other appropriate area by the designated date are fined and placed on the check list. A student on the check list may not register in the following semester, receive honorable dismissal to enter another institution, or obtain a degree. If the item is not returned, the student is charged for its value plus necessary fines to cover administrative expenses. The cost of a complete lock change, made necessary by the loss of a key or failure to return a key, is charged to the student. A fine is charged for late return of keys. Locks are changed 30 days after the deadline for return of keys.

Students who are dismissed from the Jacobs School of Music will also be placed on the check list and will not be allowed to register for future semesters until admitted by another academic unit at Indiana University.

## Tuition and Fees

Information about tuition and fee rates, including payment information, fee schedules, and refund schedules, may be found here: <https://studentcentral.indiana.edu/pay-for-college/index.html>.

Rules determining resident and nonresident status for fee purposes are described here: <https://policies.iu.edu/policies/usss-07-rules-determining-resident-nonresident-student-status/index.html>.
