

IUPUI Degree Map

Major: Community Health

Degree: Bachelor of Science in Public Health

Catalog Year: 2012-2014 – May 2013 Update (First Year Students Entering in Fall 2013)

Note: It is expected that students complete 30 credit hours of coursework per year. If fewer than 30 credits are completed successfully during the Fall or Spring semesters, or if developmental (non-credit) courses must be taken as prerequisites to required courses (e.g., Math 00100), students are expected to enroll in coursework during the Summer terms to get back on track for an on-time graduation.

Critical Courses are printed in bold font. Critical courses are required within the first two years of a degree program and are expected to be taken in the semester designated as they either serve as an important prerequisite or provide foundational knowledge for the degree program.
