

## IUPUI Degree Map

**Major:** Community Health

**Degree:** Bachelor of Science in Public Health

**Catalog Year:** 2012-2014 – December 2014 Update (First Year Students Entering in Spring 2015)

**Note:** It is expected that students complete 30 credit hours of coursework per year. If fewer than 30 credits are completed successfully during the Fall or Spring semesters, or if developmental (non-credit) courses must be taken as prerequisites to required courses (e.g., Math 00100), students are expected to enroll in coursework during the Summer terms to get back on track for an on-time graduation.

**Critical Courses are printed in bold font.** Critical courses are required within the first two years of a degree program and are expected to be taken in the semester designated as they either serve as an important prerequisite or provide foundational knowledge for the degree program.

First Year							
Fall Semester				Spring Semester			
Description	Course	Credits	Minimum Grade	Description	Course	Credits	Minimum Grade
