

Message from the Dean

Welcome to the Paul H. O'Neill School of Public and Environmental Affairs at IU Indianapolis!

At the O'Neill School, people learn how to work in government, nonprofit and business roles to make positive changes in their communities, their states, their countries and the world. O'Neill graduates lead the organizations that make and enforce laws, keep communities livable and safe, shape smart public policy, protect the planet and help our fellow citizens. Through the combined study of civic leadership, management, policy studies, sustainability management, criminal justice and public safety, O'Neill students develop both the practical and philosophical skills that prepare them to craft solutions to society's problems.

Indiana University founded the Paul H. O'Neill School of Public and Environmental Affairs at IU Indianapolis 50 years ago to prepare students to address the issues of modern society in ways that more traditional schools overlooked. O'Neill operates as a "core schools" model, with programs in Indianapolis and Bloomington.

O'Neill students major in making a difference.

History

Welcome to O'Neill!

At O'Neill, people learn how to work in government, nonprofit and business roles to make positive changes in their communities, their states, their countries and the world. O'Neill IU Indianapolis graduates lead the organizations that make and enforce laws, keep communities livable and safe, shape smart public policy, protect the planet and help our fellow citizens. Through the combined study of civic leadership, management, policy studies, media and public affairs, sustainability management, criminal justice and public safety, O'Neill students develop both the practical and philosophical skills that prepare them to craft solutions to society's problems.

Indiana University founded the O'Neill School of Public and Environmental Affairs (O'Neill) in 1972 to prepare students to address the issues of modern society in ways that more traditional schools overlooked. O'Neill operates as a "core school" model, with programs at two locations: Indiana University Bloomington and Indiana University Indianapolis (IU Indianapolis).

O'Neill is located on the busy IU Indianapolis campus in the heart of downtown Indianapolis. For students learning how to make a difference in business, government and nonprofit organizations, what better place to study than a major city where such organizations are headquartered? IU Indianapolis is just a short walk or ride from bustling city, state and federal government centers as well as hundreds of corporations and nonprofit organizations. Internships, mentors and active learning opportunities are right around the corner. Well-connected to these institutions, O'Neill's faculty members are recognized for their credentials, experience, involvement and impact worldwide. With the entire Central Indiana community as their learning lab, O'Neill students have unmatched access to the people and places where change happens first.

O'Neill students major in making a difference.

Overview

The O'Neill School of Public and Environmental Affairs is a professional school dedicated to applied interdisciplinary learning combining the study of public affairs, public policy, management, criminal justice, public safety, emergency management, sustainability, and environmental policy. The interests of the faculty and professional staff typically fall into one or more of the following areas:

- Criminal justice
- Emergency management
- Environmental policy
- Finance and economics
- Law

- Nonprofit management
- Policy and administration
- Public safety
- Sustainability
- Urban affairs

O'Neill is located on the busy IU Indianapolis campus in the heart of downtown Indianapolis. The school's faculty, staff, and students work individually and collaboratively to solve problems that require O'Neill's unique combination of in-depth knowledge in the natural, behavioral, social, and administrative sciences.

O'Neill is a resource to many Indiana communities. Public and private organizations, as well as all levels of government, benefit from the knowledge and expertise of O'Neill faculty, staff, and students.

Graduate Admission

Graduate Admission Procedure

Application Information about graduate study, including literature and application materials, may be obtained from the Paul H. O'Neill School of Public and Environmental Affairs Web site (<https://oneill.iupui.edu>).

Eligibility For most programs, applicants with bachelor's degrees in any field from an accredited institution are eligible to apply for admission to the graduate programs of the O'Neill School.

Application Submission Applicants should apply to a degree or certificate program and request financial assistance as early as possible before the desired semester of enrollment. All forms must be completed and received by the O'Neill Graduate Admissions Office at IU Indianapolis before May 15 to attend the fall semester, before September 15 to attend the spring semester, and by March 15 to attend the summer sessions. O'Neill accepts late applications for admission.

Admission Each application for admission is carefully evaluated by the admissions committee for the appropriate degree. Applicants to all O'Neill degree programs must do the following:

1. Submit applications to the graduate program office. Application instructions can be found at <https://oneill.iupui.edu>; select Admissions and click on How to Apply for instructions and information.
2. Submit complete official transcripts from any other colleges and universities attended. Exception: Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
3. Submit proof of bachelor's degree certification (official transcripts) from an accredited institution. Students who have not completed undergraduate course work at the time of application may be admitted based on the strength of previous work, but a final transcript attesting to the award of a bachelor's degree must be submitted before the student can enroll.
4. Pay a nonrefundable application fee to Indiana University.
5. When applying to degree programs Master of Public Affairs (M.P.A.) or Master of Science in Criminal Justice and Public Safety (M.S.C.J.P.S.), required documentation includes:
 - online application, all sections completed,
 - official transcripts for all colleges and universities attended. Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
 - One Application Reference Form completed by faculty and professionals familiar with applicant's activities and potential to succeed in graduate work.
 - resume
 - complete personal statement and departmental question sections on application,
 - supplemental questions in the application under departmental questions section
6. When applying to certificate programs, the following documentation is required:
 - online application
 - official transcripts from all colleges and universities attended. Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
 - resume
 - complete personal statement and departmental question sections on application, and
 - supplemental questions in the application under departmental questions section.
7. International students must apply to O'Neill using the online application, complete the international section, and pay the nonrefundable international application fee (subject to change). You are required to provide official scores of one of the English proficiency exams.

International application priority deadlines are March 1 for fall semester application and September 15 for spring semester application. Visit the O'Neill web site at <https://oneill.iupui.edu> or the OIA Web site at <https://international.iupui.edu/> for more information.

Admission Status

Regular (Unconditional) Admission Status Applicants with this status have met all admission requirements for the specific degree program and may enroll in accordance

with the entry date contained in the application for admission.

Deferred Admission Following notice of regular admission, applicants may defer enrollment for a maximum of one year. Transcripts of course work completed during the deferral period must be submitted, and the admissions committee may request additional letters of recommendation. Should the additional material prove unsatisfactory, the admission may be canceled. Applicants who fail to enroll within one year may need to reapply for admission.

Conditional Admission Applicants may be admitted on a provisional basis if prior grade point averages are below admission criteria. Conditional status is removed upon fulfillment of conditions stipulated by the relevant degree program admissions committee.

Nondegree Enrollment Applicants who have a bachelor's degree and who have not been admitted to the graduate program may enroll in O'Neill courses as nondegree graduate students. Procedures may vary across campuses. **Please note that nondegree students are not eligible for financial aid.**

If nondegree students later wish to obtain O'Neill graduate degrees, they must apply for admission to the specific degree program. Note that not more than 12 hours of graduate credit completed as a nondegree student may be credited toward an O'Neill graduate degree. Not more than 9 hours of O'Neill graduate credit earned as a nondegree student may be credited toward O'Neill certificate programs.

Credit for Police and Fire training

Credit for Police and Fire Training

O'Neill IU Indianapolis grants credit for graduates of the Indianapolis Fire Department Training academies and graduates of five certified Indiana police training academies. Qualified firefighters receive 9 hours for designated O'Neill courses, and qualified law enforcement academy graduates receive 12 hours for designated courses. This credit is awarded by written notification from O'Neill to Admissions. The individual must either (1) be currently enrolled or (2) applied and accepted for admission. Once graduation from the academy with a 77% or better has been confirmed by O'Neill, the credit is posted as transfer credit and there becomes "official" once the student completes one additional IU Indianapolis course. There is no charge for this credit. Individuals who believe they qualify should contact O'Neill Student Services. Recipients of firefighter and law enforcement credit should be directly admitted to O'Neill when they apply for the credit.

Credit for law enforcement training

Sworn full-time police officers who have graduated from any of the five law enforcement academies in Indiana are eligible for 12 undergraduate credit hours from SPEA IU Indianapolis. You can apply these credits towards

any of O'Neill's undergraduate degree programs. The course credit is for Criminal Law SPEA-J 301, Criminal Investigation SPEA-J 320 and six hours of Internship in Criminal Justice SPEA-J 380. For more information contact the O'Neill Recorder at 317-274-4656.

Credit for fire training

Full-time firefighters who are trained and employed by the following departments are eligible for nine undergraduate credit hours from the Paul H. O'Neill School of Public and Environmental Affairs. You can apply these credits towards any of O'Neill's undergraduate degree programs. The course credit is for Principles of Public Safety SPEA-J 376, Emergency Services Administration SPEA-V 375 and Internship in Public Affairs SPEA-V 380.

Probationary Admission

Probationary Admission

Applicants (undergraduate and graduate) may be admitted, case-by-case, on a probationary basis.

Undergraduate Admissions

Undergraduate Admissions

The Paul H. O'Neill School of Public and Environmental Affairs considers dual admission of beginning students with University College (UCOL) and direct admission of transfer students. Students can be considered for any term.

Beginners (Direct Admission to O'Neill)

Beginner students will receive Direct (Dual) Admission to O'Neill and University College (UCOL), if they meet the following criteria:

1. Have completed Core 40 or Academic Honors diploma.
2. Have a 3.00 GPA or 1000+ SAT combined total of critical reasoning and math score or ACT composite of 21.

Transfer Admission

Students transferring from other institutions will receive Direct Admission to O'Neill, if they meet the following criteria:

1. Cumulative GPA of 2.0 and above.
 2. Last completed semester with a GPA of 2.0 and above.
 3. Completed 12 or more transferable credit hours.
- O'Neill reserves the right to review and withhold admission in those cases where students have been granted forgiveness, exclusion, or similar exemptions that remove from the cumulative GPA calculation grades that would typically be included in the GPA. O'Neill does recognize grade replacements for courses that have been retaken at an institution where the higher of the course grades has been used to compute the cumulative GPA.
 - O'Neill reserves the right to review and withhold admission in those cases where students are seeking to transfer to O'Neill from another institution, but they also have a previous record at IU Indianapolis which does not meet good standing requirements.

Intercampus Transfer, Temporary or Permanent
O'Neill students at any campus of Indiana University may transfer permanently to O'Neill on another campus, provided they meet the requirements for admission and good academic standing.

Good academic standing requires the following:

1. Cumulative GPA – 2.0 and above.
2. Semester GPA – 2.0 and above.

Permanent intercampus transfer students, who do not meet the regular admission requirements, may be considered for admission to University College.

Transferring to O'Neill from University College or another IU Indianapolis academic unit

Students who start out in University College or another academic school at IU Indianapolis are eligible to certify or transfer into O'Neill after they have declared a major in O'Neill and completed a 2.0 cumulative and prior term GPA.

Returning Students

Students who were previously in the O'Neill school or another academic unit and were in good academic standing (semester and cumulative GPA's above 2.0) when they left and currently do not have a service indicator (probation with impact or academic dismissal) will be regularly admitted.

Students who were previously in O'Neill and were not in good academic standing when they left may be considered for admission on probation.

Students dismissed from O'Neill or another IU school will need to submit a readmission petition to be considered for admission on probation.

Second Undergraduate Degree Applicants

Students who are seeking a second undergraduate degree are encouraged to explore O'Neill graduate programs or graduate certificate programs.

Students must petition to O'Neill for approval to pursue a second bachelor's degree.

- **Course Revalidation**

The following academic regulations of the O'Neill School of Public and Environmental Affairs are applicable to all graduate programs.

Confidentiality of Student Records In accordance with Indiana University regulations, student records are confidential and are available to other persons only under specific conditions as outlined in university regulations.

Student Rights and Responsibility Students are responsible for planning their own academic programs and for meeting the requirements for their degree or certificate programs. Faculty and academic advisors may assist students in meeting their responsibilities. Due process is followed in the event of disciplinary or other actions. Students should read the *IU Indianapolis Code of Student Rights, Responsibilities, and Conduct*, which can be accessed [here](#), to ensure they are aware of these rights and responsibilities.

Applicability of Degree and Certificate Requirements

Students may choose to complete either the specific degree and certificate requirements published in the appropriate bulletin at the time of entry into the university or those in the bulletin current at the time of graduation.

Academic Standing Students are considered to be in good standing during any semester in which their academic grade point average is at least 3.0 (B) both for their last semester's course work and for the cumulative average of all course work completed. Only courses with grades of C (2.0) or above may be counted toward degree requirements. However, grades below C are used in computing the cumulative grade point average, even if a course is repeated and a higher grade is earned.

Academic Probation Students are placed on probation following a semester in which their cumulative or semester grade point average falls below 3.0. Students on probation or admitted provisionally are required to attain an average of at least 3.0 for all work completed by the end of the next semester. Failure to do so is cause for dismissal.

Dismissal MPA and MSCJPS students who do not maintain a 3.0 cumulative GPA face dismissal. Students who are dismissed may appeal their dismissal but must sit out at least one semester before returning to the program.

Grading System O'Neill follows the official grading system of Indiana University described in the introductory section of the bulletin.

Incomplete A grade of Incomplete can only be given to a student facing a hardship such that it would be unjust to hold the student to the established time limits for completing the work. To be eligible for the incomplete in a O'Neill course, the student's work must be of passing quality, and the student must have completed 75% of the course requirements. The incomplete must be removed within the time specified by the instructor of the course; if not, the grade automatically changes to an F one calendar year after the Incomplete was given.

Withdrawals Students must formally withdraw from courses in the timeframe allowed by the Registrar's office. This information can be found in the general policies of the Bulletin.

Intercampus Transfer Students enrolled in the O'Neill School of Public and Environmental Affairs at any campus of Indiana University may transfer to O'Neill on another campus, provided they are in good standing.

Transfer of Credit A maximum of 6 credit hours of appropriate graduate course work with grades of B (3.0) or better may be transferred from degree programs of other academic units within Indiana University, including other O'Neill campuses, or other accredited colleges and universities. The transfer must be approved by the appropriate graduate program director.

Credit Earned in Nondegree Status Not more than 12 hours of graduate credit completed as a nondegree student may be credited toward an O'Neill graduate degree. Not more than 9 hours of O'Neill graduate credit earned as a nondegree student may be credited toward O'Neill certificate programs.

Course Waivers Requests for waiver of specific courses or requirements on the basis of previous course work are to be submitted in writing to the appropriate faculty member or program director.

Program Deviations Requests for deviation from O'Neill programs or school requirements are granted only with written approval from an academic advisor and a campus or program director. Disposition by the O'Neill program or campus director is final.

Academic Integrity Academic integrity requires that students take credit only for their own ideas and efforts. Misconduct, including cheating, fabrication, plagiarism, interference, or facilitating academic dishonesty, is prohibited because it undermines the bonds of trust and cooperation among members of this community and between us and those who may depend on our knowledge and integrity. Complete details are contained in the Indiana University .

Academic Appeals Students may appeal academic decisions made by O'Neill faculty members. Attempts to resolve such issues should be made first at the class/instructor level. If necessary, written appeals should

be submitted to relevant program directors. Appeals must be submitted before the last day of classes in the semester following the point at which the events in question occurred.

Course Revalidation For O'Neill IU Indianapolis graduate programs, it is required for master's and certificate students, courses older than 10 years at time of graduation must be revalidated. Students should contact Student Services for acceptable forms of revalidation, in accordance with program director approval.

Academic Standing

Good Standing Students are in good academic standing when their semester and cumulative grade point averages are 2.0 or above. Students must be in good academic standing to graduate.

Academic Warning

1. Students will receive a formal academic warning from O'Neill Student Services when any individual semester GPA falls below

a 2.0 but their cumulative GPA remains above a 2.0. We encourage students to meet with an advisor if they receive a formal academic warning.

Academic Probation

1. Students whose cumulative grade point average (GPA) falls below a 2.0 will be placed on academic probation. Students will be informed of the probationary status by letter.
2. Students may continue to be on academic probation when their semester GPA is at least a 2.0 but their cumulative GPA remains below a 2.0.
3. Students will be removed from probationary status once their cumulative GPA is at least 2.0.

Academic Dismissal

1. Students on academic probation who have completed a minimum of 12 IU Indianapolis GPA hours are subject to dismissal if they fail to attain a GPA of at least 2.0 in any two consecutive semesters (fall and spring) and their cumulative GPA is below 2.0.
2. Students who are dismissed for the first time cannot enroll until one regular (fall or spring) semester has elapsed since dismissal and must petition by the established deadlines to be reinstated.
3. Students dismissed two or more times must remain out of school for the next two consecutive regular (fall and spring) semesters and petition by the established deadlines to be reinstated.

Reinstatement

1. Reinstatement will be the decision of the academic unit to which the students are petitioning.
2. Students who are reinstated will be classified as probationary students until their cumulative GPA is at least 2.0. In each subsequent semester on probation, the student must achieve a semester GPA of at least 2.0. Failure to meet the semester GPA requirement while on probation will result in dismissal.
3. Reinstatement after a second dismissal is extremely rare.
4. Student's chances of reinstatement will be enhanced by taking advantage of campus wide resources, removing grades of incomplete, undertaking assessment of their academic problems, and providing evidence of their ability to complete successful academic work upon their reinstatement to IU Indianapolis.

Academic Integrity This is a basic principle of intellectual life that holds students responsible for taking credit only for ideas and efforts that are their own. Academic dishonesty violates that principle and undermines the bonds of trust and cooperation among members of the

university community, and it is not tolerated. Academic misconduct includes cheating, fabrication, plagiarism, interference, violation of course rules, and facilitating academic dishonesty. Students are responsible for knowing what behaviors and activities constitute these different forms of academic misconduct. Penalties and procedures that are applicable when academic misconduct or dishonesty occurs are described in the IU Indianapolis *Code of Student Rights, Responsibilities, and Conduct*.

Application for Graduation All students must fill out an application for graduation on their campus in order to have their degree awarded. This application should be completed by October 15 for those intending to graduate in May, by January 15 for August graduates, and by May 15 for December graduates. The O'Neill graduation application can be found [online](#) or by reaching out to the O'Neill Student Services Office. To be considered for distinction, students must apply for graduation by the January 15 deadline.

Bulletin Policy Students are expected to complete the requirements for their undergraduate degree within 10 years of admission to the O'Neill School of Public and Environmental Affairs. Students are allowed to continue beyond this time period only at the discretion of the undergraduate program director or campus director. If a student has not taken classes for three years or more, that student must satisfy program requirements of the School of Public and Environmental Affairs in effect at the time of reactivation. Requests for deviation from requirements listed in the bulletin must be approved in writing by the program director, whose decision is final.

Dean's List The O'Neill Dean's List is calculated after every fall and spring semester. To qualify, a student must complete 6 IU Indianapolis credit hours with a semester GPA of 3.50 or higher.

Degrees Awarded with Distinction O'Neill recognizes outstanding performance by awarding bachelor's degrees with three levels of distinction to students who rank in the upper 10 percent of their O'Neill graduating class (including December, May and August graduates) and have completed a minimum of 60 hours at Indiana University for a B.S. The levels of distinction are as follows: the top 1% for Highest, the next highest 4% for High, and the remaining 5% for Distinction. To be considered for distinction, students must apply for graduation by the January 15 deadline.

Double Counting 1) Courses may be used to satisfy requirements of another degree or minor outside students' primary degree, 2) O'Neill students may not earn a certificate or minor in the same area as their major.

Grade Appeals Resolution of the issue with the class instructor must be attempted before submitting a written appeal to the appropriate program director.

Grade Point Average Requirement A minimum cumulative GPA of 2.0 is required for the B.S. degrees. For students seeking certificates from O'Neill, the minimum cumulative GPA requirement is a 2.0 or higher.

Grading Policies O'Neill follows the official grading system of Indiana University, described in the introductory section of the bulletin.

Residency/ Hours Requirements Students must successfully complete a minimum of 120 credit hours. Students may transfer no more than 90 credit hours (60 credits from a junior college) toward a Bachelor of Science degree. Class standing, based on total credit hours that count toward minimum degree requirements, is as follows: senior, 86 or more; junior, 56-85; sophomore, 26-55; freshman, fewer than 26.

On the Indianapolis campus, no more than 50 percent of courses taken to satisfy the requirements of the Criminal Justice and Public Safety Management majors may be transfer courses from other accredited institutions of higher learning, including all IU campuses (this policy is specific to the program requirements of the major).

Incomplete Policy A grade of Incomplete can only be given to a student facing a hardship such that it would be unjust to hold the student to the established time limits for completing the work. To be eligible for the incomplete in an O'Neill course, the student's work must be of passing quality, and the student must have completed 75% of the course requirements. The incomplete must be removed within the time specified by the instructor of the course; if not, the grade automatically changes to an F one calendar year after the Incomplete was given.

Independent Study credits With prior approval, a student may take three courses totaling no more than 10 credit hours by **correspondence** through the IU Division of Extended Studies, Independent Study Program. Under no circumstances may a student satisfy a core/major/concentration requirement by correspondence.

Internship credits With O'Neill faculty approval, a student in good standing may earn a maximum of 9 credit hours of elective credit through the **O'Neill internship** program.

Other academic programs O'Neill students may choose to pursue a **minor** or **certificate** from another school or department or within O'Neill in an area other than their degree or major/concentration. Students interested in a minor should contact that department for additional information.

Pass/Fail credit A student in good academic standing may choose to take a maximum of eight elective courses (two per academic year) Pass/Fail for a B.S. degree. Deadlines for exercising this option are published on the Registrar's [website](#).

Post Auto-W Period After the [automatic W deadline](#), students can only drop a class for serious, extenuating circumstances, and must submit the eDrop request and submit documentation and/or write an explanation of circumstances to O'Neill's recorder. Requires approval of advisor, professor, and dean.

Extenuating circumstances would include:

- Medical/hospital stay/accident
- accident
- incarceration
- psychological/emotional issues
- death of family or friend
- issues with a class/faculty (this has to be a well-documented situation)
- eviction/homelessness

- other major life events that severely impacts the student/family

Students must provide a written explanation of extenuating circumstances and/or medical documentation. Once received, it will be routed to the professor to decide to give a grade of W or F. Dropping at this time does not preclude a student from receiving a failing grade. The drop request will be reviewed by the program director who will provide the final decision. Documentation and/or written explanation of circumstances must be received within 7 days.

Repeat Rule O'Neill students who repeat a course will have only the best attempt count in their GPA, though only one of the attempts will count toward graduation hours. There are some courses that are an exception to this policy such as SPEA J380/V380.

Requirements for a second bachelor's degree O'Neill encourages students to work toward a graduate degree or graduate certificate rather than a second bachelor's degree.

Residency/ Hours Requirements Students must successfully complete a minimum of 120 credit hours. Students may transfer no more than 90 credit hours (60 credits from a junior college) toward a Bachelor of Science degree. Class standing, based on total credit hours that count toward minimum degree requirements, is as follows: senior, 86 or more; junior, 56-85; sophomore, 26-55; freshman, fewer than 26.

On the Indianapolis campus, no more than 50 percent of courses taken to satisfy the requirements of the Criminal Justice and Public Safety Management majors may be transfer courses from other accredited institutions of higher learning, including all IU campuses (this policy is specific to the program requirements of the major).

Sex Offenders Screening Policy for Students/Applicants Indianapolis applicants should be aware that criminal convictions may result in ineligibility for participation in certain courses/activities within the O'Neill School of Public and Environmental Affairs. Questions regarding school policy on such matters should be addressed to the appropriate program director.

Statement on Civility O'Neill, which is a professional school, expects students to conduct themselves in a courteous and civil manner in interactions with professors, staff and fellow students. Examples of discourteous behavior during class include using a phone, listening to headphones, using computers to surf the Web or for other non-class activities, talking or laughing with others, arriving late, and so forth. These behaviors are distracting to the instructor and to classmates, and O'Neill faculty and staff will address these problems as they arise either in class or on an individual basis. Disorderly conduct that interferes with teaching, research, administration, or other university or university-authorized activity will not be tolerated, and it may result in disciplinary action, including possible suspension and/or expulsion from the university.

Student Rights and Responsibilities O'Neill IU Indianapolis fully supports the rights and responsibilities of students as defined in the IU Indianapolis *Code of Student Rights, Responsibilities, and Conduct*. The *Student Code* spells out the expectations for faculty

and students, and it provides the framework for O'Neill's judicial process.

A student is entitled to rights in the pursuit of his or her education; freedom from discrimination and harassment; and freedom of association, expression, advocacy, and publication. A student also has the right to contribute to university governance, to receive accommodations for disabilities, and to access records and facilities. In accordance with federal law, student records are confidential and are available to other persons only under specific conditions as outlined in university regulations.

A student is responsible for upholding and following all applicable codes of conduct, including the IU Indianapolis *Student Code* and O'Neill's policy on classroom etiquette and disorderly conduct, and for obeying all applicable policies and procedures and all local, state, and federal laws. A student is responsible for facilitating the learning process, attending class regularly, completing class assignments, and coming to class prepared. In addition, a student is responsible for planning his or her own academic program, planning class schedules, and for meeting the requirements for his or her degree or certificate programs. Faculty and academic advisors are available to assist students in meeting this responsibility. A student is responsible for maintaining and regularly monitoring his or her university accounts, including e-mail and bursar accounts. A student is responsible for using university property and facilities in the pursuit of his or her education, while being mindful of the rights of others to do the same. A student is responsible for upholding and maintaining academic and professional honesty and integrity.

Transfer Course Policy (also stated in Hours Requirement) Students may transfer no more than 90 credit hours (60 credits from a junior college) toward a Bachelor of Science degree.

On the Indianapolis campus, no more than 50 percent of courses taken to satisfy the requirements of the Criminal Justice and Public Safety Management majors may be transfer courses from other accredited institutions of higher learning, including all IU campuses (this policy is specific to the [program requirements](#) of the major).

Criminal Justice (BSCJ)

Criminal Justice (BSCJ)

The Bachelor of Science in Criminal Justice requires 120 credit hours. The program includes four main areas: I. IU Indianapolis Common Core, II. O'Neill General Education/baccalaureate requirements, III. Program/Major requirements, and IV. Open electives.

I. IU Indianapolis Common Core (30 Credits)

Management and Civic Leadership (BSPA)

Management and Civic Leadership (B.S.P.A.)

The Bachelor of Science in Public Affairs requires 120 credit hours. The program includes five main areas: I. IU Indianapolis Common Core, II. O’Neill General Education/ baccalaureate requirements, III. Public Affairs Core, IV. Program/Major requirements, and V. Open electives.

Public Affairs focuses on how we provide for our citizens, making our communities better places to live, work and raise a family. Public Affairs students study and analyze government policies, and learn how to manage government and nonprofit organizations.

A Management and Civic Leadership major teaches some of the things you’d learn in a business school, but you get the additional benefit of leaning how public agencies and nonprofit organizations operate. This holistic approach helps graduates move seamlessly between business, nonprofit and government management roles.

I. IU Indianapolis Common Core (30 Credits)

Sustainability Practice and Policy (BSPA)

Sustainability Practice and Policy (BSPA)

The Bachelor of Science in Public Affairs requires 120 credit hours. The program includes five main areas: I. IU Indianapolis Common Core, II. O'Neill Core General Education/baccalaureate requirements, III. Public Affairs Core, IV. Program/Major requirements, and V. Open electives.

Public Affairs focuses on how we provide for our citizens, making our communities better places to live, work and raise a family. Public Affairs students study and analyze government policies, and learn how to manage government and nonprofit organizations.

A Sustainability Practice and Policy major focuses on the development and implementation of policies that help communities meet the needs of the present without

compromising the future. O'Neill prepares people to lead and manage sustainability efforts in government, nonprofits and businesses.

I. IU Indianapolis Common Core (30 Credits)

Students at IU Indianapolis will complete 30 hours of general education coursework prior to graduation with a baccalaureate degree. The coursework is aligned with the Indiana Common Core (formerly known as INSTGEC). For more information, please visit <http://go.iupui.edu/gened>.

1. [Core Communication](#) (2 courses; 6 credits) From approved list, students must take at least one writing course (ENG-W 131 - Reading, Writing and Inquiry I or ENG-W 140 Honors Composition I) and one speaking and listening course (COMM-R 110 - Fundamentals of Speech Communication) for a total of two courses and six credits.
2. [Analytical Reasoning](#) (2 courses, 6 credits) From approved list, at least one college level math course. It is recommended that O'Neill students take Math-M 118 (finite) and SPEA-K 300 (Statistical Techniques).

Degree Programs

Undergraduate Degree Programs

Indiana University's O'Neill School of Public and Environmental Affairs helps students prepare for careers that change the world.

As an O'Neill student, you learn how people in public, private, and nonprofit organizations work together. You get a versatile degree that can lead to jobs and careers in public service, business, government, and nonprofit organizations.

At O'Neill, a better world starts with you.

Majors

- Criminal Justice (B.S.C.J.)
- Management and Civic Leadership (B.S.P.A.)
- Public Policy Studies (B.S.P.A.)
- Public Safety Management (B.S.C.J.)
- Sustainability Practices and Policy (B.S.P.A.)

For more information about the above majors visit the [O'Neill website](#) or [O'Neill Student Portal](#).

Students pursuing the **Bachelor of Science in Criminal Justice** (B.S.C.J.) may major in Criminal Justice or Public Safety Management. Criminal Justice students learn to protect communities and their citizens.

- Students majors in **Criminal Justice** study law enforcement, the judicial system, corrections and national security.
- Students who major in **Public Safety Management** focus on large-scale disaster preparedness, homeland security and delivery of lifesaving services including firefighting, emergency medical services and disaster recovery.

Students pursuing the **Bachelor of Science in Public Affairs** (B.S.P.A.) may major in Management and Civic Leadership, Public Policy, or Sustainability Practice and Policy. Public Affairs students study and analyze policies, and learn how to manage government and nonprofit organizations.

- A **Management and Civic Leadership** major teaches how public agencies, private organizations, and nonprofit organizations operate. This approach helps graduates move seamlessly between business, nonprofit and government management roles.
- A **Public Policy** major prepares students to analyze and assess existing and proposed laws. This major emphasizes critical thinking skills. Graduates often go on to law school, or directly into positions in government or government relations. They also work in organizations focused on specific social or policy concerns.
- A **Sustainability Practices and Policy** major gives students a solid understanding of public affairs, finance, policy-making and civic engagement, combined with specialized classes in the principles of sustainability, environmental justice and green technologies. Graduates of the program will find employment in the growing field of sustainability by assuming community and government roles, working for environmental nonprofit groups, owning or managing "green" businesses, and conducting research and legislative analysis. This major is also an excellent choice for a pre-law student.

- Learn and use negotiation and conflict resolution skills.
- Evaluate the costs and benefits of different approaches to addressing a civic problem through the lenses of economics and effective policy making

Students will be able to demonstrate additional learning specific to their major.

Sustainability Practice and Policy Major

The concept of sustainability arises from three distinct intellectual origins: (1) the understanding of ecosystems and the natural systems of the Earth; (2) concerns about ethics, especially social responsibility and intergenerational justice in the structure and functioning of society; (3) and economic approaches to the problems of relying on free or regulated markets in regard to common-pool resources and pure public goods—many of which include the natural resources and systems of the Earth. This major introduces and investigates the interrelationships between these approaches as a system to synthesize a basic understanding that can lead to sustainable solutions across organizations and policy through real-life learning opportunities, namely by using IU Indianapolis' campus as a living laboratory of sustainability by which to develop, test, and apply sustainable solutions.

- Understand, describe, and in an informed manner discuss, what sustainability is and provide tangible examples of implementing sustainable practices across sectors and topic areas
- Understand how best sustainable practices are implemented across sectors and topic areas
- Be scientifically literate in areas pertaining to sustainability, specifically the science of climate change and the carbon cycle
- Be familiar with different perspectives and theoretical models of organizational management and the policy process and be able to discuss them in relation to sustainability
- Be aware of the various channels available for active participation in organizational management and the policy process as they relate to sustainability

- Demonstrate an understanding of the grant writing process and apply learned material to a real-life application
- Understand how to conduct a greenhouse gas emissions assessment and craft plans for reduction efforts
- Identify common sustainability measures and the common methods or analysis used to assess and track targets
- Develop an orientation toward systems thinking

Management and Civic Leadership Major

The management major is concerned with the functioning of organizations, whether public, private or nonprofit. Students electing the management major will study resource allocation, organizational design, accountability, and other generally applicable principles involved in all organizational structures, with an emphasis on issues specific to public and nonprofit organizations. Students in management will be able to:

- Understand and participate in the management of public and nonprofit organizations.
- Understand the principles of finance and budgeting in the public sector, and be able to undertake basic finance and budgeting activities in that context.
- Understand the principles of finance and budgeting in the nonprofit sector, and be able to undertake basic finance and budgeting activities in that context.
- Understand the principles of human resource management, and be able to apply them in the context of a public or nonprofit organization.
- Manage diversity in a changing workforce.
- Understand the decision-making in public and nonprofit organizations, and be able to contribute to that process in those organizations.

Public Policy Major

The policy studies major is concerned with the exercise of power and the nature and wisdom of the rules that constrain the use of power. In contrast to the management student, whose focus is on the organization, and the civic leadership student, whose focus is on the community and community networks, the policy studies student will primarily be concerned with the rules we establish to govern our communal endeavors. Students in policy studies will be able to:

- Understand, explain and apply common models of the policy process to problems in public affairs.
- Understand the options for public input into public decision-making and policy implementation.
- Read, understand and evaluate program evaluations and policy analyses reported by others, and communicate those digested findings clearly and concisely.
- Understand and apply basic methods of program evaluation using common quantitative, qualitative and mixed tools.
- Understand and apply basic methods of public policy analysis using common quantitative, qualitative and mixed tools.
- Understand a policy area in depth.

Accelerated Masters

Accelerated Masters

The [Accelerated Masters Program](#) is a competitive program for outstanding O'Neill undergraduate students. Students may apply to the Master of Public Affairs (M.P.A.) or the Master of Science in Criminal Justice and Public Safety (M.S.C.J.P.S.) early in their junior year.

Participation in this program allows students to fulfill some graduate program requirements during their senior year. Graduate courses count for both graduate and undergraduate degree requirements. Before starting

the graduate program, students must have satisfied all general education and specific core requirements.

Admission

The program admits students from among the top tier of O'Neill undergraduate majors. To be considered, a student must:

- Complete a minimum of 102 credit hours for the accelerated M.P.A. or M.S.C.J.P.S. toward their undergraduate degree including specified general education, major, and elective requirements (see appropriate degree planning sheet below).
- Complete the Intent to Pursue form
- Have a 3.3 undergraduate GPA.
- Submit one letter of recommendation from faculty members.
- Submit a personal statement.

Please contact O'Neill Student Services to set an appointment with your Academic Advisor to discuss the accelerated programs at oneillqa@iu.edu or 317-274-4656.

For more information, contact the O'Neill Student Services at 317-274-4656. Complete the [application](#).

Honors Program

Honors Program

The O'Neill Honors Program offers select students across all O'Neill majors an opportunity to enroll in a challenging academic program that will enhance learning opportunities. Benefits include:

- Increased opportunities to interact with faculty members.
- Greater depth of learning in your major through additional challenges.
- Enhanced relationships with other motivated, high-achieving students.
- Enriched classroom discussions.
- Access to the IU Indianapolis [Honors College](#) facility such as dedicated study space, computer lab, group-work rooms, interaction with other honors students, and access to the honors college advisors.
- Opportunity to pursue the [Honors Minor in Leadership](#).

Admission Requirements

1. Be admitted to O'Neill.
2. Have 12 IU Indianapolis GPA hours completed with at least a 3.5 cumulative GPA.
3. Be enrolled at IU Indianapolis full time.
4. Complete O'Neill Honors Program application.
5. Have completed no more than 42 credit hours at the time of application.

Program Requirements

To successfully complete the O'Neill Honors Program, a student must:

- Maintain a cumulative and term GPA of 3.3 or above.
- Maintain a 3.3 or above in honors courses.
- Complete 24 total honors credit hours (15 hours of required O'Neill honors courses plus 9 hours of honors electives).
- Complete an Honors course or experience every semester

Probation

Any student who fails to maintain the GPA requirements will be put on probation status for one semester, will be required to meet with the O'Neill Honors Advisor to discuss his or her standing in the program and must complete an Honors Probation Contract. If the student is unable to meet the GPA requirements in subsequent

terms, he or she may be dismissed from the O'Neill Honors program

Honors Courses

1. Complete 15 hours of O'Neill Major courses for Honors credit.
 1. We recommend working with the O'Neill Honors Advisor to plan these courses. Taking courses from full-time O'Neill faculty will be preferred for Honors credit O'Neill courses.
 2. O'Neill classes being taken for Honors credit will include additional requirements beyond those in the regular course offering. Examples of additional requirements include (applicable paperwork must be submitted and approved prior to the experience in order to receive Honors credit):
 - A major paper not required in the regular course
 - Additional readings not required in the regular course
 - Additional or different questions on exams; these questions may cover additional material or require mastery of material beyond the level required in the regular course
 - Other additional assignments not required in the regular course
 - Adding an Honors component to study abroad, service learning, senior capstone, or internship experiences
2. Complete 9 hours of Honors elective courses.

A student is encouraged to meet with the O'Neill Honors Advisor each term to complete the contract required to enroll in an honors course. Students then will submit the contract to the Honors College no later than the third week of classes, though we recommend submitting paperwork prior to the start of the semester.

Off Campus Study

Off Campus Study

Education is all about new experiences, and O'Neill offers several ways to gain different perspectives while remaining an IU Indianapolis student:

Study abroad

Both O'Neill and IU Indianapolis offer opportunities to study abroad, and offer scholarships to help you do so! O'Neill's Overseas Education Programs are detailed [here](#), and IU Indianapolis's offerings can be found [here](#). Most O'Neill students who are accepted into an O'Neill study abroad program will be awarded an O'Neill Overseas Education Scholarship. Awards range from \$1000 to \$2000. Additional scholarships are also available. Please visit [O'Neill's scholarships](#) page.

O'Neill has a diverse range of locations and programs, from Beijing to Berlin, Moscow to Kenya, Paris to Pamplona. If you are considering international study, [make an appointment with an O'Neill advisor](#) to explore the possibilities and find a fit that's right for you.

Study in Washington, DC

O'Neill offers the [Washington Leadership Program](#) in Washington, DC during the spring and fall semesters. Junior and senior undergraduate students from all majors at all IU campuses are eligible to apply. This program consists of two senior-level seminars (each worth 3 credit hours) and an internship (worth 5-6 credit hours). Students complete internships by working four days per week at a congressional office, trade association or federal agency, or at a health, environmental or nonprofit organization.

Study at other universities

IU Indianapolis participates in [National Student Exchange \(NSE\)](#), a nonprofit education consortium that allows students to spend a summer, a semester or an academic year at one of the nearly 200 NSE institutions in the U.S., Canada or U.S. territories. Students pay tuition and fees

at IU Indianapolis rates even while they are on exchange, and all course credits transfer back to IU Indianapolis. To qualify, students must:

- Have completed 24 credit hours
- Have a GPA of 2.5 or higher
- Be a full-time student at IU Indianapolis.

For more information, visit the [National Student Exchange site](#).

Take a course at another IU campus and transfer credits to IU Indianapolis

Select the IU campus that you plan to attend. Make sure the courses you plan to take are being offered. Complete an intercampus transfer form with the IU campus you plan to attend. Once you have registered and completed your courses, they should appear on your IU Academic Advising Report. If you are unsure how a course will transfer to IU Indianapolis, contact IU Indianapolis Admissions at 317-274-4591 or the [Intercampus Transfer website](#). Check with your academic advisor to ensure the class you want to take will fulfill a requirement in your major.

Credit for Law Enforcement Training

Credit for Law Enforcement Training

Sworn full-time police officers who have graduated from any of the five law enforcement academies in Indiana are eligible for 12 undergraduate credit hours from O'Neill. Students can apply these credits towards any of O'Neill's undergraduate degree programs. The course credit is for Criminal Law SPEA-J 301, Criminal Investigation SPEA-J 320 and six hours of Internship in Criminal Justice SPEA-J 380.

To be awarded credits for law enforcement training, you must be admitted to IU Indianapolis and you must have completed at least 12 IU Indianapolis credits with a 2.0 GPA prior to being awarded the law enforcement training credits. Law enforcement training credits will not be awarded until O'Neill verifies that you have successfully completed 12 credits of coursework at IU Indianapolis.

For more information contact O'Neill Student Services at 317-274-4656. Complete an [application for credit](#).

Washington Leadership Program

Washington Leadership Program

The O'Neill School of Public and Environmental Affairs offers the [Washington Leadership Program](#) each fall and spring semester in Washington, D.C. This program consists of two seminar courses (each worth 3 credit hours) and an internship (6 credit hours). Students complete internships by working four days per week in an assigned congressional office, public interest group, federal agency, or nonprofit organization.

Students attend classes and reside in Washington, D.C. Tuition is based on the regular fees for Indiana University, plus any special program charges. Students in the program remain eligible for any scholarships or financial aid they would normally receive as Indiana University students. For specific costs on tuition and room and board within the Washington Leadership Program, contact O'Neill at oneillqa@iu.edu.

Admissions

For most programs, applicants with bachelor's degrees in any field from an accredited institution are eligible to apply for admission to the graduate programs of the O'Neill School of Public and Environmental Affairs.

Application Submission

Applicants should apply to a degree or certificate program and request financial assistance as early as possible before the desired semester of enrollment.

All application forms must be completed and received by the O'Neill Graduate Admissions Office at IU Indianapolis **before May 15** to attend the fall semester, **before September 15** to attend the spring semester, and **by March 15** to attend the summer sessions. O'Neill accepts late applications.

International application deadlines for the Master of Public Affairs are **March 15** to attend the fall semester and **September 15** to attend the spring semester.

To receive **priority attention** for **financial aid** for the fall semester, send all Free Application for Federal Student Aid (FASFA) and renewal forms to the Office of Student Financial Aid Services by **February 1**.

Graduate Assistantship

The O'Neill application priority date for graduate research assistantships is **February 1**.

Admission

Each application for admission is carefully evaluated by the admissions committee for the appropriate degree. Applicants to all O'Neill degree programs must do the following:

- Submit applications to the graduate program office.
- Pay a nonrefundable application fee to Indiana University.
- Carefully read the applicable sections in this bulletin for any specific program or campus admission requirements.
- Submit proof of bachelor's degree certification from an accredited institution. Students who have not completed undergraduate course work at the time of application may be admitted based on the strength of previous work, but a final transcript attesting to the award of a bachelor's degree must be submitted before the student can enroll.
- When applying to **degree** programs required documentation includes:
 - Online application, all sections completed.
 - Official transcripts from all colleges and universities attended. Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
 - One Application Reference Form completed by faculty and professionals familiar with applicant's activities and potential to succeed in graduate work.
 - **MPA and MSCJPS requirements:** minimum GPA (3.2), or 2 years of relevant work experience, or official test scores for the GRE, GMAT or LSAT.
 - Resumes are required for all programs.

- Complete personal statement and departmental question sections on application.
- Supplemental questions in the application under departmental questions section.
- When applying to **certificate** programs the following documentation is required:
 - Online application (References are not required).
 - Official transcripts from all colleges and universities attended. Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
 - Complete personal statement and departmental question sections on application.
 - Supplemental questions in the application under departmental questions section.
 - Resumes are required for all certificate programs.
- International Students must apply to O'Neill using the online application, completing the international section, and paying the nonrefundable international application fee (subject to change). O'Neill will accept the same paper application that you have submitted to the Office of International Affairs (OIA), along with additional required O'Neill documents, but the online application is preferable. You are required to provide TOEFL scores. International application priority deadlines: for fall semester apply by February 1; for spring semester apply by September 15. Visit the [O'Neill Web site](#) or the [OIA Web site](#) for more information.

GRE and LSAT Information

Applicants may submit LSAT (Law School Admission Test) scores in lieu of GRE (Graduate Record Examination) scores. Applicants must mail a copy of their LSAT score report to O'Neill Graduate Admissions.

Information concerning the GRE is available from [Graduate Record Examination, Educational Testing Service](#), P.O. Box 6000, Princeton, NJ 08541, (609) 771-7670 or (866) 473-4373.

Information concerning the LSAT is available from Law School Admission Services, P.O. Box 2000, Newtown, PA 18940, (215) 968-1001.

Master of Public Affairs

Applications for O'Neill's graduate programs are processed on a year-round basis for admission in any academic semester. Each application to O'Neill's graduate programs is carefully evaluated by the admissions committee for the appropriate degree. Admission to O'Neill's graduate programs is competitive. Each program has its own admissions criteria and meeting these criteria does not guarantee admission to that program.

Admission Deadlines

Fall: May 15
Spring: November 15
Summer: March 15

O'Neill accepts late applications.

Graduate Research Assistantships: February 1*

*O'Neill degree program application must be submitted and an admission decision made to be eligible for the upcoming fall/spring term assistantships and fellowships.

Admission Requirements

Minimum preferred requirements for admission include:

1. A baccalaureate degree from an accredited college or university with a grade point average of B+ (3.2) or higher
2. [Apply online](#)
3. All transcripts for work that was done outside of the Indiana University system*
4. A resume*
5. A personal statement*
6. One letter of recommendation*

If your GPA is lower than 3.2, you can request a waiver of GPA requirement in one of three ways:

1. If you have at least 2 years of relevant work experience;
2. By submitting official test scores from the GRE, GMAT, or LSAT that meet the following criteria:
 1. A combined score of 300 or more (verbal and quantitative) on the GRE or
 2. A total score of 500 or higher on the GMAT or
 3. A total score of 150 or higher on the LSAT

O'Neill considers results from the GRE, GMAT or LSAT, but the GRE (<http://www.ets.org/gre>) is the most common among our applicants. Preparing to take the test and getting official test scores can be a lengthy process, so plan accordingly.

3. If you have already earned a master's degree from an accredited college or university in the United States or if you have completed at least three classes towards a O'Neill graduate certificate with a 3.5 GPA or higher

To discuss options regarding the GPA requirement, contact O'Neill Graduate Admissions, oneillga@iu.edu.

Urban and Regional Governance

The Graduate Certificate in Urban and Regional Governance is a 15 credit hour program of study. The certificate program is designed for students with an interest in the planning, financing, and management of urban areas. It's the only graduate certificate of its kind in Indiana.

Graduates of the program will be able to design research and conduct analysis in the field of urban planning and urban policy. Urban planners and urban geographers support policy with quantitative analysis using statistical software and data management skills.

The Urban and Regional Governance certificate program leverages the urban location of the university, and the social, demographic, and economic trends that are attracting greater numbers of students to study, live, and work in metropolitan areas.

Admission Eligibility

The student must have a bachelor's degree from an accredited college or university to apply.

Application

An online application and information may be obtained from oneill.iupui.edu. Application deadlines for the certificate programs are May 15 for the fall semester,

September 15 for the spring semester, and March 15 for summer sessions. Students must pay a nonrefundable application fee.

Program Restrictions

1. Students admitted to a O'Neill graduate degree program are not eligible for admission nor awarding of a certificate in the same concentration of their graduate degree.
2. Transfer credit, course substitutions, or course waivers are not accepted for fulfilling the certificate requirements.
3. Students enrolled in a certificate program can only confer the certificate with a minimum cumulative GPA of 3.0 (B) in all required coursework.
4. A student may be dismissed if, after 9 credit hours of coursework, the GPA is below a 3.0.
5. Admission to or successful completion of a certificate program does not guarantee subsequent admission to an O'Neill graduate degree program.
6. Students enrolled in a certificate program who apply to an O'Neill graduate degree programs must meet all existing admission requirements, or may request a waiver if they complete at least three classes towards the certificate with a 3.5 GPA or higher.

to the theories and techniques of alternative dispute resolution. The course covers interest-based negotiation, mediation, arbitration, fact finding, early neutral evaluation, and other techniques used in business, labor relations, environmental disputes, family relations, and international affairs.

SPEA-V 436 Communication for Government and Nonprofit Organizations (3 cr.) This course will develop an appreciation regarding the critical nature of communication by managers in the public and nonprofit sector. It will introduce students to the skills critical to effective communication as professionals.

SPEA-V 438 Mass Media and Public Affairs (3 cr.) Course will analyze the role of the media in the formation of public policy, including the responsibility of journalists, legal and ethical constraints, business pressures and their effects, impact of technology, and similar issues.

SPEA-V 443 Managing Workforce Diversity (3 cr.) The composition and nature of the work force is changing. Managers must decide how to accommodate real differences among the members of their organizations. This course seeks to provide information for practitioners who hope to integrate an understanding of workforce diversity into their management style and professional behavior.

SPEA-V 450 Contemporary Issues in Public Affairs (1-3 cr.) Extensive analysis of selected contemporary issues in public affairs. Topics vary from semester to semester. This course may be repeated for credit.

SPEA-V 458 Fund Development for Nonprofit Organizations (3 cr.) Course builds an understanding of the practice, philosophy, law, and theory of fundraising. Students establish an organization's value base and mission, prepare funding appeals, evaluate readiness for a campaign, assess funding sources, implement fundraising vehicles, evaluate effectiveness, and discuss stewardship of contributions.

SPEA-V 465 Geographic Information Systems for Public and Environmental Affairs (3 cr.) P: SPEA-V 261 and SPEA-V 369. Students will learn the concepts, methodologies, and perspectives essential for using geographic information systems (GIS) to address critical public affairs issues. Through course projects, students will learn how to use desktop and Internet-based GIS applications and will develop complementary skills related to designing and implementing GIS applications for public-sector organizations.

SPEA-V 473 Management, Leadership, and Policy (3 cr.) P: SPEA-K 300 and SPEA-V 370. This course seeks to integrate learning across the public affairs curriculum. Students will review and reflect about their learning in management, leadership, and policy. Experiential methods--service learning, projects, cases, and exercises--will be used to help students apply theory, concepts, and skills.

SPEA-V 490 Directed Research in Public and Environmental Affairs (0-3 cr.) To be arranged with the individual instructor and approved by the chairperson of the undergraduate program. This course may be repeated for credit.

SPEA-V 491 Honors Research in Public and Environmental Affairs (1-3 cr.) P: Consent of instructor and honors advisor. Restricted to students in the SPEA Honors Program. This course may be repeated for credit.

SPEA-V 499 Honors Thesis (3 cr.) P: Consent of instructor and honors advisor. Research and paper to be arranged with individual instructor and approved by the campus SPEA Honors Program director. This course may be repeated for credit.

Graduate Courses

Criminal Justice Courses

SPEA-J 501 Evolution of Criminological Thought and Policy (3 cr.) This course provides an intensive introduction to the theoretical literature on crime and delinquency. Its purpose is to develop students' ability to critically evaluate and compare theories of crime as they apply to public policy and the criminal justice system.

SPEA-J 502 Research Methods in Criminal Justice and Public Affairs (3 cr.) This course examines research techniques necessary for systematic analysis of the criminal justice system, offenders' behavior, crime trends, and program effectiveness. The course requires that students actively pursue such techniques as conducting interviews, coding data, and designing studies.

SPEA-J 503 Crime Analysis (3 cr.) Examines patterns of criminal behavior including the environmental, situational, temporal, and spatial characteristics of crime and crime types. Techniques and examples used in tactical, strategic and administrative crime analysis are evaluated. Students learn to present, interpret, and assess local and national crime statistics.

SPEA-J 520 Mapping and Analysis for Public Safety (3 cr.) The use of geographic information systems to map locations of events and analyze patterns for decision making and facility location in areas of public safety including criminal justice, fire services, emergency management and homeland security; and the management and application of those systems.

SPEA-J 524 Emergency Management (3 cr.) This course explores the values underlying effective emergency management principles and policies in a democratic society. Topics include: hazard identification, effective planning, stakeholder and public communication, examination of federal, state, and local agency roles and critical partnerships, preparation for, mitigation of, and response to hazards.

SPEA-J 528 Risk Analysis for Public Safety (3 cr.) An examination of theoretical foundations of risk analysis including the history of risk analysis, risk assessment, perception and communications; models for decision making, techniques for generating alternative courses of action and definitions of risk and opportunity within a context of local, state and federal regulatory guidelines, media and social context.

SPEA-J 531 National and Homeland Security in America (3 cr.) This course addresses federal policy and management issues related to preventing, mitigating, preparing for, responding to, and recovering from major catastrophic events; both natural and man-made, including acts of terrorism. Topics include emergency management, resource and response infrastructures, public health

issues, best practices, crisis communications, and business and governmental continuity.

SPEA-J 550 Topics in Criminal Justice (1-3 cr.)

Selected research and special topics in criminal justice and public safety. Repeatable.
